可持续发展 (ESG) 管理

践行高质量发展与 ESG 理念是北辰实业顺应时代发展需求的必由之路。北辰实业致力于成为推动行业进步、塑造美好生活、为社会创造多元价值的卓越上市企业。在此愿景下，公司将可持续发展理念深植于企业战略、运营管理与企业文化之中，并构建起一套全面的可持续发展推进机制与监督体系。

管理架构

北辰实业已将 ESG 理念融入企业愿景、企业使命与核心价值观，形成富有可持续发展特色的企业文化，引领企业高质量发展。本公司建立了自上而下的 ESG 管治架构，不断加强董事会参与，进一步完善董事会 ESG 治理。董事会作为 ESG 工作最高决策层，每年对公司可持续发展工作进行指导和监察；董事会工作部作为 ESG 统筹部门，配备 ESG 专责人员，作为公司 ESG 工作的日常联络和协调机构，负责拟定 ESG 相关战略、政策，推行和实施工作规划，协调并监督相关工作的执行；公司各职能部门、旗下企业组成 ESG 工作执行组，负责执行落实 ESG 相关工作。

北辰实业 ESG 信息披露工作职责

· 董事会负责指导公司整体的运营和业务发展战略，对 ESG 事宜进行总体监管：

主要负责审议本公司 ESG 方针与策略

参与 ESG 事宜决策

审批 ESG 报告，确认重要性议题评估结果，检视 ESG 相关目标的完成情况及 ESG 风险管理情况，并解释 ESG 事宜与本公司业务的联系。

· 董事会秘书负责对 ESG 报告进行审阅，向董事会进行汇报。

· 董事会工作部在各职能部门与本公司旗下企业开展数据及资料收集工作，深入了解 ESG 相关事宜的推进情况，撰写本报告。

在环境领域，本公司成立了“碳达峰碳中和工作领导小组”及“节能工作领导小组”，加强绿色低碳发展工作的组织保障。在社会领域，本公司成立了“乡村振兴工作小组”，负责乡村振兴帮扶工作的统筹协调。旗下企业亦将 ESG 工作融入部门职责，不断完善 ESG 管理，高效落实 ESG 相关工作。

议题识别

北辰实业参考国内外可持续发展 (ESG) 相关标准，立足自身业务和行业发展趋势，分析和评估重要性议题，绘制重要性议题分布矩阵图。通过精准的议题识别与严谨的评估流程，为北辰实业的可持续发展工作提供切实可行的落地执行路径，充分回应利益相关方期望。

重要性议题确定过程

利益相关方沟通

北辰实业高度关注利益相关方诉求，持续拓展与各方的沟通渠道，致力于在可持续发展的征程中汇聚利益相关方共识，并借助定期的信息披露机制积极回应利益相关方期望，构建高效便捷、畅通无阻的利益相关方沟通网络，不断提升公司的可持续发展能力和社会责任履行水平，实现企业与利益相关方的共同成长与和谐发展。

·北辰实业主要通过以下内容来判断本公司主要利益相关方：

是否已投资或将要投资北辰实业

是否对北辰实业的业务运营具有影响力

是否在北辰实业的业务产品及服务中占有利益或受到影响等

2024 年，北辰实业的主要利益相关方包括政府及监管机构、投资者及股东、客户、职工、供应商、媒体，以及社区与非政府组织等。本公司通过多元的沟通渠道，与各方积极交流，了解并回应其诉求。

ESG 管理体系建设

在积极践行可持续发展战略的进程中，北辰实业全面启动 ESG 管理体系建设工作。以系统性思维为导向，构建更为科学完备的 ESG 治理架构，明确各层级在环境、社会责任和公司治理等方面的职责与权限，形成高效协同的管理机制；紧密围绕企业发展战略与行业最佳实践，梳理契合企业自身发展需求的 ESG 指标体系，为企业精准衡量 ESG 工作成效提供有力支撑；保障 ESG 工作的规范化、标准化开展，从规章制度、流程优化到监督执行，建立起严谨规范、切实可行的 ESG 管理制度，确保 ESG 理念贯穿企业运营的全流程与各环节。

2024 年 12 月，北辰实业举办 2024 年可持续发展 (ESG) 报告启动暨培训会。邀请行业资深专家与专业机构，围绕可持续发展 (ESG) 报告的撰写框架、内容要求、披露规范以及国际前沿趋势等核心要点展开深入讲解。通过理论阐释、案例分析与互动交流相结合的方式，帮助企业各部门人员全面、深入地理解报告撰写要求与规范，为高质量编制 ESG 报告奠定坚实基础，助力企业向利益相关方全面、准确展现 ESG 实践成果与责任担当。

专题：绿韵北辰，绘“双碳”画卷

确立“双碳”目标，是驱动高质量发展、有效应对气候变化的重大战略决策。国有企业作为经济发展的坚实支柱，应积极履行碳中和职责，为打造美丽中国树立标杆。为全面贯彻落实党中央、国务院关于碳达峰、碳中和的决策部署和《北京市碳达峰实施方案》，以及北京市《市管企业碳达峰行动方案》的具体要求，北辰实业制定了《碳达峰行动方案》，携手旗下各企业共同投身于实践探索，合力绘就“双碳”发展蓝图。

全面部署碳达峰行动

北辰实业成立“碳达峰碳中和工作领导小组”，负责组织、协调、推进、落实“双碳”具体工作；所属企业成立相应工作领导小组，负责落实本企业相关工作。同时，北辰实业积极制定节能、减排、环保量化指标，层层分解下达，并持续细化各工程专业的检查项目，将检查结果纳入对所属企业年终考核内容之中，有效监督、落实碳达峰相关工作。

主要原则

深度践行碳达峰承诺

“3060”目标的实现离不开各个企业的统筹规划和积极实践。北辰实业及旗下各企业严格按照行动方案推进节能、降碳、拓绿工作，围绕意识宣贯、设备改造、数据核查、技术研发、行业交流等方面，多措并举，亮点纷呈，为碳达峰目标的实现贡献“北辰力量”。

