It should be noted that the disclosures contained in this filing reflect the status of the Company on the actual date of the filing rather than only up to the date of the above listed filing period, Management believes that failure to file the actual status of the Company would be extremely misleading to shareholders and potential investors and a legitimate target for legal action.

1) Name of the issuer and its predecessors (if any)

Yulong Eco-Materials Limited was originally incorporated under the laws of the Cayman Islands on March 10, 2011. On May 7, 2019, the Company formally and legally moved its jurisdiction to the State of Wyoming. The company is in active standing in the jurisdiction of incorporation.

On July 1, 2020, we initiated a name change from Yulong Eco-Materials Limited to Exosomes Biologics Corp. However, we were advised that the name Exosomes Biologics Corp., could have potential conflicts. The name was potentially misleading and implied that we were a full chemical-related drug development company. Management is focused on developing human mesenchymal and other stem cell and cell-derived products. Subsequently, on July 31, 2020, the Company name was changed to EV Biologics Corp.

Has the issuer or any of its predecessors ever been in bankruptcy, receivership, or any similar proceeding in the past five years?

Yes: No:

If this issuer or any of its predecessors have been the subject of such proceedings, please provide additional details in the space below: None.

2) Security Information

5) Issuer’s Business, Products and Services

The purpose of this section is to provide a clear description of the issuer’s current operations. In answering this item, please include the following:

A. Summarize the issuer’s business operations (If the issuer does not have current operations, state “no operations”)

Originally, we were a manufacturer of eco-friendly building products located in the city of Pingdingshan in Henan Province, China. We are the leading producer of fly-ash bricks and concrete in Pingdingshan. In late April 2015, the Company launched a construction waste hauling operations in Pingdingshan, and with the collected construction waste, have added crushed construction waste, or recycled aggregates, and bricks made from recycled aggregates, or recycled bricks, to our product offerings. Since then, we have also expanded our hauling and recycling operations beyond Pingdingshan. Our products were primarily sold to developers of commercial, residential and infrastructural projects, and include both state-owned and private enterprises. Our hauling customers include government agencies and private real estate developers. For fiscal year ended June 30, 2017, one customer accounted for 14.3% of our total revenue. The largest brick customer, accounted for 8.1% of our brick revenue and 2.9% of our total revenue. The largest concrete

customer, Construction Engineering Group Co., Ltd., accounted for 24.2% of our concrete revenue and 13.9% of our total revenue. The largest hauling customer accounted for 20.2% of our hauling revenue and 0.4% of our total revenue. The largest waste processing services customer accounted for 78.3% of our waste processing services revenue and 3.8% of our total revenue. The largest customer of recycle aggregates, accounted for 34.5% of our recycled aggregates revenue and 0.01% of our total revenue. The largest customer of recycled bricks, accounted for 23.4% of our recycled brick revenue and 0.1% of our total revenue. None of our customers is related to or affiliated with us. As of the date of this filing, the Company has ceased to administer any of the subsidiaries reported by previous management.

The Company's new business will be wholly based in the United States, but will have world-wide, universal application. Following a name change to EV Biologics Corp., management is working to become a world-class biotechnology company, focused on bringing human mesenchymal and other stem cell and cell-derived products to market in the biopharmaceutical and cosmetic spaces. Initially, these unique products will be provided to the international clinical research community including universities and physicians and will be targeted to the regenerative and aesthetic medicine markets. Additional development will be focused on investigation of novel stem cell-derived biopharmaceuticals designed for specific clinical conditions.

All of business operations were conducted through our four consolidated affiliated entities: Yulong Concrete which commenced operations in 2004, Yulong Bricks in 2006, Yulong Transport in 2009, and Yulong Renewable in late April 2015. Yulong Bricks is a limited liability company established in China, and its business scope includes production and sales of fly-ash bricks and sales of building materials, steel, general merchandise and hardware. However, lawsuits initiated by various Chinese government agencies cast substantial doubt on the ability of these former subsidiaries to continue to exist, let alone progress.

