Item 6: Description of the Issuer's Business, Products and Services

A. Description of the Issuerøs business operations:

We operate two casual dining concepts: Granite City Food & Brewery® and Cadillac Ranch All American Bar & Grill®. The Granite City restaurant theme is upscale casual dining with a wide variety of menu items that are prepared fresh daily, including Granite Cityøs award-winning signature line of hand-crafted beers finished on-site. The extensive menu features moderately priced favorites served in generous portions. Granite Cityøs attractive price point, high service standards, and great food and beer combine for a memorable dining experience. Cadillac Ranch restaurants feature freshly prepared, authentic, All-American cuisine in a fun, dynamic environment. Patrons enjoy a warm, Rock NøRoll inspired atmosphere, with plenty of room for friends, music and dancing. The Cadillac Ranch menu is diverse with offerings ranging from homemade meatloaf to pasta dishes, all freshly prepared using quality ingredients.

In addition to operating our restaurants, we operate a centralized beer production facility in Ellsworth, Iowa which facilitates the initial stages of our brewing process. The product produced at our beer production facility is then transported to the fermentation vessels at each of our Granite City restaurants where the brewing process is completed. We believe that this brewing process improves the economics of microbrewing as it eliminates the initial stages of brewing and storage at multiple locations. We have been granted patents by the United States Patent and Trademark Office for our brewing process and for an apparatus for distributed production of beer.

B. Date and state (or jurisdiction) of incorporation:

Granite City Food & Brewery Ltd. was incorporated June 26, 1997, as a Minnesota corporation.

C. Issuerøs Primary SIC Code: 5812
Issuerøs Secondary SIC Code: N/A

D. Issuerøs fiscal year end date: December 29, 2015

E. Principal products or series, and their markets:

As of September 29, 2015, we operated 34 Granite City restaurants in 14 states and five Cadillac Ranch restaurants in five states. In February, April and May 2015, we opened a Granite City restaurant in each, Schaumburg, Illinois, Northville, Michigan and National Harbor, Maryland, respectively. Our concepts target a broad guest base by offering high quality, made-from-scratch, casual, value-priced food, and fresh, handcrafted, quality beers.

Our prototypical Granite City restaurant consists of an approximately 9,800 square foot facility conveniently located just off one or more interstate highways and centrally located within the respective areaøs retail, lodging and transportation activity. Granite City restaurants have open atmospheres as well as floor-to-ceiling window systems creating, where designs permit, expansive views of outdoor patio areas used for dining during warm weather months. This window treatment allows activity to be viewed both inside and outside the restaurant and creates a bright, open environment. We use granite and other rock materials along with natural woods and glass to create a balanced, clean, natural interior feel. The interiors are accented with vintage photographs of the local area brewing industry, as well as historical photos of the community landscape. We believe our design creates a fun and energetic atmosphere that promotes a destination dining experience.

The average size of our Cadillac Ranch restaurants is approximately 10,000 square feet. The atmospheres are warm, Rock NøRoll-inspired with plenty of room for friends, music and dancing in a fun, dynamic environment. Classic Rock, Modern Rock and more play through our state of the art sound system, with multiple large-screen televisions throughout. The spacious floor plan allows for catered events such as wedding receptions, corporate events, or any other private party. The Indianapolis location, while similar in appearance to our other Cadillac Ranch locations, is a 20,000 square foot unit that has a much higher percentage of alcohol sales than our other Cadillac Ranch locations.

The following is a listing of the location of each of our restaurants in operation as of September 29, 2015:

Item 7: Description of the Issuer's Facilities

Our property and equipment consists of the following:

	September 29, 2015	December 30, 2014
Land	$ 18,000	$ 18,000
Buildings	37,525,108	33,501,906
Leasehold improvements	18,970,804	16,069,904
Equipment and furniture	53,279,120	47,689,825
	109,793,032	97,279,635
Less accumulated depreciation	(56,041,316)	(50,567,412)
	53,751,716	46,712,223
Construction-in-progress *	2,449,525	8,277,582
	$ 56,201,241	$ 54,989,805

*Includes $31,525,166 of land and buildings under capital lease.

Property owned:

We previously operated our beer production facility under a land and building lease agreement. This ten-year lease allowed us to purchase the facility at any time for $1.00 plus the unamortized construction costs. In May 2015, we exercised our option to purchase the facility for $1.00.