2024 年，北辰实业开展碳达峰行动方案重点节能技改工程项目工作，所有项目均已完工或已进入实质阶段；完成年度二氧化碳排放核查及履约工作，年度完成碳排放配额 29053 吨，有效抵消公司年度碳排放量。

首都会展

为提高能源利用效率，更换部分老旧用能设备，并引进先进科技，优先使用节能设备，实现能源使用的优化升级；各企业工程部开展节能检查，针对各自工作岗位进行节能优化措施，针对大功率设备进行严格管控，包括及时关闭、优化使用时间等；采用 LED 及节能光源提供照明，淘汰老旧高能耗电机，空调机组设备采用变频技术控制。

公设公司

购买绿电并获得电力交易证书；成功申请朝阳区 2024 年节能减碳专项资金奖励；积极提供 2023 年度绿电交易凭证和相关材料，顺利核减二氧化碳排放配额 5120 吨。

案例 雄安会展中心获得全国首张会展业碳中和管理体系认证证书

雄安会展中心作为雄安新区首家高规格会展中心，是雄安新区对外展示的窗口。首都会展作为雄安会展中心主要管理运营单位，持续推动中心绿色低碳运营。雄安会展中心自正式投入运营以来，一直致力于践行环保、低碳理念，为落实《河北雄安新区规划纲要》，建设绿色低碳之城而努力。

2024 年，雄安会展中心顺利通过第三方机构认定，获得碳中和管理体系认证证书。该证书为全国首张会展业碳中和管理体系认证证书，是对雄安会展中心在碳减排工作方面取得成绩和作出贡献的肯定。

案例 “碳中和”会展——首届 ICCA（国际大会及会议协会）全球场馆论坛

2024 年 12 月，首届 ICCA 全球场馆论坛在国家会议中心二期圆满落幕。本次论坛秉承 ICCA 一贯倡导的可持续会议理念，充分利用国家会议中心二期“中国绿色建筑三星”和“LEED 铂金级标准”的绿色场馆优势，通过购买 CCER（国家核证自愿减排量）以抵消碳排放配额，并采取使用环保材料指示牌、推行无纸化会议材料、循环利用环保家具、提供可降解及可重复使用餐具、部署高效能照明系统等低碳措施，实现碳中和目标。

根据法律法规以及巡视整改和上级监管机构的有关要求，修订了北辰实业《公司章程》及董事会各专委会的议事规则，进一步完善了董事会及专委会的会议机制；修订了北辰实业《公司章程》和股东大会、董事会、监事会的议事规则以及《独立董事工作制度》，确保章程内容及议事程序合法合规，切实维护股东权益。

子企业公司治理

依据新公司法以及《公司章程制定管理办法》，充分考虑不同企业的经营实际，进一步完善不同治理结构下的公司章程模板，为各级子企业章程制定或修订提供参考；加强董事会授权管理，指导子集团和重点项目公司依据授权管理制度制定董事会向经理层授权的方案和清单，充分发挥经理层经营管理作用。

提升决策水平

北辰实业高度重视决策水平的提升，借助数字化手段为决策提供精准、及时的数据支持，着重强化对独立董事的服务保障，通过多维度举措构建科学高效的决策体系。

加强数字化治理

聚焦管理制度化、制度清单化、清单信息化，建立并维护好“三重一大”决策和监管系统，实现“三重一大”事项数字化及全流程动态监管；落实董事会工作系统建设相关要求，提前完成信息数据上报，进一步提升数字化管理水平。

董事履职支撑

加强对独立董事的履职支撑服务，加强日常沟通和重大、复杂决策事项沟通，定期向公司提供经营管理信息，科学组织开展工作调研。加强子企业董事会队伍建设，组织开展对子企业董事会和派出董事的年度履职考核评价工作，并组织开展履职能力提升培训。

■ 深化国企改革

北辰实业积极响应国企改革号召，产业布局持续优化，活力效率有效提升，中国特色现代企业治理不断完善，为实现高质量发展奠定坚实基础。

优化产业布局

首都会展行业引领力进一步凸显，在成功主承办服贸会等既有项目之外，成功引入 Sibos 2024 年会等 8 个展会新项目，业务实现突破性拓展佳绩。

主责主业规模扩大

商业物业板块持续深化

北辰实业积极谋划商业物业发展战略，组建北辰商管，集中管理北辰实业写字楼、公寓、酒店等商业及园区资产；成立北京北辰悦物业服务有限公司，不断提升持有资产物业管理能力；推进构建亚奥区域新消费联盟成立，促进双奥场馆赛后可持续利用，助力亚奥区域成为国际文化商业新地标。

地产板块加强整合

提高人均效能，稳妥有序推进城市中心进一步整合，机构设置和用工总量进一步精简，区域优势与资源统筹进一步提升，有效降低管理成本。2024 年成立北京辰纬企业运营管理有限公司，阶段性集中管理房地产尾盘项目剩余资产。

提升活力效率

落实市场化经营机制，推进“三项制度”改革进一步走深走实。2024 年印发《公司关于进一步深化“三项制度”改革工作实施方案》，围绕干部能上能下、员工能进能出、收入能增能减和加速人力资源数字化建设制定四方面改革任务共 15 项改革措施清单，推动实现管理人员竞争上岗、末等调整和不胜任退出，推动收入分配机制更加精准规范。

进一步加强领导人员队伍建设，拓宽人才多通道发展路径。2024 年制定《北辰集团（北辰实业）优秀年轻干部人才储备库动态调整办法（试行）》，持续扩大年轻干部“蓄水池”；与北京市人力资源和社会保障局、ICCA 共同开发注册国际商务会展专业人士（CIBEP）职业认证证书，构建丰富多元的会展专业人才评价体系。

