YANGTZE RIVER PORT AND LOGISTICS LIMITED
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS
DECEMBER 31, 2020 AND 2019

1. ORGANIZATION AND PRINCIPAL ACTIVITIES

The unaudited consolidated financial statements include the financial statements of Yangtze River Port and Logistics Limited (the “Company” or “Yangtze River”) and its subsidiaries, Energetic Mind Limited (“Energetic Mind”), Ricofeliz Capital (HK) Limited (“Ricofeliz Capital”), and Wuhan Yangtze River Newport Logistics Co., Ltd. (“Wuhan Newport”).

The Company, formerly named as Yangtze River Development Limited, Kirin International Holding, Inc., and Cigarette, Inc., was incorporated in the State of Nevada on December 23, 2009. The Company was a development stage company and has not generated significant revenue since inception to March 1, 2011.

On March 1, 2011, the Company entered into a share exchange agreement that Kirin China Holding Limited (“Kirin China”) became the Company’s wholly-owned subsidiary. Kirin China engaged in the development and sales of residential and commercial real estate properties, and development of land lots in People’s Republic of China (“China”, or the “PRC”).

On December 19, 2015, the Company completed a share exchange (the “Share Exchange”) with Energetic Mind and all the shareholders of Energetic Mind, whereby Yangtze River acquired 100% of the issued and outstanding capital stock of Energetic Mind, in exchange for 151,000,000 shares of Yangtze River’s common stock, which constituted approximately 88% of its issued and outstanding shares on a fully-diluted basis of Yangtze River immediately after the consummation of the Share Exchange, and an 8% convertible note (the “Note”) in the principal amount of \$150,000,000. As a result of the Share Exchange, Energetic Mind became Yangtze River’s wholly-owned subsidiary and Jasper Lake Holdings Limited (“Jasper”), the former shareholder of Energetic Mind, became Yangtze River’s controlling stockholder. The Share Exchange transaction with Energetic Mind was treated as an acquisition, with Energetic Mind as the accounting acquirer and Yangtze River as the acquired party. The financial statements before the date of the Share Exchange are those of Energetic Mind with the results of the Company being condensed unaudited from the date of the Share Exchange.

Energetic Mind owns 100% of Ricofeliz Capital and operates its business through its subsidiary Wuhan Newport.

Wuhan Newport was a wholly owned subsidiary of Wuhan Renhe Group Co., Ltd. (the “Wuhan Renhe”), a company incorporated in the PRC as at September 23, 2002. On July 13, 2015, Wuhan Renhe transferred all of the equity interests of the Company to Ricofeliz Capital, a company incorporated in Hong Kong on March 25, 2015. Ricofeliz Capital was incorporated by Energetic Mind, a company incorporated in British Virgin Islands (“BVI”). Energetic Mind was incorporated by Mr. Liu Xiangyao on January 2, 2015, and was subsequently purchased by various companies incorporated in BVI or the United States of America (“USA”), among whom Jasper became its 64% owner. Jasper was 100% owned by Mr. Liu Xiangyao, a Hong Kong citizen.

The major assets of Wuhan Newport include land lots for developing commercial buildings that are in line with the principal activities of Kirin China.

On December 31, 2015, the Company entered into certain stock purchase and business sale agreements (the “Agreements”) with Kirin Global Enterprises, Inc. (the “Purchaser”), a California corporation and an entity controlled by a former officer and director of the Company whereby the Company sold its interest in certain subsidiaries (see Note 11) for an aggregate of \$75,000,002 (the “Sale”).

Pursuant to the terms of the Agreements, Jasper agreed to finance the Sale by reducing Company’s financial obligations of the Note by an aggregate of \$75,000,000. In addition, the Purchaser agreed to pay the remaining two dollars in cash.

Upon completion of the Sale, the Company operates its business solely through its subsidiary Wuhan Newport, primarily engaging in the business as a port logistic center located in the middle reaches of the Yangtze River in the PRC.

