Operations to Date

The 3rd Quarter represents the best revenue performance quarter in the history of our company. Javalution Coffee Company and CLR Roasters had combined revenues of \$1,194,064 ending September 30, 2009. This represents 192% increase over 3rd quarter 2008. Gross Profits for the quarter were \$344,117 representing a 364% increase over the same quarter in 2008. The company was able to achieve these revenue numbers for the third quarter while only realizing a 12% increase in expenses over 3rd quarter 2008. The company's Q3 expenses were \$626,153 VS \$558,808 in Q3 2008. Javalution Coffee Company reported consolidated net loss of \$187,378 for the quarter vs. a loss of \$464,150 in Q3 2008. This represents a \$276,772 improvement to the bottom line from Q3 2008 to 2009.

The company growth was attributed to triple digit sales increases from its JavaFit brand via its Network Marketing Division along with 35% sales growth coming from CLR Roasters, the company's wholly owned roasting operation. Assuming our rate of revenue growth continues at the same pace achieved in the 3rd quarter the company feels profitability will be achieved by the 2nd quarter of 2010.