完善中国特色现代企业治理

持续夯实“三重一大”决策管理、完善公司分类管控，形成一横一纵管控体系。修订公司及子集团“三重一大”制度，制定并持续完善子企业权责清单，逐步实现了治理主体权责清晰与公司管控优化的科学衔接，形成系统完备、决策高效的科学决策制度体系。

持续深化内控合规协同体系建设，健全组织机构，完善运行机制。制定印发《北辰集团（北辰实业）纪检监察与组织、巡察、审计、财务等监督贯通协同工作方案》，进一步发挥职能监督作用和组织优势，推动形成系统集成、协同高效的监督工作格局。

依法合规 诚信经营护声誉

北辰实业健全合规管理体系，有序推进合规管理工作，不断加强内控体系建设，全面提升风险防控能力，持续深化依法合规治理的深度与广度，维护利益相关方的合法权益，为推动企业与社会的和谐共生奠定坚实基础。

■ 依法合规治理

北辰实业严格遵循国家法律法规、行业监管要求，通过构建完善的合规管理体系与公开透明的信息披露机制，确保各项业务合法合规有序开展。

推进合规体系建设

落实市国资委合规管理年度重点工作要求，推动重点领域合规管控措施进流程或表单，将合规管理标准和要求落实到岗位职责；组织开展年度合规风险排查及合规管理体系有效性评估，建立重点风险岗位清单并动态更新；将合规审查纳入规章制度、重大决策事项、重要合同签订程序。

强化落实合规管理

定期组织合规管理联席会等会议，年内系统梳理合规义务，更新合规风险清单，开展合规风险专项排查，组织合规管理体系有效性评估工作，推动合规管理机制有效运转；根据企业经营实际制定《合规风险管理指引》《个人信息保护合规指引》《合同管理合规手册》等专项制度，持续深化重点领域合规管理；推动二级企业颁布《合规管理体系实施方案》《合规管理办法》，压实合规管理向子企业延伸。

做好信息披露工作

制定《北辰实业信息披露事务管理办法》《北辰实业信息披露暂缓与豁免业务管理制度》等规范性文件，按照监管要求规范及时完成公司定期报告及董监高变更、更换会计师事务所等重大事项临时公告的编制和发布工作，截至 2024 年年底，共发布公告 329 个，其中 A 股 119 个、H 股 210 个。凭借高质量的信息披露及规范的公司治理，北辰实业信披工作已连续四年荣获上交所 A 类（优秀）评级。

案例 北辰商管策划录制法治宣传微电影

2024 年 10 月，北辰商管紧跟北京市法治微电影作品征集活动步伐，制作了以《中华人民共和国民法典》为核心的法治宣传微电影“《健身卡的约定与安全》——让法律照亮你的健身之路”。这部微电影直面经营服务中的实际问题，聚焦健身房办卡陷阱与安全隐患，通过三幕情节普及《中华人民共和国民法典》中格式条款的适用与经营者的安全保障义务法律知识，直观展现《中华人民共和国民法典》在商业经营中的实际应用与重要性。

此次微电影的拍摄，不仅展现了北辰商管对法治文化建设的高度重视，更彰显了公司在法治轨道上推动经营服务高质量发展的坚定决心。未来，北辰商管将继续秉承法治精神，不断优化内部管理，助力公司服务品质升级，为首都经济社会的高质量发展贡献更多力量。

加强风险防控

北辰实业扎实落实市国资委风险防控有关要求，在完成规定动作的基础上做好自选动作，更严更实强化风险防控，建设内控体系。

健全风险防控体系

设立“风险管控工作领导小组”，及时了解公司经营、资金及债务、内控及法律等方面可能存在的风险情况，及时提供资金优化配置和融资建议。同时，优化内控工作，对现有制度进行诊断并修订完善，加强制度体系管理；修编《内控手册》，促进合规、内控体系有效协同联动；开展旗下企业内控体系考核调研，压实旗下企业风险防控管理责任。

资金管理全过程管控

定期组织召开风险管控工作领导小组会，会上对经营管理、资金管理、项目管理、法律及内控管理等关键领域中所涉及的风险进行分析，对风险的管控措施进行研究，对风险管控中的重难点工作进行协调推进。

科技创新 数字引领创效能

北辰实业将数字化转型视为提升竞争力与实现可持续发展的关键驱动力，利用数智平台提升运营管理效能，从智慧场馆到数字化营销平台，不断挖掘科技赋能的潜力，通过管理创新与核心技术创新提升服务品质，为客户带来智能化体验。

数字化建设

北辰实业紧密结合市国资委智慧国资规划、数据先行区建设、数字化重大项目应用场景建设的要求，以数字化建设推动企业提质增效。

数字化建设

运营管理展会活动

6000多场

持续推进北辰实业《数字化转型规划（2023—2025 年）》《2023—2025 年度数字化转型重点项目清单》和《北辰集团（北辰实业）2024 年度数字化建设重点工作》，重点落实公司年度数字化转型任务，统筹部署数字化建设重点工作，以打造领先的北辰会展服务平台为目标，完成场馆管理系统的 5 次升级迭代工作，在 8 家京内外场馆推广应用，运营管理展会活动 6000 多场，为智慧化场馆建设咨询工作提供数据支撑。

数据治理工作

积极开展数据治理工作，印发《数据治理三年行动计划》，明确数据治理框架及路线图，为数据资源向数据资产转化打通壁垒，为数据驱动创新发展提供指引。本年度内公司未发生网络安全事件。

智慧场馆建设

北辰实业持续推进信息化技术创新，重点打造国家会议中心二期、首都国际会展中心智慧场馆标杆，运用大数据、人工智能、云计算等前沿技术，积极构建数字服务场景，并融入各个业态的具体业务中，提升用户体验，2024 年已完成国家会议中心二期智慧化项目（商业部分）上线试运营和首都国际会展中心智慧场馆建设。

案例 智慧场馆运营管理平台

北辰实业高度重视技术创新，坚持提高数字化管理和信息技术创新研发能力。研发推出的智慧场馆运营管理平台，是全国首套具有自主知识产权的场馆管理系统，通过“软件即服务”（SAAS）模式设计与标准化管理流程，高效积累会展数据，有效推进了会展场馆管理和输出管理工作，已成为公司内重要的信息基础设施，并助力北辰夯实在会展行业的核心竞争力。

