Form 10-Q for the Quarterly Periods Ended March 31, 2024 and June 30, 2024

Item 4. Controls and Procedures

Changes in Internal Control over Financial Reporting, page 26

1. We note management determined your internal control over financial reporting (ICFR) and disclosure controls and procedures (DCPs) were not effective as of December 31, 2023 due to a material weakness related to your preparation and review of the cashflow statement. We further note that management determined your DCPs were effective as of March 31, 2024 and June 30, 2024 and you disclose that there were no changes in ICFR during these periods that have materially affected, or are reasonably likely to materially affect, your ICFR. Please explain, and revise as necessary to clarify, how you remediated the material weakness in ICFR that you identified as of December 31, 2023. To the extent such weakness has not been remediated, tell us how management concluded that your DCPs were effective to date in fiscal 2024 or revise your conclusions accordingly.