On April 16, 2019, the Company entered into a Sales Agreement (the “Sales Agreement”) with A.G.P./Alliance Global Partners (the “Agent”), pursuant to which the Company may offer and sell from time to time up to an aggregate of \$100,000,000 shares of the Company’s common stock (the “Placement Shares”), through the Agent. The offer and sale of the Placement Shares, if any, will be made through a prospectus supplement, dated April 16, 2019, to the prospectus included in the Company’s Registration Statement on Form S-3 (File No. 333-223788) (the “Registration Statement”), which was declared effective by the Securities and Exchange Commission (“SEC”) on September 13, 2018. The Company intends to use the net proceeds from this offering for general working capital purposes.

YANGTZE RIVER PORT AND LOGISTICS LIMITED
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

On July 2, 2019, the Company acquired Mega Ample Investment Limited (“Mega Ample”), a company incorporated in the BVI as at December 2, 2016. Mega Ample is an investment holding company and owns 100% of Ricofeliz Holding & Development Limited (“Ricofeliz Holding”), a company incorporated in Hong Kong as at January 9, 2017. Ricofeliz Holding was inactive. During the third quarter of 2020, the Company disposed of the Mega Ample and Ricofeliz Holding with immaterial financial effect.

On October 17, 2019, the Nasdaq Listing and Hearing Review Council informed the Company of its decision to affirm the prior decision of the Nasdaq Hearings Panel, dated August 16, 2019, to delist the Company’s securities from The Nasdaq Stock Market, LLC (“NASDAQ”). The suspension of trading in the shares became effective at the open of business on August 20, 2019.

EDP Transaction

On December 26, 2017, the Company entered into an agreement with shareholders holding 100% of the equity interest of Wuhan Economic Development Port Limited (the “Acquiree” or “EDP”) to acquire all the interests of Acquiree; and the Acquiree Shareholders will acquire all the equity interest held by the Company in Energetic Mind. Energetic Mind holds 100% interest in Ricofeliz Capital that holds 100% capital stock of Wuhan Newport.

Upon execution of the Purchase Agreement, the Acquiree will undergo reorganization. As a result of the reorganization, the Acquiree has become a limited liability company. It will be held by a Hong Kong company, which will be 100% owned by a BVI entity.

The closing of the transaction is conditioned upon satisfaction of due diligence by both parties, the completion of auditing of the financial statements of the Acquiree, and the approval of relevant regulatory agencies.

The consideration of the acquisition transaction will be first offset against both parties of the target companies leaving the balance of RMB 600 million (or approximately \$91 million) to be paid by the Company to the Acquiree Shareholders. Refundable deposit of RMB 30 million shall be paid to the Acquiree Shareholders upon initial due diligence and auditing. The remaining RMB 570 million shall be paid at closing in cash or in the form of a 7% convertible note.

The closing deadline of the transaction was originally March 31, 2018 and was extended three times to April 30, 2018, May 31, 2018 and finally, July 31, 2018. The Transaction has not been closed and the Company and the Acquiree Shareholders, the representative of the shareholders of Wuhan Port have failed to reach an agreement to further extend the closing deadline for the transaction. Accordingly, the parties have terminated the said purchase agreement and the transaction.

Spin-off Transaction

On January 30, 2018, the Company incorporated Yangtze River Blockchain Logistics Limited (“Blockchain Logistics”)(formerly known as Avenal River Limited) in the British Virgin Islands. Blockchain Logistics owns all of the shares of Ricofeliz Investment (China) Limited, a Hong Kong company, which in turn owns 100% of the equity interest of Wuhan Yangtze River Newport Trading Limited, a PRC company.

On February 15, 2018, the majority of the Company’s shareholders and the Board of Directors resolved that 1 share of Blockchain Logistics will be issued for every 1 share held by Yangtze River Port and Logistics Limited “YRIV” (the “Spin-off Transaction”).

On April 24, 2018, due to the potential costs related to the Spin-off Transaction and the fact that the Company’s board of directors has determined that it is in the best interest of the Company not to proceed with the Spin-off Transaction.

