

To Our Fellow Shareholders,

2023 was one of the best years in Kite Realty Group Trust's history.

During 2023, KRG resoundingly confirmed our **operational acumen** and the **strength of our enterprise**. Our relentless **commitment to excellence** and each other has positioned us at the forefront of the shopping center sector. Our best-in-class operating platform, our durable and flexible balance sheet, and the execution of our strategic vision have resulted in KRG generating the **best total shareholder return** in our sector over the **past five years** (12.31.2018 - 12.31.2023).

We view this as only the beginning.

BEST-IN-CLASS OPERATING PLATFORM

Simply defined, the KRG platform is **the proprietary combination of our processes, our properties, and our people** – with all three coalescing to create the most positive experience possible at our centers for tenants and shoppers, while in turn maximizing value for all our stakeholders.

Following a landmark 2022, our team doubled down, challenged ourselves, and delivered another full year of outperformance in 2023.

Some notable highlights:

- **Funds From Operations (FFO), as adjusted, per share** of \$2.03 represented a **5.2% increase year-over-year** and an 11-cent increase over our original guidance midpoint.
- **FFO**, as adjusted, of the Operating Partnership **grew 5.5%** to \$453.3 million.
- **Same Property Net Operating Income (NOI) increased by 4.8%**, 230 basis points higher than the midpoint of our original guidance.
- **Leasing** volume reached **4.9 million square feet**, an annual best.
- Annualized base rent (ABR) per square foot improved to \$20.70, with ample room for growth evidenced by our **41.3% cash leasing spreads** on new leases signed in 2023.
- We achieved an **NOI Margin of 74.5%** in 2023, compared to our peer average of 70.6%.
- Our full year **Recovery Ratio reached 85.4%**, compared to an average of 76.9% for our peers.
- **81%** of new and non-option leases signed in 2023 **included fixed rent bumps of at least 3%**, and **94% included Fixed CAM**, further bolstering our long-term growth profile.

"2023 was one of the best years in Kite Realty Group Trust's history.... We view this as only the beginning."

I am incredibly proud of the daily effort and care that our full team puts into our platform, and eager for the continued opportunity to demonstrate how this effort translates to a true point of differentiation.

DURABLE & FLEXIBLE BALANCE SHEET

One of our greatest advantages is being able to operate KRG from a position of strength and opportunity. For years, our team has placed incredible focus on improving and maintaining a strong balance sheet, allowing us to reach our current position.

To encapsulate:

- In 2018, we held a Net Debt to Adjusted EBITDA of 6.7x. Today, our **Net Debt to Adjusted EBITDA sits at 5.1x** while we maintain **liquidity of over \$1.1 billion**.
- In 2023, cash **dividends** per common share **increased 17%** year-over-year, to \$0.96.
- In the past eight months the three major credit rating agencies – Fitch (BBB/positive outlook), Moody’s (Baa2/stable outlook), and S&P (BBB-, positive outlook) – have all provided us with either a **full rating upgrade or an upgraded outlook**.

Our financial prudence not only serves to responsibly safeguard our operations, but also aims to deliver tangible value to our shareholders through consistent and growing dividends. Our fortified balance sheet and premier operations underscore our financial acumen, foresight, and capability to navigate a multitude of macro environments while maintaining the ability to act on opportunities that align with our long-term vision.

STRATEGIC VISION

Kite Realty Group exists to serve as the **most compelling, flexible, and effective link between retailers and consumers**. We are wholly dedicated to creating meaningful experiences and long-term value for our customers, colleagues, communities, and shareholders. Our strategy and collective vision are focused on continuously achieving this goal by setting annual benchmarks to elevate our performance.

The constant pursuit of quality and scale in our Sun Belt and Strategic Gateway markets has yielded substantial rewards, a trend we expect to continue as we further refine our execution. Relationships are critical in our business on many levels, and we strive to be meaningfully woven into the communities in which we operate.

5-YEAR SCORECARD

As a result of these efforts, KRG has generated a **total shareholder return** over the past five years of **111.4%** – the highest in our sector. The evolution of key metrics from 2018 to 2023 illustrates a story of **intentional progress** and **focused execution**:

	Q4 2018	Q4 2023	Delta
ABR per Square Foot	\$16.84	\$20.70	+23%
Net Debt to Adjusted EBITDA	6.7x	5.1x	-1.6x
3-Mile Population	71k	104k	+46%
3-Mile Household Income	\$91k	\$115k	+26%
% of ABR from Assets with Grocery Component	71%	79%	+8%
Leasing Volume (square feet)	1.7M	4.9M	+188%
FFO of the Operating Partnership	\$171.2M	\$453.3M	+165%
Enterprise Value	\$2.7B	\$7.9B	+193%
Five-Year Total Shareholder Return	30.6%	111.4%	+81%

“My sincere thanks to our KRG team, our Board of Trustees, our tenants, our shoppers, and our shareholders for your continued trust and support. It is an incredible honor to lead our team.”

At KRG, we strive to be...

F orward-thinking	We are curious, we prize innovation, and we welcome change
O ptimistic	We begin with a positive attitude, and while we assume the best, we prepare for the worst
C ollaborative	We are receptive to different perspectives and are obligated to coordinate our efforts
U rgent	We are fast and persistent, but not at the expense of accuracy
S ound	We are built on a stable foundation and we make judgments in a measured and thoughtful way
E mpowered	We are independent thinkers with confidence to take the initiative and solve problems
D edicated	We refuse to lose, we will grind till the end, and we are never complacent

As we advance into 2024, we acknowledge the macro uncertainty that exists, but our **solid foundation** allows us to remain keenly focused on **outperforming in every category under our control**. Our business is long-term, and through many macro environments our team has consistently achieved success by blocking out external noise, relentlessly pursuing our collective goals, and challenging each other to improve.

To give the investor community a close-up look at our portfolio quality and operational excellence, we created “**Four in ‘24**” – a series of four unique and interactive events hosted throughout the year in key KRG markets, with each installment placing a focus on a particular aspect of our operating platform.

Leasing space will continue to be the most effective way to allocate capital in 2024, with substantial lease-up opportunities on the horizon and our current **signed-not-open pipeline sitting at \$31 million**. Our core competency is our competitive advantage in 2024 – leasing to new and vibrant tenants in our shopping centers offers the best risk-adjusted return. And while we do what we do best, we are positioning and preparing ourselves for future external growth.

As we move forward, we are collectively **locked in** on our team, our customers, and our communities. We find ourselves at the relative outset of what we can achieve, while fully knowing we can push ourselves to greater heights. As our internal mantra states – **One Team. One Focus.**

Regarding our team, it’s imperative we acknowledge and honor the legacies of William (Bill) Bindley and Gerald (Gerry) Gorski, two of our trustees who are retiring this year. Bill, serving as our lead independent trustee since our IPO in 2004, has been an invaluable bedrock of our strategic vision and growth. Gerry, previously chairman at RPAI, seamlessly joined our fold following our merger in 2021 and has offered indispensable insights that have propelled us forward. Their wisdom, leadership, and unwavering dedication have profoundly shaped KRG. I, along with our entire organization, offer a heartfelt thank you for their irreplaceable contributions and guidance. On a personal note, I want to express my deep gratitude to Bill, who has been an exemplary role model, mentor, and an endless source of wisdom and encouragement to me for decades – I would not be the person or professional I am today without his incredible guidance. **As we bid a bittersweet farewell to these great leaders, we remain inspired by their contributions and committed to our shared values.**

My sincere thanks to our KRG team, our Board of Trustees, our tenants, our shoppers, and our shareholders for your continued trust and support. It is an incredible honor to lead our team.

JOHN A. KITE

DOCUMENTS INCORPORATED BY REFERENCE

Portions of the definitive Proxy Statement related to the Registrant's Annual Meeting of Shareholders, scheduled to be held on May 7, 2024, to be filed with the Securities and Exchange Commission, are incorporated by reference into Part III, Items 10–14 of this Annual Report on Form 10-K as indicated herein.

EXPLANATORY NOTE

This report combines the annual reports on Form 10-K for the year ended December 31, 2023 of Kite Realty Group Trust, Kite Realty Group, L.P. and its subsidiaries. Unless stated otherwise or the context otherwise requires, references to “Kite Realty Group Trust” or the “Parent Company” mean Kite Realty Group Trust, and references to the “Operating Partnership” mean Kite Realty Group, L.P. and its consolidated subsidiaries. The terms “Company,” “we,” “us,” and “our” refer to the Parent Company and the Operating Partnership, collectively, and those entities owned or controlled by the Parent Company and/or the Operating Partnership.

The Operating Partnership is engaged in the ownership, operation, acquisition, development and redevelopment of high-quality, open-air shopping centers and mixed-use assets that are primarily grocery-anchored and located in high-growth Sun Belt markets and select strategic gateway markets in the United States, and the Parent Company conducts substantially all of its activities through the Operating Partnership and its wholly owned subsidiaries. The Parent Company is the sole general partner of the Operating Partnership and, as of December 31, 2023, owned approximately 98.4% of the common partnership interests in the Operating Partnership (“General Partner Units”). The remaining 1.6% of the common partnership interests (“Limited Partner Units” and, together with the General Partner Units, the “Common Units”) are owned by the limited partners.

We believe combining the annual reports on Form 10-K of the Parent Company and the Operating Partnership into this single report benefits investors by:

- enhancing investors’ understanding of the Parent Company and the Operating Partnership by enabling investors to view the business as a whole in the same manner as management views and operates the business;
- eliminating duplicative disclosure and providing a more streamlined and readable presentation of information as a substantial portion of the Company’s disclosure applies to both the Parent Company and the Operating Partnership; and
- creating time and cost efficiencies through the preparation of one combined report instead of two separate reports.

We believe it is important to understand the few differences between the Parent Company and the Operating Partnership in the context of how we operate as an interrelated consolidated company. The Parent Company has no material assets or liabilities other than its investment in the Operating Partnership. The Parent Company issues public equity from time to time but does not have any indebtedness as all debt is incurred by the Operating Partnership. In addition, the Parent Company currently does not nor does it intend to guarantee any debt of the Operating Partnership. The Operating Partnership has numerous wholly owned subsidiaries, and it also owns interests in certain joint ventures. These subsidiaries and joint ventures own and operate retail shopping centers and other real estate assets. The Operating Partnership is structured as a partnership with no publicly traded equity. Except for net proceeds from equity issuances by the Parent Company, which are contributed to the Operating Partnership in exchange for General Partner Units, the Operating Partnership generates the capital required by the business through its operations, its incurrence of indebtedness, and the issuance of Limited Partner Units to third parties.

Shareholders’ equity and partners’ capital are the main areas of difference between the consolidated financial statements of the Parent Company and those of the Operating Partnership. In order to highlight this and other differences between the Parent Company and the Operating Partnership, there are separate sections in this report, as applicable, that separately discuss the Parent Company and the Operating Partnership, including separate financial statements and separate Exhibit 31 and 32 certifications. In the sections that combine disclosure of the Parent Company and the Operating Partnership, this report refers to actions or holdings as being actions or holdings of the collective Company.

Forward-Looking Statements

This Annual Report on Form 10-K, together with other statements and information publicly disseminated by us, contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Such statements are based on assumptions and expectations that may not be realized and are inherently subject to risks, uncertainties and other factors, many of which cannot be predicted with accuracy and some of which might not even be anticipated. Future events and actual results, performance, transactions or achievements, financial or otherwise, may differ materially from the results, performance, transactions or achievements, financial or otherwise, expressed or implied by the forward-looking statements.

Risks, uncertainties and other factors that might cause such differences, some of which could be material, include but are not limited to:

- economic, business, banking, real estate and other market conditions, particularly in connection with low or negative growth in the U.S. economy as well as economic uncertainty (including a potential economic slowdown or recession, rising interest rates, inflation, unemployment, or limited growth in consumer income or spending);
- financing risks, including the availability of, and costs associated with, sources of liquidity;
- our ability to refinance, or extend the maturity dates of, our indebtedness;
- the level and volatility of interest rates;
- the financial stability of our tenants;
- the competitive environment in which we operate, including potential oversupplies of, or a reduction in demand for, rental space;
- acquisition, disposition, development and joint venture risks;
- property ownership and management risks, including the relative illiquidity of real estate investments, and expenses, vacancies or the inability to rent space on favorable terms or at all;
- our ability to maintain our status as a real estate investment trust (“REIT”) for U.S. federal income tax purposes;
- potential environmental and other liabilities;
- impairment in the value of real estate property we own;
- the attractiveness of our properties to tenants, the actual and perceived impact of e-commerce on the value of shopping center assets, and changing demographics and customer traffic patterns;
- business continuity disruptions and a deterioration in our tenants’ ability to operate in affected areas or delays in the supply of products or services to us or our tenants from vendors that are needed to operate efficiently, causing costs to rise sharply and inventory to fall;
- risks related to our current geographical concentration of properties in the states of Texas, Florida, and North Carolina and the metropolitan statistical areas (“MSAs”) of New York, Atlanta, Seattle, Chicago, and Washington, D.C.;
- civil unrest, acts of violence, terrorism or war, acts of God, climate change, epidemics, pandemics (including the ongoing pandemic of the novel coronavirus (“COVID-19”)), natural disasters and severe weather conditions, including such events that may result in underinsured or uninsured losses or other increased costs and expenses;
- changes in laws and government regulations including governmental orders affecting the use of our properties or the ability of our tenants to operate, and the costs of complying with such changed laws and government regulations;
- possible short-term or long-term changes in consumer behavior due to COVID-19 and the fear of future pandemics;
- our ability to satisfy environmental, social or governance standards set by various constituencies;
- insurance costs and coverage;

- risks associated with cybersecurity attacks and the loss of confidential information and other business disruptions;
- other factors affecting the real estate industry generally; and
- other risks identified in this Annual Report on Form 10-K and in other reports we file from time to time with the Securities and Exchange Commission (the “SEC”) or in other documents that we publicly disseminate.

We undertake no obligation to publicly update or revise these forward-looking statements, whether as a result of new information, future events or otherwise.

PART I

ITEM 1. BUSINESS

Unless the context suggests otherwise, references to “we,” “us,” “our” or the “Company” refer to Kite Realty Group Trust and our business and operations conducted through our directly or indirectly owned subsidiaries, including Kite Realty Group, L.P., our operating partnership (the “Operating Partnership”).

Overview

Kite Realty Group Trust is a publicly held REIT that, through its majority-owned subsidiary, Kite Realty Group, L.P., owns interests in various operating subsidiaries and joint ventures engaged in the ownership, operation, acquisition, development, and redevelopment of high-quality, open-air shopping centers and mixed-use assets that are primarily grocery-anchored and located in high-growth Sun Belt markets and select strategic gateway markets in the United States. Following our merger with Retail Properties of America, Inc. (“RPAI”) in 2021, we became a top-five open-air shopping center REIT based upon market capitalization. We derive our revenue primarily from the collection of contractual rents and reimbursement payments from tenants under existing lease agreements at each of our properties. Therefore, our operating results depend materially on, among other things, the ability of our tenants to make required lease payments, the health and resilience of the U.S. retail sector, interest rate volatility, stability in the banking sector, job growth, the real estate market, and overall economic conditions.

As of December 31, 2023, we owned interests in 180 operating retail properties totaling approximately 28.1 million square feet and one office property with 0.3 million square feet. Of the 180 operating retail properties, 10 contain an office component. We also owned two development projects under construction as of this date and an additional two properties with future redevelopment opportunities. Our retail operating portfolio was 93.9% leased to a diversified retail tenant base, with no single retail tenant accounting for more than 2.7% of our total annualized base rent (“ABR”). In the aggregate, our largest 25 tenants accounted for 28.6% of our ABR. See Item 2. “Properties” for a list of our top 25 tenants by ABR.

Significant 2023 Activities

Operating Activities

- The Company realized net income attributable to common shareholders of \$47.5 million for the year ended December 31, 2023;
- The Company generated Funds From Operations (“FFO”), as defined by NAREIT, of \$453.3 million;
- Same Property Net Operating Income (“Same Property NOI”) grew by 4.8% in 2023 compared to 2022 primarily due to contractual rent growth, higher base rent driven by positive new and renewal leasing spreads, lower bad debt expense, and an increase in overage rent from certain tenants;
- In 2023, we executed new and renewal leases on 740 individual spaces representing approximately 4.9 million square feet of retail space, achieving a blended cash leasing spread of 14.3% on 552 comparable leases. The blended cash leasing spread for comparable new and non-option renewal leases was 22.7%; and
- Our operating retail portfolio ABR per square foot was \$20.70 as of December 31, 2023, an increase of \$0.68 (or 3.4%) from the end of the prior year.

Financing and Capital Activities

- We ended the year with full borrowing capacity on our \$1.1 billion unsecured revolving credit facility (the “Revolving Facility”);
- We originated a 10-year \$95.1 million mortgage payable at a fixed interest rate of 5.36% secured by the multifamily rental portion of the expansion project at One Loudoun Downtown – Pads G & H;
- We repaid the \$95.0 million principal balance of the 4.23% senior unsecured notes due 2023;
- In January 2024, we completed a public offering of \$350.0 million aggregate principal amount of 5.50% senior unsecured notes due 2034 (“Notes Due 2034”);

- We acquired Prestonwood Place (Dallas/Ft. Worth MSA) for a gross purchase price of \$81.0 million;
- We completed major development construction activities at The Landing at Tradition – Phase II (Port St. Lucie, FL MSA) and placed this project in service;
- We received gross proceeds of \$142.1 million from the sale of Kingwood Commons (Houston MSA), the undeveloped land and related parking garage at Pan Am Plaza (Indianapolis MSA), Reisterstown Road Plaza (Baltimore MSA), and Eastside (Dallas/Ft. Worth MSA); and
- We declared cash dividends totaling \$0.97 per share during 2023.

We have \$269.6 million of debt principal scheduled to mature through December 31, 2024, which we expect will be satisfied with proceeds from the Notes Due 2034, a net debt to EBITDA ratio of 5.1x and approximately \$36.4 million in cash on hand as of December 31, 2023. We have investment grade corporate credit ratings from all three major credit rating agencies.

Business Objectives and Strategies

Our primary business objectives are to (i) increase the cash flow and value of our properties, (ii) achieve sustainable long-term growth, and (iii) maximize shareholder value primarily through the ownership, operation, acquisition, development and redevelopment of high-quality, open-air shopping centers and mixed-used assets that are primarily grocery-anchored and located in high-growth Sun Belt markets and select strategic gateway markets. We invest in properties with well-located real estate and strong demographics, and we use our leasing and management strategies to improve the long-term value and economic returns of our properties. We believe that certain of our properties represent attractive opportunities for profitable redevelopment, renovation, densification, and expansion.

We seek to implement our business objectives through the following strategies, each of which is further described in the sections that follow:

- *Operating Strategy:* Maximize the internal growth in revenue from our operating properties by leasing and re-leasing to a strong and diverse group of retail and mixed-use tenants at increasing rental rates, when possible, and redeveloping or renovating certain properties to make them more attractive to existing and prospective tenants and customers;
- *Financing and Capital Preservation Strategy:* Maintain a strong balance sheet with flexibility to fund our operating and investment activities. Funding sources include the public equity and debt markets, our Revolving Facility with \$1.1 billion of borrowing capacity as of December 31, 2023, secured debt, internally generated funds, proceeds from selling land and properties that no longer fit our strategy, and potential strategic joint ventures; and
- *Growth Strategy:* Prudently use available cash flow, targeted asset recycling, equity and debt capital to selectively acquire additional retail properties and redevelop or renovate existing properties where we believe investment returns would meet or exceed internal benchmarks.

Operating Strategy. Our primary operating strategy is to maximize our rental rates, returns on invested capital, and occupancy levels by attracting and retaining a strong and diverse tenant base. Most of our properties are located in regional and neighborhood trade areas with attractive demographics, which allows us to maximize returns on invested capital, occupancy and rental rates. We seek to implement our operating strategy by, among other things:

- increasing rental rates upon the renewal of expiring leases or re-leasing space to new tenants while minimizing vacancy to the extent possible;
- maximizing the occupancy of our operating portfolio;
- minimizing tenant turnover;
- maintaining leasing and property management strategies that maximize rent growth and cost recovery;
- maintaining a diverse tenant mix that limits our exposure to the financial condition of any one tenant or category of retail tenants;

- maintaining and improving the physical appearance, condition, layout and design of our properties and other improvements located on our properties to enhance our ability to attract customers;
- implementing offensive and defensive strategies against e-commerce competition;
- actively managing properties to minimize overhead and operating costs;
- maintaining strong tenant and retailer relationships to avoid rent interruptions and reduce marketing, leasing and tenant improvement costs that result from re-leasing space to new tenants; and
- taking advantage of under-utilized land or existing square footage, reconfiguring properties for more profitable use, and adding ancillary income sources to existing properties.

We successfully executed our operating strategy in 2023 in a number of ways, as best evidenced by our strong growth in Same Property NOI of 4.8%. Additionally, our leasing platform continues to perform at a high level as evidenced by the execution of 740 new and renewal leases representing approximately 4.9 million square feet during the year ended December 31, 2023. Our leased to occupied spread represents approximately \$31.0 million of net operating income (“NOI”), the majority of which is expected to commence in 2024. We have placed significant emphasis on maintaining a strong and diverse tenant mix, which has resulted in no tenant accounting for more than 2.7% of our ABR. See Item 2. “Properties” for a list of our top tenants by gross leasable area (“GLA”) and ABR.

Financing and Capital Strategy. We finance our acquisition, development, redevelopment, leasing and re-leasing activities using the most advantageous sources of capital available to us at the time. These sources may include (i) the reinvestment of cash flows generated by operations, (ii) the reinvestment of net proceeds from the disposition of assets, (iii) the incurrence of additional indebtedness through secured or unsecured borrowings, (iv) entering into real estate joint ventures, and (v) the sale of common or preferred shares through public offerings or private placements.

Our primary financing and capital strategy is to maintain a strong balance sheet and enhance our flexibility to fund operating and investment activities in the most cost-effective way. We consider a number of factors when evaluating the amount and type of additional indebtedness we may elect to incur. Among these factors are (i) the construction costs or purchase price of properties to be developed or acquired, (ii) the estimated market value of our properties and the Company as a whole upon consummation of the financing, and (iii) the ability to generate durable cash flows to cover expected debt service.

Maintaining a strong balance sheet continues to be one of our top priorities. We maintain an investment grade credit rating that we expect will continue to enable us to opportunistically access the public unsecured bond market and allow us to lower our cost of capital and provide greater flexibility in managing the acquisition and disposition of assets in our operating portfolio.

We intend to continue implementing our financing and capital strategies in a number of ways, which may include one or more of the following actions:

- prudently managing our balance sheet, including maintaining sufficient availability under our Revolving Facility so that we have additional capacity to fund our development and redevelopment projects and pay down maturing debt if refinancing that debt is not desired or practical;
- extending the scheduled maturity dates of and/or refinancing our near-term mortgage, construction and other indebtedness;
- expanding our unencumbered asset pool;
- raising additional capital through the issuance of common shares, preferred shares or other securities;
- managing our exposure to interest rate increases on our variable-rate debt through the selective use of fixed rate hedging transactions;
- issuing unsecured bonds in the public markets and securing property-specific long-term, non-recourse financing; and
- entering into joint venture arrangements in order to access less expensive capital and mitigate risk.

Growth Strategy. Our growth strategy includes the selective deployment of financial resources to projects that are expected to generate investment returns that meet or exceed our internal benchmarks. We implement our growth strategy in a number of ways, including:

- continually evaluating our operating properties for redevelopment and renovation opportunities that we believe will make them more attractive for leasing to new tenants, right-sizing of anchor spaces while increasing rental rates, and re-leasing spaces to existing tenants at increased rental rates;
- completing our two active development and redevelopment projects at Carillon medical office building and The Corner – IN;
- evaluating the entitled land holdings to determine the optimal real estate use and capital allocation decisions;
- disposing of select assets that no longer meet our long-term investment criteria and recycling the net proceeds into properties that provide attractive returns and rent growth potential in targeted markets or using the proceeds to repay debt, thereby reducing our leverage; and
- selectively pursuing the acquisition of retail operating properties, portfolios and companies in markets with strong demographics.

In evaluating opportunities for potential acquisition, development, redevelopment and disposition, we consider a number of factors, including:

- the expected returns and related risks associated with the investments relative to our weighted cost of capital to make such investments;
- the current and projected cash flows and market value of the property and the potential to increase cash flows and market value if the property were to be successfully re-leased or redeveloped;
- the price being offered for the property, the current and projected operating performance of the property, the tax consequences of the transaction, and other related factors;
- opportunities for strengthening the tenant mix at our properties through the placement of anchor tenants such as grocers, value retailers, hardware stores, or sporting goods retailers, as well as further enhancing a diverse tenant mix that includes restaurants, specialty shops, and other essential retailers that provide staple goods to the community and offer a high level of convenience;
- the geographic location and configuration of the property, including ease of access, availability of parking, visibility, and the demographics of the surrounding area; and
- the level of success of existing properties in the same or nearby markets.

During 2023, we acquired one asset for a gross purchase price of \$81.0 million and generated aggregate gross proceeds of \$142.1 million from property dispositions.

Competition

The U.S. commercial real estate market continues to be highly competitive. We face competition from other REITs, including other retail REITs, and other owner-operators engaged in the ownership, leasing, acquisition, and development of shopping centers as well as from numerous local, regional and national real estate developers and owners in each of our markets. Some of these competitors may have greater capital resources than we do, although we do not believe that any single competitor or group of competitors is dominant in any of the markets in which we own properties.

We face significant competition in our efforts to lease available space to prospective tenants at our properties. The nature of the competition for tenants varies based on the characteristics of each local market in which we own properties. We believe that the principal competitive factors in attracting tenants in our market areas are location, demographics, rental rates, the presence of anchor tenants, competitor shopping centers in the same geographic area and the maintenance, appearance, access and traffic patterns of our properties. There can be no assurance that in the future we will be able to compete successfully with our competitors in our development, acquisition and leasing activities.

Government Regulation

We are subject to a variety of federal, state, and local environmental, health, safety and similar laws, including:

Americans with Disabilities Act and Other Regulations. Our properties must comply with Title III of the Americans with Disabilities Act (the “ADA”) to the extent that such properties are public accommodations as defined by the ADA. The ADA may require removal of structural barriers to allow access by persons with disabilities in certain public areas of our properties where such removal is readily achievable. We believe our existing properties are in substantial compliance with the ADA and that we will not be required to make substantial capital expenditures to address the requirements of the ADA. However, noncompliance with the ADA could result in orders requiring us to spend substantial sums to cure violations, pay attorneys’ fees or other amounts. The obligation to make readily accessible accommodations is an ongoing one, and we will continue to assess our properties and make alterations as appropriate in this respect. In addition, our properties are subject to fire and safety regulations, building codes and other land use regulations.

Affordable Care Act. We may be subject to excise taxes under the employer mandate provisions of the Affordable Care Act (the “ACA”) if we (i) do not offer health care coverage to substantially all of our full-time employees and their dependents or (ii) do not offer health care coverage that meets the ACA’s affordability and minimum value standards. The excise tax is based on the number of full-time employees. We do not anticipate being subject to a penalty under the ACA; however, even in the event that we are, any such penalty would be less than \$1.0 million, as we had 229 full-time employees as of December 31, 2023.

Environmental Regulations. Some properties in our portfolio contain, may have contained or are adjacent to or near other properties that have contained or currently contain underground storage tanks for petroleum products or other hazardous or toxic substances. These storage tanks may have released, or have the potential to release, such substances into the environment.

In addition, some of our properties have tenants that may use hazardous or toxic substances in the routine course of their businesses. In general, these tenants have covenanted in their lease agreements with us to use these substances, if any, in compliance with all environmental laws and agreed to indemnify us for any damages we may suffer as a result of their use of such substances and any contamination they cause. However, these lease provisions may not fully protect us in the event that a tenant becomes insolvent. Also, certain of our properties have contained asbestos-containing building materials (“ACBM”) and other properties may have contained such materials based on the date of their construction. Environmental laws require that ACBM be properly managed and maintained, and fines and penalties may be imposed on building owners or operators for failure to comply with these requirements. The laws also may allow third parties to seek recovery from owners or operators for personal injury associated with exposure to asbestos fibers.

Neither existing environmental, health, safety and similar laws nor the costs of our compliance with these laws has had a material adverse effect on our financial condition or results operations, and management does not believe that they will in the future. In addition, we have not incurred, and do not expect to incur, any material costs or liabilities due to environmental contamination at properties we currently own or operate or have owned or operated in the past. However, we cannot predict the impact of new or changed laws or regulations on properties we currently own or operate or may acquire or operate in the future.

With environmental sustainability becoming a national priority, we have continued to demonstrate our strong commitment to be a responsible corporate citizen through resource reduction and employee training that has resulted in reductions of energy consumption, waste and improved maintenance cycles.

Insurance

We have a wholly owned captive insurance company, Birch Property and Casualty, LLC (“Birch”), which insures the first layer of general liability insurance for our properties subject to certain limitations. Birch was formed as part of our overall risk management program and to stabilize insurance costs, manage exposure, and recoup expenses through the function of the captive program. We capitalized Birch in accordance with the applicable regulatory requirements.

We also carry comprehensive liability, fire, extended coverage, and rental loss insurance that covers all properties in our portfolio. We believe the policy specifications and insured limits are appropriate and adequate given the relative risk of loss, cost of the coverage, geographic locations of our assets and industry practice. Certain risks such as loss from riots, war or acts of God, and, in some cases, flooding are not insurable or the cost to insure over these events is cost prohibitive; therefore, we do not carry insurance for these losses. Some of our policies, such as those covering losses due to terrorism and floods, are insured subject to limitations involving large deductibles or co-payments and policy limits that may not be sufficient to cover losses.

Offices

Our principal executive offices are located at 30 S. Meridian Street, Suite 1100, Indianapolis, IN 46204, and our telephone number is (317) 577-5600.

Human Capital

As of December 31, 2023, we had 229 full-time employees. The majority of these employees were based at our Indianapolis, Indiana headquarters though we also maintain regional offices across the United States. We believe our employees are the most important part of our business. We are committed to providing a work environment that attracts, develops and retains high-performing individuals and treats employees with dignity and respect.

Diversity, Equity and Inclusion

Our policies are designed to promote fairness, equal opportunities, and diversity within the Company. When attracting, developing and retaining talent, we seek individuals who hold varied experiences and viewpoints and embody our core values to create an inclusive and diverse culture and workplace that allows each employee to do their best work and drive our collective success. We believe that a diverse workforce possesses a broader array of perspectives that businesses need to remain competitive in today's economy. We maintain employment policies that comply with federal, state and local labor laws and promote a culture of fairness and respect. These policies set forth our goal to provide equal employment opportunity without discrimination or harassment on the basis of age, gender (including identity or expression), marital status, civil partnership status, sexual orientation, disability, color, nationality, race or ethnic origin, or religion or belief. All of our employees must adhere to a Code of Business Conduct and Ethics that sets standards for appropriate behavior, and all employees must also complete required internal training on respect in the workplace and diversity to further enhance our cultural behaviors.

We have achieved our targets of at least 30% diverse representation on our Board of Trustees and at least one female-chaired committee with the chairing of our Corporate Governance and Nominating Committee by a female trustee. As of December 31, 2023, approximately 51% of our workforce was female and minorities represented approximately 21% of our team.

Professional Development and Training

We believe a commitment to our employees' learning and development through training, educational opportunities and mentorship is critical to our ability to continue to innovate. We focus on leadership development at every level of the organization. We align employees' goals with our overall strategic direction to create a clear link between individual efforts and the long-term success of the Company and provide effective feedback on employees' performance towards goals to ensure their growth and development. We use the following tools to recognize our employees, advance our talent pool and create a sustainable and long-term enterprise: (i) performance plans, (ii) talent recognition via our digital employee-to-employee Recognition Wall, (iii) Level Up award that recognizes employees who have made an extraordinary effort to help the Company achieve success, (iv) FOCUSED award that acknowledges employees who have embodied our FOCUSED values (forward-thinking, optimistic, collaborative, urgent, sound, empowered, and dedicated) throughout the year, and (v) individual development planning, along with reward packages. The Company also provides reimbursement for those seeking to further their education through degree or certification programs and in 2023, we implemented a learning management system to enhance our employees' technical and professional development.

Community Development

We seek to foster a corporate culture where our many stakeholders, including our employees, engage in the topic of community development and collaborate to extend resources towards the advancement of this principle. We are proud to be an active citizen of the communities in which we operate. In furtherance of this commitment, we partner with and support local charitable organizations that we believe are contributing to the growth and development of the community and host dozens of free community events throughout our portfolio. Our Kite Cares initiative contributes to the welfare of local youth and those in need. The program's efforts are community-focused and have included:

- charitable grants to programs benefiting our communities;
- Company-wide service projects focused on feeding those in need and supporting local farmers;
- fundraising to support displaced workers;

- contributions to healthcare workers and first responders; and
- construction of a youth community center.

In addition, our employees have donated and coordinated substantial fundraising and have spent many hours volunteering to support a variety of charities with which we partner. The Company supports these efforts with dedicated paid volunteer time off given annually to all employees and a 100% match of employee donations, subject to certain limits, to charitable causes.

Team Wellness

The health, safety and well-being of our employees is always a top priority, and we foster an environment that allows our employees to succeed while balancing work and life. We provide a wide range of employee benefits including comprehensive medical, prescription, dental, and vision insurance coverage, the majority of which is paid by the Company. We also provide paid maternity, paternity and adoption leave, matching 401(k) contributions, free life insurance, disability benefits, spousal death benefits, education assistance reimbursements, and remote working and flexible scheduling arrangements. In addition, to enhance the well-being of our employees, we provide them with access to health and wellness programs that support physical, mental and financial health such as Lunch & Learns and Wellness Wednesdays.

Environmental, Social and Governance Matters

The Company strives to be a responsible corporate citizen, and we recognize the importance that environmental, social, and governance (“ESG”) initiatives play in our ability to generate long-term, sustainable returns. In 2020, we formed a cross-functional task force (the “ESG Task Force”) that is comprised of senior leadership and members from a variety of functional areas and is led by our Chief Executive Officer. The ESG Task Force meets quarterly and focuses on setting, implementing, monitoring and communicating to our investors and other stakeholders our ESG strategy and related initiatives that are important and regularly reports to the Board of Trustees.

In July 2023, the ESG Task Force issued the Company’s annual Corporate Responsibility Report, which is published on our website and provides a comprehensive overview of our ESG strategies and initiatives. The Company is committed to implementing sustainable business practices at our properties and is actively undertaking multiple projects to make our operations more energy efficient and reduce our environmental impact. These current projects include:

- installing LED lighting in parking lots (72% of our properties have installed such LED lighting as of December 31, 2023, with a goal of 80% of the portfolio by the end of 2026);
- implementing smart meters and other initiatives aimed at water conservation, recycling and waste diversion (16% of our properties have implemented water efficiency measures, with a goal of 25% of the portfolio by the end of 2026);
- installing electric vehicle (“EV”) charging stations (240 charging stations have been installed across 24 properties for a total of 12% of the portfolio, with a goal of 20% of the portfolio by the end of 2026); and
- receiving IREM certifications (76 properties or 42% of the portfolio have received such certifications as of December 31, 2023, with a goal of 75% of the portfolio by the end of 2026).