In December 2013, we entered into a binding agreement with Great Western Bank whereby we agreed that if Great Western Bank acquired GC Omaha LPös interest in the ground lease of the Omaha, Nebraska Granite City restaurant either by foreclosure or voluntary surrender, we would acquire the building and improvements and assume the ground lease from Great Western Bank. In April 2014, Great Western Bank acquired GC Omaha LPös interest in the ground lease and on September 30, 2015, we purchased the building and improvements and assumed the ground lease from Great Western Bank. To facilitate the transaction, we entered into a loan agreement with Great Western Bank in the amount of $1.08 million. Such loan matures on September 30, 2020 and requires the payment of annual interest at a rate of 5.5%. This transaction took place subsequent to quarter-end and is, therefore, not reflected in our quarterly financial statements.

Property capital leases:

As of September 29, 2015, we operated 18 restaurants under capital lease agreements with expiration dates ranging from 2020 through 2030, all with renewable options for additional periods. Under certain of the leases, we may be required to pay additional contingent rent based upon restaurant sales. At the inception and the amendment date of each of these leases, we evaluated the fair value of the land and building separately pursuant to the FASB guidance on accounting for leases. The land portion of these leases is classified as an operating lease as the fair value of the land is 25% or more of the total fair value of the lease. The building portion of these leases is classified as a capital lease because its present value was greater than 90% of the estimated fair value at the beginning or amendment date of the lease and/or the lease term represents 75% or more of the expected life of the property.

Property operating leases:

The land portions of the 18 property leases referenced above are classified as operating leases because the fair value of the land was 25% or more of the leased property at the inception of each lease. All scheduled rent increases for the land during the initial term of each lease are recognized on a straight-line basis. We have additional obligations under operating leases for 16 Granite City restaurants and five Cadillac Ranch restaurants. The expiration of the initial terms of the ground leases upon which we operate these restaurants range from 2016 through 2029. All but one of these leases include options for additional terms. Under certain of the leases, we may be required to pay additional contingent rent based upon restaurant sales.

We also lease our corporate headquarters in Minneapolis, MN. Such lease expires in November 2015.

GRANITE CITY FOOD & BREWERY LTD.
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. Summary of significant accounting policies

Background

Granite City Food & Brewery Ltd. (the ñCompanyò) develops and operates two casual dining concepts: Granite City Food & Brewery® and Cadillac Ranch All American Bar & Grill®.

As of September 29, 2015, the Company operated 34 restaurants of its original concept, which is a polished casual American restaurant known as Granite City Food & Brewery. The Granite City restaurant theme is upscale casual dining with a wide variety of menu items that are prepared fresh daily, combined with freshly brewed hand-crafted beers finished on-site.

Company also operates five Cadillac Ranch restaurants featuring freshly prepared, authentic, All-American cuisine in a fun, dynamic environment. Its patrons enjoy a warm, Rock Nô Roll inspired atmosphere, with plenty of room for friends, music and dancing.

The Company operates a centralized beer production facility which facilitates the initial stages of its brewing process. The product created at its beer production facility is then transported to the fermentation vessels at each of the Companyôs Granite City restaurants where the brewing process is completed. The Company believes this proprietary brewing process enables the Company to control the quality and consistency of its beers and improves the economics of microbrewing by eliminating the initial stages of brewing and storage at each restaurant, as well as third-party distribution costs. The Company was granted patents by the United States Patent Office for its brewing process and for an apparatus for distributed production of beer.

Basis of presentation

In the opinion of management, the financial statements presented herein include all adjustments, consisting of normal recurring adjustments, which are necessary for a fair statement of the Companyôs financial position as of September 29, 2015, and its results of operations for the interim periods ended September 29, 2015 and September 30, 2014. The results of operations for the 39 weeks ended September 29, 2015 are not necessarily indicative of the results to be expected for the entire year.

Certain information and footnote disclosures normally included in consolidated financial statements in accordance with U.S. GAAP have been condensed or omitted. A description of the Companyôs accounting policies and other financial information is included in its audited consolidated financial statements for the year ended December 30, 2014 as filed with OTC Markets. Management believes that the disclosures included in the Companyôs accompanying interim financial statements and footnotes are adequate to make the information not misleading, but should be read in conjunction with the financial statements and notes thereto included in the Companyôs Annual Report. The accompanying balance sheet at December 30, 2014 has been derived from the Companyôs audited financial statements at that date.

Derivatives

The Company utilizes an interest rate swap agreement with a financial institution to fix interest rates on a portion of its variable rate debt, which reduces exposure to interest rate fluctuations (Note 3). The Company accounts for this derivative using fair value accounting and measurements described in Note 4. The fair value of the interest rate swap is recorded on the condensed consolidated balance sheet in other assets or other liabilities, depending on the fair value of the swap. The change in the fair value of the swap is recorded on the condensed consolidated statements of operations in other interest expense.