案例 中非合作论坛峰会闭幕，国家会议中心彰显智慧场馆魅力

在 2024 年中非合作论坛峰会中，国家会议中心将科技创新元素融入会场各个方面，彰显智慧场馆魅力。会议区一层大堂，可移动、具备交流功能的智能引导机器人为客人提供中英双语服务，位于会议茶歇区的咖啡机器人与茶艺机器人为现场嘉宾提供互动体验，场馆内 24 小时无人值守的智慧超市满足客人的多样化服务需求，外币兑换机打造多元化外币支付新场景。此外，会议公共区域打造 AIGC 互动体验区，运用先进的 AIGC 技术，将每位嘉宾的影像融入精心设计的中非合作主题故事中，生成独一无二的个性化故事海报。

环境管理 制度落实护生态

北辰实业全面落实国有企业环境保护主体责任，建立健全环境管理体系，宣传贯彻环保文化，培养职工环保意识，全方位、多层次地推进环境管理工作，为企业高质量发展筑牢绿色根基。

加强环境管理

北辰实业高度重视环境管理，加强环境管理组织建设，持续完善环境管理制度，多管齐下全面加大环境管理力度。

提供组织保障

成立主要领导担任组长的“节能工作领导小组”，明确本公司及旗下各企业管理责任；建立《环境保护设施设备管理台账》《污染源统计台账》，建立环保罚款台账报送流程；开展环境保护管理专项检查，并将检查结果纳入企业年度经营绩效考核，确保环境管理工作有效落地。

完善制度建设

根据《中华人民共和国节约能源法》《中华人民共和国环境保护法》等国家法律法规，立足公司实际情况，制定、执行《环境保护管理办法》《节约能源管理办法》《节能低碳行为规范》，明确环境管理的目标、原则与流程，对环保职责进行清晰界定，构建规范的环境管理体系。

北辰实业 2024 荣誉榜

北辰实业作为北京市重点用能单位，2024年参加2021年至2023年年节能目标责任考评工作，获得优秀等级评价，并获得财政奖励。

环保文化宣贯

北辰实业通过加强内部培训与宣传，不断强化全体职工的环保意识和主体责任感。通过开展环保主题活动、设立环保奖励机制等方式，激发职工参与环保工作的积极性和主动性，营造出全员重视环保、践行环保的良好氛围。

案例 国家会议中心连续十三年参与“地球一小时”活动

2024年是国家会议中心连续第十三年参与“地球一小时”活动，国家会议中心在日常经营中制定和实施了一系列环保举措，不仅身体力行准时“关灯 点亮希望”，还通过发布倡议书鼓励职工、合作伙伴和顾客参与其中，共同“为地球献出一小时”。

2024 年全国节能宣传周和低碳日活动

2024年5月的全国节能宣传周和低碳日活动分别以“绿色转型，节能攻坚”和“绿色低碳，美丽中国”为主题，各公司积极开展有关宣传活动。

北辰商管

以图文的形式科普低碳生活方式，并且线上组织各部室人员学习公司环境管理制度与节能方案，强化企业职工的节能低碳意识和绿色发展理念。

北辰地产

结合“绿色转型，节能攻坚”全国节能宣传周活动主题及“绿色低碳，美丽中国”全国低碳日活动主题，张贴主题海报，分享观看节能宣传周主题宣传片，通过社交媒体平台深入开展各类宣传活动，让公司职工了解节能减排的重要性和紧迫性。

五洲皇冠酒店

组织召开“2024 年五洲皇冠节能宣传教育”培训会，学习习近平生态文明思想，分析讲解酒店水、电、气、热能源消耗量以及节能降耗工作计划和设备更新方案，宣讲北辰节能低碳行为规范，倡导职工建立良好节能低碳环保意识。

北京北辰洲际

组织环保答题活动，针对国家节能方面的工作部署、习近平总书记的重要讲话精神、绿色北京战略等知识点设问，增加职工对节能降耗、绿色低碳建设工作的了解。

气候应对 策略得当迎挑战

北辰实业主动参与应对气候变化行动，将其作为企业发展的关键课题，积极识别气候相关实体风险与转型风险，落实相关应对措施，有效降低风险对企业生产与运营的影响，在全球气候治理进程中勇担国企责任。

应对实体风险

北辰实业时刻保持对实体风险的敏锐洞察，积极主动采取应对策略，全方位降低实体风险对公司运营的负面影响，保障各项业务平稳有序运行。

案例 灵活应对极端天气，助力 2024 国际基础科学大会完美落幕

2024 年 7 月，2024 国际基础科学大会在北京举办。首都会展作为连续保障两届大会的唯一会务执行单位，圆满完成工作。7 月 24 日上午 11 点，项目团队接到怀柔区紧急通知，因极端天气易引发会场所处浅山区的地质灾害风险，要求立刻进行人员转移。团队在 3 小时内接连完成车辆调度、活动调整、安全检查等工作。次日上午 7 点，项目团队得到通知，要求 9 点恢复大会的正常运转，团队迅速响应，2 小时内园区各项工作均已正常运转。

应对转型风险

北辰实业重视绿色低碳转型发展，积极应对气候变化带来的转型风险，针对气候政策法规、技术创新、市场情绪及公司声誉等因素开展风险识别，做好风险应对，展现出公司在绿色发展中的卓越前瞻性与行动力，全方位推动公司在低碳转型浪潮中稳健前行。

减碳降碳 低碳发展谱新章

北辰实业积极响应国家政策号召，全力推进绿色低碳循环发展体系的构建，通过节能降耗和清洁生产的系列举措，在减碳降碳的征程中迈出坚实步伐，推动企业发展朝着绿色低碳方向深度转型，为自身高质量发展奠定坚实的绿色根基。