In addition, we implemented a policy to transition landscaping in all future redevelopment projects to drought-tolerant landscape where permitted by code. Recent business initiatives encourage tenants to adopt green leases, also known as “high-performance” or “energy-aligned” leases, to equitably align the costs and benefits of energy and water efficiency investments for building owners and tenants based on principles and best practices from the Green Lease Leaders Reference Guide by the Institute for Market Transformation and the U.S. Department of Energy. The Company has continued its partnership with One Tree Planted, a non-profit organization committed to reforestation, and has planted over 35,000 new trees through its Project Green reforestation effort. We continue to evaluate potential actions that might reduce our carbon footprint or otherwise mitigate our environmental impact.

As described above, we are highly committed to our employees, and our policies are designed to promote fairness, equal opportunities, diversity, well-being and professional development within the Company. Our corporate governance structure, led by our Board of Trustees, closely aligns our interests with those of our shareholders, as further described in our annual Proxy Statement.

Available Information

Our website address is <http://www.kiterealty.com>. We make available free of charge on our website our Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K, and any amendments to those reports, as soon as reasonably practicable after those reports are electronically filed with, or furnished to, the SEC. Our website and the information contained therein or connected thereto are not intended to be incorporated into this Annual Report on Form 10-K.

Also available on our website are copies of our Code of Business Conduct and Ethics, Code of Ethics for Principal Executive Officer and Senior Financial Officers, Corporate Governance Guidelines, and the charters for each of the committees of our Board of Trustees—the Audit Committee, the Corporate Governance and Nominating Committee, and the Compensation Committee. Copies of our Code of Business Conduct and Ethics, Code of Ethics for Principal Executive Officer and Senior Financial Officers, Corporate Governance Guidelines, and our committee charters are also available from us in print and free of charge to any shareholder upon request. Any person wishing to obtain such copies should contact our Investor Relations department by mail at our principal executive offices.

The SEC maintains a website (<http://www.sec.gov>) that contains reports, proxy statements, information statements, and other information regarding issuers that file electronically with the SEC.

ITEM 1A. RISK FACTORS

The following factors, among others, could cause actual results to differ materially from those contained in forward-looking statements made in this Annual Report on Form 10-K and presented elsewhere by management from time to time. These factors, among others, may have a material adverse effect on our business, financial condition, operating results and cash flows, including our ability to make distributions to our shareholders. It is not possible to predict or identify all such factors and this list should not be considered a complete statement of all potential risks or uncertainties. We have separated the risks into three categories: (i) risks related to our operations; (ii) risks related to our organization and structure; and (iii) risks related to tax matters.

RISKS RELATED TO OUR OPERATIONS

Inflation rates have increased and may continue to be elevated or increase further, which may adversely affect our financial condition and results of operations.

Inflation has increased significantly over the past two years and has remained elevated for a prolonged period with a slow downtrend despite continued restrictive monetary policy. The sharp rise in inflation has negatively impacted, and could continue to negatively impact, consumer confidence and spending and our tenants' sales and overall health. This, in turn, has and could continue to put downward pricing pressure on rents that we are able to charge to new or renewing tenants, such that future rent spreads and, in some cases, our percentage rents, could be adversely impacted. Most of our leases contain provisions designed to mitigate the adverse impact of inflation, including stated rent increases and requirements for tenants to pay a share of operating expenses, including common area maintenance, real estate taxes, insurance or other operating expenses related to the maintenance of our properties, with escalation clauses in most leases. However, the stated rent increases or limits on such tenant's obligation to pay its share of operating expenses could be lower than the increase in inflation at any given time. Inflation may also limit our ability to recover all our operating expenses. In addition, a portion of our leases are based on a fixed amount or fixed percentage that is not subject to adjustment for inflation. Increased inflation could have a more pronounced negative impact on our interest and general and administrative expenses, as these costs could increase at a higher rate than our rents charged to tenants. If we are unable to lower our operating costs when revenues decline and/or pass cost increases to our tenants, our financial performance could be materially and adversely affected.

Our business, financial condition, performance, and value are subject to risks and conditions associated with real estate assets and the real estate industry.

Our primary business is the ownership, operation, acquisition, and re/development of high-quality, open-air shopping centers and mixed-use and lifestyle assets. Our business, financial condition, results of operations, cash flows, per share trading price of our common shares, and ability to satisfy our debt service obligations and make distributions to our shareholders are subject to, and could be materially and adversely affected by, risks associated with acquiring, owning and operating such real estate assets. These risks include events and conditions that are beyond our control, such as periods of economic slowdown or recession, declines in the financial condition of our tenants, rising interest rates, difficulty in leasing vacant space or renewing existing tenants, a decline in the value of our assets, or the public perception that any of these events may occur. Additionally, certain costs of our business, such as insurance, real estate taxes, utilities, and corporate expenses, are relatively inflexible and

generally do not decrease if a property is not fully occupied, rental rates decline, a tenant fails to pay rent, or other circumstances cause our revenues to decrease. If we are unable to lower our operating costs when revenues decline and/or pass cost increases to our tenants, our financial condition, operating results and cash flows could be materially and adversely impacted. Also, complying with the REIT requirements may cause us to forgo and/or liquidate otherwise attractive investments, which could have the effect of reducing our income and the amount available for distribution to our shareholders. Thus, compliance with the REIT requirements may hinder our ability to make or, in certain cases, maintain ownership of certain attractive investments, which would impact our financial condition, operating results and cash flows.

Ongoing challenges facing our retail tenants and non-owned anchor tenants, including bankruptcies, financial instability and consolidations, may have a material adverse effect on our business.

We derive the majority of our revenue from retail tenants who lease space from us at our properties, and our ability to generate cash from operations is dependent upon the base rent, expense recoveries and other income we are able to charge and collect. The success of our tenants in operating their businesses continues to be impacted by many current economic challenges, which impact their cost of doing business, including, but not limited to, their ability to rely on external sources to grow and operate their business, inflation, labor shortages, supply chain constraints, retail theft, violent crime, and increased energy prices and interest rates. Sustained weakness in certain sectors of the U.S. economy could result in the bankruptcy or weakened financial condition of a number of retailers, including some of our tenants, and an increase in store closures. Tenants may also choose to consolidate, downsize or relocate their operations for various reasons, including mergers or other restructurings. These events, or other similar events, and economic conditions are beyond our control and could affect the overall economy, as well as specific properties in our portfolio and our overall cash flow and results of operations, including the following, any of which could have a material adverse effect on our business:

- *Collections.* Tenants may have difficulty paying their rent and other charges due under their lease agreements on a timely basis or request rent deferrals, reductions or abatements.
- *Leasing.* Tenants may delay or cancel lease commencements, decline to extend or renew leases upon expiration, reduce the size of their lease, close certain locations or declare bankruptcy, which could result in the termination of the tenant's lease with us and the related loss of rental income. Such terminations or cancellations could result in lease terminations or reductions in rent by other tenants in the same shopping center because of contractual co-tenancy termination or rent reduction rights contained in some leases.
- *Re-leasing.* We may be unable to re-lease vacated space at attractive rents or at all. In some cases, it may take extended periods of time or increased costs for renovations or concessions to re-lease a space. The inability to re-lease space at attractive rents, particularly if it involves a significant tenant or a non-owned anchor tenant in multiple locations, could have a material adverse effect on us.

Tenant bankruptcies could make it difficult for us to collect rent or make claims against a tenant in bankruptcy.

A bankruptcy filing by one of our tenants would legally prohibit us from collecting any unpaid rent from that tenant unless we receive an order from the bankruptcy court permitting us to do so. Such bankruptcies could delay, reduce, or ultimately preclude the collection of amounts owed to us, including both past and future rent. A tenant in bankruptcy may attempt to renegotiate their lease or request significant rent concessions. If a lease is assumed by a tenant in bankruptcy, all pre-bankruptcy amounts owed under the lease must be paid to us in full. However, if a lease is rejected by a tenant in bankruptcy, we would have only a general unsecured claim for damages that may be paid only to the extent that funds are available and in the same percentage as is paid to all other holders of unsecured claims. As a result, it is likely that we would recover substantially less than the full value of any unsecured claim we hold from a tenant in bankruptcy, which would result in a reduction in our cash flows and could have a material adverse effect on us. In 2023, certain retailers filed for bankruptcy protection including Bed Bath & Beyond Inc., a tenant that, as of December 31, 2022, occupied 613,000 square feet across 23 locations in our portfolio and generated \$8.3 million of ABR. As part of its bankruptcy process, three of Bed Bath & Beyond's leases were acquired by other retailers and the remaining leases were rejected. Re-leasing costs may be significant for the leases that were rejected, and we could experience a significant reduction in our revenues from those properties over the next 12 to 18 months, which could adversely affect our financial condition, operating results and cash flows.

The growth of e-commerce may impact our tenants and our business.

Retailers continue to rely on e-commerce, which could have a material adverse impact on some of our tenants and affect decisions made by current and prospective tenants in leasing space and how they compete and innovate in a rapidly changing retail environment, including potentially reducing the size or number of their retail locations in the future. We cannot predict

with certainty how changes in e-commerce will impact the demand for space or the revenue generated at our properties in the future. We continue to aggressively respond to these trends and are heavily focused on anchoring and diversifying our properties with tenants whose businesses are either more resistant to, or synergistic with, e-commerce as well as adapting our properties to allow our tenants to serve as last-mile fulfillment centers. In addition, changes in consumer buying practices and shopping trends may also impact the financial condition of retailers that do not adapt to changes in market conditions. The risks associated with e-commerce could have a material adverse effect on the business outlook and financial results of our present and future tenants, which, in turn, could have a material adverse effect on us.

We face significant competition, which may impact our rental rates, leasing terms and capital improvements.

We compete for tenants with numerous developers, owners and operators of retail shopping centers, and regional and outlet malls, including institutional investors and other REITs. As of December 31, 2023, leases representing approximately 8.3% of our total retail ABR were scheduled to expire in 2024. Our competitors may have greater capital resources than we do or be willing to offer lower rental rates or more favorable terms to tenants, such as substantial rent reductions or abatements, tenant allowances or other improvements, and/or early termination rights, which may pressure us to reduce our rental rates, undertake unexpected capital improvements or offer other terms less favorable to us, which could adversely affect our financial condition. Additionally, if retailers or consumers perceive that shopping at other locations is more convenient, cost-effective or otherwise more attractive, our revenues and results of operations also may suffer. There can be no assurance that we will be able to compete successfully in our development, acquisition and leasing activities in the future.

We have properties that are geographically concentrated; thus, a prolonged economic downturn in certain states and regions could materially and adversely affect our financial condition and results of operations.

Economic conditions in markets where our properties are concentrated can greatly influence our financial performance. The specific markets in which we operate may face challenging economic conditions that could persist into the future. In particular, as of December 31, 2023, rents from our retail properties in the states of Texas, Florida, Maryland, North Carolina, and Virginia comprised 26.4%, 11.5%, 5.9%, 5.7%, and 5.4% of our ABR, respectively. This level of concentration could expose us to greater market-dependent economic risks than if we owned properties in more geographic regions. Adverse economic or real estate trends in these states or the surrounding regions or any decrease in demand for retail space resulting from the local regulatory environment, business climate or fiscal problems in these states could materially and adversely affect us and our profitability and may limit our ability to meet our financial obligations.

Uninsured losses or losses in excess of insurance coverage could materially and adversely affect us.

We do not carry insurance for generally uninsurable losses such as loss from riots, war or acts of God and, in some cases, floods. In addition, insurance companies may no longer offer coverage against certain types of losses such as environmental liabilities or other catastrophic events or, if offered, the expense of obtaining such coverage may not be justified. Some of our insurance policies, such as those covering losses due to terrorism and floods, are insured subject to limitations, and in the future, we may be unable to renew or duplicate our current insurance coverage at adequate levels or at reasonable prices. Given the continued increase in extreme climate-related events, we have continued to experience a significant increase in insurance rates for property insurance since 2022 and may continue to do so in the future. The rates for casualty insurance have also continued to increase significantly due to an increase in litigation. In addition, tenants generally are required to indemnify and hold us harmless from liabilities resulting from injury to persons or damage to personal or real property on the premises due to activities conducted by them (including, without limitation, any environmental contamination) and, at the tenant's expense, obtain and keep in full force during the term of the lease liability and property damage insurance policies. However, tenants may not properly maintain their insurance policies or have the ability to pay the deductibles associated with them. If we experience a loss that is uninsured or exceeds our policy limits, we could lose all or a portion of the capital we have invested in the damaged property, as well as the anticipated future cash flows, but remain obligated for any recourse indebtedness even if the property was irreparably damaged. Inflation, changes in building codes and ordinances, environmental considerations, and other factors also might make it impractical or undesirable to use insurance proceeds to replace a property after it has been damaged or destroyed. As a result, our financial condition, operating results and cash flows could be materially and adversely affected.

Developments and redevelopments have inherent risks that could adversely impact us.

As of December 31, 2023, we had development projects under construction at Carillon medical office building and The Corner – IN in which we have invested a total of \$29.6 million to date, and based on our current plans and estimates, we anticipate that it will require approximately \$59.7 million of additional investment from us to complete these projects. We also had seven redevelopment opportunities currently in the planning stage, including de-leasing space and evaluating development plans and costs with potential tenants and partners. Some of these plans include non-retail uses such as multifamily housing. New development and redevelopment projects are subject to a number of risks, including the following:

- expenditure of capital and time on projects that may not be pursued or completed;
- failure or inability to obtain construction or permanent financing on favorable terms or at all;
- inability to secure necessary zoning or regulatory approvals;
- higher than estimated construction or operating costs, including labor and material costs, including as a result of inflation;
- inability to complete construction on schedule due to a number of factors, including labor and supply chain disruptions and shortages, inclement weather, or natural disasters such as fires, earthquakes or floods;
- significant time lag between commencement and stabilization resulting in delayed returns and greater risks due to fluctuations in the general economy, shifts in demographics and competition;
- decrease in customer traffic during the development period causing a decrease in tenant sales;
- inability to secure key anchor or other tenants or complete the lease-up at anticipated absorption rates or at all;
- occupancy and rental rates at a newly completed project may not meet expectations;
- investment returns from developments may be less than expected; and
- suspension of development projects after construction has begun due to changes in economic conditions or other factors that may result in the write-off of costs, payment of additional costs or increases in overall costs if the project is restarted.

In deciding whether to develop or redevelop a particular property, we make certain assumptions regarding the expected future performance of that property, which could materially and adversely affect our financial performance. If a development or redevelopment project is unsuccessful, our entire investment could be at risk for loss, or an impairment charge could occur. In addition, new development and significant redevelopment activities, regardless of whether they are ultimately successful, typically require substantial time and attention from management.

Pandemics and other health crises could negatively impact our business, financial performance and condition, operating results and cash flows.

A future public health crisis, such as the one experienced during the COVID-19 pandemic, could have significant repercussions across domestic and global economies, including the retail sector within the U.S., and the financial markets. Factors that may negatively impact our ability to operate successfully as a result of a pandemic or other health crises, include, among others:

- the inability of our tenants to meet their lease obligations to us in full, or at all, due to changes in their businesses or local or national economic conditions, including labor shortages, inflation, or reduced discretionary spending;
- business continuity disruptions and delays in the supply of products or services to us or our tenants from vendors that are needed to operate efficiently, causing costs to rise sharply and inventory to fall; and
- changes in consumer behavior in favor of e-commerce.

The full extent of the impact of a pandemic on our business is largely uncertain and dependent on a number of factors beyond our control, and we are not able to estimate with any degree of certainty the effect a pandemic or other health crises or measures intended to curb its spread could have on our business, results of operations, financial condition and cash flows.

We and our tenants face risks related to cybersecurity attacks that could cause loss of confidential information and other business disruptions.

We and our tenants rely extensively on information technology (“IT”) systems to process transactions and manage our respective businesses, and as a result, we are at risk from, and may be impacted by, cybersecurity incidents. These cybersecurity incidents could include (i) unintentional or malicious attempts to gain unauthorized access to, or acquisition of, our data and/or IT systems by individuals, including employees or contractors, or sophisticated organizations using advanced hacking tools and techniques such as artificial intelligence (“AI”); (ii) failures during routine operations such as system upgrades or user errors; (iii) network or hardware failures; or (iv) the introduction of malicious or disruptive software. Such cybersecurity incidents may involve social engineering, business email compromise, cyber extortion, ransomware, denial of service, or attempts to exploit vulnerabilities, or may be predicated by geopolitical events, natural disasters, failures or impairments of telecommunications networks, or other catastrophic events.

A cybersecurity incident could compromise the confidential information of our employees, tenants, and vendors, disrupt the proper functioning of our networks, result in misstated financial reports, violations of loan covenants and/or missed reporting deadlines, impede our ability to maintain the building systems that our tenants rely on for the efficient use of their leased space, require significant management attention to remedy any damages, result in reputational damage to ourselves or our tenants, or lead to potential litigation or regulatory investigation, increased oversight, or fines. Increased regulation of data collection, use and retention practices, including self-regulation and industry standards, changes in existing laws and regulations, enactment of new laws and regulations, increased enforcement activity, and changes in the interpretation of laws, could increase our cost of compliance and operations, limit our ability to grow our business, or otherwise harm us.

We employ a variety of measures to prevent, detect, respond to, and recover from cybersecurity threats; however, there is no guarantee such efforts will be successful in preventing a cybersecurity incident. We have identified and expect to continue to identify cyberattacks and other cybersecurity incidents on our IT systems and those of third parties, including through e-mail phishing attempts and scams, but none of the cybersecurity incidents we have identified to date has had a material impact on our business or operations. The interpretation and application of cybersecurity and data protection laws and regulations are often uncertain and evolving. As a result, there can be no assurance that our security measures will be deemed adequate, appropriate, or reasonable by a regulator or court. Moreover, even security measures that are deemed appropriate, reasonable, and/or in accordance with applicable legal requirements may be unable to protect the information we maintain.

Additionally, we rely on a number of service providers and vendors to provide important software, tools and services and operational functions, including payroll, accounting, budgeting and lease management. As a result, cybersecurity risks at these service providers and vendors create additional risks for our information and business. While we may be entitled to damages if our service providers and vendors fail to satisfy their security-related obligations to us, any award may be insufficient to cover our damages, or we may be unable to recover such award. A cybersecurity incident impacting us directly or through our third parties may result in the disruption of our operations, material harm to our financial condition, cash flows and the market price of our common shares, misappropriation of our assets, compromise or corruption of confidential information collected while conducting our business, liability for stolen information or assets, increased cybersecurity protection and insurance costs, regulatory enforcement, litigation, and damage to our stakeholder relationships and reputation. Although we make efforts to maintain the security and integrity of our IT networks and related systems on which we rely, there can be no assurance that our efforts and measures or those of our third-party service providers will be effective or that attempted cyberattacks or disruptions would not be successful or damaging.

While we have obtained cybersecurity insurance, there are no assurances that the coverage would be adequate in relation to any incurred losses. Moreover, as cyberattacks increase in frequency and magnitude, we may be unable to obtain cybersecurity insurance in amounts and on terms we view as adequate for our operations in the future.

We may be unable to obtain additional capital through the debt and equity markets on favorable terms or at all.

Due in part to the distribution requirements of being a REIT, we may be unable to fund all our future capital needs with income from operations. Consequently, we may rely on external sources of capital. Our access to external capital depends on several factors, including general market conditions, our current and potential future earnings, the market’s perception of our growth potential and risk profile, and our cash distributions. Disruptions in the financial markets could impact the overall amount of debt and equity capital available, our ability to access new capital on acceptable terms, lower loan to value ratios, and cause a tightening of lender underwriting standards and terms and higher interest rate spreads. As a result, we may be unable to refinance or extend our existing indebtedness on favorable terms or at all. We have \$269.6 million of debt principal scheduled to mature through December 31, 2024, which we expect will be satisfied with proceeds from the Notes Due 2034 that were issued in January 2024. Our inability to obtain debt or equity capital on favorable terms or at all could result in the

disruption of our ability to (i) operate, maintain or reinvest in our portfolio; (ii) dispose of properties on favorable terms due to an immediate need for capital; (iii) repay or refinance our indebtedness on or before maturity; (iv) acquire or develop properties when strategic opportunities exist, or (v) make distributions to our shareholders, all of which could have a material adverse effect on our business. If economic conditions deteriorate in any of our markets, we may have to seek less attractive, alternative sources of financing and adjust our business plan accordingly.

We have a significant amount of indebtedness outstanding and high interest rates could materially adversely affect us.

As of December 31, 2023, we had approximately \$2.8 billion of consolidated indebtedness outstanding, of which \$172.0 million bore interest at variable rates after giving effect to interest rate swaps. Due to the high inflation environment, the U.S. Federal Reserve sharply raised short-term interest rates in 2022 and 2023 to curtail the high inflation levels, which has caused our borrowing costs to rise. The U.S. Federal Reserve may continue to raise interest rates, which could adversely impact the U.S. economy, including slowing economic growth and potentially causing a recession. In addition, increases in interest rates negatively affect the terms under which we are able to refinance our outstanding debt as it matures, to the extent we have not hedged our exposure to changes in interest rates. If our interest expense increased significantly, it could materially adversely affect us. For example, if market rates of interest on our variable rate debt outstanding as of December 31, 2023, net of interest rate hedges, increased by 1%, the increase in interest expense on our unhedged variable rate debt would decrease future cash flows by approximately \$1.7 million annually.

We may incur additional debt in connection with various development and redevelopment projects and upon the acquisition of operating properties. Our organizational documents do not limit the amount of indebtedness that we may incur. In addition, we may increase our mortgage debt by obtaining loans secured by some or all of the real estate properties we develop or acquire. We may also borrow funds, if necessary, to satisfy the requirement that we distribute to shareholders at least 90% of our annual “REIT taxable income” (determined before the deduction for dividends paid and excluding net capital gains) or otherwise as is necessary to ensure we maintain our qualification as a REIT for U.S. federal income tax purposes or avoid paying taxes that can be eliminated through distributions to our shareholders.

Our substantial debt could materially and adversely affect our business in other ways, including by, among other things, (i) requiring us to use a substantial portion of our cash flow to service our indebtedness, reducing the cash available to fund general corporate purposes and distributions, (ii) limiting our ability to obtain additional financing to fund our working capital needs, capital expenditures, acquisitions, other debt service requirements or other purposes, (iii) increasing our costs of incurring additional debt and our exposure to variable interest rates, (iv) increasing our vulnerability to economic and industry downturns and reducing our flexibility in responding to changing business and economic conditions, and (v) placing us at a competitive disadvantage compared to other real estate investors that have less debt. The impact of any of these potential adverse consequences could have a material adverse effect on us.

We could be adversely affected by the financial and other covenants and provisions contained in our financing agreements.

Our Revolving Facility, senior unsecured term loans and notes require compliance with certain financial and operating covenants, including, among other things, certain leverage and interest coverage ratios and limitations on our ability to incur debt, make dividend payments, sell all or substantially all our assets and engage in mergers, consolidations and certain acquisitions. These covenants may limit our operating and financial flexibility and ability to respond to changes in our business or pursue strategic opportunities in the future, including the ability to obtain additional financing needed to address cash shortfalls or pursue growth opportunities or other accretive transactions. Further, our Revolving Facility and \$250.0 million senior unsecured term loan due October 2025 are priced, in part, on leverage grids that reset quarterly. Deterioration in our leverage covenant calculations could lead to a higher credit spread component within the applicable interest rate for these debt agreements and result in higher interest expense.

In the event of a default under any of our debt agreements, our lenders or noteholders have various rights including, but not limited to, the ability to require the acceleration of payment of all principal and interest then due and/or to terminate the agreements, which could have a material adverse effect on our business, limit our ability to make distributions to our shareholders, and prevent us from obtaining additional financing to address cash shortfalls or pursue growth opportunities. In addition, our debt agreements contain cross-defaults to certain other material indebtedness (including recourse indebtedness in excess of \$40.0 million, \$50.0 million or \$75.0 million, depending on the agreement) such that an “Event of Default” under one of these agreements could trigger an “Event of Default” under the other debt obligations. These provisions could allow our lenders and noteholders to accelerate the amount due under the loans and notes. If payment is accelerated, our liquid assets may not be sufficient to repay such debt in full. As of December 31, 2023, we believe we were in compliance with all applicable covenants under our debt agreements, although there can be no assurance that we will continue to remain in compliance in the future.

Adverse changes in our credit ratings could affect our borrowing capacity and borrowing terms.

Our creditworthiness is rated by nationally recognized credit rating agencies. The credit ratings assigned are based on our operating performance, liquidity and leverage ratios, financial condition and prospects, and other factors viewed by the credit rating agencies as relevant to our industry and the general economic outlook. Our credit rating can affect our ability to access debt capital, as well as the terms of certain existing and future debt financing we may obtain. Since we depend on debt financing to fund the growth of our business, an adverse change in our credit rating, including changes in our credit outlook, or even the initiation of a review of our credit rating that could result in an adverse change, could have a material adverse effect on us. Furthermore, certain of our senior unsecured term loans are priced, in part, on our credit rating. A downgrade of our credit rating could lead to a higher credit spread component within the applicable interest rate for those debt agreements and result in higher interest expense.

We are subject to risks associated with hedging agreements, including potential performance failures by counterparties and termination costs.

We use a combination of interest rate protection agreements, including interest rate swaps, to manage the risks associated with interest rate volatility. These agreements involve risk, such as the risk that counterparties may fail to honor their obligations under the hedging arrangements and that these arrangements may not be effective in reducing our exposure to interest rate changes. Developing an effective interest rate risk management strategy is complex and no strategy can completely insulate us from the risks associated with fluctuations in interest rates. There can be no assurance that our hedging activities will have the desired beneficial effect on our results of operations or financial condition. Further, should we choose to terminate a hedging agreement, there could be significant costs and cash requirements involved to fulfill our initial obligation under such agreement.

Joint venture investments could be adversely affected by the structure, terms and activities of our joint venture partners.

As of December 31, 2023, we owned interests in Delray Marketplace and a residential building at One Loudoun Downtown through consolidated joint ventures and interests in the following through unconsolidated joint ventures: a three-property retail portfolio consisting of Livingston Shopping Center, Plaza Volente and Tamiami Crossing; the hotel component at Eddy Street Commons; the multifamily component at Glendale Town Center; and the development project at The Corner – IN. We may seek to co-invest with third parties through other joint ventures in the future. Our joint ventures and the value and performance of such investments may involve risks not present with respect to our wholly owned properties, including (i) shared decision-making authority, which may prevent us from taking actions that are in our best interest, (ii) restrictions on the ability to sell our interests in the joint ventures without the other partner's consent, (iii) potential conflicts of interest or other disputes, including potential litigation or arbitration that would prevent management from focusing their time and effort on our business, (iv) potential losses or increased costs or expenses arising from actions taken in respect of the joint ventures, (v) actions by our partners that could jeopardize our REIT status, require us to pay taxes or subject the properties owned by the joint venture to liabilities greater than those contemplated by the terms of the joint venture agreements, and (vi) joint venture agreements may contain buy-sell provisions pursuant to which one partner may initiate procedures requiring us to buy the other partner's interest, all of which could affect our business, financial condition, results of operations and cash flows.

We face significant competition in pursuing acquisitions of properties.

We continue to evaluate the market for potential acquisitions and may acquire properties when we believe strategic opportunities exist. When we pursue acquisitions, we may face competition from other real estate investors, some of which may have substantial capital and willingness to accept more risk than we do, which could (i) limit our ability to acquire properties, (ii) increase the purchase price we are required to pay, thus reducing the return to our shareholders, and (iii) cause us to agree to material restrictions or limitations in the acquisition agreements. In addition, properties we acquire in the future may fail to achieve the expected occupancy and/or rental rates within the projected time frame if at all, which may result in the properties' failure to achieve the expected investment returns. In certain circumstances, we may abandon a potential acquisition after spending significant resources to pursue the opportunity. These factors and any others could impede our growth and materially and adversely affect our financial condition and results of operations.

We may be unable to sell properties at the time we desire, on favorable terms or at all, which could limit our ability to access capital through dispositions.

Real estate investments are illiquid and generally cannot be sold quickly. Our ability to dispose of properties on advantageous terms depends upon many factors beyond our control, and we cannot predict the various market conditions affecting real estate investments that will exist in the future. We may be unable to dispose of any of our properties on terms

favorable to us or at all, and each individual sale will depend upon, among other things, (i) general economic and market conditions, (ii) competition from other sellers, (iii) increases in market capitalization rates, (iv) individual asset characteristics, and (v) the availability of attractive financing for potential buyers of our properties. Further, we may incur expenses and transaction costs in connection with dispositions.

In addition, the Internal Revenue Code of 1986, as amended (the “Code”) generally imposes a 100% penalty tax on gain recognized by REITs upon the disposition of assets if the assets are held primarily for sale in the ordinary course of business rather than for investment, which could cause us to forego or defer sales of properties that might otherwise be in our best interest to sell, which may limit our ability to appropriately adjust our portfolio mix in response to market conditions. We will also be subject to income taxes on gains from the sale of any properties owned by any taxable REIT subsidiary (“TRS”).

We could experience a decline in the fair value of our real estate assets and be subject to impairment charges.

Our real estate properties are carried at cost unless circumstances indicate that the carrying value of these assets may not be recoverable through future operations. We periodically evaluate whether there are any indicators, including declines in property operating performance and general market conditions, that the carrying value of our real estate assets may be impaired. Changes in our disposition strategy or in the marketplace may alter the holding period of an asset or group of assets, which may result in an impairment loss that could be material to our financial condition or operating performance. To the extent the carrying value of the asset exceeds the estimated future undiscounted property cash flows, an impairment loss is recognized equal to the excess of the carrying value over the estimated fair value, which is highly subjective and involves a significant degree of management judgment regarding various assumptions. During the year ended December 31, 2023, we recognized an impairment charge of \$0.5 million related to one investment property that was sold in October 2023. We did not recognize any impairment charges during the years ended December 31, 2022 and 2021. There can be no assurance that we will not recognize additional impairment charges in the future related to our assets, which could have a material adverse effect on our results of operations in the period in which the charge is recognized.

We could be materially and adversely affected if we are found to be in breach of a ground lease at one of our properties or are unable to renew a ground lease.

As of December 31, 2023, we had 10 properties in our portfolio that are either completely or partially on land that is owned by third parties and leased to us pursuant to ground leases. If we are found to be in breach of a ground lease and that breach cannot be cured or are unable to extend the lease terms or purchase the fee interest in the underlying land prior to expiration, as to which no assurance can be given, we could lose our interest in the improvements and the right to operate the property. As a result, we would be unable to derive income from such property. Assuming we exercise all available options to extend the terms, our ground leases will expire between 2043 and 2115. In certain cases, our ability to exercise the extension option is subject to the condition that we are not in default under the terms of the ground leases at the time we exercise such option, and we can provide no assurances that we will be able to exercise the extension options at such times.

Natural disasters, severe weather conditions, the effects of and responses to climate change and related legislation and regulations, and terrorism or other acts of crime or violence could have an adverse effect on us.

Our properties are located in many areas that are subject to, or have been affected by, natural disasters and severe weather conditions such as hurricanes, tropical storms, tornadoes, earthquakes, droughts, floods and fires. Changing weather patterns and climatic conditions, primarily as a result of climate change, may affect the predictability and frequency of natural disasters and severe weather conditions in some parts of the world and create additional uncertainty as to future trends and exposures, including certain areas in which our portfolio is concentrated such as the states of Texas, Florida, and North Carolina and the MSAs of New York, Atlanta, Seattle, Chicago, and Washington, D.C. Over time, the occurrence of natural disasters, severe weather conditions and changing climatic conditions can delay new development and redevelopment projects, increase costs to repair or replace damaged properties and future operating and insurance costs, and negatively impact the demand for retail space in the affected areas, or in extreme cases, affect our ability to operate the properties at all.

Additionally, changes in federal, state and local laws and regulations on climate may require us to make additional investments in our properties, resulting in increased capital expenditures and operating costs, implement new or additional processes and controls to facilitate compliance, and/or pay additional energy, insurance and real estate taxes, or potentially result in fines for non-compliance. For example, “green” building codes may seek to reduce emissions by imposing certain standards for design, construction materials, water and energy usage and efficiency, and waste management. These developments could increase the costs of maintaining or improving our properties and could also result in increased compliance costs or additional operating restrictions that could adversely impact our tenants’ businesses and their ability to pay rent, which could adversely affect our financial condition, results of operations and cash flows.

Potential terrorist attacks, shooting incidents and other acts of crime or violence could also harm the demand for, and value of, our properties, including through damage, destruction, or loss at our properties, increased security costs, utility outages, and limited availability of terrorism insurance. In the event concerns regarding safety were to alter shopping habits or deter customers from visiting shopping centers, our tenants would be adversely affected, which could impact their ability to meet their lease obligations, make it difficult for us to renew or re-lease space at our properties at rental rates equal to or above historical rates, or result in increased volatility in the financial markets and economies.

Any one of these events could decrease demand for real estate, impact the occupancy at our properties, and limit our access to capital or increase our cost of raising capital, which could materially and adversely affect our financial condition and results of operations.

We could incur significant costs related to environmental matters, and our efforts to identify environmental liabilities may not be successful.

Under various laws, ordinances and regulations, an owner or operator of real estate may be required to investigate and clean up hazardous or toxic substances or petroleum product releases at or from its currently or formerly owned or operated property and may be held liable for property damage, bodily injury, or investigation and the cost of clean-up or natural resource damages arising from such releases. Such laws often impose liability without regard to whether the owner or operator knew of, or was responsible for, the presence of such contamination, and the liability may be joint and several. Some properties in our portfolio contain, may have contained, or are adjacent to or near other properties that have contained or currently contain, underground storage tanks for petroleum products or other hazardous or toxic substances, and some of our properties have tenants that may use hazardous or toxic substances in the course of their businesses. Indemnities in our lease agreements may not fully protect us if a tenant responsible for environmental non-compliance or contamination becomes insolvent. The cost of investigation, remediation or removal of such substances or other contamination-related liabilities may be substantial and could exceed the value of the property, and the presence of such substances, or the failure to properly remediate them, may adversely affect our ability to sell or lease a contaminated property or borrow using the property as collateral or increase future development costs. In connection with the ownership, operation and management of real properties, we are potentially liable for removal or remediation costs at properties impacted by contamination, as well as certain other related costs including governmental fines and injuries to persons, property or natural resources, liens on contaminated sites, and restrictions on operations. We may also be liable to third parties for damage and injuries resulting from environmental contamination emanating from the real estate we own or operate currently or have owned or operated in the past. In addition, we could be liable for the costs of remediating contamination at off-site waste disposal facilities to which we have arranged for the disposal or treatment of hazardous substances, without regard to whether we complied with environmental laws in doing so. As is the case with many community and neighborhood shopping centers, many of our properties had or have on-site dry cleaners and/or on-site gas stations, the prior or current use of which could potentially increase our environmental liability exposure.

Certain of our properties have confirmed ACBM and other properties may contain such materials based on the date of building construction. Environmental laws require that ACBM be properly managed and maintained, and fines and penalties may be imposed on building owners or operators for failure to comply with these requirements. The laws also may allow third parties to seek recovery from owners or operators for personal injury associated with exposure to asbestos fibers.

