Subject: Sequans Communications S.A. – Further Extended Tender Offer
Option Symbol: SQNS
Date: 01/05/2024

Sequans Communications S.A. (SQNS) American Depositary Shares (ADS) are the subject of a further extended Offer to Purchase (The “Offer”), as described below:

Purchaser: Renesas Electronics Europe GmbH, a wholly owned subsidiary of Renesas Electronics Corporation

Security to be Purchased: Sequans Communications S.A. (SQNS) American Depositary Shares

Quantity: All Sequans Communications S.A. (SQNS) American Depositary Shares

Price: \$3.03 per American Depositary Share, less fees and withholdings, if any

Expiration: One minute after 11:59 P.M., New York City time, on January 5, 2024 (formerly on December 20, 2023), unless extended

Depository: The Bank of New York Mellon

Guaranty Period*: Two NYSE Trading Days

*Under the terms of this Offer, shares not immediately available may nevertheless be tendered provided they are tendered under a properly executed "Notice of Guaranteed Delivery", and valid delivery is subsequently made within the specified "guaranty period". In all cases it is the sole responsibility of the person tendering to comply with all terms and conditions of the Offer.

Delivery Settlement and Protect Provisions

Option contracts which are exercised will require the settlement of all component securities included in the contract deliverable at the time of the option contract exercise, including rights, warrants, or similar instruments. Additional entitlements (such as due bills, eligibility to participate in tender offers, elections, etc.) may also automatically attach to securities deliverable upon option exercise. Conversely, securities not included in the contract deliverable at the time of the option exercise not associated with the underlying deliverable securities, may preclude call exercisers from realizing the benefit of such entitlements. (See also "Special Risks - Valuation Disparity".) Except in unusual cases, securities

deliverable as a result of equity option exercise are settled through National Securities Clearing Corporation ("NSCC").

Rights and obligations of Members with respect to securities settling at NSCC as a result of an option exercise/assignment are governed by the rules of NSCC. NSCC has its own rules which enable purchasers of securities to protect themselves for value which may be lost if timely delivery is not made to them of securities subject to specific deadlines, such as the expiration of a tender offer, rights subscription, election, or similar event. These rules are generally called "protect" or "liability notice" procedures, and are intended to protect purchasers by binding the delivering parties to liability if such value is lost because timely delivery is not effected. Purchasers of securities must observe the rules and procedures of NSCC to avail themselves of such "protect" provisions of NSCC. Questions regarding these provisions should be addressed to NSCC.

Special Risks

Writers of call options and holders of short positions in physically-settled security futures at maturity who are uncovered with respect to deliverable securities subject to deadlines or cut-off times (such as expirations of tender offers, rights subscriptions, elections, or similar events) should be aware of a risk associated with the timing of their possible assignments or physically-settled security futures delivery obligations: Equity option exercise settlement and settlement of physically-settled security futures delivery obligations normally occurs 2 business days after the option exercise date or the security-futures maturity date. An uncovered call writer or uncovered short futures holder who has an obligation to deliver, and who waits until after assignment or futures maturity to effect purchase of the underlying security, may not be able to effect timely delivery by a regular-way purchase (2 business-day settlement) or call option exercise (2 business-day settlement after exercise). Such uncovered writer or short futures holder may nevertheless be subject to liability under the protect provisions of NSCC (see above) with respect to his delivery obligation, because he cannot make timely delivery. Additionally, Cash Markets (same-day, or less-than-2-business-day settlement) may not be available, or may be expensive for buyers of the underlying security.

Possible Contract Adjustment

The Offer is being made with intention of acquiring all outstanding Sequans Communications S.A. Ordinary Shares, including Ordinary Shares represented by American Depositary Shares. It is expected that the ADS Depositary will cancel any untendered ADSs and tender the Ordinary Shares underlying such ADSs to Purchaser in exchange for the Offer Price in a subsequent offering period. The ADS Depositary will arrange to distribute such amount to such holders on a pro rata basis.

If and when the Depositary Agreement is terminated, the consideration received by those who tender their ADSs in the Offer may be different than that received by ADS holders who voluntarily surrender their ADSs for cancellation to the Depositary for purposes of withdrawing the underlying Ordinary Shares, which may include a \$0.05 per ADS cancellation fee.

The Offer is being made with intention to subsequently effect a merger wherein all remaining SQNS American Depositary Shares will be converted into the right to receive \$3.03 net cash per share. Interpretation .03 to Article VI, Section 11A, of OCC's By-Laws indicates a contract adjustment for SQNS options would be contemplated when and if the aforementioned intended merger is actually consummated. It is not known how quickly after the expiration of the Offer the intended merger or contract adjustment would be effected. Until such merger is consummated, SQNS option exercise would continue to call for delivery of the underlying security.