节能降耗

北辰实业加强各专业系统的运维管理，持续提高能源利用效率。2024 年，北辰实业（上市 + 非上市分公司）能耗 16606 吨标准煤，同比 2023 年 16710 吨标准煤略有下降，降幅 0.6%。

2024 年能耗标煤	2023 年能耗标煤	降幅
16606 吨	16710 吨	0.6 %

加强水资源管理

积极贯彻落实《北京市节水条例》，助力节水型社会建设，不断夯实计划用水和定额指标的管理，做好用水指标的分解工作，强化监督检查。2024 年，积极开展用水情况调查工作，对可循环水资源的种类、数量、质量等方面进行评估，提出改进和优化节水工作建议，持续提升水资源利用效率，顺利完成水效益目标。

打造绿色建筑

融入前沿节能技术与环保材料，打造舒适宜居且低能耗的绿色建筑标杆，提高建筑的能源利用效率，推广使用节能型施工设备，优化施工工艺，降低在使用过程中的能源消耗，将绿色建筑理念贯穿始终。

创办绿色展会

通过绿色设计场馆设施、低碳运营展会服务等措施，全方位降低会展活动的环境影响，采用 LED 节能灯具替代传统照明设备，鼓励参展商采用可循环利用的展具和环保装饰材料，减少一次性用品的使用，致力于打造全流程绿色会展。

案例 公设公司圆满完成北京亚运村再生水引入项目

公设公司全力做好做活“水”文章，持续推进中水的管理与合理利用，为节能减排和绿色发展贡献力量。

自再生水引入项目立项以来，公设公司高度重视，集结专业技术团队，深入工程现场展开详尽调研，在亚运村园区内铺设地下管线，分别与北辰东路、安立路的市政再生水管线接驳，将再生水引入亚运村中心花园、周边绿地和制冷站，用于园区绿化、保洁、制冷系统用水，替代自来水。该项目进一步合理优化亚运村园区水资源结构，提升再生水利用比例，有效降低了企业水资源的使用成本。

清洁生产

北辰实业大力推进清洁生产，从固体废弃物、大气污染物、污水等方面进行严格管控，扎实开展污染防治工作，有效提升资源利用效率、减少污染物排放、优化生产流程。

污染防治

加强各企业对环境保护工作的管理与监督，制定并执行“一企一策”的环保应急预案，开展对《环境保护设施设备管理台账》《污染源统计台账》的自查与更新工作，保障各企业环境保护设施设备的正常运行和对污染源的有效控制。2024 年，各类环保设施良好率达到 100%，开展 8 项节能技改工程，总计花费 783.9 万元。能源利用效率有效提高，成功减少生产与经营过程对环境的影响。

废气管理

开展厨房油烟废气、锅炉排放废气、工程项目扬尘等潜在挥发性有机物污染源的年度摸排，从源头进行污染管控；持有型物业严格按照行业主管部门要求，通过设置喷淋喷雾设施、优化工艺有效抑制扬尘。

废水管理

根据《北京市排水和再生水管理办法》对废水直接排放进行严格把控，在废水排放到市政管网前对废水进行预处理，确保水质符合排放标准，并持续加强水资源循环利用，推广中水使用，引导各企业引入市政中水或建立中水处理系统；2024 年公寓经营管理分公司积极行动，有效推进了污水排放设施的部分改造项目，并顺利完成了排水许可证的申领工作，为环境保护和水资源管理作出了积极贡献。

固体废弃物管理

旗下酒店在采购易耗品时均选用可降解环保型包装材料的产品，避免过度包装；持续开展物资回收再利用工作，对废旧毛巾、塑料制品、玻璃制品等常用物资开展物资循环利用；与专业公司签订垃圾收纳协议，对生活垃圾、厨余垃圾、其他垃圾和有害垃圾进行分类、专业清运及消纳，本年度完成针对废弃物、危险废弃物签订专业垃圾收纳协议 100% 的目标。

案例 长沙北辰三角洲 A2 项目利用环保技术践行清洁生产

为减少施工过程中对周边社区及居民造成的环境污染、生活困扰，北辰地产积极运用行业先进技术和施工方法，减少建筑工地对环境造成的负面影响。长沙北辰三角洲 A2 项目在防尘方面采用雾化喷淋除尘系统，利用喷淋或喷枪将水雾喷洒到空气中的烟尘或气味颗粒上，使其与水雾相互作用，形成大尺寸的颗粒，随后这些颗粒被重力沉降或被其他设备捕集去除，有效提升了防尘效果。为了确保项目内外道路的清洁，在出入口大门处安装车辆自动冲洗装置，对进出场车辆进行冲洗，土方车辆全部实施封闭运输，有效防止施工车辆对内外道路的污染。此外，为减少光污染，施工现场塔吊安装了罩式镝灯，场地照明灯设置光罩，确保定向透射光束，避免强光外泄。在电焊机等强光机械作业时，设置了遮光罩棚，确保光线聚焦于施工区域内，减少对外界的影响。

长沙北辰三角洲 A2 项目综合利用环保技术

绿色运营 理念践行促循环

北辰实业旗下企业积极贯彻落实首都绿色低碳发展相关要求，提倡低碳办公、资源循环利用，减轻环境负荷。各企业高度重视供应链可持续发展，携手供应商共同践行绿色环保理念，为行业绿色转型树立典范，实现经济效益与环境效益的有机统一。

■ 绿色办公

北辰实业将绿色理念融入办公全流程，采取多项举措降低能源、纸张、用水等消耗，引导职工在绿色办公环境中增强环保意识。

● 首都会展

安排工程设备值班人员及时根据中央空调制冷机水温及实际需要，控制启停机时间、台数、区域设备，降低用电消耗量；假日、工休日前要求职工把办公区的用电设备断电，并设专人检查。

● 五洲·会议中心

结合实际情况延迟供冷；根据写字楼客户上下班时间，精确调整新风机组开启、关闭时间；牌匾标识开启关闭的时间随着季节、天日长短进行合理、适时调整；电梯运送货物尽量避开峰值，以达到削峰填谷目的。