Federal, state and local governments impose environmental laws and regulations that govern our operations and those of our tenants, including with respect to air emissions, stormwater, and the use, storage and disposal of hazardous and toxic substances and petroleum products. We evaluate our properties for compliance with applicable environmental laws on a limited basis, and we cannot give assurance that existing environmental studies with respect to our properties reveal all potential environmental liabilities or that current or future uses or conditions or changes in environmental laws and regulations, or the interpretation thereof, will not result in environmental liabilities, additional costs, or operating restrictions on our properties or adversely affect our ability to sell or develop our properties or borrow using our properties as collateral. If we fail to comply with such laws and regulations, including if we fail to obtain any required permits or licenses, we could face substantial fines or possible revocation of our authority to conduct some of our operations.

Compliance with the ADA and fire, safety and other regulations may require us to make significant capital expenditures.

The properties in our portfolio must comply with Title III of the ADA to the extent that they are public accommodations as defined by the ADA. Noncompliance with the ADA could result in orders requiring us to make substantial capital expenditures to cure violations and pay attorneys' fees or other amounts. Although we believe our properties substantially comply with the present requirements of the ADA, we have not conducted an audit or investigation of all our properties to determine our compliance. While our tenants typically are obligated to cover costs associated with compliance, if required changes involve greater expenditures or faster timelines than anticipated, the ability of some of our tenants to cover these costs could be limited.

In addition, we are required to operate the properties in compliance with fire and safety regulations, building codes and other land use regulations as they are adopted by governmental agencies and bodies and become applicable to the properties. We may be required to make substantial capital expenditures to comply with these regulations, and we may be restricted in our ability to renovate the properties subject to these requirements, which could affect our cash flows and results of operations.

RISKS RELATED TO OUR ORGANIZATION AND STRUCTURE

Our organizational documents and Maryland law contain provisions that may delay, defer or prevent a change in control of the Company, even if such change in control may be in the best interest of our shareholders, and as a result, may depress the market price of our common shares.

Our organizational documents contain provisions that may have an anti-takeover effect and inhibit a change in control transaction, which could prevent our shareholders from being paid a premium for their common shares over the then-prevailing market prices.

(1) *There are ownership limits and restrictions on transferability in our declaration of trust.* In order for us to qualify as a REIT, no more than 50% of the value of our outstanding common shares may be owned, actually or constructively, by five or fewer individuals at any time during the last half of each taxable year. To ensure that we will not fail to satisfy this requirement and for anti-takeover reasons, our declaration of trust generally prohibits any shareholder (other than an excepted holder or certain designated investment entities, as defined in our declaration of trust) from owning (actually, constructively or by attribution), more than 7% of the value or number, whichever is more restrictive, of our outstanding common shares. Our declaration of trust provides an excepted holder limit that allows certain members of the Kite family (and certain entities controlled by Kite family members), as a group, to own more than 7% of our outstanding common shares, subject to applicable tax attribution rules. Currently, any single excepted holder would be attributed all the common shares owned by the other excepted holders and, accordingly, the excepted holders as a group would not be allowed to own in excess of 21.5% in value or number, whichever is more restrictive, of our common shares. If at a later time there was not one excepted holder that would be attributed all of the shares owned by the excepted holders as a group, the excepted holder limit would not permit each excepted holder to own 21.5% of our common shares. Rather, the excepted holder limit would prevent two or more excepted holders who are treated as individuals under the applicable tax attribution rules from owning a higher percentage of our common shares than the maximum amount of common shares that could be owned by any one excepted holder (21.5%), plus the maximum amount of common shares that could be owned by any one or more other individual common shareholders who are not excepted holders (7%). Certain entities that are defined as designated investment entities in our declaration of trust, which generally includes pension funds, mutual funds, and certain investment management companies, are permitted to own up to 9.8% in value or number, whichever is more restrictive, of the outstanding shares of any class or series of shares so long as each beneficial owner of the shares owned by such designated investment entity would satisfy the 7% ownership limit if those beneficial owners owned directly their proportionate share of the common shares owned by the designated investment entity. Our Board of Trustees may waive, and has waived in the past, the ownership limits, subject to certain conditions. In addition, our declaration of trust contains certain other ownership restrictions intended to prevent us from earning income from related parties if such income would cause us to fail to comply with the REIT gross income requirements. The various ownership restrictions may discourage a tender offer or other change in control transaction or compel a shareholder who has acquired our common shares in excess of these ownership limitations to dispose of the additional shares.

(2) *Our declaration of trust permits our Board of Trustees to issue preferred shares with terms that may discourage a third party from acquiring us.* Our declaration of trust permits our Board of Trustees to issue up to 20.0 million preferred shares, having those preferences, conversion or other rights, voting powers, restrictions, limitations as to distributions, qualifications, or terms or conditions of redemption as determined by our Board of Trustees.

(3) *Our declaration of trust and bylaws contain other possible anti-takeover provisions.* Our declaration of trust and bylaws contain other provisions such as advance notice requirements for shareholder proposals, the ability of our Board of Trustees to reclassify shares or issue additional shares, and the absence of cumulative voting rights that may have the effect of delaying, deferring or preventing a change in control of the Company or the removal of existing management.

(4) *The Maryland General Corporation Law, as amended (the "MGCL") permits our Board of Trustees, without shareholder approval and regardless of what is currently provided in our declaration of trust or bylaws, to implement certain takeover defenses.* Although we have opted out of these provisions of Maryland law, our Board of Trustees may opt to make these provisions applicable to us at any time, which may have the effect of inhibiting a third party from making a proposal to acquire us or impeding a change in control under circumstances that otherwise could provide the holders of our common shares with the opportunity to realize a premium over the then-prevailing market price of our common shares.

Our bylaws provide that the Circuit Court for Baltimore City, Maryland will be the exclusive forum for any internal corporate claims and other matters, which could limit our shareholders' ability to obtain a favorable judicial forum for disputes with us or our trustees, officers, employees or shareholders.

Our bylaws provide that the Circuit Court for Baltimore City, Maryland, or, if that Court does not have jurisdiction, the United States District Court for the District of Maryland, Northern Division, shall be the sole and exclusive forum for (i) any Internal Corporate Claim as defined under the MGCL, (ii) any derivative action or proceeding brought in the right or on behalf of the Company, (iii) any action asserting a claim of breach of any duty owed by any trustee, officer, employee or agent of the Company to the Company or our shareholders, (iv) any action asserting a claim against the Company or any trustee, officer, employee or agent of the Company arising pursuant to any provision of the MGCL, our declaration of trust or our bylaws, or (v) any action asserting a claim against the Company or any trustee, officer, employee or agent of the Company that is governed by the internal affairs doctrine.

The federal district courts of the United States shall, to the fullest extent permitted by law, be the sole and exclusive forum for the resolution of any complaint asserting a cause of action arising under the Securities Act. Since Section 22 of the Securities Act creates concurrent jurisdiction for federal and state courts over all suits brought to enforce any duty or liability created by the Securities Act or the rules and regulations thereunder, there is uncertainty as to whether a court would enforce an exclusive forum provision for actions arising under the Securities Act. The provision may limit a shareholder's ability to bring a claim in a judicial forum that it finds favorable for disputes with us or our trustees, officers, employees or shareholders, which may discourage such lawsuits. Alternatively, if a court were to find the choice of forum provision contained in our bylaws to be inapplicable or unenforceable in an action, we may incur additional costs associated with resolving such action in other jurisdictions, which could materially and adversely affect us.

Focus on corporate responsibility, specifically related to ESG practices, may impose additional costs and expose us to new risks.

Investors and other stakeholders continue to be focused on understanding how companies address a variety of ESG matters and may use ESG to guide their investment strategies. Potential and current employees, tenants and vendors may also consider these factors when establishing and extending relationships with us. With this focus and demand, public reporting regarding ESG practices is becoming more broadly expected. We provide corporate disclosures regarding our existing ESG programs within our annual Corporate Responsibility Reports, which are published on our website. We also use GRESB, an independent organization that provides validated ESG performance data and peer benchmarks, as a method of engaging with shareholders. The focus and activism related to ESG and related matters may constrain our business operations or cause us to incur additional costs. We may also face reputational damage in the event our corporate responsibility initiatives do not meet the standards set by various constituencies, including those of third-party providers of corporate responsibility ratings and reports. Moreover, while we may publish voluntary disclosures in our Corporate Responsibility Reports, such voluntary disclosures are often based on hypothetical expectations and assumptions that may or may not be representative of current or actual risks or events or forecasts of expected risks or events. In addition, the SEC is currently evaluating potential new ESG disclosures and other requirements that would impact us. Furthermore, should peer companies outperform us in such metrics, potential or current investors may elect to invest with our competitors, and employees, tenants and vendors may choose not to do business with us, which could have a material and adverse impact on our financial condition, the market price of our common shares and our ability to raise capital.

As we continue to evolve our ESG practices, we could also be criticized by ESG detractors for the scope or nature of our ESG initiatives or goals. We could also encounter negative reactions from governmental actors (such as anti-ESG legislation or retaliatory legislative treatment), tenants and residents that could have a material adverse effect on us.

Our rights and the rights of our shareholders to take action against our trustees and officers are limited.

Maryland law provides that a trustee has no liability in that capacity if he or she satisfies his or her duties to us and our shareholders. Under current Maryland law, our trustees and officers will not have any liability to us or our shareholders for money damages, except for liability resulting from (i) the actual receipt of an improper benefit or profit in money, property or services or (ii) active or deliberate dishonesty by the trustee or officer that was established in a judgment or other final adjudication to be material to the cause of action.

In addition, our charter and bylaws require us to indemnify our trustees and officers for actions taken by them in those capacities to the maximum extent permitted by Maryland law. As a result, we and our shareholders may have more limited rights against our trustees and officers than might otherwise exist. Accordingly, if actions taken in good faith by any of our trustees or officers impede our performance, our shareholders' ability to recover damages from such trustees or officers will be

limited. In addition, we may be obligated to advance the defense costs incurred by our trustees and executive officers and may, in the discretion of our Board of Trustees, advance the defense costs incurred by our other officers, employees and other agents in connection with legal proceedings.

Certain officers and trustees may have interests that conflict with the interests of our shareholders.

Certain of our officers own limited partner units in our Operating Partnership. These individuals may have personal interests that conflict with the interests of our shareholders with respect to business decisions affecting us and our Operating Partnership, such as interests in the timing and pricing of property dispositions or refinancing transactions to obtain favorable tax treatment. As a result, the effect of certain transactions on these unitholders may influence our decisions affecting property dispositions or refinancing transactions.

Departure or loss of our key officers could have an adverse effect on us.

We depend significantly on the efforts and expertise of our executive management team whose experience in real estate acquisitions, developments, finance and management is a critical element of our future success. If one or more of our key officers were to die, become disabled or otherwise leave the Company, we may not be able to replace these individuals with an executive of equal skill, ability, and industry expertise within a reasonable timeframe, which could negatively affect our operations and financial condition.

The cash available for distribution to our shareholders may not be sufficient to pay distributions at expected levels nor can we assure you of our ability to make distributions in the future; we may use borrowed funds to make cash distributions and/or choose to make distributions payable, in part, in our common shares.

To qualify as a REIT, we are required to distribute to our shareholders each year at least 90% of our “REIT taxable income” as determined before the deduction for dividends paid and excluding net capital gains. In order to eliminate U.S. federal income tax, we are required to distribute annually 100% of our net taxable income, including capital gains. If cash available for distribution generated by our assets decreases in future periods from expected levels, our inability to make expected distributions could result in a decrease in the market price of our common shares. All distributions will be made at the discretion of our Board of Trustees and depend upon our earnings, financial condition, maintenance of our REIT qualification and other factors as our Board of Trustees may deem relevant from time to time. We may be unable to make distributions in the future at current levels or at all. In addition, some of our distributions may include a return of capital. To the extent we choose to make distributions in excess of our current and accumulated earnings and profits, such distributions would generally be considered a return of capital for U.S. federal income tax purposes to the extent of the holder’s adjusted tax basis in their common shares. A return of capital is not taxable, but it has the effect of reducing the holder’s adjusted tax basis in their investment. To the extent that distributions exceed the adjusted tax basis of a holder’s shares, they will be treated as gain from the sale or exchange of such shares. If we borrow to fund distributions, our future interest costs would increase, thereby reducing our earnings and cash available for distribution in the future. Finally, although we do not currently intend to do so, in order to maintain our REIT qualification, we may make distributions that are payable, in part, in our common shares. Taxable shareholders receiving such distributions will be required to include the full amount of such distributions as ordinary dividend income to the extent of our current or accumulated earnings and profits. Taxable shareholders may also be required to sell shares received in such distribution or other shares or assets owned by them at a time that may be disadvantageous in order to satisfy any tax imposed on such distribution. If a significant number of our shareholders determine that they need to sell common shares in order to pay taxes owed on dividend income, such sale may put downward pressure on the market price of our common shares.

Future offerings of debt securities, which would be senior to our equity securities, may adversely affect the market price of our common shares.

In the future, we may seek to increase our capital resources through offerings of debt securities, including unsecured notes, medium term notes, and senior or subordinated notes, as well as debt securities that are convertible into equity. Holders of our debt securities will generally be entitled to receive interest payments, both current and in connection with any liquidation or sale, prior to the holders of our common shares. Future offerings of debt securities, or the perception that such offerings may occur, may reduce the market price of our common shares and/or the distributions we pay with respect to our common shares. Because we may generally issue such debt securities in the future without obtaining the consent of our shareholders, our shareholders will bear the risk of future offerings reducing the market prices of our equity securities.

RISKS RELATED TO TAX MATTERS

If the October 2021 merger with RPAI did not qualify as a reorganization, there may be adverse tax consequences.

The parties intended that the October 2021 merger with RPAI will be treated as a reorganization within the meaning of Section 368(a) of the Code, and it was a condition to the merger that we and RPAI received opinions from each party's respective counsel to the effect that, for U.S. federal income tax purposes, the merger constitutes a reorganization within the meaning of Section 368(a) of the Code. These tax opinions represent the legal judgment of counsel rendering the opinion and are not binding on the Internal Revenue Service (the "IRS") or any court. If the merger fails to qualify as a reorganization, U.S. holders of shares of RPAI common stock generally would recognize gain or loss, as applicable, equal to the difference between (i) the sum of the fair market value of the Company's common shares and cash in lieu of fractional common shares of the Company received by such holder in the merger and (ii) such holder's adjusted tax basis in their RPAI common stock.

We may incur adverse tax consequences if we fail, or RPAI has failed, to qualify as a REIT for U.S. federal income tax purposes.

We believe that we have qualified for taxation as a REIT for U.S. federal income tax purposes commencing with our taxable year ended December 31, 2004, and that RPAI had operated in a manner that allowed it to qualify as a REIT, and we intend to operate in a manner we believe allows us to continue to qualify as a REIT for U.S. federal income tax purposes. We have not requested and do not plan to request a ruling from the IRS that we qualify as a REIT, and the statements in this Annual Report on Form 10-K are not binding on the IRS or any court. Qualification as a REIT involves the application of highly technical and complex provisions of the Code for which there are only limited judicial and administrative interpretations. The determination of various factual matters and circumstances not entirely within our control may affect our ability to qualify as a REIT. In order to qualify as a REIT, we (before and after the merger) and RPAI (before the merger) must satisfy a number of requirements, including the ownership of our stock and the composition of our gross income and assets. Also, a REIT must make distributions to shareholders aggregating annually at least 90% of its net taxable income, excluding any net capital gains. The fact that we hold substantially all of our assets through our Operating Partnership and its subsidiaries and joint ventures further complicates the application of the REIT requirements for us. Even a technical or inadvertent mistake could jeopardize our REIT status, and, given the highly complex nature of the rules governing REITs and the ongoing importance of factual determinations, we cannot provide any assurance that we will continue to qualify as a REIT.

If we fail to qualify as a REIT for U.S. federal income tax purposes and are unable to avail ourselves of certain savings provisions set forth in the Code, we will face serious tax consequences that would substantially reduce our cash available for distribution because:

- we would be subject to U.S. federal income tax on our net income at regular corporate income tax rates for the years we did not qualify for taxation as a REIT (and, for such years, would not be allowed a deduction for dividends paid to shareholders in computing our taxable income);
- we could be subject to certain taxes enacted by the Inflation Reduction Act of 2022 that are applicable to non-REIT corporations, including the nondeductible 1% excise tax on certain stock repurchases;
- we could be subject to the federal alternative minimum tax and possibly increased state and local taxes for such periods;
- unless we are entitled to relief under applicable statutory provisions, neither the Company nor any "successor" corporation, trust or association could elect to be taxed as a REIT until the fifth taxable year following the year during which we were disqualified;
- if we were to re-elect REIT status, we would have to distribute all earnings and profits from non-REIT years before the end of the first new REIT taxable year; and
- for the five years following re-election of REIT status, upon a taxable disposition of an asset owned as of such re-election, we would be subject to corporate level tax with respect to any built-in gain inherent in such asset at the time of re-election.

Even if we retain our REIT status, if RPAI loses its REIT status for a taxable year before the October 2021 merger, we will face serious tax consequences that would substantially reduce our cash available for distribution because:

- unless we are entitled to relief under applicable statutory provisions, the Company, as the “successor” trust to RPAI, could not elect to be taxed as a REIT until the fifth taxable year following the year during which RPAI was disqualified;
- the Company, as the successor by merger to RPAI, would be subject to any corporate income tax liabilities of RPAI, including penalties and interest;
- assuming that we otherwise maintained our REIT qualification, we would be subject to tax on the built-in gain on each asset of RPAI existing at the time of the merger if we were to dispose of the RPAI asset for up to five years following the merger; and
- assuming that we otherwise maintained our REIT qualification, we would succeed to any earnings and profits accumulated by RPAI for taxable periods that it did not qualify as a REIT, and we would have to pay a special dividend and/or employ applicable deficiency dividend procedures, including interest payments to the IRS, to eliminate such earnings and profits.

In addition, if there is an adjustment to RPAI’s taxable income or deductions for dividends paid, we could elect to use the deficiency dividend procedures in order to maintain RPAI’s REIT status, which could require us to make substantial distributions to our shareholders and pay a considerable amount of interest to the IRS.

As a result of these factors, our failure (before or after the merger) or RPAI’s failure (before the merger) to qualify as a REIT could impair our ability to grow our business and raise capital and would materially adversely affect the value of our common shares.

We will pay some taxes even if we qualify as a REIT.

Even if we qualify as a REIT for U.S. federal income tax purposes, we will be required to pay certain U.S. federal, state and local taxes on our income and property. For example, we will be subject to income tax to the extent we distribute less than 100% of our REIT taxable income, including capital gains. Additionally, we will be subject to a 4% nondeductible excise tax on the amount, if any, by which dividends paid by us in any calendar year are less than the sum of 85% of our ordinary income, 95% of our capital gain net income, and 100% of our undistributed income from prior years. Moreover, if we have net income from “prohibited transactions,” that income will be subject to a 100% penalty tax.

In addition, any net taxable income earned directly by our TRS, or through entities that are disregarded for U.S. federal income tax purposes as entities separate from our TRS, will be subject to U.S. federal and possibly state corporate income tax. We have elected to treat Kite Realty Holdings, LLC as a TRS. In addition, in connection with the merger, we assumed RPAI’s existing TRS, IWR Protective Corporation, as a TRS of the Operating Partnership, and we may elect to treat other subsidiaries as TRSs in the future. In this regard, several provisions of the laws applicable to REITs and their subsidiaries ensure that a TRS will be subject to an appropriate level of U.S. federal income taxation. For example, a TRS is limited in its ability to deduct interest payments made to an affiliated REIT. In addition, the REIT is required to pay a 100% penalty tax on some payments that it receives or on some deductions taken by the TRS if the economic arrangements between the REIT, the REIT’s tenants, and the TRS are not comparable to similar arrangements between unrelated parties. Finally, some state and local jurisdictions may tax some of our income even though, as a REIT, we are not subject to U.S. federal income tax on that income because not all states and localities treat REITs the same way they are treated for U.S. federal income tax purposes. To the extent that we and our affiliates are required to pay U.S. federal, state and local taxes, we will have less cash available for distributions to our shareholders.

REIT distribution requirements may increase our indebtedness.

We may be required, from time to time and under certain circumstances, to accrue income for tax purposes that has not yet been received. In such event, or upon the repayment of principal on our outstanding debt, we could have taxable income without sufficient cash to enable us to meet the distribution requirements of a REIT. Accordingly, we could be required to borrow funds or liquidate investments on disadvantageous terms in order to meet these distribution requirements. Additionally, the sale of properties resulting in significant tax gains could require higher distributions to our shareholders or payment of additional income taxes in order to maintain our REIT status.

Complying with REIT requirements may limit our ability to hedge effectively and cause us to incur tax liabilities.

The REIT provisions of the Code may limit our ability to hedge our liabilities. Generally, income from a hedging transaction will be excluded from “gross income” for purposes of the 75% and 95% gross income tests if the instrument hedges interest rate risk on liabilities used to carry or acquire real estate assets or manages the risk of certain currency fluctuations, and such instrument is properly identified under applicable Treasury Regulations. Income from hedging transactions that does not meet these requirements will generally constitute non-qualifying income for purposes of both gross income tests. As a result of these rules, we may be required to limit our use of hedging techniques that might otherwise be advantageous or implement those hedges through a TRS, which could increase the cost of our hedging activities because our TRS would be subject to tax on gains or expose us to greater risks associated with changes in interest rates than we would otherwise want to bear.

Complying with the REIT requirements may cause us to forgo and/or liquidate otherwise attractive investments.

To qualify as a REIT, we must continually satisfy tests concerning, among other things, (i) the sources of our income, (ii) the nature and diversification of our assets, (iii) the amounts we distribute to our shareholders, and (iv) the ownership of our common shares. In order to meet these tests, we may be required to forgo investments we might otherwise make or liquidate investments from our portfolio that otherwise would be considered attractive. In addition, we may be required to make distributions to our shareholders at disadvantageous times or when funds are not readily available. These actions could reduce our income and amounts available for distribution to our shareholders.

Dividends paid by REITs generally do not qualify for effective tax rates as low as dividends paid by non-REIT “C” corporations.

The maximum rate applicable to “qualified dividend income” paid by non-REIT “C” corporations to certain non-corporate U.S. shareholders has been reduced by legislation to 23.8%, taking into account the 3.8% Medicare tax applicable to net investment income. Dividends payable by REITs, however, generally are not eligible for the reduced rates. Effective for taxable years beginning before January 1, 2026, non-corporate shareholders may deduct 20% of their dividends from REITs, excluding qualified dividend income and capital gains dividends. For non-corporate shareholders in the top marginal tax bracket of 37%, the deduction for REIT dividends yields an effective income tax rate of 29.6% on REIT dividends, which is higher than the 20% tax rate on qualified dividend income paid by non-REIT “C” corporations. This does not adversely affect the taxation of REITs; however, it could cause certain non-corporate investors to perceive investments in REITs to be relatively less attractive than investments in the shares of non-REIT “C” corporations that pay dividends, which could adversely affect the value of our common shares.

If a transaction intended to qualify as a Code Section 1031 tax-deferred exchange is later determined to be taxable, we may face adverse consequences.

From time to time, we may dispose of properties in transactions that are intended to qualify as “like-kind exchanges” under Section 1031 of the Code (a “1031 Exchange”). It is possible that the qualification of a transaction as a 1031 Exchange could be challenged and determined to be currently taxable. In such case, our taxable income and earnings and profits would increase, which could increase the income applicable to our shareholders and, therefore, may require additional distributions to shareholders or, in lieu of that, require us to pay corporate income tax, possibly including interest and penalties. As a result, we may need to borrow funds in order to pay additional distributions or taxes, which could cause us to have less cash available to distribute to our shareholders. Moreover, it is possible that legislation is enacted that could modify or repeal the laws with respect to 1031 Exchanges, which could make it more difficult or impossible for us to dispose of properties on a tax-deferred basis.

If the Operating Partnership fails to qualify as a partnership for U.S. federal income tax purposes, we could fail to qualify as a REIT and suffer other adverse consequences.

We believe that our Operating Partnership has been organized and operated in a manner so as to be treated as a partnership and not as an association or a publicly traded partnership taxable as a corporation for U.S. federal income tax purposes. As a partnership, our Operating Partnership is not subject to U.S. federal income tax on its income. Instead, each of the partners is allocated its share of our Operating Partnership’s income. No assurance can be provided, however, that the IRS will not challenge our Operating Partnership’s status as a partnership for U.S. federal income tax purposes or that a court would not sustain such a challenge. If the IRS were successful in treating our Operating Partnership as an association or a publicly traded partnership taxable as a corporation for U.S. federal income tax purposes, we would fail to meet the gross income tests and certain of the asset tests applicable to REITs and, accordingly, would cease to qualify as a REIT. Also, the failure of the

Operating Partnership to qualify as a partnership would cause it to become subject to U.S. federal corporate income tax, which would reduce significantly the amount of cash available for distribution to its partners, including the Parent Company.

There is a risk that the tax laws applicable to REITs may change.

The IRS, the U.S. Treasury Department and Congress frequently review U.S. federal income tax legislation, regulations and other guidance. The Company cannot predict whether, when or to what extent new U.S. federal tax laws, regulations, interpretations or rulings will be adopted. Any legislative action may prospectively or retroactively modify the Company's tax treatment and, therefore, may adversely affect our taxation or the taxation of our shareholders.

ITEM 1B. UNRESOLVED STAFF COMMENTS

None.

ITEM 1C. CYBERSECURITY

Cybersecurity Risk Management Process

The Company relies extensively on IT systems to operate and manage its business and process transactions. As a result, our business is at risk from, and may be impacted by, cybersecurity incidents. The Company's cybersecurity risk management program leverages the National Institute of Standards and Technology ("NIST") Cybersecurity Framework.

As risk management is an ongoing process, the Company regularly assesses its cybersecurity risks and adjusts its program accordingly. Via multiple monitoring solutions, potential cyber threats are automatically logged and proactively addressed. Our monitoring tools use well-established vulnerability scoring to aid in the overall risk assessment. The scoring ranks by potential severity and likelihood and includes a review of mitigating factors. The Company prioritizes its cybersecurity investments based on the likelihood and impact of potential threats.

From onboarding and at least annually thereafter, the Company educates and trains its workforce on cybersecurity leading practices using a variety of methods. The Company regularly performs internal and external penetration testing and vulnerability scanning with the support of well-established third-party providers. Any identified deficiencies or vulnerabilities are reviewed by the IT staff and management and remediation steps are taken based on the criticality of the results.

Cybersecurity tools and services are configured to identify threats and risks that may be associated with the use of third-party applications or solutions.

The Company has developed incident response plans to contain, investigate, respond to and recover from cybersecurity incidents. Our response plans require prompt notification to members of senior management in the event of a significant cybersecurity incident and prompt briefings on further developments as appropriate.

Risks And Impact From Cybersecurity Threats

To date, we are not aware of any risks from cybersecurity threats or incidents that have materially affected or are reasonably likely to materially affect the Company, including our business strategy, results of operations or financial condition. However, evolving cybersecurity threats make it increasingly challenging to anticipate, detect, and defend against cybersecurity threats and incidents. For more information regarding our cybersecurity risks, refer to Item 1A. "Risk Factors – We and our tenants face risks related to cybersecurity attacks that could cause loss of confidential information and other business disruptions." included elsewhere within this Annual Report on Form 10-K.

Board of Trustees Oversight

Our Board of Trustees oversees various risks that the Company may face from time to time. While the full Board of Trustees has primary responsibility for risk oversight, it has delegated to the Audit Committee the responsibility for overseeing the Company's enterprise risk management and risk mitigation policies and programs, including matters related to privacy and cybersecurity. The Audit Committee reviews the Company's cybersecurity risks and the effectiveness of its cybersecurity program every quarter. Reports on these topics are provided to the Audit Committee by the Senior Vice President, Chief Technology Officer and the Vice President, Internal Audit and Enterprise Risk Management on a quarterly basis. In addition, when appropriate, cybersecurity risks and incidents will be reported to the Board of Trustees by the Company's Chief Financial Officer.

Management's Role

The Company's management team is responsible for implementing and managing the Company's cybersecurity risk management program. The management team regularly reviews the Company's cybersecurity risks and adjusts the program as needed. Risk data analyzed includes summary and detailed data from monitoring and protection systems along with remediation reports to ensure the constant evolution of the program.

Key members of the IT team responsible for information security include several individuals with over 20 years of experience within various industries including real estate, global retail, fintech and insurance along with experience working for several top IT service and solutions providers.

The IT team provides quarterly reports to the Company's senior management. Such reports typically address, among other things, the Company's cybersecurity strategy, initiatives, key security metrics, business response plans, and the evolving cybersecurity threat landscape.

The Company has cybersecurity insurance designed to cover certain expenses relating to cybersecurity incidents. The Company also carries other insurance that may cover ancillary aspects of a cybersecurity incident; however, damage and claims arising from a cybersecurity incident may exceed the amount of any insurance available.

ITEM 2. PROPERTIES

As of December 31, 2023, we owned interests in a portfolio of 180 operating retail properties totaling approximately 28.1 million square feet and one office property with 0.3 million square feet in 24 states. Of the 180 operating retail properties, 10 contain an office component. We also own interests in two development projects under construction as of December 31, 2023 and an additional two properties with future redevelopment opportunities. See “Schedule III – Consolidated Real Estate and Accumulated Depreciation” for a list of encumbrances on our properties.

Operating Properties

The following table summarizes the geographic diversity of the Company’s retail operating properties by region and state, ranked by ABR, as of December 31, 2023 (*GLA and ABR in thousands*):

Region/State	Number of Properties ⁽¹⁾	Owned GLA/NRA ⁽²⁾	Total Weighted Retail ABR ⁽³⁾	% of Weighted Retail ABR ⁽³⁾
South				
Texas	44	7,492	\$ 153,000	26.4%
Florida	30	3,510	66,619	11.5%
Maryland	8	1,412	34,363	5.9%
North Carolina	8	1,535	32,856	5.7%
Virginia	7	1,130	31,252	5.4%
Georgia	10	1,707	26,335	4.5%
Tennessee	3	580	8,698	1.5%
Oklahoma	3	505	8,300	1.4%
South Carolina	2	262	3,551	0.6%
Total South	115	18,133	364,974	62.9%
West				
Washington	10	1,661	30,606	5.3%
Nevada	5	845	28,184	4.9%
Arizona	5	726	15,829	2.7%
California	2	530	12,417	2.1%
Utah	2	388	8,062	1.4%
Total West	24	4,150	95,098	16.4%
Midwest				
Indiana	15	1,636	30,753	5.3%
Illinois	8	1,163	24,736	4.3%
Michigan	1	308	6,542	1.1%
Missouri	1	453	4,048	0.7%
Ohio	1	236	2,152	0.4%
Total Midwest	26	3,796	68,231	11.8%
Northeast				
New York	8	1,083	30,873	5.3%
New Jersey	4	340	11,256	1.9%
Massachusetts	1	264	4,167	0.7%
Connecticut	1	206	3,645	0.6%
Pennsylvania	1	136	1,982	0.4%
Total Northeast	15	2,029	51,923	8.9%
Total	180	28,108	\$ 580,226	100.0%

- (1) Number of properties represents consolidated and unconsolidated retail properties.
- (2) Owned GLA/NRA represents gross leasable area owned by the Company and excludes the square footage of development and redevelopment projects.
- (3) Total weighted retail ABR and percent of weighted retail ABR includes ground lease rent and represents the Company’s share of the ABR at consolidated and unconsolidated properties.

Development and Redevelopment Projects

In addition to our operating properties, as of December 31, 2023, we owned an interest in two development projects currently under construction. The following table sets forth information with respect to the Company's active development projects as of December 31, 2023 (dollars in thousands):

Project	MSA	KRG Ownership %	Projected Completion Date ⁽¹⁾	Total Commercial GLA	Total Multifamily Units	Total Project Costs – at KRG's Share ⁽²⁾	KRG Equity Requirement ⁽²⁾	KRG Remaining Spend	Estimated Stabilized NOI to KRG	Estimated Remaining NOI to Come Online ⁽³⁾
Carillon MOB	Washington, D.C./ Baltimore	100%	Q4 2024	126,000	—	\$ 59,700	\$ 59,700	\$ 30,100	\$3.5M–\$4.0M	\$1.0M–\$1.5M
The Corner – IN ⁽⁴⁾	Indianapolis, IN	50%	Q4 2024	24,000	285	31,900	—	—	\$1.7M–\$1.9M	\$1.7M–\$1.9M
Total				150,000	285	\$ 91,600	\$ 59,700	\$ 30,100	\$5.2M–\$5.9M	\$2.7M–\$3.4M

(1) Projected completion date represents the earlier of one year after completion of project construction or substantial occupancy of the property.

(2) Total project costs and KRG equity requirement for Carillon MOB represent costs to KRG post-merger and exclude any costs spent to date prior to the merger with RPAL.

(3) Estimated remaining NOI to come online excludes in-place NOI and NOI related to tenants that have signed leases but have not yet commenced paying rent.

(4) The Company does not have any equity requirements related to this development. Total project costs are at KRG's share and are net of KRG's share of a \$13.5 million TIF.

Tenant Diversification

No individual retail tenant accounted for more than 2.7% of the portfolio's ABR for the year ended December 31, 2023. The following table summarizes the top 25 tenants at the Company's retail properties based on minimum rents in place as of December 31, 2023 (GLA and dollars in thousands):

Tenant	Primary DBA/ Number of Stores	Number of Stores ⁽¹⁾	Total Leased GLA/NRA ⁽²⁾	ABR ⁽³⁾	% of Weighted ABR ⁽⁴⁾

Total Top Tenants		442	10,235	\$ 165,852	28.6%

- (1) Number of stores represents stores at consolidated and unconsolidated properties.
- (2) Total leased GLA/NRA excludes the square footage of structures located on land owned by the Company and ground-leased to tenants.
- (3) ABR represents the monthly contractual rent for December 31, 2023 for each applicable tenant multiplied by 12 and does not include tenant reimbursements. ABR represents 100% of the ABR at consolidated properties and the Company's share of the ABR at unconsolidated properties including ground lease rent.
- (4) Percent of weighted ABR includes ground lease rent and represents the Company's share of the ABR at consolidated and unconsolidated properties.

Lease Expirations

In 2024, leases representing 8.3% of total retail ABR are scheduled to expire. The following table summarizes the scheduled lease expirations for retail tenants as of December 31, 2023, assuming none of the tenants exercise renewal options (*dollars in thousands, except per square foot data*):

	Number of Expiring Leases ⁽¹⁾	Expiring Retail GLA ⁽²⁾			Expiring ABR per Sq. Ft. ⁽³⁾				
		Shop Tenants	Anchor Tenants	Expiring ABR (Pro rata)	Expiring Ground Lease ABR (Pro rata)	% of Total ABR (Pro rata)	Shop Tenants	Anchor Tenants	Total
2024	485	1,167,418	898,001	\$ 47,440	\$ 582	8.3%	\$ 31.45	\$ 12.96	\$ 23.41

2031	152	413,549	614,162	23,544	2,331	4.5%	33.14	16.19	23.01
2032	169	415,594	1,003,118	28,095	328	4.9%	32.57	14.95	20.11
2033	191	501,328	709,077	28,287	3,778	5.5%	34.15	15.81	23.41
Beyond	178	326,476	1,318,471	37,164	5,727	7.4%	38.88	18.56	22.59
	3,795	8,810,613	17,587,039	\$ 541,113	\$ 39,113	100.0%	\$ 32.74	\$ 14.67	\$ 20.70

- (1) Lease expirations table reflects rents in place as of December 31, 2023 and does not include option periods; 2024 expirations include 51 month-to-month retail tenants. This column also excludes ground leases.
- (2) Expiring GLA excludes the square footage of structures located on land owned by the Company and ground-leased to tenants.
- (3) ABR represents the monthly contractual rent as of December 31, 2023 for each applicable tenant multiplied by 12. Excludes tenant reimbursements and ground lease revenue.