Armada Transaction

On October 6, 2016 and November 23, 2016 the Company, by and among Armada Enterprises GP (“Armada”) and Wight International Construction, LLC (“Wight”), entered into (i) a Contribution, Conveyance and Assumption Agreement (“Contribution Agreement”) dated October 3, 2016 and its first and second addendums and (ii) an Amended and Restated Limited Liability Company Agreement dated November 16, 2016 (collectively with the Contribution Agreement, the “Agreements” or “Transaction”), whereby the Company acquired 100 million preferred B membership units, which will be ultimately converted into 100 million LP units in Armada Enterprises LP and in exchange, the Company issued a \$500 million convertible promissory note (“Note”) and 50,000,000 shares of the Company’s common stock to Wight. As result of the Transaction and the conversion of the Note on November 17, 2016, Wight owns 100,000,000 shares of the Company’s common stock representing 36.73% of the Company’s voting power; the Company owns 100 million preferred B membership units in Wight representing 62.5% non-voting equity interest in Wight.

Under the terms of the Transaction, at the first closing, Wight was required to provide an aggregate total of \$200 million, consisting \$50 million in Working Capital and \$150 million in Construction Funding, to the Company by January 18, 2017. Wight did not provide the funding on January 18, 2017 and the Company gave Notice of Default and Request for Cure. Wight proposed to provide \$50 million in Working Capital on or before February 15, 2017 and secure \$150 million in Construction Funding on or before March 15, 2017. Wight failed to provide the \$50 million in Working Capital as proposed by February 15, 2017. Therefore, the Company, on February 24, 2017 determined to terminate the Transaction for non-performance by Wight pursuant to the Agreements executed among the Company, Armada and Wight. Pursuant to the Agreements, the termination of the Transaction calls for the immediate return of the 100,000,000 shares of common stock issued by the Company to Wight. On February 27, 2017, the Company issued a Notice of Termination to Wight and demanded the return of the 100,000,000 shares of common stock according to the Agreements. The Company reserves the right to pursue any further legal action with respect to Armada and Wight’s default.

Under the terms of the Armada Agreement, at the first closing, Wight was required to provide an aggregate total of \$200 million, \$50 million in Working Capital and \$150 million in Construction Funding, to us by January 18, 2017. Wight did not provide the funding on January 18, 2017 and we gave Notice of Default and Request for Cure. Wight proposed to provide \$50 million in Working Capital on or before February 15, 2017 and secure \$150 million in Construction Funding on or before March 15, 2017. Wight failed to provide the \$50 million in Working Capital as proposed by February 15, 2017.

On February 24, 2017, due to Wight’s nonperformance and nonpayment of \$50 million for the First Financing, the Company decided to unwind Armada Financing. Pursuant to Armada Agreement, the termination of the Armada Agreement calls for the immediate return of the 100,000,000 shares of common stock issued by the Company to Wight. On February 27, 2017, the Company issued a notice of termination of contract to Wight. As at March 1, 2017, the Company cancelled the 100,000,000 shares of common stocks issued to Wight.

YANGTZE RIVER PORT AND LOGISTICS LIMITED
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of presentation

The accompanying unaudited financial statements have been prepared in accordance with generally accepted accounting principles in the United States of America (“GAAP”).

The unaudited financial statements include the financial statements of all the subsidiaries. All transactions and balances between the Company and its subsidiaries have been eliminated upon consolidation.

The unaudited balance sheets are presented unclassified because the time required to complete real estate projects and the Company’s working capital considerations usually stretch for more than one-year period.

2.2 Use of estimates

The preparation of unaudited financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the unaudited financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. On an ongoing basis, management reviews these estimates using the currently available information. Changes in facts and circumstances may cause the Company to revise its estimates. Significant accounting estimates reflected in the unaudited financial statements include: (i) the allowance for doubtful debts; (ii) accrual of estimated liabilities; (iii) contingencies; (iv) deferred tax assets; (v) impairment of long-lived assets; (vi) useful lives of property plant and equipment; and (vii) real estate property refunds and compensation payables.

2.3 Cash and cash equivalents

Cash and cash equivalents consist of cash and bank deposits with original maturities of three months or less, which are unrestricted as to withdrawal and use the Company maintains accounts at banks and has not experienced any losses from such concentrations.

2.4 Property and equipment

The property and equipment are stated at cost less accumulated depreciation. The depreciation is computed on a straight-line method over the estimated useful lives of the assets with 5% salvage value. Estimated useful lives of property and equipment are stated in Note 7.