The Company has not used derivatives for speculative purposes and has procedures in place to monitor and control the use of such instruments.

Related parties

Concept Development Partners LLC (ñCDPò) is the Companyôs controlling shareholder. As of September 29, 2015, CDP beneficially owned approximately 78.5% of the Companyôs common stock.

Fiscal year

The Company utilizes a 52/53-week fiscal year ending on the last Tuesday in December for financial reporting purposes. Fiscal years 2015 and 2014 each consist of 52 weeks.

Net loss per share

The following table sets forth the computation of basic loss per share for the third quarter and first three quarters of fiscal years 2015 and 2014:

Reclassifications

Certain minor reclassifications have been made to the condensed consolidated financial statements for the first three quarters of fiscal year 2014 for them to conform to the presentation of the condensed consolidated financial statements for the first three quarters of fiscal year 2015. These reclassifications have no effect on the accumulated deficit or net loss previously reported.

2. Significant events

The Companyôs Board of Directors has engaged Houlihan Lokey Capital, Inc., an investment bank, to assist it in exploring a possible strategic transaction. Under the engagement agreement, Houlihanôs services may include soliciting, coordinating, and evaluating indications of interest and proposals regarding a possible strategic transaction, and assisting the Board in negotiating financial aspects of a possible strategic transaction.

Such a transaction may take the form of a sale, disposition, merger or other transaction involving all or a substantial portion of the business, assets or equity interests of the Company. There can be no assurance that a transaction will be pursued or, if one is pursued, that it will be consummated.

3. Fair value measurements

The guidance of ASC 820, *Fair Value Measurements and Disclosures,* defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Valuation techniques under such accounting guidance related to fair value measurements are based on observable inputs which reflect readily obtainable data from independent sources, and unobservable inputs which reflect internal market assumptions. The Company uses the following three-tier fair value hierarchy, which prioritizes these inputs as follows:

Level 1ð Quoted market prices in active markets for identical assets and liabilities.

Level 2ð Inputs, other than quoted prices included in Level 1 that are either directly or indirectly observable.

Level 3ð Inputs that are unobservable for the assets or liabilities where there is little or no market data. These inputs require significant management judgment or estimation.

As of September 29, 2015 and December 30, 2014, respectively, the fair value of cash and cash equivalents, receivables, accounts payable and accrued expenses approximates their carrying value due to the short-term nature of these financial instruments. The fair value of the capital lease obligations and long-term debt is estimated at its carrying value based upon current rates available to the Company.

The fair value of the Companyôs interest rate swap is determined based on information provided by the Companyôs bank counterparty that is model-driven and where inputs were observable or where significant value drivers were observable. Such models utilize quoted interest rate curves to calculate the forward values and then discount the forward values to present values. The Company classifies its interest rate swap as a Level 2 measurement as these securities are not actively traded in the market, but are observable based on current market rates (Notes 1 and 4).

The following table presents the fair value of liabilities measured on a recurring basis as of September 29, 2015:

Description	Level 1	Level 2	Level 3	Total Liability
Interest rate swap fair value	$ -	($496,422)	$ -	($496,422)

The following table presents the fair value of liabilities measured on a recurring basis as of December 30, 2014:

Description	Level 1	Level 2	Level 3	Total Liability
Interest rate swap fair value	$ -	($270,469)	$ -	($270,469)

There were no transfers between levels of the fair value hierarchy during the first three quarters of 2015 or fiscal year 2014.

4. Credit agreement

In May 2014, the Company entered into a $40.0 million credit agreement with RBS Citizens, N.A. (ñCitizens Bankò). The agreement, which is secured by liens on the Companyôs subsidiaries, personal property, fixtures and real estate owned or to be acquired, provides for a secured term loan in the amount of $25.0 million which was advanced in a single borrowing on May 15, 2014, and a secured line of credit in the amount of $15.0 million, of which $14.2 million had been advanced as of September 29, 2015. In October 2015, the Company paid down $1.0 million on such line of credit. Subject to the terms and conditions of the credit agreement, Citizens Bank has also agreed to issue standby letters of credit in an aggregate undrawn face amount up to $1.0 million. The credit agreement matures on May 15, 2019.