Lease Activity – New and Renewal

During 2023, the Company executed new and renewal leases on 740 individual spaces totaling 4.9 million square feet (14.3% cash leasing spread on 552 comparable leases). New leases were signed on 218 individual spaces for 1.1 million square feet of GLA (41.3% cash leasing spread on 107 comparable leases), while non-option renewal leases were signed on 310 individual spaces for 1.2 million square feet of GLA (13.0% cash leasing spread on 233 comparable leases) and option renewals were signed on 212 individual spaces for 2.6 million square feet of GLA (8.1% cash leasing spread). The blended cash spreads for comparable new and non-option renewal leases were 22.7%. Comparable new and renewal leases are defined as those for which the space was occupied by a tenant within the last 12 months.

ITEM 3. LEGAL PROCEEDINGS

We are not subject to any material litigation nor, to management's knowledge, is any material litigation currently threatened against us. We are parties to routine litigation, claims, and administrative proceedings arising in the ordinary course of business. Management believes that such matters will not have a material adverse impact on our consolidated financial condition, results of operations or cash flows taken as a whole.

ITEM 4. MINE SAFETY DISCLOSURES

Not applicable.

PART II

ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY, RELATED SHAREHOLDER MATTERS AND ISSUER PURCHASES OF EQUITY SECURITIES

Market Information

Our common shares trade on the New York Stock Exchange (the "NYSE") under the symbol "KRG." On February 14, 2024, the closing price of our common shares on the NYSE was \$21.18.

Holdings

On February 14, 2024, there were 9,468 registered holders of record of our common shares, which does not include beneficial or non-registered holders that held their shares through various brokerage firms. This figure does not represent the actual number of beneficial owners of our common shares because our common shares are frequently held in "street name" by securities dealers and others for the benefit of beneficial owners who may vote the shares.

Distributions, if any, will be declared and paid at the discretion of our Board of Trustees and will depend upon a number of factors, including the amount of cash generated by operating activities, our financial condition, capital requirements, annual distribution requirements under the REIT provisions of the Code, and such other factors as our Board of Trustees deem relevant.

Distributions by us to the extent of our current and accumulated earnings and profits for U.S. federal income tax purposes will be taxable to shareholders as either ordinary dividend income or capital gain income if so declared by us. Distributions in excess of taxable earnings and profits generally will be treated as a non-taxable return of capital. These distributions, to the extent they do not exceed the shareholder's adjusted tax basis in its common shares, have the effect of deferring taxation until the sale of a shareholder's common shares. To the extent that distributions are both in excess of taxable earnings and profits and the shareholder's adjusted tax basis in its common shares, the distribution will be treated as gain from the sale of common shares. In order to maintain our qualification as a REIT, we must make annual distributions to shareholders of at least 90% of our "REIT taxable income" (determined before the deduction for dividends paid and excluding net capital gains) and we must make distributions to shareholders equal to 100% of our net taxable income to eliminate U.S. federal income tax liability. Under certain circumstances, we could be required to make distributions in excess of cash available for distributions in order to meet such requirements. For the taxable year ended December 31, 2023, approximately 90.6% of our distributions to shareholders constituted taxable ordinary income dividends and approximately 9.4% constituted taxable capital gains dividends.

Under our Revolving Facility, we are permitted to make distributions to our shareholders provided that no event of default exists. If an event of default exists, we may only make distributions sufficient to maintain our REIT status. However, we may not make any distributions if any event of default resulting from nonpayment or bankruptcy exists or if our obligations under the Revolving Facility are accelerated.

Issuer Repurchases; Unregistered Sales of Securities

From time to time, certain of our employees surrender common shares owned by them to satisfy their statutory minimum U.S. federal and state tax obligations associated with the vesting of restricted common shares of beneficial interest issued under the Company's 2013 Equity Incentive Plan, as amended and restated as of May 11, 2022, which are repurchased by the Company. There were no shares of common stock surrendered or repurchased during the three months ended December 31, 2023.

As of December 31, 2023, \$300.0 million remained available for repurchases under the Company's authorized Share Repurchase Program, which was announced in February 2021. In April 2022, the Company's Board of Trustees increased the size of the program from \$150.0 million to \$300.0 million and in February 2024, extended the program for an additional year. The program may be suspended or terminated at any time by the Company and will terminate on February 28, 2025, if not terminated or extended prior to that date.

Issuances Under Equity Compensation Plans

For information regarding the securities authorized for issuance under our equity compensation plans, see Item 12 of this Annual Report on Form 10-K.

Performance Graph

Notwithstanding anything to the contrary set forth in any of our filings under the Securities Act or the Exchange Act that might incorporate SEC filings, in whole or in part, the following performance graph will not be incorporated by reference into any such filings.

The following graph compares the cumulative total shareholder return of our common shares for the period from December 31, 2018 to December 31, 2023, to the S&P 500 Index and the published NAREIT All Equity REIT Index over the same period. The graph assumes that the value of the investment in our common shares and each index was \$100 at December 31, 2018 and that all cash distributions were reinvested. The shareholder return shown on the graph below is not indicative of future performance.

COMPARISON OF 5-YEAR CUMULATIVE TOTAL RETURN
Among Kite Realty Group Trust, the S&P 500 Index
and the FTSE NAREIT Equity REITs Index

The actual returns shown on the graph above are as follows:

	12/18	6/19	12/19	6/20	12/20	6/21	12/21	6/22	12/22	6/23	12/23

ITEM 6. [RESERVED]

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in conjunction with the accompanying audited consolidated financial statements and related notes thereto and Item 1A. "Risk Factors" appearing elsewhere in this Annual Report on Form 10-K. In this discussion, unless the context suggests otherwise, references to "our Company," "we," "us," and "our" mean Kite Realty Group Trust and its direct and indirect subsidiaries, including Kite Realty Group, L.P.

Overview

In the following overview, we discuss, among other things, the status of our business and properties, the effect that current U.S. economic conditions is having on our retail tenants and us, and the current state of the financial markets and how it impacts our financing strategy.

Our Business and Properties

Kite Realty Group Trust is a publicly held REIT that, through its majority-owned subsidiary, Kite Realty Group, L.P., owns interests in various operating subsidiaries and joint ventures engaged in the ownership, operation, acquisition, development, and redevelopment of high-quality, open-air shopping centers and mixed-use assets that are primarily grocery-anchored and located in high-growth Sun Belt markets and select strategic gateway markets in the United States. Following our merger with RPAI in 2021, we became a top-five open-air shopping center REIT based upon market capitalization. We derive our revenue primarily from the collection of contractual rents and reimbursement payments from tenants under existing lease agreements at each of our properties. Therefore, our operating results depend materially on, among other things, the ability of our tenants to make required lease payments, the health and resilience of the U.S. retail sector, interest rate volatility, stability in the banking sector, job growth, the real estate market, and overall economic conditions.

As of December 31, 2023, we owned interests in 180 operating retail properties totaling approximately 28.1 million square feet and one office property with 0.3 million square feet. Of the 180 operating retail properties, 10 contain an office component. We also owned two development projects under construction as of this date and an additional two properties with future redevelopment opportunities.

Inflation

We believe inflationary concerns could negatively impact consumer confidence and spending and our tenants' sales and overall health. This could, in turn, continue to put downward pricing pressure on rents that we are able to charge to new or renewing tenants, such that future rent spreads and, in some cases, our percentage rents, could be adversely impacted. Many of our leases contain provisions designed to mitigate the adverse impact of inflation, including stated rent increases and requirements for tenants to pay a share of operating expenses, including common area maintenance, real estate taxes, insurance or other operating expenses related to the maintenance of our properties, with escalation clauses in certain leases. In 2023, we have made significant improvements converting leases to higher fixed rent bumps and including CPI protection. However, the stated rent increases or limits on such tenant's obligation to pay its share of operating expenses could be lower than the increase in inflation at any given time. Inflation may also increase labor or other general and administrative expenses that cannot be easily reduced.

Portfolio Update

In 2023, demand for open-air retail real estate was strong due to the limited availability of desirable retail space and limited new construction over the previous 15 years. As a result, we experienced our highest quarterly new leasing activity in the Company's history in the fourth quarter with over 380,000 square feet of new leasing volume. Open-air centers are thriving for a variety of reasons including their ability to function as last mile fulfillment centers and their convenient and affordable nature for retailers and consumers. This includes conveniently located and easily accessible parking fields, lower operating costs as compared to other retail formats, and essential anchors that drive daily trips. In addition, the Company's property types are particularly suited for retailers' current and evolving needs, including curbside pick-up and buying online and picking up in store ("BOPIS"), which we believe will benefit from tenant demand for additional space. The strength of the Company's real estate is further evidenced by our continued strong cash leasing spreads and ABR for the retail portfolio of \$20.70 per square foot. The Company has continued to improve its asset quality and through the October 2021 merger with RPAI acquired a refined portfolio of high-quality, open-air shopping centers and mixed-use assets.

In evaluating potential acquisition, development, and redevelopment opportunities, we look for strong sub-markets where average household income, educational attainment, population density, traffic counts and daytime workforce populations are above the broader market average. We also focus on locations that are benefiting from current population migratory patterns, namely major cities in business-friendly states with no or relatively low income taxes, and mild or temperate climates. In our largest sub-markets, household incomes are significantly higher and state income taxes are relatively lower than the medians for the broader markets.

In addition to targeting sub-markets with strong consumer demographics, we focus on having the most desirable tenant mix at each shopping center. We have aggressively targeted and executed leases with prominent grocers including Publix, Lidl, Aldi, Whole Foods, Trader Joe’s, Sprouts Farmers Market, and The Fresh Market, expanding retailers such as T.J. Maxx, HomeGoods, Ross Dress for Less, Burlington, Old Navy, J.Crew Factory, Dick’s Sporting Goods, and pOpshel, service and restaurant retailers and other retailers such as Ulta Beauty, REI, Five Below and Total Wine & More. Additionally, we have identified cost-efficient ways to relocate, re-tenant and renegotiate leases at several of our properties, which allows us to attract more suitable tenants.

Capital and Financing Activities

In 2023, we maintained a conservative balance sheet and improved our liquidity to fund future growth. We ended 2023 with approximately \$1.1 billion of combined cash and borrowing capacity on the Revolving Facility. In addition, as of December 31, 2023, we had \$269.6 million of debt principal scheduled to mature through December 31, 2024, which we expect will be satisfied with proceeds from the Notes Due 2034 that were issued in January 2024.

The three investment grade credit ratings we maintain provide us with access to the unsecured public bond market, which we may continue to use in the future to finance acquisitions, repay maturing debt and fix interest rates.

Results of Operations

As of December 31, 2023, we owned interests in 180 operating retail properties, one office property, two development projects currently under construction, and two additional properties with future redevelopment opportunities. The following table sets forth the total operating properties and development projects we owned as of December 31, 2023, 2022 and 2021:

	Number of Properties		
	2023	2022	2021
Operating retail properties ⁽¹⁾	180	183	180
Office properties	1	1	1
Active development and redevelopment projects	2	3	8
Future development and redevelopment opportunities	2	1	1

(1) Included within operating retail properties are 10, 11, and 11 properties that contain an office component as of December 31, 2023, 2022 and 2021, respectively.

The comparability of results of operations for the year ended December 31, 2023 is affected by our development, redevelopment, and operating property acquisition and disposition activities between 2021 through 2023. Therefore, we believe it is most useful to review the comparisons of our results of operations for these years (as set forth below under “Comparison of Operating Results for the Years Ended December 31, 2023 and 2022”) in conjunction with the discussion of our activities during those periods, which is set forth below.

Acquisitions

In addition to the 100 properties acquired in the October 2021 merger with RPAI, the following operating properties were acquired during the years ended December 31, 2023, 2022 and 2021:

Property Name	MSA	Acquisition Date	GLA
Nora Plaza outparcel	Indianapolis, IN	December 22, 2021	23,722
Pebble Marketplace	Las Vegas, NV	February 16, 2022	85,796
MacArthur Crossing two-tenant building	Dallas, TX	April 13, 2022	56,077
Palms Plaza	Miami, FL	July 15, 2022	68,976
Prestonwood Place	Dallas, TX	September 22, 2023	155,975

Dispositions

The following operating and other properties were sold during the years ended December 31, 2023, 2022 and 2021:

Property Name	MSA	Disposition Date	GLA
Westside Market	Dallas, TX	October 26, 2021	93,377
Plaza Del Lago ⁽¹⁾	Chicago, IL	June 16, 2022	100,016
Lincoln Plaza – Lowe's ⁽²⁾	Worcester, MA	October 27, 2022	—
Kingwood Commons	Houston, TX	May 8, 2023	158,172
Pan Am Plaza & Garage	Indianapolis, IN	June 8, 2023	—
Reisterstown Road Plaza	Baltimore, MD	September 11, 2023	376,683
Eastside	Dallas, TX	October 24, 2023	43,640

- (1) Plaza Del Lago also contains 8,800 square feet of residential space comprised of 18 multifamily rental units.
- (2) We sold the ground lease interest in one tenant at an existing multi-tenant operating retail property. The total number of properties in our portfolio was not affected by this transaction.

Development and Redevelopment Projects

The following properties were under active development or redevelopment during portions of the years ended December 31, 2023, 2022 and 2021 and removed from our operating portfolio during such period:

Project Name	MSA	Transition to Development or Redevelopment ⁽¹⁾	Transition to Operating Portfolio	GLA
Active Projects				
Carillon MOB ⁽²⁾	Washington, D.C.	October 2021	Pending	126,000
The Corner – IN ⁽²⁾	Indianapolis, IN	December 2015	Pending	24,000
Future Opportunities				
Hamilton Crossing Centre ⁽²⁾⁽³⁾	Indianapolis, IN	June 2014	Pending	92,283
Edwards Multiplex – Ontario ⁽²⁾	Los Angeles, CA	March 2023	Pending	124,614
Completed Projects				
Glendale Town Center	Indianapolis, IN	March 2019	December 2021	199,021
Eddy Street Commons – Phase III	South Bend, IN	September 2020	March 2022	18,600
Shoppes at Quarterfield	Baltimore, MD	October 2021	June 2022	58,000
One Loudoun Downtown – Pads G&H Residential	Washington, D.C.	October 2021	June 2022	—
Circle East	Baltimore, MD	October 2021	September 2022	82,000
One Loudoun Downtown – Pads G&H Commercial	Washington, D.C.	October 2021	December 2022	67,000
The Landing at Tradition – Phase II	Port St. Lucie, FL	September 2021	June 2023	39,900

- (1) Transition date represents the date the property was transferred from our operating portfolio into redevelopment status. For legacy RPAI projects, the transition date represents the later of the date of the closing of the merger (October 2021) and the date the project was transferred into redevelopment status.
- (2) This property has been identified as a redevelopment property and is not included in the operating portfolio or the same property pool. The redevelopment projects at Hamilton Crossing Centre and The Corner – IN will include the creation of a mixed-use development.
- (3) Approximately half of the Hamilton Crossing site was sold in January 2022 to Republic Airways Inc. In addition to the sale, the Company entered into a development and construction management agreement for the development of a corporate campus for Republic Airways. Phase I of the corporate campus was completed in 2023.

Comparison of Operating Results for the Years Ended December 31, 2023 and 2022

The following table reflects changes in the components of our consolidated statements of operations for the years ended December 31, 2023 and 2022 (*in thousands*):

	Year Ended December 31,		Change
	2023	2022	
Revenue:			
Rental income	\$ 810,146	\$ 782,349	\$ 27,797
Other property-related revenue	8,492	11,108	(2,616)
Fee income	4,366	8,539	(4,173)
Total revenue	823,004	801,996	21,008
Expenses:			
Property operating	107,958	107,217	741
Real estate taxes	102,426	104,589	(2,163)
General, administrative and other	56,142	54,860	1,282
Merger and acquisition costs	—	925	(925)
Depreciation and amortization	426,361	469,805	(43,444)
Impairment charges	477	—	477
Total expenses	693,364	737,396	(44,032)
Gain on sales of operating properties, net	22,601	27,069	(4,468)
Operating income	152,241	91,669	60,572
Other (expense) income:			
Interest expense	(105,349)	(104,276)	(1,073)
Income tax expense of taxable REIT subsidiary	(533)	(43)	(490)
Equity in earnings of unconsolidated subsidiaries	33	256	(223)
Other income, net	1,991	240	1,751
Net income (loss)	48,383	(12,154)	60,537
Net income attributable to noncontrolling interests	(885)	(482)	(403)
Net income (loss) attributable to common shareholders	<u>\$ 47,498</u>	<u>\$ (12,636)</u>	<u>\$ 60,134</u>
Property operating expense to total revenue ratio	13.1%	13.4%	

Rental income (including tenant reimbursements) increased \$27.8 million, or 3.6%, due to the following (*in thousands*):

	Net change Year Ended December 31, 2022 to 2023
Properties or components of properties sold during 2022 or 2023	\$ (7,830)
Properties under redevelopment or acquired during 2022 and/or 2023	12,134
Properties fully operational during 2022 and 2023 and other	23,493
Total	<u>\$ 27,797</u>

The net increase of \$23.5 million in rental income for properties that were fully operational during 2022 and 2023 is primarily due to (i) increases in base minimum rent of \$14.7 million due to contractual rent changes and tenant reimbursements of \$2.9 million due to higher recoverable common area maintenance expenses, (ii) a decrease in bad debt expense of \$2.1 million, and (iii) increases in lease termination income of \$1.6 million, overage rent of \$1.2 million due to improved tenant performance, and \$1.0 million in ancillary income. The occupancy of the fully operational properties increased from 91.8% for 2022 to 92.0% for 2023.

We continued to experience strong leasing volumes in 2023 and generate higher base rent on new leases and renewals. The average base rents for new comparable leases signed in 2023 was \$27.53 per square foot compared to average expiring base rents of \$19.48 per square foot in that period. The average base rents for renewals signed in 2023 was \$18.10 per square foot

compared to average expiring base rents of \$16.74 per square foot in that period. For the entire portfolio, the spread between leased and occupied square footage is approximately 280 basis points and represents approximately \$31.0 million of NOI, the majority of which is expected to come online in 2024. In addition, the ABR per square foot of our operating retail portfolio continued to improve, as it increased to \$20.70 per square foot as of December 31, 2023 from \$20.02 per square foot as of December 31, 2022.

Other property-related revenue primarily consists of parking revenues, gains on the sale of land and other miscellaneous activity. This revenue decreased by \$2.6 million primarily as a result of lower gains on sales of undepreciated assets of \$2.8 million recognized during the year ended December 31, 2023 and a decrease in parking revenue of \$1.3 million due to the sale of Pan Am Plaza Garage in June 2023, partially offset by an increase in miscellaneous income of \$1.5 million.

We recorded fee income of \$4.4 million and \$8.5 million during the years ended December 31, 2023 and 2022, respectively, from property management and development services provided to third parties and unconsolidated joint ventures. The decrease in fee income is primarily due to a decrease in development fees earned related to the development of a corporate campus for Republic Airways at Hamilton Crossing Centre.

Property operating expenses increased \$0.7 million, or 0.7%, due to the following (*in thousands*):

	Net change Year Ended December 31, 2022 to 2023
Properties or components of properties sold during 2022 or 2023	\$ (2,227)
Properties under redevelopment or acquired during 2022 and/or 2023	1,236
Properties fully operational during 2022 and 2023 and other	1,732
Total	<u>\$ 741</u>

The net increase of \$1.7 million in property operating expenses for properties that were fully operational during 2022 and 2023 is primarily due to increases of (i) \$3.3 million in non-recoverable operating expenses, the majority of which relates to vacancies caused by retailer bankruptcies, (ii) \$0.4 million in landscaping and repairs and maintenance expenses, and (iii) \$0.2 million in security expenses, partially offset by a \$3.0 million decrease in insurance expense. As a percentage of revenue, property operating expenses decreased from 13.4% to 13.1% primarily due to an increase in revenue in 2023.

Real estate taxes decreased \$2.2 million, or 2.1%, due to the following (*in thousands*):

	Net change Year Ended December 31, 2022 to 2023
Properties or components of properties sold during 2022 or 2023	\$ (1,854)
Properties under redevelopment or acquired during 2022 and/or 2023	2,001
Properties fully operational during 2022 and 2023 and other	(2,310)
Total	<u>\$ (2,163)</u>

The net decrease of \$2.3 million in real estate taxes for properties that were fully operational during 2022 and 2023 is primarily due to a decrease in real estate tax assessments at certain properties in the portfolio in 2023, most notably for certain of our Texas and Illinois properties. The majority of real estate tax expense is recoverable from tenants and such recovery is reflected within rental income.

General, administrative and other expenses increased \$1.3 million, or 2.3%, primarily due to an increase in transportation expenses and consulting fees, partially offset by a decrease in legal expenses and payroll costs due to lower head count.

The Company did not incur any significant merger and acquisition costs related to the October 2021 merger with RPAI during the year ended December 31, 2023. The Company incurred \$0.9 million of merger and acquisition costs during the year ended December 31, 2022, primarily consisting of professional fees and technology costs.

Depreciation and amortization expense decreased \$43.4 million, or 9.2%, due to the following (*in thousands*):

	Net change Year Ended December 31, 2022 to 2023
Properties or components of properties sold during 2022 or 2023	\$ (9,444)
Properties under redevelopment or acquired during 2022 and/or 2023	6,218
Properties fully operational during 2022 and 2023 and other	(40,218)
Total	<u>\$ (43,444)</u>

The net increase of \$6.2 million in depreciation and amortization at properties under redevelopment or acquired during 2022 and 2023 is primarily due to the reclassification of Edwards Multiplex – Ontario into redevelopment in March 2023 along with the acquisitions of Palms Plaza in July 2022 and Prestonwood Place in September 2023. The net decrease of \$40.2 million in depreciation and amortization at properties that were fully operational during 2022 and 2023 is primarily due to certain assets with shorter useful lives acquired in the October 2021 merger with RPAI that became fully depreciated during the prior year.

Based on the results of our evaluations for impairment, we recorded a \$0.5 million impairment charge during the year ended December 31, 2023 related to Eastside, a retail operating property in the Dallas MSA that qualified for held-for-sale accounting treatment as of September 30, 2023 and was sold on October 24, 2023. No impairment charges were recorded during the year ended December 31, 2022.

We recorded a net gain on sales of operating properties of \$22.6 million for the year ended December 31, 2023 on the sale of Kingwood Commons, the undeveloped land and related parking garage at Pan Am Plaza, Reisterstown Road Plaza, and Eastside compared to a net gain of \$27.1 million on the sale of Plaza Del Lago, a portion of Hamilton Crossing Centre and the ground lease interest in Lowe’s at Lincoln Plaza for the year ended December 31, 2022.

Interest expense increased \$1.1 million, or 1.0%, primarily due to higher interest costs related to our variable rate debt, including borrowings on the Revolving Facility that were used to repay mortgages payable at maturity, partially offset by favorable interest rate swaps.

Management’s discussion of the financial condition, changes in financial condition and results of operations for the year ended December 31, 2022, with comparison to the year ended December 31, 2021, was included in Item 7. “Management’s Discussion and Analysis of Financial Condition and Results of Operations” of our Annual Report on Form 10-K for the year ended December 31, 2022.

Net Operating Income and Same Property Net Operating Income

We use property net operating income (“NOI”), a non-GAAP financial measure, to evaluate the performance of our properties. We define NOI as income from our real estate, including lease termination fees received from tenants, less our property operating expenses. NOI excludes amortization of capitalized tenant improvement costs and leasing commissions and certain corporate level expenses, including merger and acquisition costs. We believe that NOI is helpful to investors as a measure of our operating performance because it excludes various items included in net income that do not relate to or are not indicative of our operating performance, such as depreciation and amortization, interest expense, and impairment, if any.

We also use same property NOI (“Same Property NOI”), a non-GAAP financial measure, to evaluate the performance of our properties. Same Property NOI is net income excluding properties that have not been owned for the full periods presented. Same Property NOI also excludes (i) net gains from outlot sales, (ii) straight-line rent revenue, (iii) lease termination income in excess of lost rent, (iv) amortization of lease intangibles, and (v) significant prior period expense recoveries and adjustments, if any. When we receive payments in excess of any accounts receivable for terminating a lease, Same Property NOI will include such excess payments as monthly rent until the earlier of the expiration of 12 months or the start date of a replacement tenant. We believe that Same Property NOI is helpful to investors as a measure of our operating performance because it includes only the NOI of properties that have been owned for the full periods presented. We believe such presentation eliminates disparities in net income due to the acquisition or disposition of properties during the particular periods presented, and thus provides a more consistent metric for the comparison of our properties. Same Property NOI includes the results of properties that have been owned for the entire current and prior year reporting periods.

NOI and Same Property NOI should not, however, be considered as alternatives to net income (calculated in accordance with GAAP) as indicators of our financial performance. Our computation of NOI and Same Property NOI may differ from the methodology used by other REITs and, therefore, may not be comparable to such other REITs.

When evaluating the properties that are included in the same property pool, we have established specific criteria for determining the inclusion of properties acquired or those recently under development. An acquired property is included in the same property pool when there is a full quarter of operations in both years subsequent to the acquisition date. Development and redevelopment properties are included in the same property pool four full quarters after the properties have been transferred to the operating portfolio. A redevelopment property is first excluded from the same property pool when the execution of a redevelopment plan is likely and we (a) begin recapturing space from tenants or (b) the contemplated plan significantly impacts the operations of the property.

For the year ended December 31, 2023, the same property pool excludes the following:

- properties acquired or placed in service during 2022 and 2023;
- the multifamily rental units and commercial portion at One Loudoun Downtown – Pads G & H;
- Shoppes at Quarterfield, Circle East and The Landing at Tradition – Phase II, which were reclassified from active redevelopment into our operating portfolio in June 2022, September 2022 and June 2023, respectively;
- our active development and redevelopment projects at Carillon medical office building and The Corner – IN;
- Hamilton Crossing Centre and Edwards Multiplex – Ontario, which were reclassified from our operating portfolio into redevelopment in June 2014 and March 2023, respectively;
- properties sold or classified as held for sale during 2022 and 2023; and
- office properties.

The following table presents Same Property NOI and a reconciliation to net income (loss) attributable to common shareholders for the years ended December 31, 2023 and 2022 (unaudited) (*dollars in thousands*):

	Year Ended December 31,		
	2023	2022	Change
Number of properties in same property pool for the period ⁽¹⁾	175	175	
Leased percentage at period end ⁽²⁾	94.0%	95.4%	
Economic occupancy percentage at period end ⁽²⁾	91.2%	92.5%	
Economic occupancy percentage ⁽³⁾	92.0%	91.8%	
Same Property NOI	\$ 555,396	\$ 530,021	4.8%
<i>Reconciliation of Same Property NOI to most directly comparable GAAP measure:</i>			
Net operating income – same properties	\$ 555,396	\$ 530,021	
Net operating income – non-same activity ⁽⁴⁾	52,858	51,630	
Total property NOI	608,254	581,651	4.6%
Other income, net	5,857	8,992	
General, administrative and other	(56,142)	(54,860)	
Merger and acquisition costs	—	(925)	
Impairment charges	(477)	—	
Depreciation and amortization	(426,361)	(469,805)	
Interest expense	(105,349)	(104,276)	
Gain on sales of operating properties, net	22,601	27,069	
Net income attributable to noncontrolling interests	(885)	(482)	
Net income (loss) attributable to common shareholders	<u>\$ 47,498</u>	<u>\$ (12,636)</u>	

- (1) Same Property NOI excludes the following: (i) properties acquired or placed in service during 2022 and 2023; (ii) the multifamily rental units and commercial portion at One Loudoun Downtown – Pads G & H, (iii) Shoppes at Quarterfield, Circle East and The Landing at Tradition – Phase II, which were reclassified from active redevelopment into our operating portfolio in June 2022, September 2022 and June 2023, respectively, (iv) our active development and redevelopment projects at Carillon medical office building and The Corner – IN, (v) Hamilton Crossing Centre and Edwards Multiplex – Ontario, which were reclassified from our operating portfolio into redevelopment in June 2014 and March 2023, respectively; (vi) properties sold or classified as held for sale during 2022 and 2023; and (vii) office properties.
- (2) Decrease in leased and economic occupancy percentages is primarily attributable to the Bed Bath & Beyond Inc. bankruptcy.
- (3) Excludes leases that are signed but for which tenants have not yet commenced the payment of cash rent; calculated as a weighted average based on the timing of cash rent commencement and expiration during the period.
- (4) Includes non-cash activity across the portfolio as well as NOI from properties not included in the same property pool, including properties sold during both periods.

Our Same Property NOI increased 4.8% in 2023 compared to 2022 primarily due to contractual rent growth, higher base rent driven by positive new and renewal leasing spreads, lower bad debt expense, and an increase in overage rent from certain tenants.

Funds From Operations

Funds from Operations (“FFO”) is a widely used performance measure for real estate companies and is provided here as a supplemental measure of our operating performance. We calculate FFO, a non-GAAP financial measure, in accordance with the best practices described in the April 2002 National Policy Bulletin of the National Association of Real Estate Investment Trusts (“NAREIT”), as restated in 2018. The NAREIT white paper defines FFO as net income (calculated in accordance with GAAP), excluding (i) depreciation and amortization related to real estate, (ii) gains and losses from the sale of certain real estate assets, (iii) gains and losses from change in control, and (iv) impairment write-downs of certain real estate assets and investments in entities when the impairment is directly attributable to decreases in the value of depreciable real estate held by the entity.

Considering the nature of our business as a real estate owner and operator, the Company believes that FFO is helpful to investors in measuring our operational performance because it excludes various items included in net income that do not relate to or are not indicative of our operating performance, such as gains or losses from sales of depreciated property and depreciation and amortization, which can make periodic and peer analyses of operating performance more difficult. FFO excludes the 2021 gain on sale of the ground lease portfolios as these sales were part of our capital strategy distinct from our ongoing operating strategy of selling individual land parcels from time to time. FFO (a) should not be considered as an alternative to net income (calculated in accordance with GAAP) for the purpose of measuring our financial performance, (b) is not an alternative to cash flow from operating activities (calculated in accordance with GAAP) as a measure of our liquidity, and (c) is not indicative of funds available to satisfy our cash needs, including our ability to make distributions. Our computation of FFO may not be comparable to FFO reported by other REITs that do not define the term in accordance with the current NAREIT definition or that interpret the current NAREIT definition differently than we do.

From time to time, the Company may report or provide guidance with respect to “FFO, as adjusted,” which removes the impact of certain non-recurring and non-operating transactions or other items the Company does not consider to be representative of its core operating results including, without limitation, (i) gains or losses associated with the early extinguishment of debt, (ii) gains or losses associated with litigation involving the Company that is not in the normal course of business, (iii) merger and acquisition costs, (iv) the impact on earnings from employee severance, (v) the excess of redemption value over carrying value of preferred stock redemption, and (vi) in 2022 and 2021, the impact of prior period bad debt or the collection of accounts receivable previously written off (“prior period collection impact”) due to the recovery from the COVID-19 pandemic, which are not otherwise adjusted in the Company’s calculation of FFO.

Our calculations of FFO and reconciliation to net income and FFO, as adjusted, for the years ended December 31, 2023, 2022 and 2021 (unaudited) are as follows (*dollars in thousands*):

	Year Ended December 31,		
	2023	2022	2021
Net income (loss)	\$ 48,383	\$ (12,154)	\$ (81,722)
Less: net income attributable to noncontrolling interests in properties	(257)	(623)	(514)
Less: gain on sales of operating properties, net	(22,601)	(27,069)	(31,209)
Add: impairment charges	477	—	—
Add: depreciation and amortization of consolidated and unconsolidated entities, net of noncontrolling interests	427,335	471,086	201,834
FFO of the Operating Partnership ⁽¹⁾	453,337	431,240	88,389
Less: Limited Partners' interests in FFO	(6,447)	(5,395)	(1,945)
FFO attributable to common shareholders ⁽¹⁾	<u>\$ 446,890</u>	<u>\$ 425,845</u>	<u>\$ 86,444</u>
FFO per share of the Operating Partnership – diluted	\$ 2.03	\$ 1.94	\$ 0.78
FFO of the Operating Partnership ⁽¹⁾	\$ 453,337	\$ 431,240	\$ 88,389
Add: merger and acquisition costs	—	925	86,522
Less: prior period collection impact	—	(2,556)	(3,707)
FFO, as adjusted, of the Operating Partnership	<u>\$ 453,337</u>	<u>\$ 429,609</u>	<u>\$ 171,204</u>
FFO, as adjusted, per share of the Operating Partnership – diluted	\$ 2.03	\$ 1.93	\$ 1.50

(1) “FFO of the Operating Partnership” measures 100% of the operating performance of the Operating Partnership’s real estate properties. “FFO attributable to common shareholders” reflects a reduction for the redeemable noncontrolling weighted average diluted interest in the Operating Partnership.

Earnings before Interest, Tax, Depreciation, and Amortization (“EBITDA”)

We define EBITDA, a non-GAAP financial measure, as net income before interest expense, income tax expense of the TRS, and depreciation and amortization. For informational purposes, we also provide Adjusted EBITDA, which we define as EBITDA less (i) Adjusted EBITDA from unconsolidated entities, (ii) gains on sales of operating properties or impairment charges, (iii) merger and acquisition costs, (iv) other income and expense, (v) noncontrolling interest Adjusted EBITDA, and (vi) other non-recurring activity or items impacting comparability from period to period. Annualized Adjusted EBITDA is Adjusted EBITDA for the most recent quarter multiplied by four. Net Debt to Adjusted EBITDA is our share of net debt divided by Annualized Adjusted EBITDA. EBITDA, Adjusted EBITDA, Annualized Adjusted EBITDA and Net Debt to Adjusted EBITDA, as calculated by us, are not comparable to EBITDA and EBITDA-related measures reported by other REITs that do not define EBITDA and EBITDA-related measures exactly as we do. EBITDA, Adjusted EBITDA and Annualized Adjusted EBITDA do not represent cash generated from operating activities in accordance with GAAP and should not be considered alternatives to net income as an indicator of performance or as alternatives to cash flows from operating activities as an indicator of liquidity.

Considering the nature of our business as a real estate owner and operator, we believe that EBITDA, Adjusted EBITDA and the ratio of Net Debt to Adjusted EBITDA are helpful to investors in measuring our operational performance because they exclude various items included in net income that do not relate to or are not indicative of our operating performance, such as gains or losses from sales of depreciated property and depreciation and amortization, which can make periodic and peer analyses of operating performance more difficult. For informational purposes, we also provide Annualized Adjusted EBITDA, adjusted as described above. We believe this supplemental information provides a meaningful measure of our operating performance. We believe presenting EBITDA and the related measures in this manner allows investors and other interested parties to form a more meaningful assessment of our operating results.