● 五洲皇冠酒店

对硒鼓等有害物品进行统一收集，并交由专业公司进行回收处理；加强电梯运行调节和维护保养，提倡少乘电梯、多走楼梯；在办公室内禁止使用移动式大功率取暖设备、电暖炉等电器，保证安全用电的同时节约能耗。

■ 绿色供应链

北辰实业从源头把控供应商资质，确保使用原材料环保合规，统筹各企业践行绿色采购原则，加强对供应链管理与评估，推动全产业链绿色发展。

● 北辰地产

针对供应商环保方面进行监管，优先选择使用环保材料的供应商；在招标过程中高度重视供应商信誉度。

● 国家会议中心

优先选择环保型材料和产品，全面采用绿色建材，制定详细的供应商筛选标准，优先选择在环境保护方面表现优异的企业。与环境友好供应商建立长期合作关系，共同推动绿色供应链的发展。物流和配送中，推广使用电动汽车、混合动力车等清洁能源车辆，减少燃油消耗和尾气排放。

● 五洲皇冠酒店

客房装修改造项目中，初步设计阶段即明确设备选型必须为节能环保产品，如节水型马桶、节能灯具、绿色环保涂料、环保板材家具等；在制冷机及水泵更新项目中，择优选取市场最优高能耗比的绿色节能产品。

SDGs

员工责任 关爱培育筑同心

人才作为核心驱动力，是企业实现可持续发展的基石。北辰实业扎实推进职工权益保障工作，不断优化职工职业发展通道，打造多元化培训体系，积极开展各类职工关怀行动，压实安全生产责任，充分激发人才的创新活力与工作热情，实现企业与职工双赢。

保障职工权益

北辰实业坚持平等雇用，加强民主管理，完善薪酬福利体系，重视职工身心健康，全方位保障职工合法权益。

平等雇用

严格遵守国家及地方有关雇用和劳动用工的相关法律法规，对雇用童工及强制劳工采取零容忍的态度；持续实施公开透明、平等竞争、择优选用的市场化招聘机制，将高校毕业生作为人才培养储备重要来源之一，同时积极参加转业军官、随军家属、退役大学生士兵、西藏籍毕业生、乡村协理员等特殊人才接收工作，公开招聘率持续保持 100%。

民主管理

依法合规修订公司劳动合同管理制度，积极推进电子劳动合同系统建设工作，完成全级次企业职工劳动合同数字化加工，劳动合同签订率达 100%；扎实推进民主管理各项工作，召开第四届职工代表大会，拓宽职工诉求反馈途径，全方位、深层次挖掘职工需求，助力企业运营持续改进。

薪酬福利

坚持战略导向原则，建立以岗位价值为基础、经营业绩为导向的薪酬分配机制；依法为职工缴纳各项保险，为职工构建多层次福利保障体系；建立《公司总部考勤管理办法》《公司总部带薪年假管理办法》，切实保障职工休假权益。

职业健康

制定《公司职工补充医疗保障方案》及《公司退休人员重疾医疗互助帮困实施办法》等管理办法；组织职工定期到指定医疗机构进行体检，为职工的健康保驾护航；坚持做好在职职工互助保障投保、续保和理赔工作。2024 年，健康体检覆盖率达 100%。

助力职工成长

北辰实业积极为职工打造广阔的发展天地，通过开设多元化技能培训提升职工专业素养，精心搭建全方位人才发展体系，全力助推职工成就精彩职业人生。

人才培养

制定《公司培训管理办法》《北辰研学院建设方案》，构建“北辰研学院—专业平台公司—各企业”三级教育培训体系，形成具有北辰特色的人才培养模式；上线数字化入职培训标准化课程，开展毕业生入职培训项目，帮助新职工迅速融入公司；开展提升经营管理能力研修班等培训，为职工赋能。

产学研结合

为加强国际会议行业人才培养及国际交流，与 ICCA 共同开发注册国际商务会展专业人士（CIBEP）职业认证证书，开展会展设计师职业技能等级证书与 ICCA Skills 国际证书互认项目，共同发布“行业人才发展倡议”，呼吁行业同仁在会展技能提升与认证、青年领袖培养等方面采取实质性措施，共同构建适应新时代要求的会展人才发展体系，打造高质量人才队伍。

■ 筑牢安全防线

北辰实业坚持安全至上原则，深度融入首都发展战略，精心构建安全生产管控体系，将隐患排查与整治视为常态化工作，持续强化应急响应能力，培育安全文化，全方位、多层次筑牢安全生产的坚固防线。

● 加强安全管理

印发北辰实业《安全生产治本攻坚三年行动方案（2024—2026）》，成立“安全生产治本攻坚三年行动工作领导小组”，强化安全生产责任落实，定期通过安全生产季度会议进行动员部署、分析、研判、总结，形成安全管理常态化工作机制，部署推动安全生产治本攻坚三年行动措施落实落地。

● 安全隐患排查

持续开展安全生产风险隐患排查整治工作，紧抓超高层建筑、会展场馆、改扩建项目等重点行业领域，深入开展高风险场所专项整治。开展消防安全集中除患攻坚整治专项行动，全年共开展安全检查 516 次，发现安全问题 1669 项，已全部完成整改。

● 安全应急演练

不断加强应急队伍建设，形成有效联动机制，认真做好预案制定、队伍建设、设备设施配置、物资储备等各项应急准备工作。针对汛期召开专题会议部署，确保各项防范措施到位；举办 2024 年度消防应急疏散演练活动，进一步提高应对突发事件的处置能力。

● 培育安全文化

北辰实业高度重视安全文化宣贯工作，注重培养职工安全生产意识与实践水平，营造良好的安全文化氛围，全年组织开展安全生产、消防安全、交通安全三次专题培训，共计 300 余人参加。