The Company eliminates the cost and related accumulated depreciation of assets sold or otherwise retired from the accounts and includes any gain or loss in the statement of income. The Company charges maintenance, repairs and minor renewals directly to expenses as incurred; major additions and betterment to equipment are capitalized.

YANGTZE RIVER PORT AND LOGISTICS LIMITED
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

2.5 Impairment of long-lived assets

The Company applies the provisions of ASC No. 360 Sub topic 10, “Impairment or Disposal of Long-Lived Assets” (ASC 360- 10) issued by the Financial Accounting Standards Board (“FASB”). ASC 360-10 requires that long-lived assets be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable through the estimated undiscounted cash flows expected to result from the use and eventual disposition of the assets. Whenever any such impairment exists, an impairment loss will be recognized for the amount by which the carrying value exceeds the fair value.

The Company tests long-lived assets, including property and equipment and finite lived intangible assets, for impairment at least annually or more frequently upon the occurrence of an event or when circumstances indicate that the net carrying amount is greater than its fair value. Assets are grouped and evaluated at the lowest level for their identifiable cash flows that are largely independent of the cash flows of other groups of assets. The Company considers historical performance and future estimated results in its evaluation of potential impairment and then compares the carrying amount of the asset to the future estimated cash flows expected to result from the use of the asset. If the carrying amount of the asset exceeds estimated expected undiscounted future cash flows, the Company measures the amount of impairment by comparing the carrying amount of the asset to its fair value. The estimation of fair value is generally measured by discounting expected future cash flows as the rate the Company utilizes to evaluate potential investments. The Company estimates fair value based on the information available in making whatever estimates, judgments and projections are considered necessary. There were no impairment losses for the years ended December 31, 2020, 2019 and 2018.

2.6 Fair values of financial instruments

ASC Topic 825, Financial Instruments (“Topic 825”) requires disclosure of fair value information of financial instruments, whether or not recognized in the balance sheets, for which it is practicable to estimate that value. In cases where quoted market prices are not available, fair values are based on estimates using present value or other valuation techniques. Those techniques are significantly affected by the assumptions used, including the discount rate and estimates of future cash flows. In that regard, the derived fair value estimates cannot be substantiated by comparison to independent markets and, in many cases, could not be realized in immediate settlement of the instruments. Topic 825 excludes certain financial instruments and all nonfinancial assets and liabilities from its disclosure requirements. Accordingly, the aggregate fair value amounts do not represent the underlying value of the Company.

- Level 1 inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2 inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the assets or liability, either directly or indirectly, for substantially the full term of the financial instruments.
- Level 3 inputs to the valuation methodology are unobservable and significant to the fair value.

As of December 31, 2020 and 2019, financial instruments of the Company primarily comprise of cash, accrued interest receivables, other receivables, short-term bank loans, deposits payables and accrued expenses, which were carried at cost on the balance sheets, and carrying amounts approximated their fair values because of their generally short maturities.

2.7 Convertible notes

In accordance with ASC subtopic 470-20, the convertible notes are initially carried at the principal amount of the convertible notes. Debt premium or discounts, which are the differences between the carrying value and the principal amount of convertible notes at the issuance date, together with related debts issuance cost, are subsequently amortized using effective interest method as adjustments to interest expense from the debt issuance

date to its first redemption date. Convertible notes are classified as a current liability if they are or will be callable by the Company or puttable by the debt holders within one year from the balance sheet date, even though liquidation may not be expected within that period.

2.8 Foreign currency translation and transactions

The Company's unaudited financial statements are presented in the U.S. dollar (US\$), which is the Company's reporting currency. Yangtze River, Energetic Mind, and Ricofeliz Capital uses US\$ as its functional currency. Wuhan Newport uses Renminbi Yuan("RMB") as its functional currency. Transactions in foreign currencies are initially recorded at the functional currency rate ruling at the date of transaction. Any differences between the initially recorded amount and the settlement amount are recorded as a gain or loss on foreign currency transaction in the statements of operations.

In accordance with ASC 830, Foreign Currency Matters, the Company translated the assets and liabilities into US\$ using the rate of exchange prevailing at the applicable balance sheet date and the statements of operations and cash flows are translated at an average rate during the reporting period. Adjustments resulting from the translation are recorded in owners' equity as part of accumulated other comprehensive income.