In June 2014, the Company entered into a five-year interest rate swap agreement to fix interest rates on a portion of this debt (Notes 1 and 3) pursuant to the terms of the credit agreement with Citizens Bank. Under the swap agreement, the Company pays a fixed rate of 1.79% and receives interest at the one-month LIBOR on a notional amount of $18.75 million. This effectively makes the Companyôs interest rate 5.44% on $18.75 million of its debt. The Company did not elect to apply hedge accounting for this interest rate swap agreement. As such, the fair value of the interest rate swap is recorded on the consolidated balance sheet in other assets or other liabilities, depending on the fair value of the swap, and any changes in the fair value of the swap agreement will be accounted for as non-cash adjustments to interest expense and recognized in current earnings. The decrease in the fair value of the swap agreement was $225,953 as of September 29, 2015 and was recorded as interest expense in the consolidated statements of operations.

5. Leases

In November 2013, the Company entered into an agreement to purchase approximately three acres of property in Schaumburg, Illinois where it opened a Granite City restaurant in February 2015. In May 2014, the Company closed on the purchase of such land and, pursuant to a sale leaseback agreement with Store Capital, Store Capital took title to the land. The Company purchased the site for approximately $2.1 million and sold it to Store Capital for the same amount. Pursuant to the sale leaseback agreement, Store Capital would purchase the improvements for up to approximately $2.7 million. Because the Company incurred all the construction costs and risk of loss, the Company accounted for the transaction as a sale leaseback, pursuant to guidance in ASC 840 Leases. Management evaluated the fair value of the property and determined it to be equal to undepreciated costs, and therefore recorded a deferred loss of approximately $2.1 million which will be amortized to rent expense over the life of the lease. In February 2015 and June 2015, the parties entered into amendments to the lease agreement whereby the Company is leasing the property for an initial term of 15 years at an annual rental amount of approximately $394,140. Such agreement includes options for additional terms and provisions for rental adjustments.

In July 2013, the Company entered into a 15-year lease agreement for a site in Northville, Michigan where it constructed a Granite City restaurant which opened in April 2015. Per the terms of the lease, the landlord paid the Company a tenant improvement allowance of approximately $2.1 million. Because the Company incurred all the construction costs and risk of loss, the Company accounted for the transaction as a sale leaseback, pursuant to guidance in ASC 840 Leases. Management evaluated the fair value of the property and determined it to be equal to the undepreciated costs, and therefore, recorded a deferred loss of approximately $1.5 million. The lease, which may be extended at the Company's option for up to two additional five-year periods, calls for annual base rent starting at $419,640. Under the terms of the lease, the Company may be required to pay additional contingent rent based upon restaurant sales.

In June 2014, the Company entered into a 10-year lease agreement for a site in National Harbor, Maryland where it constructed a Granite City restaurant which it opened in May 2015. Per the terms of the lease, the landlord will pay the Company a tenant improvement allowance of approximately $1.3 million. Because the Company incurred all the construction costs and risk of loss, the Company accounted for the transaction as a sale leaseback, pursuant to guidance in ASC 840 Leases. Management evaluated the fair value of the property and determined it to be equal to the undepreciated costs, and therefore, recorded a deferred loss of approximately $2.8 million. The lease, which may be extended for two additional five-year periods, calls for an annual base rent starting at $419,898. Under the terms of the lease, the Company may be required to pay additional contingent rent based upon restaurant sales.

6. Commitments and contingencies

In August 2015, the Company entered into a 10-year lease agreement for a site in Lincoln, Nebraska where it is constructing a Granite City restaurant it plans to open in 2016. Per the terms of the lease, annual base rent starts at approximately $238,000 with scheduled increases throughout the term. Under the terms of the lease, the Company may be required to pay additional contingent rent based upon restaurant sales and has the option to extend the lease for two five-year periods. In connection with the new lease agreement, the Company entered into an agreement with the landlord for the existing Lincoln site to allow the Company to buyout the existing lease, purchase the improvements, and directly assume the ground lease. The Company plans to buyout the existing lease and then terminate the ground lease immediately prior to the rent commencement under the new Lincoln lease.

In September 2015, the Company entered into a 15-year lease agreement for a site in Northbrook, Illinois where it plans to construct a Granite City restaurant it plans to open in 2016. Per the terms of the lease, the annual rent starts at $265,000 with scheduled increases every five years. Under the terms of the lease, the Company may be required to pay additional contingent rent based upon restaurant sales and has the option to extend the lease for two five-year terms.

