Item 4. Management's Discussion and Analysis or Plan of Operation.

A. Plan of Operation.

We have incurred significant operating losses to date and we have a significant loss carry forward. These losses are directly attributable to the fact that we were required to spend significant sums of money developing and testing our products, conducting market research, identifying proper channels of distribution, traveling to trade shows, investing in conventions, and taking such steps as necessary in order for us to bring our products to market.

Comparative financials for the 3 month reporting period ended March 31, 2012 are as follows:

- Net sales were \$16,478,067 versus \$1,454,371
- Cost of sales were \$4,757,500 versus \$1,054,967
- Gross profit/(loss) was \$11,720,567 versus \$399,404
- Operating expenses were \$11,801,821 versus \$534,999

- Income/(loss) from operations were \$(81,225) versus \$(100,407)
- Net income/(loss) was \$ versus \$(130,818) versus \$(135,596)

The comparative financials discussed above show AL International, Inc. reporting as the consolidated group as of March 31, 2012, and figures report by Javalution Coffee Company as of March 31, 2011.

B. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Our core business model is to become the premier direct sales company in the world. We expect to continue to execute our distributor network or multiple revenue streams from thousands of independent distributors that currently market the Youngevity®, JavaFit®, and other brands in our network marketing organization. We also have commercial sales through our roasting unit, CLR Roasters.

In addition to becoming the premier direct sales company in the world, we intend to focus on continued international expansion. We have been in more than 50 countries for years, most through the "Not-for-Resale" only market.

Since the merger, we have also welcomed into the family a few new companies through acquisition. We acquired Financial Destination, Inc. in October 2011. The acquisition was our largest to date based on overall sales volume. We believe these groups of network marketers and unique product lines will enhance the overall experience and growth of AL International, Inc.

C. Off-Balance Sheet Arrangements.

There are no off-balance sheet arrangements. We currently have no off-balance sheet arrangements that have or are reasonably likely to have a current or future material effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.

Item 5: Legal Proceedings.

From time to time, we may become involved in various lawsuits and legal proceedings which arise in the ordinary course of business. However, litigation is subject to inherent uncertainties, and an adverse result in these or other matters may arise from time to time that may harm our business. We are currently not aware of any such legal proceedings or claims that we believe will have, individually or in the aggregate, a material adverse affect on our business, financial condition or operating results.

Item 6: Defaults upon senior securities. None

Item 7: Other information. None

Item 8: Material Contracts. Exhibits : None