The following table presents a reconciliation of our EBITDA, Adjusted EBITDA and Annualized Adjusted EBITDA to net income (the most directly comparable GAAP measure) and a calculation of Net Debt to Adjusted EBITDA (*in thousands*):

	Three Months Ended December 31, 2023
Net income	\$ 8,164
Depreciation and amortization	102,898
Interest expense	27,235
Income tax expense of taxable REIT subsidiary	449
EBITDA	138,746
Unconsolidated Adjusted EBITDA	828
Gain on sales of operating properties, net	(133)
Other income and expense, net	(540)
Noncontrolling interests	(189)
Adjusted EBITDA	138,712
Annualized Adjusted EBITDA⁽¹⁾	\$ 554,849
Company share of Net Debt:	
Mortgage and other indebtedness, net	\$ 2,829,202
Plus: Company share of unconsolidated joint venture debt	55,911
Less: Partner share of consolidated joint venture debt ⁽²⁾	(9,849)
Less: cash, cash equivalents, and restricted cash	(43,986)
Less: debt discounts, premiums and issuance costs, net	(26,261)
Company share of Net Debt	\$ 2,805,017
Net Debt to Adjusted EBITDA	5.1x

(1) Represents Adjusted EBITDA for the three months ended December 31, 2023 (as shown in the table above) multiplied by four.

(2) Partner share of consolidated joint venture debt is calculated based upon the partner's pro rata ownership of the joint venture, multiplied by the related secured debt balance.

Liquidity and Capital Resources

Overview

Our primary finance and capital strategy is to maintain a strong balance sheet with sufficient flexibility to fund our operating and investment activities in a cost-effective manner. We consider a number of factors when evaluating our level of indebtedness and making decisions regarding additional borrowings or equity offerings, including the interest or dividend rate, the maturity date and the Company's debt maturity ladder, the impact of financial metrics such as overall Company leverage levels and coverage ratios, and the Company's ability to generate cash flow to cover debt service. We continuously monitor the capital markets and may consider raising additional capital through the issuance of our common or preferred shares, unsecured debt securities, or other securities.

As of December 31, 2023, we had approximately \$36.4 million in cash and cash equivalents on hand, \$5.0 million in restricted cash and escrow deposits, \$1.1 billion of remaining availability under the Revolving Facility, and \$269.6 million of debt maturities due in 2024. During the year ended December 31, 2023, we originated a 10-year \$95.1 million mortgage payable at a fixed interest rate of 5.36% secured by the multifamily rental portion of the expansion project at One Loudoun Downtown – Pads G & H and repaid the \$95.0 million principal balance of the 4.23% senior unsecured notes due 2023 using available cash on hand. In January 2024, we issued \$350.0 million aggregate principal amount of 5.50% senior unsecured notes due 2034, which we expect will be used to satisfy all 2024 debt maturities. We believe we will have adequate liquidity over the next 12 months and beyond to operate our business and meet our cash requirements.

We derive the majority of our revenue from tenants who lease space from us under existing lease agreements at each of our properties. Therefore, our ability to generate cash from operations is dependent on the rents that we are able to charge and collect from our tenants. While we believe that the nature of the properties in which we typically invest—primarily neighborhood and community shopping centers—provides a relatively stable revenue flow, an economic downturn, instability

in the banking sector, tenant bankruptcies, inflation, labor shortages, supply chain constraints, and/or increasing energy prices and interest rates, among other events, could adversely affect the ability of some of our tenants to meet their lease obligations.

Our Principal Capital Resources

For a discussion of cash generated from operations, see “Cash Flows” beginning on page 46. In addition to cash generated from operations, our other principal capital resources are discussed below.

Over the last several years, we have made substantial progress in enhancing our liquidity position and reducing our leverage and borrowing costs. We continue to focus on a balanced approach to growth and staggering debt maturities in order to retain our financial flexibility.

As of December 31, 2023, we had approximately \$1.1 billion available under the Revolving Facility for future borrowings. We also had \$36.4 million in cash and cash equivalents as of December 31, 2023.

We were in compliance with all applicable financial covenants under the Revolving Facility, unsecured term loans and senior unsecured notes as of December 31, 2023.

On November 16, 2021, the Company filed with the SEC a shelf registration statement on Form S-3, which is effective for a term of three years, relating to the offer and sale, from time to time, of an indeterminate amount of equity and debt securities. Equity securities may be offered and sold by the Parent Company, and the net proceeds of any such offerings would be contributed to the Operating Partnership in exchange for additional General Partner Units. Debt securities may be offered and sold by the Operating Partnership with the Operating Partnership receiving the proceeds. From time to time, we may issue securities under this shelf registration statement for general corporate purposes, which may include acquisitions of additional properties, repayment of outstanding indebtedness, capital expenditures, the expansion, redevelopment, and/or improvement of properties in our portfolio, working capital and other general purposes.

On February 23, 2021, the Company and the Operating Partnership entered into an Equity Distribution Agreement (the “Equity Distribution Agreement”) with each of BofA Securities, Inc., Citigroup Global Markets Inc., KeyBanc Capital Markets Inc. and Raymond James & Associates, Inc., pursuant to which the Company may sell, from time to time, up to an aggregate sales price of \$150.0 million of its common shares of beneficial interest, \$0.01 par value per share under an at-the-market offering program (the “ATM Program”). On November 30, 2021, the Company and the Operating Partnership amended the Equity Distribution Agreement to reflect their filing of a shelf registration statement on November 16, 2021 with the SEC. The Operating Partnership intends to use the net proceeds, if any, to repay borrowings under the Revolving Facility and other indebtedness and for working capital and other general corporate purposes. The Operating Partnership may also use the net proceeds for acquisitions of operating properties and the development or redevelopment of properties, although there are currently no understandings, commitments or agreements to do so. As of December 31, 2023, the Company has not sold any common shares under the ATM Program.

In the future, we will continue to monitor the capital markets and may consider raising additional capital through the issuance of our common or preferred shares or other securities. We may also raise capital by disposing of properties, land parcels or other assets that are no longer core components of our growth strategy. The sale price may differ from our carrying value at the time of sale.

Our Principal Liquidity Needs

Short-Term Liquidity Needs

Near-Term Debt Maturities. As of December 31, 2023, we had no secured debt, excluding scheduled monthly principal payments, and \$269.6 million of unsecured debt scheduled to mature in 2024. We believe we have sufficient liquidity to repay these obligations with proceeds from the Notes Due 2034, available cash on hand, and borrowings on the Revolving Facility.

Other Short-Term Liquidity Needs. The requirements for qualifying as a REIT and for a tax deduction for some or all of the dividends paid to shareholders necessitate that we distribute at least 90% of our taxable income on an annual basis. Such requirements cause us to have substantial liquidity needs over both the short and long term. Our short-term liquidity needs consist primarily of funds necessary to pay operating expenses associated with our operating properties, scheduled interest and principal payments on our debt of approximately \$125 million and \$5.1 million, respectively, in 2024, expected dividend payments to our common shareholders and common unitholders, and recurring capital expenditures.

In February 2024, our Board of Trustees declared a cash distribution of \$0.25 per common share and Common Unit for the first quarter of 2024, which is expected to be paid on April 12, 2024 to common shareholders and common unitholders of record as of April 5, 2024. Future distributions, if any, are at the discretion of the Board of Trustees, who will continue to evaluate our sources and uses of capital, liquidity position, operating fundamentals, maintenance of our REIT qualification and other factors they may deem relevant. We believe we have sufficient liquidity to pay any dividend from available cash on hand and borrowings on the Revolving Facility.

Other short-term liquidity needs include expenditures for tenant improvements, external leasing commissions and recurring capital expenditures. During the year ended December 31, 2023, we incurred \$26.9 million for recurring capital expenditures on operating properties and \$92.3 million for tenant improvements and external leasing commissions, which includes costs to release anchor space at our operating properties related to tenants open and operating as of December 31, 2023 (excluding development and redevelopment properties). We currently anticipate incurring approximately \$100 million of additional major tenant improvement costs related to leasing activity for space that is currently vacant at a number of our operating properties over the next 12 to 24 months. We believe we have the ability to fund these costs through cash flows from operations or borrowings on the Revolving Facility. In 2023, certain retailers have filed for bankruptcy protection including Bed Bath & Beyond Inc., a tenant that, as of December 31, 2022, occupied 613,000 square feet across 23 locations in our portfolio and generated \$8.3 million of annualized base rent. As part of its bankruptcy process, three of Bed Bath & Beyond's leases were acquired by other retailers and the remaining leases were rejected. Re-leasing costs may be significant for the leases that were rejected, and we could experience a significant reduction in our revenues from those properties over the next 12 to 18 months.

During the year ended December 31, 2023, we completed major development construction activities at The Landing at Tradition – Phase II and placed this project in service. In addition, we began redevelopment activities at Edwards Multiplex – Ontario and reclassified this property from our operating portfolio into redevelopment. As of December 31, 2023, we had development projects under construction at Carillon medical office building and The Corner – IN. Our share of total estimated costs for the two projects is \$91.6 million, of which our share of the expected funding requirement is estimated to be \$59.7 million. As of December 31, 2023, we have incurred \$29.6 million of these costs. We anticipate incurring the majority of the remaining costs for these projects over the next 12 months and believe we have the ability to fund these projects through cash flows from operations or borrowings on the Revolving Facility.

Share Repurchase Program

In February 2021, our Board of Trustees approved a share repurchase program under which the Company may repurchase, from time to time, up to an aggregate of \$150.0 million of its common shares. In April 2022, our Board of Trustees authorized a \$150.0 million increase to the size of the share repurchase program, authorizing share repurchases up to an aggregate of \$300.0 million of its common shares (the "Share Repurchase Program"). The Company intends to fund any future repurchases under the Share Purchase Program with cash on hand or availability under the Revolving Facility, subject to any applicable restrictions. The timing of share repurchases and the number of common shares to be repurchased under the Share Repurchase Program will depend upon prevailing market conditions, regulatory requirements, and other factors. In February 2024, the Company extended the Share Repurchase Program for an additional year to February 28, 2025, if not terminated or extended prior to that date. As of December 31, 2023, the Company has not repurchased any shares under the Share Repurchase Program.

Long-Term Liquidity Needs

Our long-term liquidity needs consist primarily of funds necessary to pay for any new development projects, redevelopment of existing properties, non-recurring capital expenditures, acquisitions of properties, payment of indebtedness at maturity and obligations under ground leases.

Selective Acquisitions, Developments and Joint Ventures. We may selectively pursue the acquisition, development and redevelopment of other properties, which would require additional capital. It is unlikely that we would have sufficient funds on hand to meet these long-term capital requirements; therefore, we would have to satisfy these needs through additional borrowings, sales of common or preferred shares, issuance of Operating Partnership units, cash generated through property dispositions and/or participation in joint venture arrangements. We cannot be certain that we would have access to these sources of capital on satisfactory terms, if at all, to fund our long-term liquidity requirements. We evaluate all future opportunities against pre-established criteria including, but not limited to, location, demographics, expected return, tenant credit quality, tenant relationships, and the amount of existing retail space. Our ability to access the capital markets will depend on a number of factors, including general capital market conditions.

Potential Debt Repurchases. We may from time to time, depending on market conditions and prices, contractual restrictions, our financial liquidity and other factors, seek to repurchase our senior unsecured notes maturing at various dates through March 2034 in open market transactions, by tender offer or otherwise, as market conditions warrant.

Commitments under Ground Leases. We are obligated under 12 ground leases for approximately 98 acres of land as of December 31, 2023. Most of these ground leases require fixed annual rent payments and the expiration dates of the remaining initial terms of these ground leases range from 2025 to 2092. Assuming we exercise all available options to extend the terms of our ground leases, our ground leases will expire between 2043 and 2115.

Capital Expenditures on Consolidated Properties

The following table summarizes cash capital expenditures for our development and redevelopment projects and other capital expenditures for the year ended December 31, 2023 (*in thousands*):

	Year Ended December 31, 2023
Active development and redevelopment projects	\$ 28,083
Recurring operating capital expenditures (primarily tenant improvements) and other	114,495
Total	<u>\$ 142,578</u>

We capitalize certain indirect costs such as interest, payroll, and other general and administrative costs related to these development activities. If we had experienced a 10% reduction in development and redevelopment activities, without a corresponding decrease in indirect project costs, we would have recorded additional expense of \$0.4 million for the year ended December 31, 2023.

Impact of Changes in Credit Ratings on Our Liquidity

We have received investment grade corporate credit ratings from three nationally recognized credit rating agencies. These ratings did not change in 2023. We received a positive credit rating outlook from one of the rating agencies in 2023.

In the future, these ratings could change based upon, among other things, the impact that prevailing economic conditions may have on our results of operations and financial condition. Credit rating reductions by one or more rating agencies could also adversely affect our access to funding sources, the cost and other terms of obtaining funding, as well as our overall financial condition, operating results and cash flow.

Cash Flows

As of December 31, 2023, we had cash, cash equivalents and restricted cash of \$41.4 million. We may be subject to concentrations of credit risk with regards to our cash and cash equivalents. We place our cash and short-term investments with highly rated financial institutions. While we attempt to limit our exposure at any point in time, occasionally such cash and investments may temporarily exceed the Federal Deposit Insurance Corporation (“FDIC”) and the Securities Investor Protection Corporation (“SIPC”) insurance limits. We also maintain certain compensating balances in several financial institutions in support of borrowings from those institutions. Such compensating balances were not material to the accompanying consolidated balance sheets.

Comparison of the Year Ended December 31, 2023 to the Year Ended December 31, 2022

Our cash flow activities are summarized as follows (*in thousands*):

	Year Ended December 31,		Change
	2023	2022	
Net cash provided by operating activities	\$ 394,648	\$ 379,283	\$ 15,365
Net cash used in investing activities	(81,731)	(45,149)	(36,582)
Net cash used in financing activities	(393,457)	(312,527)	(80,930)
(Decrease) increase in cash, cash equivalents and restricted cash	(80,540)	21,607	(102,147)
Cash, cash equivalents and restricted cash, beginning of year	121,970	100,363	
Cash, cash equivalents and restricted cash, end of year	<u>\$ 41,430</u>	<u>\$ 121,970</u>	

Cash provided by operating activities was \$394.6 million for the year ended December 31, 2023 and \$379.3 million for the same period of 2022. The cash flows were positively impacted by an increase in net operating income.

Cash used in investing activities was \$81.7 million for the year ended December 31, 2023 and \$45.1 million for the same period of 2022. Highlights of significant cash sources and uses in investing activities are as follows:

- We received net proceeds of \$140.9 million from the sale of Kingwood Commons, the undeveloped land and related parking garage at Pan Am Plaza, Reisterstown Road Plaza, Eastside, and other land parcels in 2023 compared to net proceeds of \$80.4 million from the sale of Plaza Del Lago, a portion of Hamilton Crossing Centre and other land parcels in 2022;
- We acquired Prestonwood Place in 2023 for \$78.3 million compared to the acquisitions of Pebble Marketplace, the two-tenant building adjacent to MacArthur Crossing and Palms Plaza in 2022 for \$100.1 million;
- We received the proceeds from a \$125.0 million short-term deposit that matured on April 7, 2022 during the year ended December 31, 2022; and
- Capital expenditures decreased by \$16.0 million primarily related to the timing of capital projects along with a change in construction payables of \$2.1 million in 2023.

Cash used in financing activities was \$393.5 million for the year ended December 31, 2023 and \$312.5 million for the same period of 2022. Highlights of significant cash sources and uses in financing activities are as follows:

- We borrowed \$274.0 million on the Revolving Facility and received proceeds of \$95.1 million from the origination of a mortgage payable in 2023 compared to borrowings of \$155.0 million on the Revolving Facility and entering into a seven-year \$300.0 million unsecured term loan in 2022;
- We repaid (i) \$274.0 million of borrowings on the Revolving Facility, (ii) \$175.4 million of mortgages payable, and (iii) the \$95.0 million principal balance of the 4.23% senior unsecured notes in 2023 compared to repayments of (i) \$210.0 million of borrowings on the Revolving Facility, (ii) a \$200.0 million unsecured term loan that was scheduled to mature in 2023, and (iii) \$159.0 million of mortgages payable in 2022; and
- We made distributions to common shareholders and holders of common partnership interests in the Operating Partnership of \$213.5 million in 2023 compared to distributions of \$182.2 million in 2022.

Management's discussion of the cash flows for the year ended December 31, 2021, with comparison to the year ended December 31, 2022, was included in Item 7. "Management's Discussion and Analysis of Financial Condition and Results of Operations" of our Annual Report on Form 10-K for the year ended December 31, 2022.

Other Matters

Financial Instruments

We are exposed to capital market risk, such as changes in interest rates. In order to reduce the volatility related to interest rate risk, we may enter into interest rate hedging arrangements from time to time. We do not use derivative financial instruments for trading or speculative purposes.

Obligations in Connection with Projects Under Construction

We are obligated under various completion guarantees with certain lenders and lease agreements with tenants to complete all or portions of a development project and tenant-specific space currently under construction. We believe we currently have sufficient financing in place to fund these projects and expect to do so primarily through free cash flow or borrowings on the Revolving Facility.

In addition, we have provided a repayment guaranty on a \$33.8 million construction loan associated with the development of the Embassy Suites at the University of Notre Dame, consistent with our 35% ownership interest. Our portion of the repayment guaranty is limited to \$5.9 million and the guaranty's term is through July 1, 2024, the maturity date of the construction loan. As of December 31, 2023, the outstanding loan balance was \$32.7 million, of which our share was \$11.4 million.

We also provide repayment and completion guaranties on loans totaling \$66.2 million associated with the development of The Corner mixed-use project in the Indianapolis MSA. As of December 31, 2023, the outstanding balance of the loans was \$61.0 million, of which our share was \$30.5 million.

Our share of estimated future costs for under construction and future developments and redevelopments is further discussed beginning on page 44 in the “Short- and Long-Term Liquidity Needs” sections.

Outstanding Indebtedness

The following table provides details on our outstanding consolidated indebtedness as of December 31, 2023 and 2022 (*in thousands*):

	December 31, 2023	December 31, 2022
Senior unsecured notes	\$ 1,654,635	\$ 1,749,635
Senior exchangeable notes – fixed rate	175,000	175,000
Unsecured revolving line of credit	—	—
Unsecured term loans	820,000	820,000
Mortgages payable – fixed rate	136,306	205,328
Mortgages payable – variable rate	17,000	28,293
Debt discounts, premiums and issuance costs, net	26,261	32,043
Mortgage and other indebtedness, net	<u>\$ 2,829,202</u>	<u>\$ 3,010,299</u>

Consolidated indebtedness, including weighted average interest rates and weighted average maturities as of December 31, 2023, considering the impact of interest rate swaps, is summarized below (*dollars in thousands*):

	Amount Outstanding	Ratio	Weighted Average Interest Rate	Weighted Average Years to Maturity
Fixed rate debt ⁽¹⁾	\$ 2,630,941	94%	3.98%	3.6
Variable rate debt ⁽²⁾	172,000	6%	9.15%	2.7
Debt discounts, premiums and issuance costs, net	26,261	N/A	N/A	N/A
Mortgage and other indebtedness, net	<u>\$ 2,829,202</u>	<u>100%</u>	<u>4.30%</u>	<u>3.6</u>

(1) Fixed rate debt includes the portion of variable rate debt that has been hedged by interest rate swaps. As of December 31, 2023, \$820.0 million in variable rate debt is hedged to a fixed rate for a weighted average of 1.7 years.

(2) Variable rate debt includes the portion of fixed rate debt that has been hedged by interest rate swaps. As of December 31, 2023, \$155.0 million in fixed rate debt is hedged to a floating rate for a weighted average of 1.7 years.

Mortgage indebtedness is collateralized by certain real estate properties and leases and is generally repaid in monthly installments of principal and interest with maturities over various terms through 2033.

The variable interest rate on mortgage indebtedness is based on the Bloomberg Short Term Bank Yield Index (“BSBY”) plus 215 basis points as of December 31, 2023. As of December 31, 2023, the one-month BSBY interest rate was 5.44%. Fixed interest rates on mortgages payable range from 3.75% to 5.73%.

Critical Accounting Estimates

Our significant accounting policies are more fully described in Note 2 to the accompanying consolidated financial statements. As disclosed in Note 2, the preparation of financial statements in accordance with accounting principles generally accepted in the United States (“GAAP”) requires management to make estimates and assumptions about future events that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. We believe that the following discussion addresses our most critical accounting policies, which are those that are most important to the compilation of our financial condition and results of operations and, in some cases, require management’s most difficult, subjective or complex judgments.

Acquisition of Investment Properties

Real estate assets are recognized on our consolidated balance sheets at historical cost, less accumulated depreciation and amortization. Upon acquisition of real estate operating properties, we estimate the fair value of acquired identifiable tangible assets (consisting of land, buildings and improvements) and identified intangible assets and liabilities (consisting of above-market and below-market leases and in-place leases), assumed debt, and any noncontrolling interest in the acquiree at the date of acquisition based on an evaluation of information and estimates available at the acquisition date. Based on these estimates, we record the estimated fair value to the applicable assets and liabilities. In making estimates of fair value, a number of sources are used, including information obtained as a result of pre-acquisition due diligence, marketing and leasing activities. The estimates of fair value were determined to have primarily relied upon Level 2 and Level 3 inputs, as defined below.

Fair value is determined for tangible assets and intangibles, including:

- the fair value of the building on an as-if-vacant basis and the fair value of land determined either by comparable market data, real estate tax assessments, independent appraisals or other relevant data;
- above-market and below-market in-place lease values for acquired properties, which are based on the present value (using an interest rate that reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to the in-place leases and (ii) management's estimate of fair market lease rates for the corresponding in-place leases, measured over the remaining non-cancelable term of the leases. Any below-market renewal options are also considered in the in-place lease values. The capitalized above-market and below-market lease values are amortized as a reduction of, or addition to, rental income over the term of the leases. Should a tenant vacate, terminate its lease, or otherwise notify us of its intent to do so, the unamortized portion of the lease intangibles would be charged or credited to income as applicable;
- the value of having a lease in place at the acquisition date. We use independent and internal sources for our estimates to determine the respective in-place lease values. Our estimates of value use methods similar to those used by independent appraisers. Factors we consider in our analysis include an estimate of costs to execute similar leases, including tenant improvements, leasing commissions and foregone costs related to the reimbursement of property operating expenses, and fair market rent received during the estimated lease-up period as if the space was vacant. The value of in-place leases is amortized to depreciation and amortization expense over the remaining initial terms of the respective leases; and
- the fair value of any assumed financing that is determined to be above- or below-market terms. We use third party and independent sources for our estimates to determine the respective fair value of each mortgage and other indebtedness, including related derivative instruments, assumed. The fair market value of each is amortized to interest expense over the remaining initial terms of the respective instruments.

We also consider whether there is any value to in-place leases that have a related customer relationship intangible value. Characteristics we consider in determining these values include the nature and extent of existing business relationships with the tenant, growth prospects for developing new business with the tenant, the tenant's credit quality, and expectations of lease renewals, among other factors. To date, we have not developed a tenant relationship that we consider to have a current intangible value.

Valuation of Investment Properties

Management reviews our operating and development projects, land parcels and intangible assets for impairment on a property-by-property basis whenever events or changes in circumstances indicate that the carrying value of the asset may not be recoverable. This review for possible impairment requires certain assumptions, estimates, and significant judgment. Examples of situations considered to be impairment indicators for both operating properties and development projects include, but are not limited to:

- a substantial decline in or continued low occupancy rate or cash flow;
- expected significant declines in occupancy in the near future;
- continued difficulty in leasing space;
- a significant concentration of financially troubled tenants;

- a reduction in the anticipated holding period;
- a cost accumulation or delay in the project completion date significantly above and beyond the original development or redevelopment estimate;
- a significant decrease in the market price not in line with general market trends; and
- any other quantitative or qualitative events or factors deemed significant by the Company's management or Board of Trustees.

Impairment losses for investment properties and intangible assets are measured when the undiscounted cash flows estimated to be generated by the investment properties during the expected holding period are less than the carrying amounts of those assets. The evaluation of impairment is subject to certain management assumptions, including projected net operating income, anticipated holding period, expected capital expenditures and the capitalization rate used to estimate the property's residual value. Impairment losses are recorded as the excess of the carrying value over the estimated fair value of the asset. Our impairment review for land and development properties assumes we have the intent and ability to complete the developments or projected uses for the land parcels. If we determine those plans will not be completed or our assumptions with respect to operating assets are not realized, an impairment loss may be appropriate.

Depreciation may be accelerated for a redevelopment project, including partial demolition of existing structures, after the asset is assessed for impairment.

The Company classifies an operating property as held for sale only when the property is available for immediate sale in its present condition and for which management believes it is probable that a sale of the property will be completed within one year, among other factors. An operating property classified as held for sale is carried at the lower of cost or fair value less estimated costs to sell. Depreciation and amortization are suspended during the held-for-sale period.

Revenue Recognition

As a lessor of real estate assets, the Company retains substantially all of the risks and benefits of ownership and accounts for its leases as operating leases.

Contractual minimum base rent, percentage rent, and expense reimbursements from tenants for common area maintenance costs, insurance and real estate taxes are our principal sources of revenue. Base minimum rents are recognized on a straight-line basis over the terms of the respective leases. Certain lease agreements contain provisions that provide for additional rents based on a tenant's sales volume (contingent overage rent). Overage rent is recognized when tenants achieve the specified sales targets as defined in their lease agreements. If we determine that collectibility is probable, we recognize income from rentals based on the methodology described above. If we determine that collectibility is not probable, we recognize income only to the extent that cash has been received from the tenant. We have accounts receivable due from tenants and are subject to the risk of tenant defaults and bankruptcies, which may affect the collection of outstanding receivables. These receivables are reduced for credit loss, which is recognized as a reduction to rental income. We regularly evaluate the collectibility of these lease-related receivables by analyzing past due account balances and consider such factors as the credit quality of the tenant, historical write-off experience, tenant creditworthiness and current economic trends when evaluating the collectibility of rental income. Although we estimate uncollectible receivables and provide for them through charges against income, actual experience may differ from those estimates.

We recognize the sale of real estate when control transfers to the buyer. As part of our ongoing business strategy, we will, from time to time, sell properties, land parcels and outlots, some of which are ground-leased to tenants.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Our future income, cash flows and fair values relevant to financial instruments depend upon prevailing interest rates. We are exposed to interest rate changes primarily through our Revolving Facility and unsecured term loans and other property-specific variable-rate mortgages. Our objectives with respect to interest rate risk are to balance the potential impact of interest rate changes on operations and cash flows against our desire to lower our overall borrowing costs. To achieve these objectives, we may borrow at fixed or variable rates and enter into derivative financial instruments such as interest rate swaps, hedges, etc., in order to mitigate the interest rate risk. As a matter of policy, we do not use financial instruments for trading or speculative transactions.

As of December 31, 2023, we had \$2.8 billion of outstanding consolidated indebtedness (inclusive of net unamortized debt discounts, premiums and issuance costs of \$26.3 million). In addition, we were party to various consolidated interest rate hedge agreements totaling \$975.0 million with maturities over various terms through 2026. Reflecting the effects of these hedge agreements, our fixed and variable rate debt would have been \$2.6 billion (94%) and \$172.0 million (6%), respectively, of our total consolidated indebtedness as of December 31, 2023.

As of December 31, 2023, we had \$269.6 million of fixed rate debt scheduled to mature in 2024. A 100-basis point change in interest rates on this debt as of December 31, 2023 would change our annual cash flow by \$2.7 million. A 100-basis point change in interest rates on our unhedged variable rate debt as of December 31, 2023 would change our annual cash flow by \$1.7 million. Based upon the terms of our variable rate debt, we are most vulnerable to a change in short-term SOFR interest rates.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

The consolidated financial statements of the Company included in this Report are listed in Part IV, Item 15(a) of this report.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

None.

ITEM 9A. CONTROLS AND PROCEDURES

Kite Realty Group Trust

Evaluation of Disclosure Controls and Procedures

An evaluation was performed under the supervision and with the participation of the Parent Company's management, including its Chief Executive Officer and Chief Financial Officer, of the effectiveness of its disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities and Exchange Act of 1934, as amended) as of the end of the period covered by this report. Based on that evaluation, the Parent Company's Chief Executive Officer and Chief Financial Officer concluded that these disclosure controls and procedures were effective.

Changes in Internal Control Over Financial Reporting

There were no changes to the Parent Company's internal control over financial reporting during the fourth quarter ended December 31, 2023 that have materially affected, or are reasonably likely to materially affect, its internal control over financial reporting.

Management Report on Internal Control Over Financial Reporting

The Parent Company is responsible for establishing and maintaining adequate internal control over financial reporting, as that term is defined in Rule 13a-15(f) of the Exchange Act. Under the supervision of and with the participation of the Parent Company's management, including its Chief Executive Officer and Chief Financial Officer, the Parent Company conducted an evaluation of the effectiveness of its internal control over financial reporting based on the 2013 framework in *Internal Control – Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on its evaluation under the framework in *Internal Control – Integrated Framework*, the Parent Company's management has concluded that its internal control over financial reporting was effective as of December 31, 2023. The Parent Company's

independent auditors, KPMG LLP, an independent registered public accounting firm, have issued a report on its internal control over financial reporting as stated in their report which is included herein.

The Parent Company's internal control system was designed to provide reasonable assurance to our management and Board of Trustees regarding the preparation and fair presentation of published financial statements. All internal control systems, no matter how well designed, have inherent limitations. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation.

Kite Realty Group, L.P.

Evaluation of Disclosure Controls and Procedures

An evaluation was performed under the supervision and with the participation of the Operating Partnership's management, including its Chief Executive Officer and Chief Financial Officer, of the effectiveness of its disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities and Exchange Act of 1934, as amended) as of the end of the period covered by this report. Based on that evaluation, the Operating Partnership's Chief Executive Officer and Chief Financial Officer concluded that these disclosure controls and procedures were effective.

Changes in Internal Control Over Financial Reporting

There were no changes to the Operating Partnership's internal control over financial reporting during the fourth quarter ended December 31, 2023 that have materially affected, or are reasonably likely to materially affect, its internal control over financial reporting.

Management Report on Internal Control Over Financial Reporting

The Operating Partnership is responsible for establishing and maintaining adequate internal control over financial reporting, as that term is defined in Rule 13a-15(f) of the Exchange Act. Under the supervision of and with the participation of the Operating Partnership's management, including its Chief Executive Officer and Chief Financial Officer, the Operating Partnership conducted an evaluation of the effectiveness of its internal control over financial reporting based on the 2013 framework in *Internal Control – Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission. Based on its evaluation under the framework in *Internal Control – Integrated Framework*, the Operating Partnership's management has concluded that its internal control over financial reporting was effective as of December 31, 2023. The Operating Partnership's independent auditors, KPMG LLP, an independent registered public accounting firm, have issued a report on its internal control over financial reporting as stated in their report which is included herein.

The Operating Partnership's internal control system was designed to provide reasonable assurance to our management and Board of Trustees regarding the preparation and fair presentation of published financial statements. All internal control systems, no matter how well designed, have inherent limitations. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and Board of Trustees of Kite Realty Group Trust:

Opinion on Internal Control Over Financial Reporting

We have audited Kite Realty Group Trust and subsidiaries' (the Company) internal control over financial reporting as of December 31, 2023, based on criteria established in *Internal Control – Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission. In our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2023, based on criteria established in *Internal Control – Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the consolidated balance sheets of the Company as of December 31, 2023 and 2022, the related consolidated statements of operations and comprehensive income, shareholders' equity, and cash flows for each of the years in the three-year period ended December 31, 2023, and the related notes and financial statement schedule III – Consolidated Real Estate and Accumulated Depreciation (collectively, the consolidated financial statements), and our report dated February 20, 2024 expressed an unqualified opinion on those consolidated financial statements.

Basis for Opinion

The Company's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management Report on Internal Control Over Financial Reporting. Our responsibility is to express an opinion on the Company's internal control over financial reporting based on our audit. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audit also included performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

Definition and Limitations of Internal Control Over Financial Reporting

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Partners of Kite Realty Group, L.P. and subsidiaries and Board of Trustees of Kite Realty Group Trust:

Opinion on Internal Control Over Financial Reporting

We have audited Kite Realty Group, L.P. and subsidiaries' (the Partnership) internal control over financial reporting as of December 31, 2023, based on criteria established in *Internal Control – Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission. In our opinion, the Partnership maintained, in all material respects, effective internal control over financial reporting as of December 31, 2023, based on criteria established in *Internal Control – Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the consolidated balance sheets of the Partnership as of December 31, 2023 and 2022, the related consolidated statements of operations and comprehensive income, partner's equity, and cash flows for each of the years in the three-year period ended December 31, 2023, and the related notes and financial statement schedule III – Consolidated Real Estate and Accumulated Depreciation (collectively, the consolidated financial statements), and our report dated February 20, 2024 expressed an unqualified opinion on those consolidated financial statements.

Basis for Opinion

The Partnership's management is responsible for maintaining effective internal control over financial reporting and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management Report on Internal Control Over Financial Reporting. Our responsibility is to express an opinion on the Partnership's internal control over financial reporting based on our audit. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Partnership in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects. Our audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audit also included performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion.

Definition and Limitations of Internal Control Over Financial Reporting

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

ITEM 9B. OTHER INFORMATION

Trading Arrangements

During the three months ended December 31, 2023, none of our officers or trustees adopted or terminated any contract, instruction or written plan for the purchase or sale of our securities that was intended to satisfy the affirmative defense conditions of Rule 10b5-1(c) or any “non-Rule 10b5-1 trading arrangement.”

ITEM 9C. DISCLOSURE REGARDING FOREIGN JURISDICTIONS THAT PREVENT INSPECTIONS

Not applicable.

PART III

ITEM 10. DIRECTORS, EXECUTIVE OFFICERS AND CORPORATE GOVERNANCE

The information required by this Item is hereby incorporated by reference to the material appearing in our 2024 Annual Meeting Proxy Statement (the “Proxy Statement”), which we intend to file within 120 days after our fiscal year-end in accordance with Regulation 14A.

ITEM 11. EXECUTIVE COMPENSATION

The information required by this Item is hereby incorporated by reference to the material appearing in our Proxy Statement.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED SHAREHOLDER MATTERS

The information required by this Item is hereby incorporated by reference to the material appearing in our Proxy Statement.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE

The information required by this Item is hereby incorporated by reference to the material appearing in our Proxy Statement.

ITEM 14. PRINCIPAL ACCOUNTANT FEES AND SERVICES

The information required by this Item is hereby incorporated by reference to the material appearing in our Proxy Statement.