产业协同 携手共进促共赢

北辰实业高度重视产业协同发展，在构建责任供应链时从源头把控，将 ESG 理念融入每一个采购环节，严格筛选、审查与考核供应商，确保在保障产品与服务质量的同时，达成环境、社会与治理的效益最大化。在推动行业发展的进程中，充分发挥自身行业影响力，携手各方共创繁荣与可持续的行业新生态。

助力行业发展

北辰实业全力构建资源互通桥梁，深化业内协作往来。积极投身行业标准制定、前沿课题研究，凭借专业实力为行业发展筑牢根基，持续为行业繁荣添砖加瓦，推动行业稳健前行，彰显北辰担当。

参与行业交流活动

紧紧围绕首都城市战略定位，持续发力会展产业，加快推进全产业链布局，全力打造世界一流的会展品牌企业，持续推进与国际大会及会议协会（ICCA）、国际展览业协会（UFI）等国际行业组织开展交流合作。

牵头制定行业标准

首都会展深耕会展行业标准化建设，参与制定《会议分类和术语》国家标准及《会议中心运营服务规范》《展览场馆运营服务规范》《展览服务（布展工程）单位经营服务规范》《专业性展览会等级的划分及评定》等行业标准，发布《中国展览指数报告（2023）》，不断推进会展行业高质量发展。

案例 《中国展览指数报告（2023）》重磅发布

2024 年 9 月，首都会展智库机构——北辰会展研究院在第三届国际会展经济发展论坛上重磅发布《中国展览指数报告（2023）》，全面揭示了会展行业在经历三年低谷后的爆发式增长与显著复苏。

北辰会展研究院连续第五年编制《中国展览指数报告》（以下简称“报告”），2023 年报告总计约 25 万字，涉及图表约 400 张。五年来报告不断扩大中国城市会展发展指数的样本容量，样本城市数量达 35 个，拓宽了各城市横向比较范围。报告推出的城市竞争力指数准确地反映了全国各城市会展经济发展的现状，为城市发展会展业找到优势和短板提供抓手。报告还对行业分类方法进行了优化，有利于更科学地呈现专业展会的行业分布。目前《中国展览指数报告》已成为国内科学、客观地反映各地区、各城市会展业发展和不同行业会展发展的宝贵参考资料。

案例 中国首个会展业职业资质国际互认项目签约

2024 年 6 月，中国首个会展业职业资质国际互认项目签约仪式举行。北京市人力资源和社会保障局、北辰、ICCA 三方代表签约，这是政府主管机构、行业龙头企业与国际会议组织在会展职业教育技能人才培养方面的首次合作，标志着三方将在会展行业的会议知识交流和能力发展方面展开深入合作，进一步推动北京及中国会展行业的高质量和可持续发展，为推进高水平开放作出新贡献。

■ 打造责任供应链

北辰实业将可持续发展作为供应商选择、资质审查和评估的重要标准，持续加强供应商管理和责任采购工作，着力打造具备高韧性和可持续发展能力强的责任供应链。旗下企业共同促进供应链伙伴履责。

■ 案例 首都会展开展供应商履约考核

首都会展开展供应商履约考核，以确保供应商供应产品的质量、价格和提供的服务等符合国家规定、行业标准及合约要求为考核目的，及时淘汰不符合规定的供应商。如发现所供应物资或提供的服务存在问题，应及时与供应商约谈并寻求解决问题的方法。

■ 案例 北辰商管查验供应商信用报告

北辰商管通过官方网站查验供应商信用报告、是否存在违规违法行为等情况。通过集采和新项目实施开展供应商调研 90 余次，按照制度资格预审和推荐渠道补充供应商 80 余家，通过各项目履约考核评估供应商 350 余家均合格，目前供应商库内合格供应商 1090 家。

■ 案例 国家会议中心定期对供应商进行社会责任培训

国家会议中心定期对供应商进行社会责任培训，帮助供应商了解和遵守相关的社会责任标准和要求，确保供应商在生产过程中遵守社会责任政策和要求。鼓励供应商进行技术创新和流程改进，提升产品和服务质量的竞争力，要求供应商建立完善的社会责任管理体系，确保社会责任政策和要求的有效实施。

■ 案例 五洲·会议中心对供应商开展全面考察及评估

五洲·会议中心对拟入库供应商的营业执照、资信状况、同类业绩、服务范围、履约状况等情况进行全面深入了解，并对供应商进行实地考察及评估，确保入库供应商的质量和水平。供应商经考察合格并审批通过后，才可进入合格供应商库。经使用部门负责人确认不合格的供应商，将被记录为不合格供应商并备案。同时，相关的考察档案及不合格原因说明也会被详细存档，以备后续参考。

优质服务 匠心精耕赢口碑

北辰实业牢记国企使命，以“服务国际交往”为己任，大力发展主承办业务，圆满完成众多国内国际重大会展活动的接待与服务保障任务，不断升级首都会展硬件设施，以首善一流的服务标准构筑综合竞争优势。

■ 主承办业务规模提升

2024 年，首都会展行业引领力进一步凸显，会展上游业务取得了突破性佳绩。成功主承办服贸会、国际基础科学大会、中国制冷展、亚洲水技术展览会、中国科幻大会、中国北京国际科技产业博览会、潮玩展、游戏节、物流展等既有项目，主承办展会项目累计数量达 31 个；成功引入 Sibos 2024 年会、北京国际传统医药展览会、北京国际健康生活消费博览会、第六届职业技能大赛等 8 个展会新项目。项目成果丰硕，主承办业务规模和水平均大幅提升。

■ 2024 年中国国际服务贸易交易会

2024 年 9 月，以“全球服务，互惠共享”为主题的 2024 年中国国际服务贸易交易会（以下简称服贸会）成功举办。在为期 5 天的时间里，国家会议中心和首钢园区两个会场观展人员络绎不绝，各行业参展商与客商积极洽谈，充分展现了一年来全球服务贸易领域的创新成果和亮点。

