"The business conditions remain challenging in the first quarter of 2023. We continued to execute our business transition, with the winding down of our QD Food business to its final stage while maintaining a healthy balance sheet by pursuing efficient cash management," said Mr. Min Luo, Founder, Chairman and Chief Executive Officer of Qudian. "Moving forward, we remain focused on navigating market dynamics and capitalizing on new business and investment opportunities, including those overseas, in order to build long-term value for our shareholders."

First Quarter Financial Results

Total revenues were RMB21.9 million (US\$3.2 million), representing a decrease of 89.1% from RMB201.8 million for the first quarter of 2022.

Financing income, loan facilitation income and other related income and transaction services fee and other related income decreased to nil as a result of the winding down of the loan book business.

Sales income and others increased to RMB21.9 million (US\$3.2 million), which was mostly attributable to sales income generated by QD Food and partially generated by other incomes from various new overseas business attempts, compared with RMB4.1 million for the first quarter of 2022, which was mainly attributable to sales income generated by the Wanlimu Kids Clubs business. We have wound down the QD Food business.

Total operating costs and expenses decreased to RMB83.9 million (US\$12.2 million) from RMB285.5 million for the first quarter of 2022.

Cost of revenues decreased by 29.0% to RMB22.8 million (US\$3.3 million) from RMB32.1 million for the first quarter of 2022, primarily due to the winding down of the Wanlimu Kids Clubs business and loan book business, partially offset by inventory clearance relating to QD Food business.

Sales and marketing expenses decreased by 88.6% to RMB2.6 million (US\$0.4 million) from RMB23.1 million for the first quarter of 2022, primarily due to the winding down of the Wanlimu Kids Clubs business and QD Food business.

General and administrative expenses decreased by 56.8% to RMB51.2 million (US\$7.5 million) from RMB118.4 million for the first quarter of 2022, as a result of the decrease in staff head count, which led to a corresponding decrease in staff salaries.

Research and development expenses decreased by 46.5% to RMB10.5 million (US\$1.5 million) from RMB19.6 million for the first quarter of 2022, as a result of the decrease in staff head count, which led to a corresponding decrease in staff salaries and a decrease in third-party service fees.

Expected credit loss for receivables and other assets was a reversal of RMB5.9 million (US\$0.9 million) as compared to a loss of RMB11.9 million for the first quarter of 2022, primarily due to the winding down of the loan book business.

Impairment loss from other assets decreased by 97.7% to RMB2.7 million (US\$0.4 million) from RMB113.5 million, as a result of the winding down of the Wanlimu Kids Clubs business.

Loss from operations was RMB28.9 million (US\$4.2 million), compared to RMB66.4 million for the first quarter of 2022.

Interest and investment income, net was RMB241.3 million (US\$35.1 million), compared to a loss of RMB42.3 million for the first quarter of 2022, mainly due to the increase in quoted price of the short-term investments.

Gain on derivative instrument increased by 375.2% to RMB286.9 million (US\$41.8 million) from RMB60.4 million for the first quarter of 2022, primarily due to the increase in quoted price of the equity securities relating to the derivative instruments we hold.

Net income attributable to Qudian's shareholders was RMB414.3 million (US\$60.3 million). Net income per diluted ADS was RMB1.81 (US\$0.26).

Non-GAAP net income attributable to Qudian's shareholders was RMB416.0 million (US\$60.6 million). Non-GAAP net income per diluted ADS was RMB1.81 (US\$0.26).

Cash Flow

As of March 31, 2023, the Company had **cash and cash equivalents** of RMB5,001.3 million (US\$728.2 million) and **restricted cash** of RMB56.5 million (US\$8.2 million).

For the first quarter of 2023, net cash provided by operating activities was RMB328.6 million (US\$47.8 million), mainly due to the decrease in other current and non-current assets primarily as a result of the winding down of the loan book business. Net cash provided by investing activities was RMB1,212.8 million (US\$176.6 million), mainly due to the net proceeds from the redemption of short-term investments. Net cash used in financing activities was RMB57.2 million (US\$8.3 million), mainly due to the repurchase of ordinary shares.

Use of Non-GAAP Financial Measures

We use Non-GAAP net income/loss attributable to Qudian's shareholders, a Non-GAAP financial measure, in evaluating our operating results and for financial and operational decision-making purposes. We believe that Non-GAAP net income/loss attributable to Qudian's shareholders helps identify underlying trends in our business by excluding the impact of share-based compensation expenses, which are non-cash charges, and convertible bonds buyback income, which is non-cash and non-recurring. We believe that Non-GAAP net income/loss attributable to Qudian's shareholders provides useful information about our operating results, enhances the overall understanding of our past performance and future prospects and allows for greater visibility with respect to key metrics used by our management in its financial and operational decision-making.

Non-GAAP net income/loss attributable to Qudian's shareholders is not defined under U.S. GAAP and is not presented in accordance with U.S. GAAP. This Non-GAAP financial measure has limitations as an analytical tool, and when assessing our operating performance, cash flows or our liquidity, investors should not consider them in isolation, or as a substitute for net loss /income, cash flows provided by operating activities or other consolidated statements of operation and cash flow data prepared in accordance with U.S. GAAP.

We mitigate these limitations by reconciling the Non-GAAP financial measure to the most comparable U.S. GAAP performance measure, all of which should be considered when evaluating our performance.

For more information on this Non-GAAP financial measure, please see the table captioned "Unaudited Reconciliation of GAAP and Non-GAAP Results" set forth at the end of this press release.