PART IV

ITEM 15. EXHIBITS AND FINANCIAL STATEMENT SCHEDULES

- (a) Documents filed as part of this report:
 - (1) Financial Statements:
Consolidated financial statements for the Company listed on the index immediately preceding the financial statements at the end of this report.
 - (2) Financial Statement Schedule:
Financial statement schedule for the Company listed on the index immediately preceding the financial statements at the end of this report.
 - (3) Exhibits:
The Company files as part of this report the exhibits listed on the Exhibit Index.
- (b) Exhibits:
The Company files as part of this report the exhibits listed on the Exhibit Index. Other financial statement schedules are omitted because they are not applicable or the required information is shown in the financial statements or notes thereto.
- (c) Financial Statement Schedule:
The Company files as part of this report the financial statement schedule listed on the index immediately preceding the financial statements at the end of this report.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders and Board of Trustees of Kite Realty Group Trust:

Opinion on the Consolidated Financial Statements

We have audited the accompanying consolidated balance sheets of Kite Realty Group Trust and subsidiaries (the Company) as of December 31, 2023 and 2022, the related consolidated statements of operations and comprehensive income, shareholders' equity, and cash flows for each of the years in the three-year period ended December 31, 2023, and the related notes and financial statement schedule III – Consolidated Real Estate and Accumulated Depreciation (collectively, the consolidated financial statements). In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2023 and 2022, and the results of its operations and its cash flows for each of the years in the three-year period ended December 31, 2023, in conformity with U.S. generally accepted accounting principles.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the Company's internal control over financial reporting as of December 31, 2023, based on criteria established in *Internal Control – Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission, and our report dated February 20, 2024 expressed an unqualified opinion on the effectiveness of the Company's internal control over financial reporting.

Basis for Opinion

These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the consolidated financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that our audits provide a reasonable basis for our opinion.

Critical Audit Matter

The critical audit matter communicated below is a matter arising from the current period audit of the consolidated financial statements that was communicated or required to be communicated to the audit committee and that: (1) relates to accounts or disclosures that are material to the consolidated financial statements and (2) involved our especially challenging, subjective, or complex judgments. The communication of a critical audit matter does not alter in any way our opinion on the consolidated financial statements, taken as a whole, and we are not, by communicating the critical audit matter below, providing a separate opinion on the critical audit matter or on the accounts or disclosures to which it relates.

Evaluation of investment properties for potential impairment

As discussed in Note 2 to the consolidated financial statements, land, buildings, and improvements, net was \$7,684,066 thousand as of December 31, 2023. The Company's investment properties are reviewed for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. This review for potential impairment triggering events requires certain assumptions, estimates, and significant judgment, including about the anticipated holding period for an investment property.

We identified the evaluation of certain investment properties for potential impairment as a critical audit matter. Subjective and challenging auditor judgment was required to evaluate the Company's intent and ability to hold investment properties for particular periods of time. A shortening of the anticipated holding period could indicate a potential impairment.

The following are the primary procedures we performed to address this critical audit matter. We evaluated the design and tested the operating effectiveness of certain internal controls related to the Company's process to evaluate potential impairment triggering events, including a control related to the evaluation of the holding period. We compared the holding periods assumed in the Company's analysis to the Company's historical holding periods for similar properties. We inquired of Company management and inspected documents, such as meeting minutes of the board of trustees and its sub-committees, and management's capital allocation committee to evaluate the Company's intent and ability to hold investment properties for particular periods of time. We read external communications with investors and analysts in order to identify information regarding potential sales of the Company's investment properties.

/s/ KPMG LLP

We have served as the Company's auditor since 2020.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Partners of Kite Realty Group, L.P. and subsidiaries and Board of Trustees of Kite Realty Group Trust:

Opinion on the Consolidated Financial Statements

We have audited the accompanying consolidated balance sheets of Kite Realty Group, L.P. and subsidiaries (the Partnership) as of December 31, 2023 and 2022, the related consolidated statements of operations and comprehensive income, partner's equity, and cash flows for each of the years in the three-year period ended December 31, 2023, and the related notes and financial statement schedule III – Consolidated Real Estate and Accumulated Depreciation (collectively, the consolidated financial statements). In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of the Partnership as of December 31, 2023 and 2022, and the results of its operations and its cash flows for each of the years in the three-year period ended December 31, 2023, in conformity with U.S. generally accepted accounting principles.

We also have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB), the Partnership's internal control over financial reporting as of December 31, 2023, based on criteria established in *Internal Control – Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission, and our report dated February 20, 2024 expressed an unqualified opinion on the effectiveness of the Partnership's internal control over financial reporting.

Basis for Opinion

These consolidated financial statements are the responsibility of the Partnership's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We are a public accounting firm registered with the PCAOB and are required to be independent with respect to the Partnership in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement, whether due to error or fraud. Our audits included performing procedures to assess the risks of material misstatement of the consolidated financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. We believe that our audits provide a reasonable basis for our opinion.

Critical Audit Matter

The critical audit matter communicated below is a matter arising from the current period audit of the consolidated financial statements that was communicated or required to be communicated to the audit committee and that: (1) relates to accounts or disclosures that are material to the consolidated financial statements and (2) involved our especially challenging, subjective, or complex judgments. The communication of a critical audit matter does not alter in any way our opinion on the consolidated financial statements, taken as a whole, and we are not, by communicating the critical audit matter below, providing a separate opinion on the critical audit matter or on the accounts or disclosures to which it relates.

Evaluation of investment properties for potential impairment

As discussed in Note 2 to the consolidated financial statements, land, buildings, and improvements, net was \$7,684,066 thousand as of December 31, 2023. The Partnership's investment properties are reviewed for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. This review for potential impairment triggering events requires certain assumptions, estimates, and significant judgment, including about the anticipated holding period for an investment property.

We identified the evaluation of certain investment properties for potential impairment as a critical audit matter. Subjective and challenging auditor judgment was required to evaluate the Partnership's intent and ability to hold investment properties for particular periods of time. A shortening of the anticipated holding period could indicate a potential impairment.

The following are the primary procedures we performed to address this critical audit matter. We evaluated the design and tested the operating effectiveness of certain internal controls related to the Partnership's process to evaluate potential impairment triggering events, including a control related to the evaluation of the holding period. We compared the holding periods assumed in the Partnership's analysis to the Partnership's historical holding periods for similar properties. We inquired of Partnership management and inspected documents, such as meeting minutes of Kite Realty Group Trust's (the Parent Company's) board of trustees and its sub-committees, and management's capital allocation committee to evaluate the Partnership's intent and ability to hold investment properties for particular periods of time. We read external communications with investors and analysts in order to identify information regarding potential sales of the Partnership's investment properties.

/s/ KPMG LLP

We have served as the Partnership's auditor since 2020.

KITE REALTY GROUP TRUST AND KITE REALTY GROUP, L.P. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

December 31, 2023

(\$ in thousands, except share, per share, unit and per unit amounts and where indicated in millions or billions)

NOTE 1. ORGANIZATION AND BASIS OF PRESENTATION

Kite Realty Group Trust (the “Parent Company”), through its majority-owned subsidiary, Kite Realty Group, L.P. (the “Operating Partnership”), owns interests in various operating subsidiaries and joint ventures engaged in the ownership, operation, acquisition, development and redevelopment of high-quality, open-air shopping centers and mixed-used assets that are primarily grocery-anchored and located in high-growth Sun Belt markets and select strategic gateway markets in the United States. The terms “Company,” “we,” “us,” and “our” refer to the Parent Company and the Operating Partnership, collectively, and those entities owned or controlled by the Parent Company and/or the Operating Partnership.

The Operating Partnership was formed on August 16, 2004, when the Parent Company contributed properties and the net proceeds from an initial public offering (“IPO”) of shares of its common stock to the Operating Partnership. The Parent Company was organized in Maryland in 2004 to succeed in the development, acquisition, construction and real estate businesses of its predecessor. We believe the Company qualifies as a real estate investment trust (“REIT”) under provisions of the Internal Revenue Code of 1986, as amended.

The Parent Company is the sole general partner of the Operating Partnership, and as of December 31, 2023 owned approximately 98.4% of the common partnership interests in the Operating Partnership (“General Partner Units”). The remaining 1.6% of the common partnership interests (“Limited Partner Units” and, together with the General Partner Units, the “Common Units”) were owned by the limited partners. As the sole general partner of the Operating Partnership, the Parent Company has full, exclusive and complete responsibility and discretion in the day-to-day management and control of the Operating Partnership. The Parent Company and the Operating Partnership are operated as one enterprise. The management of the Parent Company consists of the same members as the management of the Operating Partnership. As the sole general partner with control of the Operating Partnership, the Parent Company consolidates the Operating Partnership for financial reporting purposes, and the Parent Company does not have any significant assets other than its investment in the Operating Partnership.

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States (“GAAP”). GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and revenues and expenses during the reported period. Actual results could differ from these estimates.

As of December 31, 2023, the Company’s portfolio consisted of the following:

	Properties	Square Footage
Operating retail properties ⁽¹⁾	180	28,108,490
Office properties	1	287,291
Development and redevelopment projects:		
Carillon medical office building	1	126,000
The Corner – IN	1	24,000
Hamilton Crossing Centre	1	92,283
Edwards Multiplex – Ontario	1	124,614

(1) Included within operating retail properties are 10 properties that contain an office component. Of the 180 operating retail properties, 177 are consolidated in these financial statements and the remaining three are accounted for under the equity method.

On October 22, 2021, we completed a merger with Retail Properties of America, Inc. (“RPAI”) pursuant to which RPAI merged with and into a wholly owned subsidiary of the Company, with such subsidiary continuing as a wholly owned subsidiary of the Company.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investment Properties

Capitalization and Depreciation

Investment properties are recorded at cost and include costs of land acquisition, development, pre-development, construction, certain allocated overhead, tenant allowances and improvements, and interest and real estate taxes incurred during construction. Significant renovations and improvements are capitalized when they extend the useful life, increase capacity, or improve the efficiency of the asset. If a tenant vacates a space prior to the lease expiration, terminates its lease, or otherwise notifies the Company of its intent to do so, any related unamortized tenant allowances are expensed over the shortened lease period. Ordinary repairs and maintenance that do not extend the useful lives of the respective assets are expensed as incurred and included within “Property operating” expense in the accompanying consolidated statements of operations and comprehensive income.

Pre-development costs are incurred prior to vertical construction and for certain land held for development during the due diligence phase and include contract deposits, legal, engineering, cost of internal resources and other professional fees related to evaluating the feasibility of developing or redeveloping a shopping center or other project. These pre-development costs are capitalized and included within “Investment properties, at cost” in the accompanying consolidated balance sheets. If we determine that the completion of a development project is no longer probable, all previously incurred pre-development costs are immediately expensed. Land is transferred to construction in progress once construction commences on the related project.

We also capitalize costs such as land acquisition, building construction, interest, real estate taxes, and the costs of personnel directly involved with the development of our properties. As a portion of a development project becomes operational, we expense a pro rata amount of the related costs.

Depreciation expense is computed using the straight-line method. Buildings and improvements are depreciated over estimated original useful lives ranging from 10 to 35 years. Tenant improvements and allowances are depreciated over the term of the related lease. Equipment and fixtures are depreciated over five to 10 years. Depreciation may be accelerated for a redevelopment project, including partial demolition of an existing structure, after the asset is assessed for impairment.

The following table summarizes the composition of the Company’s investment properties as of December 31, 2023 and 2022 (*in thousands*):

	Balance as of December 31,	
	2023	2022
Land, buildings and improvements	\$ 7,684,066	\$ 7,656,765
Construction in progress	55,995	75,808
Investment properties, at cost	<u>\$ 7,740,061</u>	<u>\$ 7,732,573</u>

Valuation of Investment Properties

Management reviews our operating and development projects, land parcels and intangible assets for impairment on a property-by-property basis whenever events or changes in circumstances indicate that the carrying value of the asset may not be recoverable. This review for possible impairment requires certain assumptions, estimates, and significant judgment. Examples of situations considered to be impairment indicators for both operating properties and development projects include, but are not limited to:

- a substantial decline in or continued low occupancy rate or cash flow;
- expected significant declines in occupancy in the near future;
- continued difficulty in leasing space;
- a significant concentration of financially troubled tenants;
- a reduction in the anticipated holding period;

- a cost accumulation or delay in the project completion date significantly above and beyond the original development or redevelopment estimate;
- a significant decrease in the market price not in line with general market trends; and
- any other quantitative or qualitative events or factors deemed significant by the Company's management or Board of Trustees.

Impairment losses for investment properties and intangible assets are measured when the undiscounted cash flows estimated to be generated by the investment properties during the expected holding period are less than the carrying amounts of those assets. The evaluation of impairment is subject to certain management assumptions, including projected net operating income, anticipated holding period, expected capital expenditures and the capitalization rate used to estimate the property's residual value. Impairment losses are recorded as the excess of the carrying value over the estimated fair value of the asset. Our impairment review for land and development properties assumes we have the intent and ability to complete the developments or projected uses for the land parcels. If we determine those plans will not be completed or our assumptions with respect to operating assets are not realized, an impairment loss may be appropriate.

Assets Held for Sale

The Company classifies an operating property as held for sale only when the property is available for immediate sale in its present condition and for which management believes it is probable that a sale of the property will be completed within one year, among other factors. An operating property classified as held for sale is carried at the lower of cost or fair value less estimated costs to sell. Depreciation and amortization are suspended during the held-for-sale period. No properties qualified for held-for-sale accounting treatment as of December 31, 2023 and 2022.

Acquisition of Investment Properties

Real estate assets are recognized on our consolidated balance sheets at historical cost, less accumulated depreciation and amortization. Upon acquisition of real estate operating properties, we estimate the fair value of acquired identifiable tangible assets (consisting of land, buildings and improvements) and identified intangible assets and liabilities (consisting of above-market and below-market leases and in-place leases), assumed debt, and any noncontrolling interest in the acquiree at the date of acquisition based on an evaluation of information and estimates available at the acquisition date. Based on these estimates, we record the estimated fair value to the applicable assets and liabilities. In making estimates of fair value, a number of sources are used, including information obtained as a result of pre-acquisition due diligence, marketing and leasing activities. The estimates of fair value were determined to have primarily relied upon Level 2 and Level 3 inputs, as defined below.

Fair value is determined for tangible assets and intangibles, including:

- the fair value of the building on an as-if-vacant basis and the fair value of land determined either by comparable market data, real estate tax assessments, independent appraisals or other relevant data;
- above-market and below-market in-place lease values for acquired properties, which are based on the present value (using an interest rate that reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to the in-place leases and (ii) management's estimate of fair market lease rates for the corresponding in-place leases, measured over the remaining non-cancelable term of the leases. Any below-market renewal options are also considered in the in-place lease values. The capitalized above-market and below-market lease values are amortized as a reduction of, or addition to, rental income over the term of the leases. Should a tenant vacate, terminate its lease, or otherwise notify us of its intent to do so, the unamortized portion of the lease intangibles would be charged or credited to income as applicable;
- the value of having a lease in place at the acquisition date. We use independent and internal sources for our estimates to determine the respective in-place lease values. Our estimates of value use methods similar to those used by independent appraisers. Factors we consider in our analysis include an estimate of costs to execute similar leases, including tenant improvements, leasing commissions and foregone costs related to the reimbursement of property operating expenses, and fair market rent received during the estimated lease-up period as if the space was vacant. The value of in-place leases is amortized to depreciation and amortization expense over the remaining initial terms of the respective leases; and

- the fair value of any assumed financing that is determined to be above- or below-market terms. We use third party and independent sources for our estimates to determine the respective fair value of each mortgage and other indebtedness, including related derivative instruments, assumed. The fair market value of each is amortized to interest expense over the remaining initial terms of the respective instruments.

We also consider whether there is any value to in-place leases that have a related customer relationship intangible value. Characteristics we consider in determining these values include the nature and extent of existing business relationships with the tenant, growth prospects for developing new business with the tenant, the tenant's credit quality, and expectations of lease renewals, among other factors. To date, we have not developed a tenant relationship that we consider to have a current intangible value.

Consolidation and Investments in Joint Ventures

The accompanying financial statements are presented on a consolidated basis and include all accounts of the Parent Company, the Operating Partnership, the taxable REIT subsidiaries ("TRSs") of the Operating Partnership, subsidiaries of the Operating Partnership that are controlled and any variable interest entities ("VIEs") in which the Operating Partnership is the primary beneficiary. In general, a VIE is a corporation, partnership, trust or any other legal structure used for business purposes that either (a) has equity investors that do not provide sufficient financial resources for the entity to support its activities, (b) does not have equity investors with voting rights, or (c) has equity investors whose votes are disproportionate from their economics and substantially all of the activities are conducted on behalf of the investor with disproportionately fewer voting rights.

The Operating Partnership accounts for properties that are owned by joint ventures in accordance with the consolidation guidance by evaluating each joint venture and determining first whether to follow the VIE or the voting interest entity ("VOE") model. Once the appropriate consolidation model is identified, the Operating Partnership then evaluates whether it should consolidate the joint venture. Under the VIE model, the Operating Partnership consolidates an entity when it has (i) the power to direct the activities of the VIE that most significantly impact the VIE's economic performance and (ii) the obligation to absorb losses or the right to receive benefits that could potentially be significant to the VIE. Under the VOE model, the Operating Partnership consolidates an entity when (i) it controls the entity through ownership of a majority voting interest if the entity is not a limited partnership or (ii) it controls the entity through its ability to remove the other partners or owners in the entity, at its discretion, when the entity is a limited partnership.

In determining whether to consolidate a VIE with the Operating Partnership, we consider all relationships between the Operating Partnership and the applicable VIE, including development and management agreements and other contractual arrangements, in determining whether we have the power to direct the activities of the VIE that most significantly affect the VIE's performance. As of December 31, 2023, we owned investments in two consolidated joint ventures that were VIEs in which the partners did not have substantive participating rights and we were the primary beneficiary. As of December 31, 2023, these consolidated VIEs had mortgage debt totaling \$112.1 million, which was secured by assets of the VIEs totaling \$216.5 million. The Operating Partnership guarantees the mortgage debt of these VIEs.

The Operating Partnership is considered a VIE as the limited partners do not hold kick-out rights or substantive participating rights. The Parent Company consolidates the Operating Partnership as it is the primary beneficiary in accordance with the VIE model.

As of December 31, 2023, the Company also owned investments in four unconsolidated joint ventures accounted for under the equity method, which are not considered VIEs, as follows:

Three Property Retail Portfolio Joint Venture

On June 29, 2018, the Company formed a joint venture with Nuveen Real Estate, formerly known as TH Real Estate. The Company sold three properties (Livingston Shopping Center, Plaza Volente and Tamiami Crossing) to the joint venture valued at \$99.8 million in the aggregate and, after considering third-party debt obtained by the joint venture upon formation, the Company contributed \$10.0 million for a 20% noncontrolling ownership interest in the joint venture. The Company is the operating member responsible for the day-to-day management of the properties and receives property management and leasing fees. Both members have substantive participating rights over major decisions that impact the economics and operations of the joint venture. The Company accounts for the joint venture under the equity method as it has the ability to exercise influence but not control over the operating and financial policies of the joint venture.

Embassy Suites at Eddy Street Commons

In December 2017, we formed a joint venture with an unrelated third party to develop and own an Embassy Suites hotel next to Eddy Street Commons, our operating retail property at the University of Notre Dame. We contributed \$1.4 million of cash to the joint venture in return for a 35% ownership interest in the joint venture. The joint venture entered into a \$33.8 million construction loan, of which \$32.7 million was outstanding as of December 31, 2023. The Company accounts for the joint venture under the equity method as both members have substantive participating rights and we do not control the activities of the joint venture.

Glendale Multifamily Joint Venture

In May 2020, the Company formed a joint venture for the planned development of a multifamily project adjacent to our Glendale Town Center operating retail property in the Indianapolis metropolitan statistical area (“MSA”). The Company contributed land valued at \$1.6 million to the joint venture and retained a 12% ownership interest in the joint venture. The Company’s partner is the operating member responsible for the day-to-day management of the property. Both members have substantive participating rights over major decisions that impact the economics and operations of the joint venture. The Company accounts for the joint venture under the equity method as it has the ability to exercise influence but not control over the operating and financial policies of the joint venture.

Buckingham Mixed-Use Joint Venture

In September 2021, the Company formed a joint venture for the planned redevelopment of The Corner (Carmel, IN) into a mixed-use, multifamily and retail project. The Company contributed land valued at \$4.0 million to the joint venture and retained a 50% ownership interest in the joint venture. The Company’s partner is the operating member responsible for the day-to-day management of the property. Both members have substantive participating rights over major decisions that impact the economics and operations of the joint venture. The Company accounts for the joint venture under the equity method as it has the ability to exercise influence but not control over the operating and financial policies of the joint venture.

Cash and Cash Equivalents

We consider all highly liquid investments purchased with an original maturity of 90 days or less to be cash and cash equivalents. From time to time, such investments may temporarily be held in accounts that exceed the Federal Deposit Insurance Corporation (“FDIC”) and the Securities Investor Protection Corporation (“SIPC”) insurance limits. The Company periodically assesses the credit risk associated with these financial institutions and believes the risk of loss is minimal.

The following is a summary of our total cash, cash equivalents and restricted cash as presented in the accompanying consolidated statements of cash flows for the years ended December 31, 2023, 2022 and 2021 (*in thousands*):

	Year Ended December 31,		
	2023	2022	2021
Cash and cash equivalents	\$ 36,413	\$ 115,799	\$ 93,241
Restricted cash and escrow deposits	5,017	6,171	7,122
Cash, cash equivalents and restricted cash	<u>\$ 41,430</u>	<u>\$ 121,970</u>	<u>\$ 100,363</u>

Restricted Cash and Escrow Deposits

Escrow deposits consist of cash held for real estate taxes, property maintenance, insurance and other requirements at specific properties as required by lending institutions, certain municipalities or other agreements.

Fair Value Measurements

We follow the framework established under Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 820, *Fair Value Measurements and Disclosures*, for measuring fair value of non-financial assets and liabilities that are not required or permitted to be measured at fair value on a recurring basis but only in certain circumstances, such as a business combination or upon determination of an impairment.

Assets and liabilities recorded at fair value on the consolidated balance sheets are categorized based on the inputs to the valuation techniques as follows:

- Level 1 fair value inputs are quoted prices in active markets for identical instruments to which we have access.
- Level 2 fair value inputs are inputs other than quoted prices included in Level 1 that are observable for similar instruments, either directly or indirectly, and appropriately consider counterparty creditworthiness in the valuation.
- Level 3 fair value inputs reflect our best estimate of inputs and assumptions market participants would use in pricing an instrument at the measurement date. The inputs are unobservable in the market and significant to the valuation estimate.

In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety. Our assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability.

As discussed in Note 9 to the accompanying consolidated financial statements, we have determined that derivative valuations are classified within Level 2 of the fair value hierarchy. Note 8 to the accompanying consolidated financial statements includes a discussion of the estimated fair value of fixed and variable rate debt, which are estimated using Level 2 and Level 3 inputs. Note 3 to the accompanying consolidated financial statements includes a discussion of the fair values recorded for asset acquisitions. Level 3 inputs to these transactions include our estimations of net rental rates of retail anchor and small shop space, capitalization rates, and disposal values. Note 4 to the accompanying consolidated financial statements includes a discussion of the fair value recorded when we recognized an impairment charge during the year ended December 31, 2023. Level 2 inputs to this transaction include the expected sales price from an executed sales contract.

Cash and cash equivalents, accounts receivable, escrows and deposits, and other working capital balances approximate fair value.

Derivative Financial Instruments

The Company accounts for its derivative financial instruments at fair value calculated in accordance with ASC 820, *Fair Value Measurements and Disclosures*. Gains and losses resulting from changes in the fair value of the derivatives are accounted for depending on the use of the derivative and whether it qualifies for hedge accounting. We use derivative instruments such as interest rate swaps or rate locks to mitigate interest rate risk on related financial instruments.

Changes in the fair value of derivatives that qualify as cash flow hedges are recorded in “Accumulated other comprehensive income” in the accompanying consolidated balance sheets and amortized over the underlying term of the hedged transaction while any ineffective portion of a derivative’s change in fair value is recognized immediately in earnings. For derivative contracts designated as fair value hedges, the gain or loss on the derivative is included within “Mortgage and other indebtedness, net” in the accompanying consolidated balance sheets. We include the gain or loss on the hedged item in the same account as the offsetting gain or loss on the related derivative contract. As of December 31, 2023 and 2022, all of our derivative financial instruments qualify for hedge accounting.

Revenue Recognition

As a lessor of real estate assets, the Company retains substantially all of the risks and benefits of ownership and accounts for its leases as operating leases.

Contractual minimum base rent, percentage rent, and expense reimbursements from tenants for common area maintenance costs, insurance and real estate taxes are our principal sources of revenue. Base minimum rents are recognized on a straight-line basis over the terms of the respective leases. Certain lease agreements contain provisions that provide for additional rents based on a tenant’s sales volume (contingent overage rent). Overage rent is recognized when tenants achieve the specified sales targets as defined in their lease agreements and is included within “Rental income” in the accompanying consolidated statements of operations and comprehensive income for the years ended December 31, 2023, 2022 and 2021. If we determine that collectibility is probable, we recognize income from rentals based on the methodology described above. If we determine that collectibility is not probable, we recognize income only to the extent that cash has been received from the tenant. We have accounts receivable due from tenants and are subject to the risk of tenant defaults and bankruptcies, which may affect the collection of outstanding receivables. These receivables are reduced for credit loss, which is recognized as a reduction to rental

income. We regularly evaluate the collectibility of these lease-related receivables by analyzing past due account balances and consider such factors as the credit quality of the tenant, historical write-off experience, tenant creditworthiness and current economic trends when evaluating the collectibility of rental income. Although we estimate uncollectible receivables and provide for them through charges against income, actual experience may differ from those estimates.

We recognize the sale of real estate when control transfers to the buyer. As part of our ongoing business strategy, we will, from time to time, sell properties, land parcels and outlots, some of which are ground-leased to tenants. Net gains realized on such sales were \$1.7 million, \$4.5 million, and \$0.5 million for the years ended December 31, 2023, 2022 and 2021, respectively, and are included within “Other property-related revenue” in the accompanying consolidated statements of operations and comprehensive income.

Tenant and Other Receivables and Allowance for Uncollectible Accounts

Tenant receivables consist primarily of billed minimum rent, accrued and billed tenant reimbursements, and accrued straight-line rent. The Company generally does not require specific collateral from its tenants other than corporate or personal guarantees. Other receivables consist primarily of amounts due from municipalities and from tenants for non-rental revenue-related activities.

An allowance for uncollectible accounts, including future credit losses of the accrued straight-line rent receivables, is maintained for estimated losses resulting from the inability of certain tenants to meet contractual obligations under their lease agreements. Accounts are written off when, in the opinion of management, the balance is deemed uncollectible. The provision for revenues deemed uncollectible represented 0.3%, 0.7%, and 0.9% of total revenues in each of the years ended December 31, 2023, 2022 and 2021, respectively.

Concentration of Credit Risk

We may be subject to concentrations of credit risk with regards to our cash and cash equivalents. We place cash and temporary cash investments with high-credit-quality financial institutions. From time to time, such cash and investments may temporarily be in excess of insurance limits. In addition, our leases with tenants potentially subject us to a concentration of credit risk related to our accounts receivable and revenue.

For the year ended December 31, 2023, the percentage of the Company’s revenue recognized from tenants leasing space in the states where the majority of our portfolio is concentrated, which includes Texas, Florida, Virginia, New York, and Indiana, was as follows:

Texas	26.2%
Florida	10.6%
Virginia	7.4%
New York	6.9%
Indiana	6.3%

Earnings Per Share

Basic earnings per share/unit is calculated based on the weighted average number of common shares/units outstanding during the period. Diluted earnings per share/unit is determined based on the weighted average number of common shares/units outstanding during the period combined with the incremental average common shares/units that would have been outstanding assuming the conversion of all potentially dilutive common shares/units into common shares/units as of the earliest date possible.

Potentially dilutive securities include (i) outstanding options to acquire common shares; (ii) Limited Partner Units, which may be exchanged for either cash or common shares at the Parent Company’s option and under certain circumstances; (iii) appreciation-only Long-Term Incentive Plan (“AO LTIP”) units; and (iv) deferred common share units, which may be credited to the personal accounts of non-employee trustees in lieu of compensation paid in cash or the issuance of common shares to such trustees. Limited Partner Units have been omitted from the Parent Company’s denominator for the purpose of computing diluted earnings per share since the effect of including those amounts in the denominator would have no dilutive impact. Weighted average Limited Partner Units outstanding were 3.2 million, 2.8 million, and 2.5 million for the years ended December 31, 2023, 2022 and 2021, respectively.

These potentially dilutive securities are excluded from the computation of diluted earnings per share due to the net loss position for the years ended December 31, 2022 and 2021.

Segment Reporting

Our primary business is the ownership and operation of high-quality, open-air shopping centers and mixed-use assets. The Company's chief operating decision maker ("CODM"), which is its Chief Executive Officer, reviews operating and financial information for each property on an individual basis and therefore, each property represents an individual operating segment. The CODM measures and evaluates the financial performance of our portfolio of properties using net operating income, which consists of rental income less property operating expenses and real estate taxes, and does not distinguish or group our operations on a geographical or any other basis for purposes of measuring performance. Accordingly, we have aggregated our properties into one reportable segment for disclosure purposes in accordance with GAAP, as each property has similar economic characteristics, the Company provides similar services to its tenants and the Company's CODM evaluates the collective performance of our properties.

Income Taxes and REIT Compliance

Parent Company

The Parent Company has been organized and operated, and intends to continue to operate, in a manner that will enable it to maintain its qualification as a REIT for U.S. federal income tax purposes. As a result, it generally will not be subject to U.S. federal income tax on the earnings that it distributes to the extent it distributes its "REIT taxable income" (determined before the deduction for dividends paid and excluding net capital gains) to shareholders of the Parent Company and meets certain other requirements on a recurring basis. To the extent that it satisfies this distribution requirement, but distributes less than 100% of its taxable income, it will be subject to U.S. federal income tax on its undistributed REIT taxable income at regular corporate income tax rates. REITs are subject to a number of organizational and operational requirements. If the Parent Company fails to qualify as a REIT in any taxable year, it will be subject to U.S. federal income tax on its taxable income at regular corporate income tax rates for a period of four years following the year in which qualification is lost. Additionally, we may also be subject to certain taxes enacted by the Inflation Reduction Act of 2022 that are applicable to non-REIT corporations, including the nondeductible 1% excise tax on certain stock repurchases. We may also be subject to certain U.S. federal, state and local taxes on our income and property and to U.S. federal income and excise taxes on our undistributed taxable income even if the Parent Company does qualify as a REIT. The Operating Partnership intends to continue to make distributions to the Parent Company in amounts sufficient to assist the Parent Company in adhering to REIT requirements and maintaining its REIT status.

We have elected to treat Kite Realty Holdings, LLC as a TRS of the Operating Partnership. In addition, in connection with the October 2021 merger with RPAI, we assumed RPAI's existing TRS, IWR Protective Corporation, as a TRS of the Operating Partnership, and we may elect to treat other subsidiaries as TRSs in the future. This election enables us to receive income and provide services that would otherwise be impermissible for a REIT. Deferred tax assets and liabilities are established for temporary differences between the financial reporting bases and the tax bases of assets and liabilities at the tax rates expected to be in effect when the temporary differences reverse. Deferred tax assets are reduced by a valuation allowance if it is more likely than not that some portion or all of the deferred tax asset will not be realized.

Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect of a change in tax rates on deferred tax assets and liabilities is recognized in income in the period that includes the enactment date. The Company recognizes the effect of income tax positions only if those positions are more likely than not of being sustained. Recognized income tax positions are measured at the largest amount that is greater than 50% likely of being realized. Changes in recognition or measurement are reflected in the period in which the change in judgment occurs. The Company records interest related to unrecognized tax benefits within "Interest expense" and penalties within "General, administrative and other" expenses in the accompanying consolidated statements of operations and comprehensive income.

Our tax return for the year ended December 31, 2023 has not been filed as of the filing date of this Annual Report on Form 10-K of the Parent Company and the Operating Partnership. The taxability information presented for our dividends paid in 2023 is based upon management's estimate. Consequently, the taxability of dividends is subject to change. The following table summarizes the tax characterization of the dividends paid by the Parent Company for the years ended December 31, 2023, 2022 and 2021:

	<u>2023</u>	<u>2022</u>	<u>2021</u>
Ordinary income	90.6%	86.1%	0.0%
Return of capital	0.0%	0.0%	13.4%
Capital gains	9.4%	13.9%	86.6%
	<u>100.0%</u>	<u>100.0%</u>	<u>100.0%</u>

Operating Partnership

The allocated share of income and loss, other than the operations of our TRSs, is included in the income tax returns of the Operating Partnership's partners. Accordingly, the only U.S. federal income taxes included in the accompanying consolidated financial statements are in connection with the TRSs.

Noncontrolling Interests

We report the non-redeemable noncontrolling interests in subsidiaries as equity, and the amount of consolidated net income attributable to these noncontrolling interests is set forth separately in the accompanying consolidated financial statements. The following table summarizes the non-redeemable noncontrolling interests in consolidated properties for the years ended December 31, 2023, 2022 and 2021 (*in thousands*):

	<u>2023</u>	<u>2022</u>	<u>2021</u>
Noncontrolling interests balance as of January 1,	\$ 5,370	\$ 5,146	\$ 698
Noncontrolling interests acquired in the RPAI merger	—	—	4,463
Net income (loss) allocable to noncontrolling interests, excluding redeemable noncontrolling interests	256	224	(15)
Distributions to noncontrolling interests	(3,196)	—	—
Noncontrolling interests balance as of December 31,	<u>\$ 2,430</u>	<u>\$ 5,370</u>	<u>\$ 5,146</u>

Noncontrolling Interests – Joint Venture

Prior to the October 2021 merger, RPAI entered into a joint venture related to the development, ownership and operation of the multifamily rental portion of the expansion project at One Loudoun Downtown – Pads G & H. The Company owns 90% of the joint venture.

During the year ended December 31, 2023, the Company originated a 10-year \$95.1 million mortgage payable at a fixed interest rate of 5.36% secured by the joint venture project. In conjunction with the loan origination, the joint venture's construction loan was repaid. Under terms defined in the joint venture agreement, after construction completion and stabilization of the development project (as defined in the joint venture agreement), the Company has the ability to call, and the joint venture partner has the ability to put to the Company, subject to certain conditions, the joint venture partner's interest in the joint venture at fair value. As of December 31, 2023, the conditions for exercising the put and call options have been met but neither the Company nor the joint venture partner has exercised their respective options.

The joint venture is considered a VIE primarily because the Company's joint venture partner does not have substantive kick-out rights or substantive participating rights. The Company is considered the primary beneficiary as it has a controlling financial interest in the joint venture. As such, the Company has consolidated this joint venture and presented the joint venture partners' interests as noncontrolling interests.

Redeemable Noncontrolling Interests – Limited Partners

Limited Partner Units are redeemable noncontrolling interests in the Operating Partnership. We classify redeemable noncontrolling interests in the Operating Partnership in the accompanying consolidated balance sheets outside of permanent equity because we may be required to pay cash to holders of Limited Partner Units upon redemption of their interests in the Operating Partnership or deliver registered shares upon their conversion. The carrying amount of the redeemable noncontrolling

interests in the Operating Partnership is reflected at the greater of historical book value or redemption value with a corresponding adjustment to additional paid-in capital. As of December 31, 2023 and 2022, the redemption value of the redeemable noncontrolling interests in the Operating Partnership exceeded the historical book value, and the balances were accordingly adjusted to redemption value.