2.9 Revenue recognition

The Company recognizes revenue from steel trading when persuasive evidence of an arrangement exists, delivery has occurred, the price is fixed or determinable and collection is reasonably assured.

Real estate sales are reported in accordance with the provisions of ASC 360-20, Property, Plant and Equipment, Real Estate Sales.

Revenue from the sales of completed properties and properties where the construction period is twelve months or less is recognized by the full accrual method when (a) sale is consummated; (b) the buyer's initial and continuing involvements are adequate to demonstrate a commitment to pay for the property; (c) the receivable is not subject to future subordination; (d) the Company has transferred to the buyer the usual risks and rewards of ownership in a transaction that is in substance a sale and does not have a substantial continuing involvement with the property. A sale is not considered consummated until (a) the parties are bound by the terms of a contract or agreement, (b) all consideration has been exchanged, (c) any permanent financing for which the seller is responsible has been arranged, (d) all conditions precedent to closing have been performed. Fair value of buyer's payments to be received in future periods pursuant to sales contract is classified under accounts receivable. Sales transactions not meeting all the conditions of the full accrual method are accounted for using the deposit method of accounting. Under the deposit method, all costs are capitalized as incurred, and payments received from the buyer are recorded as a deposit liability.

Revenue and profit from the sale of development properties where the construction period is more than twelve months is recognized by the percentage-of-completion method on the sale of individual units when the following conditions are met: (a) construction is beyond a preliminary stage; (b) the buyer is committed to the extent of being unable to require a refund except for non-delivery of the unit; (c) sufficient units have already been sold to assure that the entire property will not revert to rental property; (d) sales prices are collectible and (e) aggregate sales proceeds and costs can be reasonably estimated. If any of these criteria are not met, proceeds are accounted for as deposits until the criteria are met and/or the sale consummated.

The Company has not generated any revenue from the sales of real estate property for the years ended December 31, 2020, 2019 and 2018.

NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

2.10 Real estate capitalization and cost allocation

Real estate property completed and real estate properties and land lots under development consist of commercial units under construction and units completed. Properties under development or completed are stated at cost or estimated net realizable value, whichever is lower. Cost capitalization of development and redevelopment activities begins during the predevelopment period, which we define as the activities that are necessary to begin the development of the property. We cease capitalization upon substantial completion of the project, but no later than one year from cessation of major construction activity. We also cease capitalization when activities necessary to prepare the property for its intended use have been suspended. Costs include costs of land use rights, direct development costs, interest on indebtedness, construction overhead and indirect project costs. The Company acquires land use rights with lease terms of 40 years through government sale transaction. Land use rights are divided and transferred to customers after the Company delivers properties. The Company capitalizes payments for obtaining the land use rights, and allocates to specific units within a project based on units' gross floor area. Costs of land use rights for the purpose of property development are not amortized. Other costs are allocated to units within a project based on the ratio of the sales value of units to the estimated total sales value.

2.11 Capitalization of interest

In accordance with ASC 360, Property, Plant and Equipment, interest incurred during construction is capitalized to properties under development. For the years ended December 31, 2020, 2019 and 2018, \$nil (unaudited), \$nil (unaudited) and \$nil were capitalized as properties under development, respectively.

2.12 Advertising expenses

Advertising costs are expensed as incurred, or the first time the advertising takes place, in accordance with ASC 720-35, Advertising Costs. For the years ended December 31, 2020, 2019 and 2018, the Company recorded advertising expenses of \$nil (unaudited), \$nil (unaudited) and \$nil, respectively.

2.13 Share-based compensation

The Company grants restricted shares to its non-employee consultants. Awards granted to non-employees are measured at fair value at the earlier of the commitment date or the date the services are completed, and are recognized using graded vesting method over the period the service is provided.

2.14 Income taxes

Current income taxes are provided for in accordance with the laws of the relevant taxing authorities. As part of the process of preparing unaudited financial statements, the Company is required to estimate its income taxes in each of the jurisdictions in which it operates. The Company accounts for income taxes using the liability method. Under this method, deferred income taxes are recognized for tax consequences in future years of differences between the tax bases of assets and liabilities and their reported amounts in the unaudited financial statements at each year-end and tax loss carry forwards. Deferred tax assets and liabilities are measured using enacted tax rates applicable for the differences that are expected to affect taxable income.

