Chairman's Message 主席訊息

On behalf of the board of directors (the "Board"), I hereby present the interim report of China Best Group Holding Limited (the "Company") and its subsidiaries (the "Group") for the six months ended 30 September 2022.

In the first half of the financial year, the economic environment remained unsatisfactory, during which the extremely strong infectivity of the novel coronavirus (COVID-19) variant Omicron accelerated the deterioration of the pandemic in mainland China and Hong Kong, and the economic activities in both places were deeply impacted. Under such a harsh business environment, the Group's main businesses were inevitably affected to a certain extent, and the revenue for the period recorded a comparatively large decline as compared with that of the corresponding period of last year. Although the Group strengthened cost control during the period with related costs recording a decrease, the overall costs remained at a similar level due to the recognition of part of the fair value of share options. In aggregate, the loss attributable to shareholders of the Company increased significantly during the period.

Looking ahead to the second half of the year, the development of the pandemic is expected to enter the final stage, but the global macro situation is still in turmoil with uncertainties such as military conflicts, competition among major powers and inflationary pressure causing difficulties to business. Facing various challenges, the Group will continue to strengthen the operation of its main businesses, expand synergies among businesses at the right time, and look for growth highlights to give full play to its operational advantages. The Group will also actively explore and evaluate the development of new businesses. The strategy of strengthening customer base, diversifying product and service portfolio and intensifying cost control will also be continuously implemented. It is hoped that all these will bring positive effect to the performance of the Group.

Last but not least, on behalf of the Board, I would like to extend my heartfelt thanks to the management, all our employees and partners for their contributions to the development of the Group as well as to shareholders for their continued support to the Company. With the support and contributions from all parties, the Group will continue to strive for the best to achieve a better performance and create a greater value for our shareholders!

Wang Yingqian

Chairman Hong Kong, 29 November 2022 本人謹代表董事局(「董事局」)提呈國華集團控 股有限公司(「本公司」)及其附屬公司(「本集團」) 截至二零二二年九月三十日止六個月之中期報 告。

本財年上半年,經濟環境仍不理想,期間新型冠狀病毒(COVID-19)變種Omicron特強傳染力讓中國內地及香港的疫情加速惡化,兩地經濟活動均深受衝擊。在此惡劣營商環境下,本集團各項主要業務不可避免地受到一定程度的影響,期內的收益與去年同期相比錄得較大跌幅。雖然本集團在期內加大成本費用的控制力度,有關成本費用也得以下降,但由於確認了購股權的部份公允值而效果互抵,整體成本費用仍維持相若水平。綜合而言,期內歸屬本公司股東的虧損明顯增多。

展望下半年,疫情發展有望進入最後階段,但世 界宏觀局面仍處於動盪不安,軍事衝突、大國競 爭、通脹壓力等等不明朗因素皆造成營商上的 困難。面對種種挑戰,本集團將不斷加強主要業 務的運營,適機擴大各項業務之間的協同效益, 並尋找增長亮點,發揮運營上的優勢。本集團亦 將積極嘗試及評估新業務的開拓。強化客戶基 礎、多元化產品及服務組合、加強成本控制的策 略亦需持續執行。希望藉此對本集團業績表現 帶來正面幫助。

最後,本人謹代表董事局向所有對本集團發展 作出貢獻的管理層、員工、合作夥伴及一直支持 本公司的股東致以真摯感謝。本集團將繼續努 力,以更出色的業務表現回饋各方的支持,為股 東創造更大的價值!

主席 王穎千 香港,二零二二年十一月二十九日

9. DIVIDENDS

The directors do not recommend the payment of an interim dividend for the six months ended 30 September 2022 (six months ended 30 September 2021: nil).

10. LOSS PER SHARE

The calculation of basic loss per share is based on the loss attributable to owners of the Company of approximately HK\$37,303,000 (six months ended 30 September 2021: approximately HK\$8,351,000) and the weighted average of approximately 1,525,285,000 ordinary shares (six months ended 30 September 2021: 1,321,325,000) in issue during the period.

The computation of diluted earnings per share for the six months ended 30 September 2022 does not assume the exercise of the Company's outstanding share options because the exercise price of those options is higher than the average market price of the Company's shares.

There were no dilutive potential ordinary shares during six months ended 30 September 2021, and therefore, diluted loss per share is same as basis loss per share.

11. PROPERTY, PLANT AND EQUIPMENT

During the six months ended 30 September 2022, the Group acquired property, plant and equipment with total costs of approximately HK\$834,000 (six months ended 30 September 2021: approximately HK\$6,990,000).