On September 3, 2018, YECO's shareholders approved the acquisition of Millennium Sapphire from Millennium Enterprise LLC ("ME"), a Wyoming Corporation. The Purchase and Sale Agreement between Millennium Enterprises LLC and Yulong Eco-Materials Limited was effective on August 22, 2018. The purchase price to be paid by Yulong to ME for the Millennium Sapphire is US\$50,000,000 in YECO shares. YECO agreed to deliver 25,000,000 in YECO 144 shares. On February 26, 2019, the Company filed a Form 6-K disclosing that the acquisition of the Millennium Sapphire had been cancelled and all 25,000,000 shares had been returned to treasury.

On October 25, 2018, the Company's shareholders approved the sale of Yulong BVI including its business, assets, liabilities and debts in China to Wellford International Enterprises Limited ("Wellford"), a British Virgin Islands Corporation. The Sale and Purchase Agreement was signed on October 30, 2018. The Company agreed to sell and Wellford agreed to acquire Yulong BVI for US\$15 million. The sale includes all the assets, liabilities and debts of Yulong BVI's business in China.

On November 1, 2018, the Company moved its headquarters in New York City located at 387 Park Avenue South, 5th Floor, New York City, NY10016.

On November 1, 2018, the Company received a "Staff Determination Letter" from Nasdaq pursuant to the business combination resulting in a "Change of Control" according to Nasdaq Listing Rule 5110(a). After the business combination, Yulong was required to satisfy all of Nasdaq's initial listing criteria and complete Nasdaq's initial listing process, including the payment of all applicable fees and up to date SEC filings. The Annual 20F filing was not completed or filed due to the fact that the previous management would not cooperate with the Company auditor. The Company had filed an appeal and paid a \$10,000 Hearing Fee to Nasdaq. The delisting action referenced in the Nasdaq's Staff Determination Letter has been stayed until a final written decision by the Nasdaq Hearings Panel. The hearing was held on December 13, 2018. This appeal was denied and on April 2, 2019 NASDAQ filed a notification via the SEC to report the removal from listing and registration of the Company's shares.

On November 7, 2018, the Company closed a US\$3 million private placement with an institutional investor. We sold 1 million ordinary shares at a price of \$3.00 per share for gross proceeds of US\$3 million. In connection with the private placement, the Company issued a warrant to purchase up to 1 million shares at an exercise price of \$5.00 per share. The warrants are immediately exercisable and will expire five years from the date of issuance. The warrants were exercised on a cashless basis and 200,000 shares were issued.

On January 2, 2019, the Company received a letter from GC & Associates CPAs PLLC, the Company's independent registered public accounting firm, notifying the Company that it had encountered significant difficulties in obtaining from management of the Company's disposed subsidiaries in China

information necessary to perform and complete its audit of the Company's financial statements for the year ended June 30, 2018, which period is prior to the Company's acquisition of the Millennium Sapphire pursuant to that certain Purchase and Sale Agreement dated August 22, 2018 as filed with the Company's Form 6-K filed with the Securities and Exchange Commission on October 19, 2018.

On January 11, 2019, the Company filed a Form 6-K disclosing the following: On November 7, 2018, Yulong Eco-Materials Limited (the "Company") and CVI Investments, Inc. ("CVI") entered into the Purchase Agreement (the "Purchase Agreement") for the purchase and sale of 1,000,000 ordinary shares ("Shares") of the Company ("Ordinary Shares") and Ordinary Share Purchase Warrants ("Warrants") for an aggregate purchase price of \$3,000,000. On December 13, 2018, the Company disclosed in its current report on Form 6-K that the Company's Ordinary Shares would be delisted from The NASDAQ Stock Market. On January 11, 2019, the Company disclosed in its current report on Form 6-K that the Company's auditors advised the Company that they had encountered significant difficulties in obtaining the information and records necessary for the completion of the audit of the Company's financial statements for the year ended June 30, 2018. Such information and records related to the operation of the Company prior to the acquisition by the Company of the Millennium Sapphire. As a result of the Company's inability to complete its audit, the Company is unable to file its Annual Report on Form 20-F.

