Item 2.02 Results of Operations and Financial Condition.

On March 17, 2015, Quiksilver, Inc. issued a press release announcing its financial results for the three months ended January 31, 2015. The press release is attached hereto as Exhibit 99.1.

In addition to Quiksilver’s GAAP financial information, the press release furnished with this report as Exhibit 99.1 reports adjusted EBITDA, pro forma adjusted EBITDA, and constant currency continuing category measures, all of which are considered non-GAAP financial measures. Quiksilver believes these non-GAAP financial measures are useful to investors as they provide consistency and comparability with its past financial reports, as well as useful information to enable investors to perform additional analyses of past, present and future operating performance and as a supplemental means to evaluate Quiksilver’s operations. These non-GAAP financial measures should not be considered a substitute for financial information presented in accordance with GAAP, and may be different from non-GAAP or other pro forma measures used by other companies.

The information in this Form 8-K and Exhibit 99.1 shall not be deemed filed for purposes of Section 18 of Securities Exchange Act of 1934, as amended (the “Exchange Act”) or otherwise subject to the liability of that section, and, shall not be incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as shall be expressly set forth by specific reference in such filing.