We allocate net operating results of the Operating Partnership after noncontrolling interests in the consolidated properties based on the partners' respective weighted average ownership interest. We adjust the redeemable noncontrolling interests in the Operating Partnership at the end of each reporting period to reflect their interests in the Operating Partnership or redemption value. This adjustment is reflected in our shareholders' and Parent Company's equity. For the years ended December 31, 2023, 2022 and 2021, the weighted average interests of the Parent Company and the limited partners in the Operating Partnership were as follows:

	Year Ended December 31,		
	2023	2022	2021
Parent Company's weighted average interest in the Operating Partnership	98.6%	98.7%	97.8%
Limited partners' weighted average interests in the Operating Partnership	1.4%	1.3%	2.2%

As of December 31, 2023, the Parent Company's interest and the limited partners' redeemable noncontrolling ownership interests in the Operating Partnership were 98.4% and 1.6%. As of December 31, 2022, the Parent Company's interest and the limited partners' redeemable noncontrolling ownership interests in the Operating Partnership were 98.7% and 1.3%.

Concurrent with the Parent Company's IPO and related formation transactions, certain individuals received Limited Partner Units of the Operating Partnership in exchange for their interests in certain properties. The limited partners have the right to redeem Limited Partner Units for cash or, at the Parent Company's election, common shares of the Parent Company in an amount equal to the market value of an equivalent number of common shares of the Parent Company at the time of redemption. Such common shares must be registered, which is not fully in the Parent Company's control. Therefore, the limited partners' interest is not reflected in permanent equity. The Parent Company also has the right to redeem the Limited Partner Units directly from the limited partner in exchange for either cash in the amount specified above or a number of its common shares equal to the number of Limited Partner Units being redeemed.

There were 3,512,868 and 2,870,697 Limited Partner Units outstanding as of December 31, 2023 and 2022, respectively. The increase in Limited Partner Units outstanding from December 31, 2022 is due to non-cash compensation awards made to our executive officers in the form of Limited Partner Units and the exercise of previously granted "appreciation only" long-term incentive plan units ("AO LTIP Units") in exchange for Limited Partner Units.

Redeemable Noncontrolling Interests – Subsidiaries

Prior to the merger with Inland Diversified Real Estate Trust, Inc. ("Inland Diversified") in 2014, Inland Diversified formed joint ventures with the previous owners of certain properties and issued Class B units in three joint ventures that indirectly own those properties. As of December 31, 2021, the Class B units related to one of these joint ventures that owned Crossing at Killingly Commons, our multi-tenant retail property in Dayville, Connecticut, were outstanding and accounted for as noncontrolling interests in the remaining venture. In October 2022, the remaining Class B units became redeemable at the partner's election and the fulfillment of certain redemption criteria for cash or Limited Partner Units in the Operating Partnership. In October 2022, we received notice from our joint venture partner of its exercise of their right to redeem the remaining Class B units for cash in the amount of \$9.7 million, which redemption was funded using cash on October 3, 2022. Prior to the redemption, the Class B units did not have a maturity date and were not mandatorily redeemable unless either party had elected for the units to be redeemed. Prior to the redemption, we consolidated this joint venture because we controlled the decision-making and our joint venture partner had limited protective rights.

Prior to the redemption, we classified the redeemable noncontrolling interests related to the remaining Class B units in the accompanying consolidated balance sheets outside of permanent equity because, under certain circumstances, we could have been required to pay cash to the Class B unitholders in this subsidiary upon redemption of their interests. The carrying amount of these redeemable noncontrolling interests is required to be reflected at the greater of initial book value or redemption value with a corresponding adjustment to additional paid-in capital. As of December 31, 2021, the redemption amounts of these interests did not exceed their fair value nor did they exceed the initial book value.

The redeemable noncontrolling interests in the Operating Partnership and subsidiaries for the years ended December 31, 2023, 2022 and 2021 were as follows (*in thousands*):

	2023	2022	2021
Redeemable noncontrolling interests balance as of January 1,	\$ 53,967	\$ 55,173	\$ 43,275
Net income (loss) allocable to redeemable noncontrolling interests	629	258	(901)
Distributions declared to redeemable noncontrolling interests	(3,159)	(2,622)	(2,208)
Payment for redemption of redeemable noncontrolling interests	—	(10,070)	—
Other, net including adjustments to redemption value	21,850	11,228	15,007
Total limited partners' interests in the Operating Partnership and other redeemable noncontrolling interests balance as of December 31,	<u>\$ 73,287</u>	<u>\$ 53,967</u>	<u>\$ 55,173</u>
Limited partners' interests in the Operating Partnership	\$ 73,287	\$ 53,967	\$ 45,103
Other redeemable noncontrolling interests in certain subsidiaries	—	—	10,070
Total limited partners' interests in the Operating Partnership and other redeemable noncontrolling interests balance as of December 31,	<u>\$ 73,287</u>	<u>\$ 53,967</u>	<u>\$ 55,173</u>

Effects of Accounting Pronouncements

In November 2023, the FASB issued Accounting Standards Update (“ASU”) 2023-07, *Segment Reporting (Topic 280) – Improvements to Reportable Segment Disclosures*. This new guidance is effective January 1, 2024, with early adoption permitted, and provides new disclosure requirements on significant segment expenses. Public entities will now be required to disclose, on an annual and interim basis, (i) significant segment expenses that are regularly provided to the CODM and included within each reported measure of segment profit or loss (collectively referred to as the “significant expense principle”) and (ii) an amount for ‘other segment items’ (which is defined as the difference between segment revenue less the significant segment expenses disclosed less reported segment profit or loss) by reportable segment and a description of its composition. In addition, all existing annual disclosures about segment profit or loss must be provided on an interim basis. Public entities may disclose more than one measure of segment profit or loss used by the CODM, provided that at least one of the reported measures includes the segment profit or loss measure that is most consistent with GAAP. Lastly, disclosure of the CODM’s title and position is required on an annual basis, as well as an explanation of how the CODM uses the reported measure(s) and other disclosures. Public entities with a single reportable segment such as the Company must apply all of the new disclosure requirements as well as all existing segment disclosure and reconciliation requirements in Topic 280 on an annual and interim basis. The Company expects to adopt the new disclosures retrospectively as of January 1, 2024.

NOTE 3. ACQUISITIONS

Asset Acquisitions

The Company closed on the following asset acquisitions during the years ended December 31, 2023, 2022 and 2021 (*dollars in thousands*):

Date	Property Name	MSA	Property Type	Square Footage	Acquisition Price
September 22, 2023	Prestonwood Place	Dallas/Ft. Worth	Multi-tenant retail	155,975	\$ 81,000
February 16, 2022	Pebble Marketplace	Las Vegas	Multi-tenant retail	85,796	\$ 44,100
April 13, 2022	MacArthur Crossing	Dallas/Ft. Worth	Two-tenant building	56,077	21,920
July 15, 2022	Palms Plaza	Miami	Multi-tenant retail	68,976	35,750
				<u>210,849</u>	<u>\$ 101,770</u>
December 22, 2021	Nora Plaza Shops	Indianapolis, IN	Multi-tenant retail outparcel	23,722	\$ 13,500

The above acquisitions were funded using a combination of available cash on hand and borrowings on the Company's unsecured revolving line of credit. The fair value of the real estate and other assets acquired were primarily determined using the income approach, which required us to make assumptions about market leasing rates, tenant-related costs, discount rates, and disposal rates. The estimates of fair value primarily relied upon Level 2 and Level 3 inputs, as previously defined.

The following table summarizes the fair value of assets acquired and liabilities assumed for the asset acquisitions completed during the years ended December 31, 2023, 2022 and 2021 (*in thousands*):

	Year Ended December 31,		
	2023	2022	2021
Investment properties, net	\$ 75,506	\$ 99,096	\$ 13,488
Lease-related intangible assets, net ⁽¹⁾	6,971	5,223	304
Other assets	—	11	—
Total acquired assets	82,477	104,330	13,792

Accounts payable and accrued expenses	2,823	1,140	100
Deferred revenue and other liabilities	1,556	2,855	189
Total assumed liabilities	4,379	3,995	3,867
Fair value of net assets acquired	<u>\$ 78,098</u>	<u>\$ 100,335</u>	<u>\$ 9,925</u>

(1) The weighted average remaining life of leases at the acquired properties is approximately 6.2 years, 6.7 years, and 5.3 years for asset acquisitions completed during the years ended December 31, 2023, 2022 and 2021, respectively.

The range of the most significant Level 3 assumptions used in determining the value of the real estate and related assets acquired through asset acquisitions are as follows:

	2023	2022	2021
Net rental rate per square foot – Retail Anchors	N/A	\$20.50 to \$40.00	N/A
Net rental rate per square foot – Small Shops	\$30.00 to \$65.00	\$24.00 to \$65.00	\$31.50 to \$45.00
Discount rate	8.5%	5.75% to 7.25%	9.0%

The results of operations for each of the properties acquired through asset acquisitions during the years ended December 31, 2023, 2022 and 2021 have been included in operations since their respective dates of acquisition.

RPAI Merger

On October 22, 2021, we completed a merger with RPAI pursuant to which RPAI merged with and into a wholly owned subsidiary of the Company, with such subsidiary continuing as a wholly owned subsidiary of the Company. Under the terms of the merger agreement, each share of RPAI common stock issued and outstanding immediately prior to the effective time of the merger was converted into the right to receive 0.623 newly issued Company common shares, resulting in approximately 133.8 million Company common shares being issued to effect the merger with a total purchase price of approximately \$2.8 billion.

As a result of the merger, the Company acquired 100 operating retail properties and five development projects under construction along with multiple parcels of entitled land for future value creation. During the years ended December 31, 2022 and 2021, the Company incurred \$0.9 million and \$86.5 million of merger and acquisition costs, respectively, consisting primarily of professional fees and technology costs in 2022 and fairness opinion, severance charges, and legal, professional and data migration costs in 2021, which are recorded within "Merger and acquisition costs" in the accompanying consolidated statements of operations and comprehensive income.

For the year ended December 31, 2021, "Rental income" and "Net income (loss) attributable to common shareholders" in the accompanying consolidated statements of operations and comprehensive income include revenues from the RPAI portfolio of \$94.9 million and net loss of \$22.8 million for the period from October 22, 2021 through December 31, 2021, which includes \$74.7 million of depreciation and amortization, as a result of the merger.

Pro Forma Financial Information (unaudited)

The following unaudited pro forma financial information is based upon the Company's historical consolidated statements of operations for the year ended December 31, 2021, adjusted to give effect for the properties assumed through the merger as if they were acquired as of January 1, 2020. The pro forma financial information is presented for informational purposes only and may not be indicative of what actual results of income would have been, nor does it purport to represent the results of income for future periods (*in thousands, except per share data*).

	Year Ended December 31, 2021
Rental income	\$ 740,954
Net income	\$ 21,283
Net income attributable to common shareholders	\$ 20,535
Net income attributable to common shareholders per common share:	
Basic ⁽¹⁾	\$ 0.09
Diluted ⁽¹⁾	\$ 0.09

(1) The pro forma earnings for the year ended December 31, 2021 were adjusted to exclude \$86.5 million of merger costs incurred.

Supplemental Schedule of Non-Cash Investing and Financing Activities Related to the RPAI merger

The following table summarizes the merger-related non-cash investing and financing activities for the year ended December 31, 2021 (*in thousands*):

	Year Ended December 31, 2021
Investment properties	\$ 4,439,387
Acquired lease intangible assets	\$ 524,058
Mortgage and other indebtedness, net	\$ (1,848,476)
In-place lease liabilities	\$ (171,378)
Noncontrolling interests	\$ (4,463)
Other assets and liabilities, net ⁽¹⁾	\$ (106,751)
Company common shares issued in exchange for RPAI common stock	\$ (2,847,369)

(1) Includes lease liabilities arising from obtaining right-of-use assets of \$41,086, which was determined using an estimate of our incremental borrowing rate that was specific to each lease based upon the term and underlying asset with a weighted average incremental borrowing rate of 5.4%.

NOTE 4. DISPOSITIONS AND IMPAIRMENT CHARGES

The Company closed on the following dispositions during the years ended December 31, 2023, 2022 and 2021 (*dollars in thousands*):

Date	Property Name	MSA	Property Type	Square Footage	Sales Price	Gain (Loss)
May 8, 2023	Kingwood Commons	Houston	Multi-tenant retail	158,172	\$ 27,350	\$ 4,736
June 8, 2023	Pan Am Plaza & Garage	Indianapolis	Land & garage	—	52,025	23,638
September 11, 2023	Reisterstown Road Plaza	Dallas/Ft. Worth	Multi-tenant retail & office	376,683	48,250	(5,773)
October 24, 2023	Eastside	Dallas/Ft. Worth	Multi-tenant retail & office	43,640	14,425	—
				578,495	\$ 142,050	\$ 22,601
January 26, 2022	Hamilton Crossing Centre	Indianapolis	Redevelopment ⁽¹⁾	—	\$ 6,900	\$ 3,168
June 16, 2022	Plaza Del Lago	Chicago	Multi-tenant retail ⁽²⁾	100,016	58,650	23,958
October 27, 2022	Lincoln Plaza – Lowe’s	Worcester, MA	Ground lease interest ⁽³⁾	—	10,000	(57)
				100,016	\$ 75,550	\$ 27,069
October 26, 2021	Westside Market	Dallas/Ft. Worth	Multi-tenant retail	93,377	\$ 24,775	\$ 4,323

- (1) The Company sold a portion of the redevelopment at Hamilton Crossing Centre. The total number of properties in our portfolio was not affected by this transaction.
- (2) Plaza Del Lago also contains 8,800 square feet of residential space comprised of 18 multifamily rental units.
- (3) The Company sold the ground lease interest in one tenant at Lincoln Plaza, an existing multi-tenant operating retail property. The total number of properties in our portfolio was not affected by this transaction.

During the year ended December 31, 2023, the Company recorded a \$0.5 million impairment charge in connection with the sale of Eastside, a 43,640 square foot multi-tenant retail property in the Dallas/Ft. Worth MSA, as a result of a change in the expected hold period. The Company recorded the asset at the lower of cost or fair value less estimated costs to sell, which was approximately \$14.1 million. The estimated fair value of Eastside was based upon the expected sales price from an executed sales contract and determined to be a Level 3 input within the fair value hierarchy. Eastside was sold on October 24, 2023 for a gross sales price of \$14.4 million.

During the year ended December 31, 2021, the Company also sold 17 ground leases for gross proceeds of \$42.0 million and a net gain on sale of \$27.6 million. A portion of the proceeds was used to pay down our unsecured revolving line of credit.

There were no discontinued operations for the years ended December 31, 2023, 2022 and 2021 as none of the dispositions represented a strategic shift that has had, or will have, a material effect on our operations or financial results.

NOTE 5. SHARE-BASED COMPENSATION

Overview

The Company’s 2013 Equity Incentive Plan was amended and restated as of May 11, 2022 (the “Equity Plan”) to, among other things, provide for the issuance of up to an additional 3,000,000 common share equivalents of the Company. The Equity Plan authorizes the issuance of share options, share appreciation rights, restricted shares and units, long-term incentive plan units (“LTIP Units”), “appreciation only” LTIP Units (“AO LTIP Units”), performance awards and other share-based awards to employees and trustees. As of December 31, 2023, there were 5,564,715 common share equivalents available for grant under the Equity Plan. The Company accounts for its share-based compensation in accordance with the fair value recognition provisions provided in ASC 718, *Stock Compensation*.

During the years ended December 31, 2023, 2022 and 2021, the Company recognized \$10.1 million, \$10.3 million, and \$7.2 million of share-based compensation expense, net of amounts capitalized, respectively, which is included within “General, administrative and other” expenses in the accompanying consolidated statements of operations and comprehensive income. During the years ended December 31, 2023, 2022 and 2021, the Company capitalized \$1.4 million, \$1.3 million, and

\$1.0 million of share-based compensation for development activities, respectively. The Company recognizes forfeitures as they occur.

Share Options

Pursuant to the Equity Plan, the Company may periodically grant options to purchase common shares at an exercise price equal to the grant date fair value of the Company's common shares. Options granted typically vest over a five-year period and expire 10 years from the grant date. The Company issues new common shares upon the exercise of options.

There was no option activity during the year ended December 31, 2023 as all outstanding options were exercised during 2022. In addition, no options were granted during the years ended December 31, 2023, 2022 or 2021.

The aggregate intrinsic value of the 1,250 options exercised during each of the years ended December 31, 2022 and 2021 was \$3,300 and \$6,550, respectively.

Restricted Shares

The Equity Plan authorizes the grant of restricted common shares, which are considered outstanding shares from the date of grant and typically vest over a period ranging from three to five years. The Company pays dividends on restricted shares and such dividends are recorded within shareholders' equity.

The following table summarizes the activity for the restricted shares that were granted to the Company's employees and Board of Trustees for the year ended December 31, 2023:

	Number of Restricted Shares	Weighted Average Grant Date Fair Value per Share
Restricted shares outstanding as of January 1, 2023	300,833	\$ 19.98
Shares granted	229,551	21.45
Shares forfeited	(9,238)	21.64
Shares vested	(184,069)	19.38
Restricted shares outstanding as of December 31, 2023	<u>337,077</u>	<u>\$ 21.28</u>

The following table summarizes the restricted share grants and vestings during the years ended December 31, 2023, 2022 and 2021 (*dollars in thousands, except share and per share data*):

	Number of Restricted Shares Granted	Weighted Average Grant Date Fair Value per Share	Fair Value of Restricted Shares Vested
2023	229,551	\$ 21.45	\$ 3,936
2022	206,855	\$ 21.15	\$ 4,459
2021	194,411	\$ 19.85	\$ 3,763

As of December 31, 2023, there was \$3.9 million of total unrecognized compensation expense related to restricted shares, which is expected to be recognized over a weighted average period of one year. We expect to incur \$2.3 million of this expense in 2024, \$1.4 million in 2025, and the remainder in 2026.

Restricted Units

Time-based restricted unit awards were granted on a discretionary basis to the Company's named executive officers in 2023, 2022 and 2021 based on a review of the prior year's performance.

The following table summarizes the activity for the restricted unit awards for the year ended December 31, 2023:

	Number of Restricted Units	Weighted Average Grant Date Fair Value per Unit
Restricted units outstanding as of January 1, 2023	407,138	\$ 14.41
Restricted units granted	163,515	17.45
Restricted units vested	(167,783)	14.48
Restricted units outstanding as of December 31, 2023	<u>402,870</u>	<u>\$ 15.61</u>

The following table summarizes the restricted unit grants and vestings during the years ended December 31, 2023, 2022 and 2021 (*dollars in thousands, except unit and per unit data*):

	Number of Restricted Units Granted	Weighted Average Grant Date Fair Value per Unit	Fair Value of Restricted Units Vested
2023	163,515	\$ 17.45	\$ 3,740
2022	138,505	\$ 17.07	\$ 3,173
2021	72,689	\$ 14.26	\$ 2,956

As of December 31, 2023, there was \$4.6 million of total unrecognized compensation expense related to restricted units, which is expected to be recognized over a weighted average period of 1.1 years. We expect to incur \$2.6 million of this expense in 2024, \$1.8 million in 2025, and the remainder in 2026.

AO LTIP Units – 2021 Awards

During the year ended December 31, 2021, in connection with its annual review of executive compensation and as described in the table below, the Compensation Committee approved an aggregate grant of AO LTIP Units to the Company’s executive officers under the Equity Plan.

	Number of AO LTIP Units	Participation Threshold per AO LTIP Unit
John A. Kite	477,612	\$ 16.69
Thomas K. McGowan	149,254	\$ 16.69
Heath R. Fear	119,403	\$ 16.69

The Company entered into award agreements with each executive officer with respect to his awards, which provide terms of vesting, conversion, distribution, and other terms. AO LTIP Units are designed to have economics similar to stock options and allow the recipient, subject to vesting requirements, to realize value above a threshold level set as of the grant date of the award (the “Participation Threshold”). The value of vested AO LTIP Units is realized through conversion into a number of vested Long-Term Incentive Plan (“LTIP”) Units in the Operating Partnership determined on the basis of how much the value of a common share of the Company has increased over the Participation Threshold.

The AO LTIP Units are only exercisable and convertible into vested LTIP Units of the Operating Partnership to the extent that they become vested AO LTIP Units. The awards of AO LTIP Units are subject to both time-based and stock price performance-based vesting requirements. Subject to the terms of the award agreement, the AO LTIP Units shall vest and become fully exercisable as of the date that both of the following requirements have been met: (i) the grantee remains in continuous service from the grant date through the third anniversary of the grant date; and (ii) at any time during the period beginning in the second year and ending at the end of the fifth year following the grant date, the reported closing price per common share of the Company appreciates at least 15% over the applicable Participation Threshold per AO LTIP Unit (as set forth in the table above) for a minimum of 20 consecutive trading days. Any AO LTIP Units that do not become vested will be forfeited and become null and void as of the fifth anniversary of the grant date, but AO LTIP Units may also be forfeited earlier in connection with a corporate transaction or with the executive’s termination of service.

The AO LTIP Units were valued using a Monte Carlo simulation and the resulting compensation expense is being amortized over three years awards. Compensation expense for the awards granted in 2021 totaled \$3.0 million, of which we recognized \$0.9 million, \$1.0 million and \$1.0 million of compensation expense during the years ended December 31, 2021, 2022 and 2023, respectively, and expect to incur the remainder in 2024.

Special Long-Term Equity Award

In January 2022, the Compensation Committee of the Company’s Board of Trustees granted a total of 363,883 LTIP Units to the Company’s named executive officers as a special long-term equity award related to the October 2021 merger with RPAI, which are subject to both performance and service conditions. The LTIP Units granted are subject to an approximate three-year performance and service period, from October 23, 2021 through December 31, 2024, and the performance components are as follows: (i) cumulative annualized net operating income for executed new leases from October 1, 2021 to December 31, 2024, which will be weighted at 60%; (ii) post-merger cash general and administrative expense synergies achieved as of the end of the performance period, which will be weighted at 20%; and (iii) same property net operating income margin improvement over the performance period, which will be weighted at 20%. Overall performance is further subject to an absolute total shareholder return modifier that has the ability to increase (or decrease) the total number of LTIP Units eligible to vest by 25% (not to exceed the maximum number of LTIP Units). Distributions will accrue during the performance period and be paid only on LTIP Units that vest at the conclusion of the performance period, and any accrued distributions on vested LTIP Units will be settled in cash at such time.

NOTE 6. DEFERRED COSTS AND INTANGIBLES, NET

Deferred costs consist primarily of acquired lease intangible assets, broker fees and capitalized internal commissions incurred in connection with lease originations. Deferred leasing costs, lease intangibles and similar costs are amortized on a straight-line basis over the terms of the related leases. As of December 31, 2023 and 2022, deferred costs consisted of the following (*in thousands*):

	December 31,	
	2023	2022
Acquired lease intangible assets	\$ 433,771	\$ 522,152
Deferred leasing costs and other	74,662	66,842
	508,433	588,994
Less: accumulated amortization	(204,262)	(179,166)
Deferred costs, net	<u>\$ 304,171</u>	<u>\$ 409,828</u>

The estimated net amounts of amortization of acquired lease intangible assets for properties owned as of December 31, 2023 for each of the next five years and thereafter are as follows (*in thousands*):

	Amortization of above-market leases	Amortization of acquired lease intangible assets	Total
2024	\$ 8,935	\$ 66,000	\$ 74,935
2025	6,822	42,293	49,115
2026	4,865	28,974	33,839
2027	3,505	19,460	22,965
2028	2,432	15,376	17,808
Thereafter	2,644	39,806	42,450
Total	<u>\$ 29,203</u>	<u>\$ 211,909</u>	<u>\$ 241,112</u>

The amortization of deferred leasing costs, lease intangibles and other is included within “Depreciation and amortization” in the accompanying consolidated statements of operations and comprehensive income. The amortization of above-market lease intangibles is included as a reduction to “Rental income” in the accompanying consolidated statements of operations and comprehensive income. The amounts of such amortization included in the accompanying consolidated statements of operations and comprehensive income are as follows (*in thousands*):

	Year Ended December 31,		
	2023	2022	2021
Amortization of deferred leasing costs, lease intangibles and other	\$ 107,542	\$ 150,245	\$ 45,423
Amortization of above-market lease intangibles	\$ 12,007	\$ 13,562	\$ 3,483

NOTE 7. DEFERRED REVENUE, INTANGIBLES, NET AND OTHER LIABILITIES

Deferred revenue and other liabilities consist of (i) the unamortized fair value of below-market lease liabilities recorded in connection with purchase accounting, (ii) retainage payables for development and redevelopment projects, (iii) tenant rent payments received in advance of the month in which they are due, and (iv) lease liabilities recorded upon adoption of ASU 2016-02, *Leases (Topic 842)*. The amortization of below-market lease liabilities is recognized as revenue over the remaining life of the leases (including option periods for leases with below-market renewal options) through 2085. Tenant rent payments received in advance are recognized as revenue in the period to which they apply, which is typically the month following their receipt.

As of December 31, 2023 and 2022, deferred revenue, intangibles, net and other liabilities consisted of the following (*in thousands*):

	December 31,	
	2023	2022
Unamortized in-place lease liabilities	\$ 159,449	\$ 188,815
Retainages payable and other	9,229	12,110
Tenant rents received in advance	35,339	29,947
Lease liabilities	68,925	67,167
Deferred revenue and other liabilities	<u>\$ 272,942</u>	<u>\$ 298,039</u>

The amortization of below-market lease intangibles is included as a component of “Rental income” in the accompanying consolidated statements of operations and comprehensive income and totaled \$24.0 million, \$18.4 million, and \$6.1 million for the years ended December 31, 2023, 2022 and 2021, respectively.

The estimated net amounts of amortization of in-place lease liabilities and the increasing effect on minimum rent for properties owned as of December 31, 2023 for each of the next five years and thereafter are as follows (*in thousands*):

2024	\$ 19,346
2025	13,186
2026	12,149
2027	10,274
2028	9,665
Thereafter	94,829
Total	<u>\$ 159,449</u>

NOTE 8. MORTGAGE AND OTHER INDEBTEDNESS

The following table summarizes the Company’s indebtedness as of December 31, 2023 and 2022 (*in thousands*):

	December 31,	
	2023	2022
Mortgages payable	\$ 153,306	\$ 233,621
Senior unsecured notes	1,829,635	1,924,635
Unsecured term loans	820,000	820,000
Unsecured revolving line of credit	—	—
	<u>2,802,941</u>	<u>2,978,256</u>
Unamortized discounts and premiums, net	35,765	44,362
Unamortized debt issuance costs, net	(9,504)	(12,319)
Mortgage and other indebtedness, net	<u>\$ 2,829,202</u>	<u>\$ 3,010,299</u>

Consolidated indebtedness, including weighted average interest rates and weighted average maturities as of December 31, 2023, considering the impact of interest rate swaps, is summarized below (*dollars in thousands*):

	Amount Outstanding	Ratio	Weighted Average Interest Rate	Weighted Average Years to Maturity
Fixed rate debt ⁽¹⁾	\$ 2,630,941	94%	3.98%	3.6
Variable rate debt ⁽²⁾	172,000	6%	9.15%	2.7
Debt discounts, premiums and issuance costs, net	26,261	N/A	N/A	N/A
Mortgage and other indebtedness, net	<u>\$ 2,829,202</u>	<u>100%</u>	<u>4.30%</u>	<u>3.6</u>

(1) Fixed rate debt includes the portion of variable rate debt that has been hedged by interest rate swaps. As of December 31, 2023, \$820.0 million in variable rate debt is hedged to a fixed rate for a weighted average of 1.7 years.

(2) Variable rate debt includes the portion of fixed rate debt that has been hedged by interest rate swaps. As of December 31, 2023, \$155.0 million in fixed rate debt is hedged to a floating rate for a weighted average of 1.7 years.

Mortgages Payable

The following table summarizes the Company's mortgages payable (*dollars in thousands*):

	December 31, 2023			December 31, 2022		
	Balance	Weighted Average Interest Rate	Weighted Average Years to Maturity	Balance	Weighted Average Interest Rate	Weighted Average Years to Maturity
Fixed rate mortgages payable ⁽¹⁾	\$ 136,306	5.09%	8.1	\$ 205,328	3.98%	1.4
Variable rate mortgage payable ⁽²⁾	17,000	7.59%	2.6	28,293	5.96%	0.6
Total mortgages payable	<u>\$ 153,306</u>			<u>\$ 233,621</u>		

(1) The fixed rate mortgages had interest rates ranging from 3.75% to 5.73% as of December 31, 2023 and 2022.

(2) In July 2023, the interest rate on the variable rate mortgage increased to Bloomberg Short Term Bank Yield Index ("BSBY") plus 215 basis points from BSBY plus 160 basis points in conjunction with the July 2023 amendment of the loan agreement. The one-month BSBY rate was 5.44% and 4.36% as of December 31, 2023 and 2022, respectively.

Mortgages payable, which are secured by certain real estate and, in some cases, by guarantees from the Operating Partnership, are generally due in monthly installments of principal and interest and mature over various terms through 2033. During the year ended December 31, 2023, we (i) originated a 10-year \$95.1 million mortgage payable at a fixed interest rate of 5.36% secured by the multifamily rental portion of the expansion project at One Loudoun Downtown – Pads G & H, (ii) amended the loan agreement on the variable rate mortgage secured by Delray Marketplace to extend the maturity date to August 4, 2026, with a one-year extension option, and made a \$9.9 million paydown of the principal balance using available cash on hand, (iii) repaid mortgages payable totaling \$161.5 million that had a weighted average fixed interest rate of 3.85%, and (iv) made scheduled principal payments of \$4.0 million related to amortizing loans.

Unsecured Notes

The following table summarizes the Company's senior unsecured notes and exchangeable senior notes (*dollars in thousands*):

	Maturity Date	December 31, 2023		December 31, 2022	
		Balance	Interest Rate	Balance	Interest Rate
Senior notes – 4.23% due 2023	September 10, 2023	\$ —	—%	\$ 95,000	4.23%
Senior notes – 4.58% due 2024	June 30, 2024	149,635	4.58%	149,635	4.58%
Senior notes – 4.00% due 2025	March 15, 2025	350,000	4.00%	350,000	4.00%
Senior notes – SOFR + 3.65% due 2025 ⁽¹⁾	September 10, 2025	80,000	9.27%	80,000	8.41%
Senior notes – 4.08% due 2026	September 30, 2026	100,000	4.08%	100,000	4.08%
Senior notes – 4.00% due 2026	October 1, 2026	300,000	4.00%	300,000	4.00%
Senior exchangeable notes – 0.75% due 2027	April 1, 2027	175,000	0.75%	175,000	0.75%
Senior notes – SOFR + 3.75% due 2027 ⁽²⁾	September 10, 2027	75,000	9.37%	75,000	8.51%
Senior notes – 4.24% due 2028	December 28, 2028	100,000	4.24%	100,000	4.24%
Senior notes – 4.82% due 2029	June 28, 2029	100,000	4.82%	100,000	4.82%
Senior notes – 4.75% due 2030	September 15, 2030	400,000	4.75%	400,000	4.75%
Total senior unsecured notes		<u>\$ 1,829,635</u>		<u>\$ 1,924,635</u>	

- (1) On July 1, 2023, the fallback rate in the derivative agreement went into effect. As of December 31, 2023, \$80,000 of 4.47% senior unsecured notes due 2025 has been swapped to a variable rate of three-month Secured Overnight Financing Rate (“SOFR”) plus 3.65% through September 10, 2025. As of December 31, 2022, \$80,000 of 4.47% senior unsecured notes due 2025 had been swapped to a variable rate of three-month London Interbank Offered Rate (“LIBOR”) plus 3.65%.
- (2) On July 1, 2023, the fallback rate in the derivative agreement went into effect. As of December 31, 2023, \$75,000 of 4.57% senior unsecured notes due 2027 has been swapped to a variable rate of three-month SOFR plus 3.75% through September 10, 2025. As of December 31, 2022, \$75,000 of 4.57% senior unsecured notes due 2027 had been swapped to a variable rate of three-month LIBOR plus 3.75%.

During the year ended December 31, 2023, the Company repaid the \$95.0 million principal balance of the 4.23% senior unsecured notes due 2023 using available cash on hand.

Subsequent to December 31, 2023, the Company completed a public offering of \$350.0 million in aggregate principal amount of 5.50% senior unsecured notes due 2034 (“Notes Due 2034”), which we expect will be used to satisfy all 2024 debt maturities. See Note 14 for further details.

Private Placement Senior Unsecured Notes

In October 2021, in connection with the merger with RPAI, the Operating Partnership entered into a number of assumption agreements pursuant to which the Operating Partnership assumed all of RPAI's obligations under RPAI's existing note purchase agreements related to an aggregate of \$450.0 million in principal of privately placed senior unsecured notes. In addition, in August 2015, the Operating Partnership entered into a note purchase agreement in connection with the issuance of \$250.0 million of senior unsecured notes at a blended rate of 4.41% and an average maturity of 9.8 years (collectively, the “Private Placement Notes”).

Each series of Private Placement Notes require semi-annual interest payments each year until maturity. The Operating Partnership may prepay at any time all, or from time to time any part of, any series of the Private Placement Notes in an amount not less than 5% of the aggregate principal amount of such series of the Private Placement Notes then outstanding in the case of a partial prepayment, at 100% of the principal amount so prepaid plus a make-whole amount (as defined in the applicable note purchase agreement). The make-whole amount is equal to the excess, if any, of the discounted value of the remaining scheduled payments with respect to the Private Placement Notes being prepaid over the amount of such Private Placement Notes.

Each note purchase agreement contains customary financial maintenance covenants, including a maximum total leverage ratio, secured and unsecured leverage ratios and a minimum interest coverage ratio. Each note purchase agreement also contains restrictive covenants that restrict the ability of the Operating Partnership and its subsidiaries to, among other things, enter into transactions with affiliates, merge or consolidate, transfer assets or incur liens. Further, each note purchase agreement contains customary events of default, including in relation to non-payment, breach of covenants, defaults under certain other

indebtedness, judgment defaults and bankruptcy events. In the case of an event of default, the holders of the Private Placement Notes may, among other remedies, accelerate the payment of all obligations.

Publicly Placed Senior Unsecured Notes

In October 2021, in connection with the merger with RPAI, the Operating Partnership (as successor by merger to RPAI) assumed all of RPAI's outstanding \$750.0 million aggregate principal of publicly placed senior unsecured notes. In addition, the Operating Partnership completed a \$300.0 million public offering of 4.00% senior unsecured notes in September 2016 (collectively, the "Public Placement Notes"). The Public Placement Notes require semi-annual interest payments each year until maturity.

The Public Placement Notes are the direct, senior unsecured obligations of the Operating Partnership and rank equally in right of payment with all of its existing and future unsecured and unsubordinated indebtedness. The Operating Partnership may redeem the Public Placement Notes at its option and in its sole discretion, at any time or from time to time, prior to three months prior to the respective maturity date (such date, the "Par Call Date"), at a redemption price equal to 100% of the principal amount of the applicable Public Placement Notes being redeemed, plus accrued and unpaid interest and a "make-whole" premium calculated in accordance with the indenture. Redemptions on or after the respective Par Call Date are not subject to the addition of a "make-whole" premium.

Exchangeable Senior Notes

In March 2021, the Operating Partnership issued \$175.0 million aggregate principal amount of 0.75% exchangeable senior notes maturing in April 2027 (the "Exchangeable Notes"). The Exchangeable Notes are governed by an indenture between the Operating Partnership, the Company and U.S. Bank National Association, as trustee. The Exchangeable Notes were sold in the U.S. only to accredited investors pursuant to an exemption from the Securities Act of 1933, as amended (the "Securities Act"), and subsequently resold to qualified institutional investors pursuant to Rule 144A under the Securities Act. The net proceeds from the offering of the Exchangeable Notes were approximately \$169.7 million after deducting the underwriting fees and other expenses paid by the Company.