The terms of the Purchase Agreement required the Company to maintain its listing on The Nasdaq Stock Market and remain current in its filings with the Securities and Exchange Commission. Due to the Company's inability to meet its obligations under the Purchase Agreement, the parties have agreed to enter into a Rescission Agreement and a Loan and Security Agreement. On January 28, 2019, the Company entered into the Rescission Agreement with CVI Investments, Inc. ("CVI") pursuant to which the Company agreed to rescind the issuance of 500,000 of the Shares in consideration for the payment of \$1,500,000. Additionally, on February 6, 2019, the Company entered into a Loan and Security Agreement pursuant to which the Company issued a promissory note to CVI in the principal amount of \$2,500,000 in consideration for the return to the Company of balance of the Shares plus all of the Warrants. As security for the Company's obligations to CVI under the promissory note, the Company agreed to grant CVI a security interest in the Millennium Sapphire. Pursuant to the terms of the Loan and Security Agreement, each party agreed to a general release of their respective rights and obligations under the Purchase Agreement. Additionally, on February 26, 2019 the Company filed a Form 6-K disclosing that On September 11, 2018, shareholders of the Company agreed to acquire the carved, blue sapphire known as the Millennium Sapphire for US\$50 million via the issuance of 25 million restricted shares of the Company. However, effective January 31, 2019 the Board of Directors agreed to rescind and cancel the Millennium Sapphire acquisition together with any and all intellectual property associated with the Millennium Sapphire. This decision was based on the disclosures the Company received from its auditing firm, GC & Associates CPAs PLLC, concerning the failure of the original owners of the Chinese assets to provide the information or files required to complete a Form 20-F and the subsequent notification from the NASDAQ Stock Market that the Company's shares would be suspended from trading on NASDAQ for failure to file the Form 20-F. All parties to the Millennium Sapphire transaction have agreed to the rescission. All 25 million shares issued for the acquisition of the Millennium Sapphire have now been returned and cancelled and the Sapphire together with any and all intellectual property associated with the Millennium Sapphire have been returned to the seller.

Effective March 5, 2019, the "Company reported the resignation of William Bossung, Norman Macasaet and Jeffrey Bergman from their positions as directors. Additionally, the Company reported the resignation of Edward Low from the position of Chief Financial Officer. Mr. Bossung, Mr. Macasaet and Mr. Bergman had served as directors since December 7, 2018. It should be noted that these officers and directors served for less than three months. Mr. Low has also served as Chief Financial Officer since that date. Daniel Mckinney, currently serves as the Chief Executive Officer and director, will remain as the sole officer and director.

On March 12, 2019, the Company received formal notification from NASDAQ on Form 25 that the Company's shares had been removed from Listing or Registration from trading on the NASDAQ Exchange under Section 12(b) of the Securities and Exchange Act of 1934.

As of the date of this filing, the Company is no longer operating in its original business and the subsidiaries have been sold. As noted above, following the removal from trading on NASDAQ, the Company immediately acquired a new business through the acquisition of a world-class art object called the Millennium Sapphire, but due to the failure of the previous board to send the required information and files to complete an audit and file the required Form 20-F, the agreement to acquire the Millennium Sapphire was terminated.

During that transition process, the Company's new management was able to identify, perform extensive due diligence and enter into a substantial new business in the medical research field. Subsequently, the Company's jurisdiction was moved out of the Cayman Islands to the State of Wyoming and the name of the Company changed to EV Biologics Corp. It is currently going through the required "corporate activities" regulatory process to change the name officially.