The Company adopts a more likely than not threshold and a two-step approach for the tax position measurement and financial statement recognition. Under the two-step approach, the first step is to evaluate the tax position for recognition by determining if the weight of available evidence indicates that it is more likely than not that the position will be sustained, including resolution of related appeals or litigation process, if any. The second step is to measure the tax benefit as the largest amount that is more than 50% likely of being realized upon settlement. As of December 31, 2020 and 2019, the Company did not have any uncertain tax position.

2.15 Land Appreciation Tax ("LAT")

In accordance with the relevant taxation laws in the PRC, the Company is subject to LAT based on progressive rates ranging from 30% to 60% on the appreciation of land value, which is calculated as the proceeds of sales of properties less deductible expenditures, including borrowing costs and all property development expenditures. LAT is prepaid at 1% to 2% of the pre-sales proceeds each year as required by the local tax authorities, and is settled generally after the construction of the real estate project is completed and majority of the units are sold. The Company provides LAT as expensed when the related revenue is recognized based on estimate of the full amount of applicable LAT for the real estate projects in accordance with the requirements set forth in the relevant PRC laws and regulations. LAT would be included in income tax expense in the statements of operations and comprehensive income (loss).

NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

2.16 Earnings (loss) per share

Basic earnings (loss) per share is computed using the weighted average number of common shares outstanding during the year. Diluted earnings per share is computed using the weighted average number of common shares and potential common shares outstanding during the period for convertible notes under if-convertible method, if dilutive. Potential common shares are not included in the denominator of the diluted earnings per share calculation when inclusion of such shares would be anti-dilutive, such as in a period in which a net loss is recorded.

2.17 Comprehensive loss

Comprehensive loss includes net income (loss) and foreign currency adjustments. Comprehensive loss is reported in the unaudited statements of operations and comprehensive loss. Accumulated other comprehensive loss, as presented on the unaudited balance sheets are the cumulative foreign currency translation adjustments.

2.18 Contingencies

In the normal course of business, the Company is subject to loss contingencies, such as legal proceedings and claims arising out of its business, that cover a wide range of matters, including, among others, government investigations and tax matters. In accordance with ASC No. 450 Sub topic 20, "Loss Contingencies", the Company records accruals for such loss contingencies when it is probable that a liability has been incurred and the amount of loss can be reasonably estimated.

2.19 Recently issued accounting pronouncements

The Company does not believe other recently issued but not yet effective accounting standards from ASU 2020-04, if currently adopted, would have a material effect of the unaudited financial position, results of operation and cash flows.

3. RISKS

(a) Liquidity risk

The Company is exposed to liquidity risk which is risk that it is unable to provide sufficient capital resources and liquidity to meet its commitments and business needs. Liquidity risk is controlled by the application of financial position analysis and monitoring procedures.

(b) Foreign currency risk

A majority of the Company's operating activities and a significant portion of the Company's assets and liabilities are denominated in RMB, which is not freely convertible into foreign currencies. All foreign exchange transactions take place either through the Peoples' Bank of China ("PBOC") or other authorized financial institutions at exchange rates quoted by PBOC. Approval of foreign currency payments by the PBOC or other regulatory institutions requires submitting a payment application form together with suppliers' invoices and signed contracts. The value of RMB is subject to changes in central government policies and to international economic and political developments affecting supply and demand in the China Foreign Exchange Trading System market.

9. REAL ESTATE PROPERTY REFUND AND COMPENSATION PAYABLE

During the years 2012 and 2011, the Company signed 443 binding agreements of sales of commercial offices of the project with floor area of 22,790 square meters to unrelated purchasers (the transactions or the real estate sales transactions). The Company received deposits and considerations from the purchasers as required by the agreements. The construction commenced in the 2010, which was originally expected to be delivered to customers in late of 2012. No revenue was recognized from the sales of the commercial offices due to the reason stated below.