7. Stock-based compensation

The Company measures and recognizes all stock-based compensation under the fair value method using the Black-Scholes option-pricing model. Share-based compensation expense recognized is based on awards ultimately expected to vest, and as such, it is reduced for estimated or actual forfeitures. Forfeitures are estimated at the time of grant and revised, if necessary, in subsequent periods if actual forfeitures differ from those estimates. The Company used the following assumptions within the Black-Scholes option-pricing model for the first three quarters of fiscal years 2015 and 2014:

	Thirty-nine Weeks Ended	
	September 29, 2015	September 30, 2014
Weighted average risk-free interest rate	1.73% - 2.43%	2.48% - 3.04%
Expected life of options	10 years	10 years
Expected stock volatility	85.84%-86.84%	85.86% -86.32%
Expected dividend yield	None	None

As of September 29, 2015, there were options outstanding for the purchase of 733,615 and 389,644 shares under the Companyȏs Amended and Restated Equity Incentive Plan and Long-Term Incentive Plan, respectively. Although vesting schedules vary, option grants under these plans generally vest over a three or four-year period and options are exercisable for no more than ten years from the date of grant. The Amended and Restated Equity Incentive Plan expired in February 2012. As of September 29, 2015, 10,356 shares remained available for issuance of options under the Long-Term Incentive Plan.

Due to the limited number of reserved shares remaining under the Long-Term Incentive Plan, the Company amended its 2014 Non-Qualified Plan in May 2015 to accommodate the continued issuance of annual stock option awards to the Companyȏs non-employee directors and periodic stock option awards to select employees. Such amendment allowed for an additional 100,000 of shares of common stock to be reserved under the 2014 Non-Qualified Plan. As of September 29, 2015, options for the purchase of 256,108 shares were outstanding and 68,892 shares remained available for issuance of options under the 2014 Non-Qualified Plan.

A summary of the Companyȏs stock options as of September 29, 2015 is presented below:

Fixed Options	Shares	Weighted Average Exercise Price	Weighted Average Remaining Contractual Life	Aggregate Intrinsic Value
Outstanding at December 30, 2014	1,346,160	$ 2.24	6.5 years	$ 18,130
Granted	112,338	2.16	8.9 years	
Exercised	-	-

Outstanding at September 29, 2015	1,379,367	$ 2.24	6.1 years	$ 123,050
Options exercisable at December 30, 2014	878,003	$ 2.30	5.1 years	$ 18,130

Options exercisable at September 29, 2015	945,487	$ 2.30	5.0 years	$ 97,240
Weighted-average fair value of options granted during 2015	$ 1.70				

The aggregate intrinsic value in the table above represents the total pretax intrinsic value (the difference between the closing price of the Companyǒs stock on September 29, 2015 and the exercise price, multiplied by the number of in-the-money options) that would have been received by the option holders had all option holders exercised their options on September 29, 2015. As of September 29, 2015, there was approximately $334,791 of total unrecognized compensation cost related to unvested share-based compensation arrangements, of which $75,510 is expected to be recognized during the remainder of fiscal year 2015, $154,317 in fiscal year 2016, $72,511 in fiscal year 2017, $27,454, in fiscal year 2018 and $4,999 in fiscal year 2019.

The following table summarizes information about stock options outstanding at September 29, 2015:

	Options Outstanding			Options Exercisable	
Range of Exercise Prices	Number of Options Outstanding	Weighted Average Remaining Contractual Life	Weighted Average Exercise Price	Number of Options Exercisable	Weighted Average Exercise Price
$1.00 - $3.00	1,247,203	6.3 years	$ 2.10	813,323	$ 2.09

Total	1,379,367	6.1 years	$ 2.24	945,487	$ 2.30

As of September 29, 2015, warrants for the purchase of an aggregate of 215,000 shares of common stock were outstanding and exercisable. The weighted average exercise price of such warrants was $1.84 per share.

8. Subsequent event

In December 2013, the Company entered into a binding agreement with Great Western Bank whereby the Company agreed that if Great Western Bank acquired GC Omaha LPǒs interest in the ground lease of the Omaha, Nebraska Granite City restaurant either by foreclosure or voluntary surrender, it would acquire the building and improvements and assume the ground lease from Great Western Bank. In April 2014, Great Western Bank acquired GC Omaha LPǒs interest in the ground lease and on September 30, 2015, the Company purchased the building and improvements and assumed the ground lease from Great Western Bank. To facilitate the transaction, the Company entered into a loan agreement with Great Western Bank in the amount of $1.08 million. Such loan matures on September 30, 2020 and requires the payment of annual interest at a rate of 5.5%.