On May 7, 2019, the Company filed Articles of Continuance with the Wyoming Secretary of State in order to move the Company's jurisdiction from Cayman Islands to the State of Wyoming. Upon completion, the Company ceased to be a foreign issuer and became a domestic issuer in the United States. Subsequently, effective May 7, 2019, Yulong Eco-Materials Limited received written notification from the Wyoming Secretary of State that the Articles of Continuation had been accepted by the State of Wyoming and filed accordingly. The completion of the filing with the Wyoming Secretary of State formally established the domestic, United States jurisdiction of the Company. A copy of the Articles of Continuance was filed as Exhibit 3.4 as part of the December 31, 2019 Annual report.

On July 1, 2019, the Company filed Form 15 with the Securities and Exchange Commission: Notice of Termination of Registration of a Class of Securities Under Section 12 to terminate or suspend the duty to file reports.

In early October 2020, EV Biologics, Inc. (formerly Yulong Eco-Materials Limited) (OTC PINK:YECO) began the process announced in late September 2020 to utilize the advanced instrumentation and research staff at the Vanderbilt Institute of Nanoscale Science and Engineering (VINSE) and the Vanderbilt Center for Structural Biology (CSB) in the development of extracellular vesicle (EV)-based diagnostics and therapeutics.

Founded in 1873, Vanderbilt University located in Nashville, Tennessee is a pre-eminent and legendary private research university comprised of 10 distinct schools and colleges on one centralized campus. Regularly ranked as one of the nation's top 15 universities by publications such as "U.S. News & World Report", with programs that rank in the top 10, Vanderbilt is a world-class institution. The University was recently ranked #10 in Reuter's assessment of the World's Most Innovative Universities. (Source: Vanderbilt University Website).

Quality Control (QA/QC) will be the cornerstone of the Company's plan for Current Good Manufacturing Practices (cGMP) development of EV diagnostics and therapeutic products. The Vanderbilt CSB and VINSE are extraordinary research facilities that have the capability of performing nanoscale analytical methods such as Atomic Force Microscopy, Electron Microscopy and Nano Tracking Analysis. The Vanderbilt University research staff has extensive experience with nanoparticle characterization methods that will form an essential part of QA/QC for the Company's therapeutic development.

The Company also plans to invest in its own analytical equipment to facilitate novel solutions to overcome the challenges in EV product characterization and standardization. EV analysis performed by research staff at Vanderbilt will complement the Company's own EV development data and will help provide the orthogonal characterization for EV research recommended by the International Society for Extracellular Vesicles.

Subsidiaries

On September 15, 2020, the Company incorporated a wholly owned subsidiary, EVBI-ALI, LLC in the State of Wyoming.

Due to the sale of the company's former subsidiaries, the original business of the Company has been terminated, the former principal activities have ceased and the Company is no longer generating revenues from those subsidiaries. Current management is focused on bringing human mesenchymal and other stem cell and cell-derived products to market. As noted, on September 15, 2020, the Company incorporated a wholly owned subsidiary, EVBI-ALI, LLC, in the State of Wyoming.

Legal Proceedings

On July 3, 2019, Yulong Eco-Materials Limited filed Case No. CGC-19-576129 against Ridgeway Smith in the State of California Superior Court, County of San Francisco to recover a stock loan to Smith of \$500,000. The Company and Defendant Smith had entered into a written contract whereby the Company agreed to buy, and Smith agreed to sell, an alleged Michelangelo painting for 7.5 million shares of The Company stock for an agreed upon value of \$75 million. As additional consideration for the sale, The Company orally agreed to provide Smith with a stock loan for \$500,000, which was collateralized by the Company stock issued to Smith. Subsequent to the loan, the agreement for the acquisition of the painting was cancelled and on August 7, 2020, a total of 7,500,000 shares were cancelled and returned to treasury. Due to delays in the legal proceedings and the serious illness of the lawyer representing the Company, the lawsuit for return of the \$500,000- loan has not been finalized.