The license has a legal life of one year but is renewable every year at minimal cost. The directors of the Company are of the opinion that the Group would renew license continuously and has the ability to do so. Various studies including product life cycle studies, market, competitive and environmental trends, and brand extension opportunities have been performed by management of the Group, which supports that the license has no foreseeable limit to the period over which the provision of services restricted by license are expected to generate net cash flows for the Group.

As a result, the license is considered by management of the Group as having an indefinite useful life because it is expected to contribute to net cash inflows indefinitely. The license will not be amortised until its useful life is determined to be finite. Instead, it will be tested for impairment at the end of each reporting period and whenever there is an indication that it may be impaired. No impairment loss was recognised for the licence as at 30 September 2022 (31 March 2022: nil).

The backlogs represent a series of uncompleted building construction contracting contracts. It is stated at cost less accumulated amortisation and impairment losses. Amortisation is calculated on the recognised revenue over their total estimated revenue. At 30 September 2022, the backlogs have been fully amortised (31 March 2022: fully amortised).

The Group has either taken legal actions or assessed the latest operating and financial position by site visit against these customers and considered the legal opinion from independent legal advisers during impairment assessment. For the remaining past due amount of approximately RMB3,980,000, equivalent to approximately HK\$4,403,000 (31 March 2022: approximately RMB3,980,000, equivalent to approximately HK\$4,914,000), the Group is still negotiating practicable repayment terms and schedules subsequent to the end of the reporting period. Accordingly, the directors considered no further impairment loss needs to be recognised.

Management closely monitors the credit quality of finance lease receivables. As at 30 September 2022, the age of the finance lease receivables was over three years (31 March 2022: over three years) based on the effective dates of the relevant lease contracts.

The loans advanced to the borrowers under the Group's money lending business normally had loan periods from 6 to 54 months (31 March 2022: 6 to 54 months). The loans provided to borrowers bore interest rate ranging from 8% – 15% per annum (31 March 2022: 8% – 15% per annum), depending on the individual credit evaluations of the borrowers. These evaluations focus on the borrowers' financial background, individual credit rating, current ability to pay, and take into account information specific to the borrowers as well as the guarantees and/or security from the borrowers (where necessary). The loans provided to borrowers are repayable in accordance with the loan agreements, in which the principal amounts are repayable on maturity and the interests are repayable half-yearly, yearly or on maturity.

The following is an aged analysis of loans and interest receivables (net of allowance for impairment), presented based on the dates which loans are granted to borrowers and interests are accrued.

As at 30 September 2022, loans and interest receivables before allowance for impairment of approximately HK\$382,862,000 (31 March 2022: approximately HK\$420,558,000) were past due. Included in the carrying amount of the above loans and interest receivables as at 30 September 2022 is four individually impaired receivables of approximately HK\$66,453,000 (31 March 2022: approximately HK\$66,453,000) which impairment was made due to borrower's default in payment. Subsequent to the end of the reporting period, approximately HK\$313,478,000 are due from several borrowers with whom the Group is negotiating practicable repayment terms and schedules. The directors assessed their creditworthiness and financial position. The Group's neither past due nor impaired loan receivables mainly represented loans granted to creditworthy customers for whom there was no recent history of default. Accordingly, the directors considered that no further impairment loss is necessary. Save for the aforesaid secured loans, the Group does not hold collateral over other balances.

The Group advanced RMB6,000,000 (equivalent to approximately HK\$6,637,000) and RMB20,300,000 (equivalent to approximately HK\$22,457,000) to two corporations, both are independent third parties respectively in the PRC, with the interest rate of 8% per annum. The advance of RMB6,000,000 is secured by 50% shareholding in the corporation and guaranteed by the individual shareholder of the corporation and should have been repaid in 2021. The Group is currently negotiating with the corporation for practicable repayment terms and schedule and considered that no impairment loss is necessary after assessing its financial position and restructuring plan. For the advance of RMB20,300,000, it is unsecured but guaranteed and repayable by 2024. As there is early repayment term stated in the loan contract and it is the practice for the borrower to repay the advance within a short period of time, the advance is therefore classified as current assets.

本集團分別向兩間中國公司(均為獨立第三方)墊付人 民幣6,000,000元(相當於約6,637,000港元)及人民幣 20,300,000元(相當於約22,457,000港元),年利率為 8%。墊款人民幣6,000,000元由該公司50%股權抵押並 由該公司個人股東提供擔保,此款項本應於二零二一年 償還。本集團目前正在與該公司磋商可行還款條款及時 間表,評估其財務狀況及重組計劃後,本集團認為毋須 作出減值虧損。就人民幣20,300,000元的墊款而言,這筆 款項為無抵押但有擔保,並須於二零二四年償還。由於 貸款合約中載有提前還款條款及借款人於短時間內償還 墊款實屬常見,故而該等墊款分類為流動資產。