Owing to commercial reasons, the Company decided to terminate the agreements made for the sale of the real estate properties in relation to the project of Wuhan Centre China Grand Market. According to the agreements of sales, the Company is obliged to compensate the purchaser at a rate equal to 6% per annum or 0.05% per day on the deposits paid. In the years ended December 31, 2020, 2019 and 2018, the Company incurred \$1,380,337 (unaudited), \$1,377,521 (unaudited) and \$1,437,845 compensation expenses which were included in general and administrative expenses.

As at December 31, 2020, 375 out of 443 agreements were cancelled, and no completed office (or real estate certificate) has been delivered to the purchaser. The Company is still in the progress of negotiating with the purchasers for the cancellation of the remaining agreements. The directors of the Company are of the opinion that almost all of the purchasers shall accept the cancellation. If, finally the purchaser insisted on the execution of the agreement, the Company will accept.

Real estate property refund and compensation payable represent the amount of customer deposits received and the compensation calculated in accordance with the provisions in the sales agreements. The payable consists of the followings:

17. CONCENTRATION OF CREDIT RISKS

As of December 31, 2020 and 2019, substantially all of the Company's cash and cash equivalents were held by major financial institutions located in China and the US, which management believes are of high credit quality.

The Company's operations are carried out in the PRC. Accordingly, the Company's business, financial condition and results of operations may be influenced by the political, economic and legal environments in the PRC as well as by the general state of the PRC's economy. The business may be influenced by changes in governmental policies with respect to laws and regulations, anti-inflationary measures, currency conversion and remittance abroad, and rates and methods of taxation, among other things.

No customer accounted for more than 10% of total accounts receivable as of December 31, 2020 and 2019.

YANGTZE RIVER PORT AND LOGISTICS LIMITED
NOTES TO THE UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

On April 17, 2018, China Construction Bank filed a civil complaint against Wuhan Newport claiming the outstanding principal and interest of bank loan totaling approximately RMB 325 million. The loan and interest payable obligations have been disclosed and accounted for in the Note 8 and Note 10. On June 15, 2019, the civil complaint was adjudicated by the Court in favor of China Construction Bank to collect delinquent amount from Wuhan Newport by enforcement. Wuhan Newport negotiated a loan restructure with the bank and in the meantime, all payments due are suspended. As a result of negotiations, the bank has not instituted enforcement proceedings.

During the year ended December 31, 2018, Wuhan Newport was also involved in other bank loan disputes and the judgments were rendered. Wuhan Newport, a subsidiary of the Company, was against as a guarantor for certain loans taken out by a large shareholder of Wuhan Newport before it became a subsidiary of the Company. As result of judgments, the shareholder has undertaken in writing to be solely responsible for all these loans without recourse to Wuhan Newport and has entered into a repayment plan with his creditor(s). Accordingly, no enforcement actions have been instituted against Wuhan Newport and in accordance with legal opinion from PRC counsel, there are no legal or financial liability accorded to Wuhan Newport.

18. COMMITMENTS AND CONTINGENCIES

Operating lease commitments

For the years ended December 31, 2020, 2019 and 2018, rental expenses under operating leases were \$22,185 (unaudited), \$88,740 (unaudited) and \$95,842 respectively.

On April 1, 2017, the Company made a lease agreement with 41 John Street Equities LLC. The term of the lease is one year, beginning on April 1, 2017 and ending on September 30, 2018. The Company made a one-time full payment of \$96,135 including security deposit for the entire leasing period.

On January 16, 2018 and February 25, 2019, the Company extended the lease agreement with 41 John Street Equities LLC to March 31, 2020. The future obligations for operating leases of each years subsequent to December 31, 2020 are as follows:

Legal proceeding

On October 24, 2018, Stenergy, LLC filed a lawsuit against the Company in the New York State Supreme Court, New York County. The two-count complaint alleges that the Company breached a contract with Stenergy, LLC and seeks damages arising from the breach, and further seeks recovery under a quantum meruit theory to obtain the reasonable value of its services performed. The Company answered the complaint with affirmative defenses on December 4, 2018. The parties are currently engaged in the discovery phase of the matter. Management believes that the Company will prevail this lawsuit, and any resolution will not have a material adverse effect on the financial condition or results of operations of the Company.