The Exchangeable Notes bear interest at a rate of 0.75% per annum, payable semi-annually in arrears, and will mature on April 1, 2027. During the years ended December 31, 2023, 2022 and 2021, we recognized approximately \$1.3 million, \$1.3 million, and \$1.6 million, respectively, of interest expense for the Exchangeable Notes.

Prior to January 1, 2027, the Exchangeable Notes will be exchangeable into cash up to the principal amount of the Exchangeable Notes exchanged and, if applicable, cash or common shares or a combination thereof only upon certain circumstances and during certain periods. On or after January 1, 2027, the Exchangeable Notes will be exchangeable into cash up to the principal amount of the Exchangeable Notes exchanged and, if applicable, cash or common shares or a combination thereof at the option of the holders at any time prior to the close of business on the second scheduled trading day preceding the maturity date. The exchange rate will initially equal 39.6628 common shares per \$1,000 principal amount of Exchangeable Notes (equivalent to an exchange price of approximately \$25.21 per common share and an exchange premium of approximately 25% based upon the closing price of \$20.17 per common share on March 17, 2021). The exchange rate will be subject to adjustment upon the occurrence of certain events but will not be adjusted for any accrued and unpaid interest.

The Operating Partnership may redeem the Exchangeable Notes, at its option, in whole or in part, on any business day on or after April 5, 2025, if the last reported sale price of the common shares has been at least 130% of the exchange price then in effect for at least 20 trading days (whether or not consecutive) during any 30 consecutive trading day period ending on, and including, the trading day immediately preceding the date on which the issuer provides notice of redemption at a redemption price equal to 100% of the principal amount of the Exchangeable Notes to be redeemed, plus accrued and unpaid interest to, but excluding, the redemption date.

In connection with the Exchangeable Notes, the Operating Partnership entered into privately negotiated capped call transactions (the "Capped Call Transactions") with certain of the initial purchasers of the Exchangeable Notes or their respective affiliates. The Capped Call Transactions initially cover, subject to anti-dilution adjustments substantially similar to those applicable to the Exchangeable Notes, the number of common shares underlying the Exchangeable Notes. The Capped Call Transactions are expected generally to reduce the potential dilution to holders of common shares upon exchange of the Exchangeable Notes. The cap price of the Capped Call Transactions was initially approximately \$30.26, which represents a premium of approximately 50% over the last reported sale price of common shares on March 17, 2021 and is subject to anti-dilution adjustments under the terms of the Capped Call Transactions. We incurred \$9.8 million of costs related to the Capped Call Transactions, which are included within "Additional paid-in capital" in the accompanying consolidated balance sheets.

Unsecured Term Loans and Revolving Line of Credit

The following table summarizes the Company's term loans and revolving line of credit (*dollars in thousands*):

	Maturity Date	December 31, 2023		December 31, 2022	
		Balance	Interest Rate	Balance	Interest Rate
Unsecured term loan due 2024 – fixed rate ⁽¹⁾	July 17, 2024	\$ 120,000	2.68%	\$ 120,000	2.68%
Unsecured term loan due 2025 – fixed rate ⁽²⁾	October 24, 2025	250,000	5.09%	250,000	5.09%
Unsecured term loan due 2026 – fixed rate ⁽³⁾	July 17, 2026	150,000	2.73%	150,000	2.73%
Unsecured term loan due 2029 – fixed rate ⁽⁴⁾	July 29, 2029	300,000	3.82%	300,000	4.05%
Total unsecured term loans		\$ 820,000		\$ 820,000	
Unsecured credit facility revolving line of credit – variable rate ⁽⁵⁾	January 8, 2026	\$ —	6.58%	\$ —	5.56%

- (1) \$120,000 of SOFR-based variable rate debt has been swapped to a fixed rate of 1.58% plus a credit spread based on a ratings grid ranging from 0.80% to 1.65% through July 17, 2024. The applicable credit spread was 1.10% as of December 31, 2023 and 2022.
- (2) \$250,000 of SOFR-based variable rate debt has been swapped to a fixed rate of 5.09% through October 24, 2025. The maturity date of the term loan may be extended for up to three additional periods of one year each at the Operating Partnership's option, subject to certain conditions.
- (3) \$150,000 of SOFR-based variable rate debt has been swapped to a fixed rate of 1.68% plus a credit spread based on a ratings grid ranging from 0.75% to 1.60% through July 17, 2026. The applicable credit spread was 1.05% as of December 31, 2023 and 2022.
- (4) As of December 31, 2023, \$300,000 of SOFR-based variable rate debt has been swapped to a fixed rate of 2.47% plus a credit spread based on a ratings grid ranging from 1.15% to 2.20% through August 1, 2025. As of December 31, 2022, \$300,000 of SOFR-based variable rate debt had been swapped to a fixed rate of 2.70% plus a credit spread based on a ratings grid ranging from 1.15% to 2.20% through November 22, 2023. The applicable credit spread was 1.35% as of December 31, 2023 and 2022.
- (5) The revolving line of credit has two six-month extension options that the Company can exercise, at its election, subject to (i) customary representations and warranties, including, but not limited to, the absence of an event of default as defined in the unsecured credit agreement and (ii) payment of an extension fee equal to 0.075% of the revolving line of credit capacity.

Unsecured Revolving Credit Facility

In July 2022, the Operating Partnership, as borrower, and the Company entered into the Second Amendment (the "Second Amendment") to the Sixth Amended and Restated Credit Agreement, dated as of July 8, 2021 (as amended, the "Credit Agreement") with a syndicate of financial institutions to provide for an unsecured revolving credit facility aggregating \$1.1 billion (the "Revolving Facility") and a seven-year \$300.0 million unsecured term loan (the "\$300M Term Loan"). Under the Second Amendment, the Operating Partnership has the option, subject to certain customary conditions, to increase the Revolving Facility and/or incur additional term loans in an aggregate amount for all such increases and additional loans of up to \$600.0 million, for a total facility amount of up to \$2.0 billion. The Revolving Facility has a scheduled maturity date of January 8, 2026, which maturity date may be extended for up to two additional periods of six months at the Operating Partnership's option, subject to certain conditions.

Borrowings under the Revolving Facility bear interest at a rate per annum equal to SOFR plus a margin based on the Operating Partnership's leverage ratio or credit rating, respectively, plus a facility fee based on the Operating Partnership's leverage ratio or credit rating, respectively. The SOFR rate is also subject to an additional 0.10% spread adjustment as specified in the Second Amendment. The Revolving Facility is currently priced on the leverage-based pricing grid. In accordance with the Credit Agreement, the credit spread set forth in the leverage grid resets quarterly based on the Company's leverage, as calculated at the previous quarter end. The Company may irrevocably elect to convert to the ratings-based pricing grid at any time. As of December 31, 2023, making such an election would have resulted in a lower interest rate; however, the Company had not made the election to convert to the ratings-based pricing grid. The Credit Agreement includes a sustainability metric based on targeted greenhouse gas emission reductions, which results in a reduction of the otherwise applicable interest rate margin by one basis point upon achievement of targets set forth therein.

The following table summarizes the key terms of the Revolving Facility as of December 31, 2023 (*dollars in thousands*):

Credit Agreement	Maturity Date	Extension Option	Extension Fee	Leverage-Based Pricing		Investment Grade Pricing		SOFR Adjustment
				Credit Spread	Facility Fee	Credit Spread	Facility Fee	
\$1,100,000 unsecured revolving line of credit	1/8/2026	2 six-month	0.075%	1.05%–1.50%	0.15%–0.30%	0.725%–1.40%	0.125%–0.30%	0.10%

The Operating Partnership’s ability to borrow under the Credit Agreement is subject to ongoing compliance by the Operating Partnership and its subsidiaries with various restrictive covenants, including with respect to liens, transactions with affiliates, dividends, mergers and asset sales. In addition, the Credit Agreement requires that the Operating Partnership satisfy certain financial covenants, including (i) a maximum leverage ratio; (ii) a minimum fixed charge coverage ratio; (iii) a maximum secured indebtedness ratio; (iv) a maximum unsecured leverage ratio; and (v) a minimum unencumbered interest coverage ratio. As of December 31, 2023, we were in compliance with all such covenants.

The Credit Agreement includes customary representations and warranties, which must continue to be true and correct in all material respects as a condition to future draws under the Revolving Facility. The Credit Agreement also contains customary events of default, the occurrence of which, following any applicable grace period, would permit the lenders to, among other things, declare the principal, accrued interest and other obligations under the Credit Agreement to be immediately due and payable.

Unsecured Term Loans

In July 2022, in conjunction with the Second Amendment, the Operating Partnership obtained a \$300M Term Loan that is priced on a ratings-based pricing grid at a rate of SOFR plus a credit spread ranging from 1.15% to 2.20%. The SOFR rate is also subject to an additional 0.10% spread adjustment as specified in the Second Amendment. Proceeds from the \$300M Term Loan were used to repay outstanding indebtedness and for general corporate purposes. The Operating Partnership is permitted to prepay the \$300M Term Loan in whole or in part, at any time, subject to a prepayment fee if prepaid on or before July 29, 2024. The agreement related to the \$300M Term Loan includes a sustainability metric based on targeted greenhouse gas emission reductions, which results in a reduction of the otherwise applicable interest rate margin by one basis point upon achievement of targets set forth therein.

In October 2021, in connection with the merger with RPAI, the Operating Partnership (as successor by merger to RPAI) assumed RPAI’s \$120.0 million (the “\$120M Term Loan”) and \$150.0 million (the “\$150M Term Loan”) unsecured term loans, which were originally priced on a leverage-based pricing grid with the credit spread set forth in the leverage grid resetting quarterly based on the Company’s leverage, as calculated at the previous quarter end. The Company had the option to irrevocably elect to convert to a ratings-based pricing grid at any time. On August 2, 2022, the Company made the election to convert to the ratings-based pricing grid. The agreement related to the \$150M Term Loan includes a sustainability metric based on targeted greenhouse gas emission reductions, which results in a reduction of the otherwise applicable interest rate margin by one basis point upon achievement of targets set forth therein.

Under the agreement related to the \$120M Term Loan and the \$150M Term Loan, the Operating Partnership has the option to increase each of the term loans to \$250.0 million upon the Operating Partnership’s request, subject to certain conditions, including obtaining commitments from any one or more lenders, whether or not currently party to the term loan agreement, to provide such increased amounts. The Operating Partnership is permitted to prepay each of the \$120M Term Loan and \$150M Term Loan, in whole or in part, at any time without being subject to a prepayment fee.

In October 2018, the Operating Partnership entered into a term loan agreement with a group of financial institutions providing for an unsecured term loan facility of up to \$250.0 million (the “\$250M Term Loan”). The Operating Partnership has the option to increase the \$250M Term Loan to \$300.0 million, subject to certain conditions, including obtaining commitments from any one or more lenders, whether or not currently party to the term loan agreement, to provide such increased amounts. The Operating Partnership is permitted to prepay the \$250M Term Loan in whole or in part, at any time, subject to a prepayment fee if prepaid on or before October 25, 2023.

The unsecured term loan agreements contain representations, financial and other affirmative and negative covenants and events of default that are substantially similar to those contained in the Credit Agreement. The unsecured term loan agreements all rank pari passu with the Operating Partnership’s Revolving Facility and other unsecured indebtedness of the Operating Partnership.

The following table summarizes the key terms of the unsecured term loans as of December 31, 2023 (*dollars in thousands*):

Unsecured Term Loans	Maturity Date	Leverage-Based Pricing Credit Spread	Investment Grade Pricing Credit Spread	SOFR Adjustment
\$120,000 unsecured term loan due 2024	7/17/2024	1.20% – 1.70%	0.80% – 1.65%	0.10%
\$250,000 unsecured term loan due 2025	10/24/2025 ⁽¹⁾	2.00% – 2.55%	2.00% – 2.50%	0.10%
\$150,000 unsecured term loan due 2026	7/17/2026	1.20% – 1.70%	0.75% – 1.60%	0.10%
\$300,000 unsecured term loan due 2029	7/29/2029	N/A	1.15% – 2.20%	0.10%

(1) The maturity date may be extended for up to three additional periods of one year each at the Operating Partnership’s option, subject to certain conditions.

Debt Issuance Costs

Debt issuance costs are amortized over the terms of the respective loan agreements. The following amounts of amortization of debt issuance costs are included as a component of “Interest expense” in the accompanying consolidated statements of operations and comprehensive income (*in thousands*):

	Year Ended December 31,		
	2023	2022	2021
Amortization of debt issuance costs	\$ 3,609	\$ 3,163	\$ 2,681

Debt Maturities

The following table summarizes the scheduled maturities and principal amortization of the Company’s indebtedness as of December 31, 2023 (*in thousands*):

	Secured Debt		Unsecured Debt	Total
	Scheduled Principal Payments	Term Maturities		
2024	\$ 5,121	\$ —	\$ 269,635	\$ 274,756
2025	5,248	—	680,000	685,248
2026	4,581	10,600	550,000	565,181
2027	3,120	—	250,000	253,120
2028	3,757	—	100,000	103,757
Thereafter	28,091	92,788	800,000	920,879
	\$ 49,918	\$ 103,388	\$ 2,649,635	\$ 2,802,941
Debt discounts, premiums and issuance costs, net				26,261
Mortgage and other indebtedness, net				\$ 2,829,202

Other Debt Activity

During the years ended December 31, 2023, 2022 and 2021, we capitalized interest totaling \$3.7 million, \$2.4 million and \$1.6 million, respectively.

Fair Value of Fixed and Variable Rate Debt

As of December 31, 2023, the estimated fair value of fixed rate debt was \$1.9 billion compared to the book value of \$2.0 billion. The fair value was estimated using Level 2 and 3 inputs with cash flows discounted at current borrowing rates for similar instruments, which ranged from 5.53% to 7.48%. As of December 31, 2023, the estimated fair value of variable rate debt was \$841.1 million compared to the book value of \$837.0 million. The fair value was estimated using Level 2 and 3 inputs with cash flows discounted at current borrowing rates for similar instruments, which ranged from 6.50% to 7.45%.

NOTE 9. DERIVATIVE INSTRUMENTS, HEDGING ACTIVITIES AND OTHER COMPREHENSIVE INCOME

In order to manage potential future variable interest rate risk, we enter into interest rate derivative agreements from time to time. We do not use interest rate derivative agreements for trading or speculative purposes. The agreements with each of our derivative counterparties provide that in the event of default on any of our indebtedness, we could also be declared in default on our derivative obligations.

In December 2023, we entered into three forward-starting interest rate swap agreements with notional amounts totaling \$150.0 million that swap a floating rate of compound SOFR for a fixed rate of 3.44% with an effective date of June 28, 2024 and a maturity date of June 28, 2034. These interest rate swaps fixed the interest rate on a portion of the Notes Due 2034, which were issued in January 2024, and were subsequently terminated upon issuance of the Notes Due 2034. We received \$0.7 million upon termination, which will be included as a component of “Accumulated other comprehensive income” in the consolidated balance sheets and reclassified as an increase to earnings over the term of the debt.

The following table summarizes the terms and fair values of the Company’s derivative financial instruments that were designated and qualified as part of a hedging relationship as of December 31, 2023 and 2022 (*dollars in thousands*):

Type of Hedge	Number of Instruments	Aggregate Notional	Reference Rate	Interest Rate	Effective Date	Maturity Date	Fair Value Assets (Liabilities) ⁽¹⁾	
							December 31, 2023	December 31, 2022
Cash Flow	Four	\$ 250,000	SOFR	2.99%	12/1/2022	10/24/2025	\$ 4,952	\$ 7,134
Cash Flow	Two	100,000	SOFR	2.66%	8/1/2022	8/1/2025	2,415	3,616
Cash Flow	Two	—	SOFR	2.72%	8/3/2022	11/22/2023	—	3,663
Cash Flow	Two	200,000	SOFR	2.37%	11/22/2023	8/1/2025	5,716	4,370
Cash Flow	Three	120,000	SOFR	1.58%	8/15/2022	7/17/2024	2,236	5,461
Cash Flow	Three	150,000	SOFR	1.68%	8/15/2022	7/17/2026	7,744	10,896
		\$ 820,000					\$ 23,063	\$ 35,140
Fair Value ⁽²⁾	Two	\$ 155,000	SOFR	SOFR + 3.70%	4/23/2021	9/10/2025	\$ (9,408)	\$ (14,177)
Forward-Starting Cash Flow ⁽³⁾	Three	\$ 150,000	SOFR	3.44%	6/28/2024	6/28/2034	\$ (700)	\$ —

- (1) Derivatives in an asset position are included within “Prepaid and other assets” and derivatives in a liability position are included within “Accounts payable and accrued expenses” in the accompanying consolidated balance sheets.
- (2) On July 1, 2023, the fallback rate in the derivative agreements went into effect. The derivative agreements swap a blended fixed rate of 4.52% for a blended floating rate of three-month SOFR plus 3.70% as of December 31, 2023 and three-month LIBOR plus 3.70% as of December 31, 2022.
- (3) Subsequent to December 31, 2023, the forward-starting interest rate swaps were terminated in conjunction with the issuance of the Notes Due 2034.

In October 2022, we terminated two forward-starting interest rate swaps with notional amounts totaling \$150.0 million and a maturity date of June 1, 2032 and received \$30.9 million upon termination. This settlement is included as a component of “Accumulated other comprehensive income” in the accompanying consolidated balance sheets and is being reclassified to earnings over time as the hedged items are recognized in earnings. During the year ended December 31, 2023, we accelerated the reclassification of \$3.1 million in accumulated other comprehensive income as a reduction to interest expense as a result of the hedged forecasted transaction becoming probable not to occur. Subsequent to December 31, 2023, we completed a public offering of the Notes Due 2034. See Note 14 for further details.

These interest rate derivative agreements are the only assets or liabilities that we record at fair value on a recurring basis. The valuation of these assets and liabilities is determined using widely accepted techniques including discounted cash flow analysis. These techniques consider the contractual terms of the derivatives (including the period to maturity) and use observable market-based inputs such as interest rate curves and implied volatilities. We also incorporate credit valuation adjustments into the fair value measurements to reflect nonperformance risk on both our part and that of the respective counterparties.

We have determined that the majority of the inputs used to value our derivatives fall within Level 2 of the fair value hierarchy, although the credit valuation adjustments associated with our derivatives use Level 3 inputs such as estimates of

current credit spreads to evaluate the likelihood of default by us and our counterparties. As of December 31, 2023 and 2022, we assessed the significance of the impact of the credit valuation adjustments on the overall valuation of our derivative positions and determined that the credit valuation adjustments were not significant to the overall valuation of our derivatives. As a result, we have determined that our derivative valuations are classified within Level 2 of the fair value hierarchy.

Amounts reported in accumulated other comprehensive income related to derivatives will be reclassified to earnings over time as the hedged items are recognized in earnings. Approximately \$17.4 million was reclassified as an increase to earnings during the year ended December 31, 2023. Approximately \$7.3 million and \$7.7 million was reclassified as a decrease to earnings during the years ended December 31, 2022 and 2021, respectively. As interest payments on our derivatives are made over the next 12 months, we estimate the decrease to interest expense to be approximately \$18.8 million, assuming the current SOFR curve.

Unrealized gains and losses on our interest rate derivative agreements are the only components of the change in accumulated other comprehensive income.

NOTE 10. LEASE INFORMATION

Rental Income

The Company receives rental income from the leasing of retail and office space. The lease agreements generally provide for certain increases in base rent, reimbursement for certain operating expenses, and may require tenants to pay contingent rent to the extent their sales exceed a defined threshold. Certain tenants have the option in their lease agreement to extend their lease upon the expiration of the contractual term. Variable lease payments are based upon tenant sales information and are recognized once a tenant's sales volume exceeds a defined threshold. Variable lease payments for reimbursement of operating expenses are based upon the operating expense activity for the period. In connection with the October 2021 merger with RPAI, the Company assumed all leases in place at legacy RPAI properties and began recognizing rental income under the respective leases upon completion of the merger on October 22, 2021.

Rental income related to the Company's operating leases is comprised of the following for the years ended December 31, 2023, 2022 and 2021 (*in thousands*):

	Year Ended December 31,		
	2023	2022	2021
Fixed contractual lease payments – operating leases	\$ 637,915	\$ 615,773	\$ 292,873
Variable lease payments – operating leases	151,853	151,304	69,422
Bad debt reserve	(3,459)	(6,027)	(2,897)
Straight-line rent adjustments	13,186	17,031	4,674
Straight-line rent (reserve) recovery for uncollectibility	(1,374)	(553)	716
Amortization of in-place lease liabilities, net	12,025	4,821	2,611
Rental income	<u>\$ 810,146</u>	<u>\$ 782,349</u>	<u>\$ 367,399</u>

The weighted average remaining term of the lease agreements is approximately 5.1 years. During the years ended December 31, 2023, 2022 and 2021, the Company earned average rent totaling \$7.5 million, \$5.9 million, and \$0.8 million, respectively.

As of December 31, 2023, future minimum rentals to be received under non-cancelable operating leases, excluding variable lease payments and amounts deferred under lease concession agreements, for each of the next five years and thereafter are as follows (*in thousands*):

	Lease Payments
2024	\$ 615,479
2025	566,314
2026	503,985
2027	432,467
2028	342,810
Thereafter	1,105,808
Total	<u>\$ 3,566,863</u>

Commitments under Ground Leases

As of December 31, 2023, we are obligated under 12 ground leases for approximately 98 acres of land. Most of these ground leases require fixed annual rent payments. The expiration dates of the remaining initial terms of these ground leases range from 2025 to 2092 with a weighted average remaining term of 34.0 years. Certain of these leases have five- to 10-year extension options ranging in total from 20 to 25 years.

Right-of-use assets are included within “Prepaid and other assets” and lease liabilities are included within “Deferred revenue and other liabilities” in the accompanying consolidated balance sheets.

During the years ended December 31, 2023, 2022 and 2021, the Company incurred ground lease expense on these operating leases of \$3.9 million, \$3.9 million, and \$2.8 million, respectively. The Company made payments of \$5.2 million, \$5.1 million, and \$2.6 million during the years ended December 31, 2023, 2022 and 2021, respectively, which are included within operating cash flows.

As of December 31, 2023, future minimum lease payments due under ground leases for each of the next five years and thereafter are as follows (*in thousands*):

	Lease Obligations
2024	\$ 5,101

NOTE 11. SHAREHOLDERS' EQUITY

Distributions

Our Board of Trustees declared a cash distribution of \$0.25 per common share and Common Unit for the fourth quarter of 2023. This distribution was paid on January 12, 2024 to common shareholders and common unitholders of record as of January 5, 2024.

For the years ended December 31, 2023, 2022 and 2021, we declared cash distributions totaling \$0.97, \$0.87, and \$0.72, respectively, per common share and Common Unit.

At-The-Market Offering Program

On February 23, 2021, the Company and the Operating Partnership entered into an Equity Distribution Agreement (the “Equity Distribution Agreement”) with each of BofA Securities, Inc., Citigroup Global Markets Inc., KeyBanc Capital Markets Inc. and Raymond James & Associates, Inc., pursuant to which the Company may sell, from time to time, up to an aggregate sales price of \$150.0 million of its common shares of beneficial interest, \$0.01 par value per share, under an at-the-market offering program (the “ATM Program”). On November 30, 2021, the Company and the Operating Partnership amended the Equity Distribution Agreement to reflect their filing of a shelf registration statement on November 16, 2021 with the SEC. The Operating Partnership intends to use the net proceeds, if any, to repay borrowings under its Revolving Facility and other indebtedness and for working capital and other general corporate purposes. The Operating Partnership may also use the net proceeds for acquisitions of operating properties and the development or redevelopment of properties, although there are currently no understandings, commitments or agreements to do so. As of December 31, 2023, the Company has not sold any common shares under the ATM Program.

Share Repurchase Program

In February 2021, our Board of Trustees approved a share repurchase program under which the Company may repurchase, from time to time, up to an aggregate of \$150.0 million of its common shares. In April 2022, our Board of Trustees authorized a \$150.0 million increase to the size of the share repurchase program, authorizing share repurchases up to an aggregate of

\$300.0 million of its common shares (the “Share Repurchase Program”). The Company intends to fund any future repurchases under the Share Purchase Program with cash on hand or availability under the Revolving Facility, subject to any applicable restrictions. The timing of share repurchases and the number of common shares to be repurchased under the Share Repurchase Program will depend upon prevailing market conditions, regulatory requirements, and other factors. In February 2024, the Company extended the Share Repurchase Program for an additional year to February 28, 2025, if not terminated or extended prior to that date. As of December 31, 2023, the Company has not repurchased any shares under the Share Repurchase Program.

Dividend Reinvestment and Share Purchase Plan

We maintain a dividend reinvestment and share purchase plan that offers shareholders and new investors the option to invest all or a portion of their common share dividends in additional common shares. Participants in this plan are also able to make optional cash investments with certain restrictions.

NOTE 12. COMMITMENTS AND CONTINGENCIES

Other Commitments and Contingencies

We are obligated under various completion guarantees with certain lenders and lease agreements with tenants to complete all or portions of a development project and tenant-specific space currently under construction. We believe we currently have sufficient financing in place to fund these projects and expect to do so primarily through free cash flow or borrowings on the Revolving Facility.

In 2017, we provided a repayment guaranty on a \$33.8 million construction loan associated with the development of the Embassy Suites at the University of Notre Dame, consistent with our 35% ownership interest. Our portion of the repayment guaranty is limited to \$5.9 million, and the guaranty’s term is through July 1, 2024, the maturity date of the construction loan. As of December 31, 2023, the outstanding loan balance was \$32.7 million, of which our share was \$11.4 million. The loan is secured by the hotel.

In 2021, we provided repayment and completion guaranties on loans totaling \$66.2 million associated with the development of The Corner mixed-use project in the Indianapolis MSA. As of December 31, 2023, the outstanding balance of the loans was \$61.0 million, of which our share was \$30.5 million.

Legal Proceedings

We are not subject to any material litigation nor, to management’s knowledge, is any material litigation currently threatened against us. We are parties to routine litigation, claims, and administrative proceedings arising in the ordinary course of business. Management believes that such matters will not have a material adverse impact on our consolidated financial condition, results of operations or cash flows taken as a whole.

NOTE 13. RELATED PARTIES AND RELATED PARTY TRANSACTIONS

Subsidiaries of the Company provide certain management, construction management and other services to a number of entities owned by several members of the Company’s management. During each of the years ended December 31, 2023, 2022 and 2021, we earned less than \$0.1 million from entities owned by certain members of management.

We reimburse entities owned by certain members of the Company’s management for certain travel and related services. During each of the years ended December 31, 2023, 2022 and 2021, we paid \$0.3 million to this related entity.

On August 7, 2023, a wholly owned subsidiary of the Company (“KRG Development”) assigned to Pan Am Development Partners, LLC (“Assignee”) certain rights and obligations related to the development of a hotel on the Pan Am Plaza site across from the Indiana Convention Center in Indianapolis, IN, including certain future development rights and a right of first offer involving the project (collectively, the “Project Rights and Obligations”). Assignee is a wholly owned subsidiary of Circle Block Investors, LLC, the parent company that owns the Conrad Indianapolis hotel, of which Mr. Alvin E. Kite, our Chairman Emeritus and the father of Mr. John A. Kite, is the majority owner, and Mr. John A. Kite, our Chief Executive Officer and Chairman of the Board, and Mr. Thomas K. McGowan, our President and Chief Operating Officer, are minority owners. In connection with the transaction, Assignee assumed all Project Rights and Obligations from and after August 7, 2023 and agreed to pay KRG Development an assignment fee of up to \$3.5 million (the “Assignment Fee”), which is due and payable upon the completion of certain development activities that are expected to occur in 2024. In connection with the transactions, Mr. Kite and Mr. McGowan expressly acknowledged and agreed that they remain subject to their executive employment agreements with the Company, including, without limitation, the obligation of each executive to devote substantially all his business time

and effort to the performance of his duties for the Company. Assignee will engage a team of full-time professionals to perform the Project Rights and Obligations. The transaction was approved by a special transaction committee of the independent trustees of the Company (the “Transaction Committee”) as well as the Company’s independent trustees. The Transaction Committee engaged a third-party financial advisor to assist in determining the net value of the Project Rights and Obligations and establishing the Assignment Fee.

NOTE 14. SUBSEQUENT EVENTS

Subsequent to December 31, 2023, we completed a public offering of \$350.0 million aggregate principal amount of 5.50% senior unsecured notes due 2034 (“Notes Due 2034”). The Notes Due 2034 were priced at 98.670% of the principal amount to yield 5.673% to maturity and will mature on March 1, 2034, unless earlier redeemed. The proceeds will be used to repay outstanding indebtedness and for general corporate purposes.

* This property or a portion of the property is subject to a ground lease for the land.

** This category generally includes land held for development. We also have certain additional land parcels at our development and operating properties, which amounts are included elsewhere in this table.

KITE REALTY GROUP TRUST AND KITE REALTY GROUP, L.P. AND SUBSIDIARIES

Notes to Schedule III
Consolidated Real Estate and Accumulated Depreciation
(dollars in thousands)

NOTE 1. RECONCILIATION OF INVESTMENT PROPERTIES

The changes in investment properties for the years ended December 31, 2023, 2022 and 2021 are as follows:

	Year Ended December 31,		
	2023	2022	2021
Balance as of January 1,	\$ 7,732,573	\$ 7,584,735	\$ 3,136,982
Acquisitions related to the RPAI merger	—	(16,672)	4,440,768
Acquisitions	75,587	99,064	15,263
Improvements	140,654	152,165	54,323
Disposals	(208,753)	(86,719)	(62,601)
Balance as of December 31,	<u>\$ 7,740,061</u>	<u>\$ 7,732,573</u>	<u>\$ 7,584,735</u>

The unaudited aggregate cost of investment properties for U.S. federal income tax purposes as of December 31, 2023 was approximately \$8.0 billion.

NOTE 2. RECONCILIATION OF ACCUMULATED DEPRECIATION

The changes in accumulated depreciation for the years ended December 31, 2023, 2022 and 2021 are as follows:

	Year Ended December 31,		
	2023	2022	2021
Balance as of January 1,	\$ 1,161,148	\$ 879,306	\$ 750,119
Depreciation expense	317,593	318,809	154,519
Disposals	(96,971)	(36,967)	(25,332)
Balance as of December 31,	<u>\$ 1,381,770</u>	<u>\$ 1,161,148</u>	<u>\$ 879,306</u>

Depreciation of investment properties reflected in the accompanying consolidated statements of operations and comprehensive income is calculated over the estimated original lives of the assets as follows:

Buildings	20 – 35 years
Building improvements	10 – 35 years
Tenant improvements	Term of related lease
Furniture and fixtures	5 – 10 years

All other schedules have been omitted because they are inapplicable, not required or the information is included elsewhere in the accompanying consolidated financial statements or notes thereto.

SECURITIES AND EXCHANGE COMMISSION AND NEW YORK STOCK EXCHANGE CERTIFICATIONS

The certifications of the Chief Executive Officer and Chief Financial Officer of the Company certifying the quality of the public disclosure by the Company and the Operating Partnership and required to be filed with the Securities and Exchange Commission pursuant to Section 302 of the Sarbanes-Oxley Act of 2002, have been filed as Exhibits 31.1, 31.2, 31.3 and 31.4, respectively, in the Company's Annual Report on Form 10-K for the year ended December 31, 2023. The Company has submitted to the New York Stock Exchange the certification of the Chief Executive Officer certifying that he is not aware of any violation by the Company of the New York Stock Exchange corporate governance listing standards.

FORWARD-LOOKING STATEMENT

This Annual Report, together with other statements and information publicly disseminated by us, contains certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 (the "Securities Act") and Section 21E of the Securities Exchange Act of 1934. Such statements are based on assumptions and expectations that may not be realized and are inherently subject to risks, uncertainties and other factors, many of which cannot be predicted with accuracy and some of which might not even be anticipated. Future events and actual results, performance, transactions or achievements, financial or otherwise, may differ materially from the results, performance, transactions or achievements, financial or otherwise, expressed or implied by the forward-looking statements.

Risks, uncertainties and other factors that might cause such differences, some of which could be material, include but are not limited to: economic, business, banking, real estate and other market conditions, particularly in connection with low or negative growth in the U.S. economy as well as economic uncertainty (including a potential economic slowdown or recession, rising interest rates, inflation, unemployment, or limited growth in consumer income or spending); financing risks, including the availability of, and costs associated with, sources of liquidity; the Company's ability to refinance, or extend the maturity dates of, the Company's indebtedness; the level and volatility of interest rates; the financial stability of our tenants; the competitive environment in which the Company operates, including potential oversupplies of, or a reduction in demand for, rental space; acquisition, disposition, development and joint venture risks; property ownership and management risks, including the relative illiquidity of real estate investments, and expenses, vacancies or the inability to rent space on favorable terms or at all; the Company's ability to maintain the Company's status as a real estate investment trust for U.S. federal income tax purposes; potential environmental and other liabilities; impairment in the value of real estate property the Company owns; the attractiveness of the Company's properties to tenants, the actual and perceived impact of e-commerce on the value of shopping center assets, and changing demographics and customer traffic patterns; business continuity disruptions and a deterioration in the ability of the Company's tenants to operate in affected areas or delays in the supply of products or services to the Company or its tenants from vendors that are needed to operate efficiently, causing costs to rise sharply and inventory to fall; risks related to the Company's current geographical concentration of its properties in the states of Texas, Florida, and North Carolina and the metropolitan statistical areas of New York, Atlanta, Seattle, Chicago, and Washington, D.C.; civil unrest, acts of violence, terrorism or war, acts of God, climate change, epidemics, pandemics (including COVID-19), natural disasters and severe weather conditions, including such events that may result in underinsured or uninsured losses or other increased costs and expenses; changes in laws and government regulations including governmental orders affecting the use of the Company's properties or the ability of its tenants to operate, and the costs of complying with such changed laws and government regulations; possible short-term or long-term changes in consumer behavior due to COVID-19 and the fear of future pandemics; the Company's ability to satisfy environmental, social or governance standards set by various constituencies; insurance costs and coverage, especially in Florida and Texas coastal areas; risks associated with cybersecurity attacks and the loss of confidential information and other business disruptions; other factors affecting the real estate industry generally; and other risks identified in reports the Company files with the Securities and Exchange Commission or in other documents that it publicly disseminates, including, in particular, the section titled "Risk Factors" in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2023, and in the Company's quarterly reports on Form 10-Q. The Company undertakes no obligation to publicly update or revise these forward-looking statements, whether as a result of new information, future events or otherwise.

NON-GAAP FINANCIAL MEASURES

This Annual Report also includes certain forward-looking non-GAAP information. For definitions of these non-GAAP financial measures and reconciliations of net operating income, FFO and EBITDA, please refer to pages 40-43 of the Form 10-K that is included as part of this Annual Report. Due to high variability and difficulty in making accurate forecasts and projections of some of the information excluded from these estimates, together with some of the excluded information not being ascertainable or accessible, the Company is unable to quantify certain amounts that would be required to be included in the most directly comparable GAAP financial measures without unreasonable efforts.