On January 2, 2019 a class action complaint has been filed with the United States District Court, Eastern District of New York on behalf of Michael Behrendsen against the Company, Xiangyao Liu, Xin Zheng and Tsz-Kit Chan (the "Complaint"). The two-count Complaint alleges violations of Section 10(b) of the Securities Exchange Act of 1934 and Rule 10b-5 promulgated thereunder, and Section 20(a) of the Exchange Act. The Court recently entered an Order approving of lead counsel and lead plaintiff. On June 3, 2019, counsel for the lead plaintiff filed an Amended Complaint, asserting the same two causes of action, albeit with greater verbosity. The Amended Complaint alleges the defendants made materially false and/or misleading statements and/or failed to disclose that: (1) the Company's purported lease of the Wuhan Yangtze River Newport Logistics Center, the Company's main asset, was a fabrication; (2) the Company's only operating subsidiary, Wuhan Newport, was declared

insolvent in China due to a number of default judgments against it; and (3) as a result, the defendants' statements about its business, operations, and prospects, were materially false and misleading and/or lacked a reasonable basis at all relevant times. The class action seeks to recover damages against the defendants' actions. On July 17, 2019, the Company filed a Motion to Dismiss the Amended Complaint for failure to state a claim. That motion is still pending, though it has been fully briefed. Finally, as of the date of this report, no class has yet to be certified. Management believes that the Company will prevail this lawsuit, and any resolution will not have a material adverse effect on the financial condition or results of operations of the Company.

On January 23, 2019, the Company filed a defamation lawsuit in the New York Supreme Court, New York County, against Hindenburg Research, Nathan Anderson, ClaritySpring Securities, LLC and ClaritySpring Inc. (collectively, "Defendants") in response to their coordinated and orchestrated market manipulation scheme to disseminate false, misleading and defamatory content to the marketplace regarding the Company for the purpose of inflicting substantial reputational harm on the Company for Defendants' own financial gain. Management believes that the Company will prevail this lawsuit, and any resolution will not have a material adverse effect on the financial condition or results of operations of the Company.

Other than the above, the Company is not currently a party to any legal proceeding, investigation or claim which, in the opinion of the management, is likely to have a material adverse effect on the business, financial condition or results of operations.

The Company did not identify any commitment and contingency as of December 31, 2020.

19. RESTRICTED NET ASSETS

PRC laws and regulations permit payments of dividends by the Company's subsidiary incorporated in the PRC only out of their retained earnings, if any, as determined in accordance with PRC accounting standards and regulations. In addition, the Company's subsidiary incorporated in the PRC are required to annually appropriate 10% of their net income to the statutory reserve prior to payment of any dividends, unless such reserve have reached 50% of their respective registered capital. In addition, registered share capital and capital reserve accounts are also restricted from withdrawal in the PRC, up to the amount of net assets held in each subsidiary. As a result of the restrictions described above and elsewhere under PRC laws and regulations, the Company's subsidiary incorporated in the PRC are restricted in their ability to transfer a portion of their net assets to the Company in the form of dividends or advances from PRC subsidiary. Such restriction amounted to \$278,701,969 (unaudited) and \$264,325,902 (unaudited), respectively as of December 31, 2020 and 2019. Except for the above, there is no other restriction on the use of proceeds generated by the Company's subsidiary to satisfy any obligations of the Company.

20. GOING CONCERN

As shown in the accompanying financial statements, the Company has sustained recurring losses and negative cash flows from operations. Over the past years, the Company has been funded through a combination of bank loans and advances from shareholders. On January 29, 2016, the Company received an undertaking commitment letter provided by the Company's majority shareholder who is willing to provide sufficient funding on an as-needed basis. In addition, the Company plans to dispose of the existing developed real estate properties with market value of approximately \$42 million when the Company needs cash flows. The Company believes that, as a result of these, it currently has sufficient cash and financing commitments to meet its funding requirements for a reasonable period of time.

21. SUBSEQUENT EVENTS

The management evaluated all events subsequent to the balance sheet date through the date the unaudited consolidated financial statements were available to be issued. There are no significant matters to make material adjustments or disclosure in the unaudited financial statements.