服贸会已成功举办十届，是中国服务业和服务贸易高质量发展的生动写照，为构建开放型世界经济作出了积极贡献。中国将坚持以高水平开放推动高质量发展，完善高水平对外开放体制机制，创新提升服务贸易，主动对接国际高标准经贸规则，推动服务领域规则、规制、管理、标准相通相容，有序扩大服务市场对外开放，提升服务业和服务贸易开放平台功能，打造市场化、法治化、国际化一流营商环境。中国愿同世界各国一道，顺应经济全球化大趋势，共享机遇、共商合作、共促发展，为推动世界经济增长、增进各国人民福祉贡献力量。

——2024 年 9 月 12 日，国家主席习近平向 2024 年中国国际服务贸易交易会致贺信

北辰知事：专业运营，北辰实业打造沉浸式会展新体验

作为北辰实业旗下企业，首都会展连续四年担任服贸会专业运营商，持续提升服贸会市场化水平，加大招商招展力度，扩大服贸会“朋友圈”，优化国家会议中心和首钢园区场馆运营，再次交出高分成绩单。同时，北辰实业旗下多家企业参与保障工作，担当使命，汇聚合力，又一次展现出“北京服务”的实力风采。

国际化程度进一步提升

首都会展作为服贸会专业运营商，再次刷新服贸会国际化程度。2024 年服贸会秉持“全球服务，互惠共享”理念，突出智慧服务、开放发展，打造综合展和 9 个专题展，举办了 13 场主题论坛、88 场专题论坛、56 场洽谈推介会、25 场边会，吸引 2000 余家企业线下参展，6000 余家企业线上参展。吸引 85 个国家和国际组织设展办会，其中 13 个首次独立设展，数量均超上届。线下参展企业整体国际化率超 20%，世界 500 强和行业龙头企业 460 余家。

国际化程度提升

市场化运营成果再上新台阶

首都会展突破往届“1+4”的承办模式，新增健康卫生服务专题展的承办工作，成功运营了本届服贸会综合展主题专区以及 9 大专题展中的 5 个展区，运营成效显著。

值得一提的是，一批凸显新质生产力的展品在服贸会上集中亮相，吸引了国内外众多展商驻足，收入创历史新高。同时，全新开发的数字平台“商务约见”功能，极大地促进了展商利用数字平台高效对接，累计发起邀约 5300 余次，有力推动了“全球服务 互惠共享”的主题深入人心。

About the Report

Beijing North Star Company Limited is delighted to publish its 17th *Corporate Social Responsibility Report/Environmental, Social and Governance (ESG) Report/Sustainability Report*. The Board of Directors and all the directors of the Company warrant that there are no false records, misleading statements or major omissions in the Report, and they shall be individually and severally liable for the authenticity, accuracy and completeness of the contents.

The purpose of the Report is to present the environmental, social and governance issues related to the sustainable development of the Company to all stakeholders, so that, they can better understand the Company's sustainable development philosophy, actions, and related performance.

The Report is prepared in both simplified Chinese and English. In case of any discrepancy between the two versions, the simplified Chinese version shall prevail.

Report Period

Unless otherwise mentioned, the Report mainly describes the specific policies and performance of the Company in terms of environmental, social and governance from January 1, 2024, to December 31, 2024. For continuity and comparability, some information in the Report is extended as needed.

Scope of Organization Covered

The scope of organization covered by the Report is based on the principle of materiality. Unless otherwise mentioned, the material content of the Report covers Beijing North Star Company Limited and its branches and subsidiaries. The key environmental performance indicators cover only the properties held by Beijing North Star Company Limited in Beijing, while the key social performance indicators cover the Company and its branches and subsidiaries.

Basis of Reporting

The Report is prepared according to the *No. 1 Self-Regulatory Guidelines for Listed Companies of Shanghai Stock Exchange - Standardized Operation (Rev. December 2023)* published by the Shanghai Stock Exchange, the *Environmental, Social and Governance Reporting Guide* under Appendix C2 of the *Main Board Listing Rules of the Stock Exchange of Hong Kong Limited* published by the Stock Exchange of Hong Kong Limited and the *Guidelines on Sustainability Reporting for Chinese Enterprises (CASS-ESG 6.0)*. The Report follows the reporting principles of *Environmental, Social and Governance Reporting Guide* related to "Materiality", "Quantification", "Balance" and "Consistency". Please refer to the following table to learn about how the Company has applied the reporting principles when preparing the Report.

Reporting Principles	Implementation by the Company
Materiality	During the preparation of the Report, the Company has conducted, with the help of a professional consulting agency, a materiality assessment, to identify the issues material to Beijing North Star and its key stakeholders, and then collected and disclosed the related information of the material issues accordingly in the Report. Moreover, the Company's Board of Directors has already been notified of the materiality assessment results and approved the Report.
Quantification	The Company has already provided information on the standards, methodologies, assumptions and calculation tools used for the reporting of emissions/energy consumption in the "Key Performance". Key performance indicators for historical data have been measured in the Report. The Company has set targets to reduce individual impact, including actual figures or directional, forward-looking statements.
Balance	The content contained herein reflects objective facts and discloses both positive and negative indicators.
Consistency	The statistical methods for data analysis adopted by the Company are consistent with those of last year, with certain changes to the calculations indicated in the "Key Performance".

Confirmation and Approval

The contents disclosed in the Report are in compliance with the information disclosure requirements of the *No. 1 Self-Regulatory Guidelines for Listed Companies of Shanghai Stock Exchange - Standardized Operation (Rev. December 2023)* issued by the Shanghai Stock Exchange, as well as the ESG information disclosure requirements of the "Mandatory Disclosure Requirements" and "Comply or Explain" under the *Environmental, Social and Governance Reporting Guide* in Appendix C2 to the *Main Board Listing Rules of the Stock Exchange of Hong Kong Limited* issued by The Stock Exchange of Hong Kong Limited. The Report was confirmed by the designated person responsible for ESG in March 2024 and was approved by the Board of Directors of the Company.

Report Acquisition and Feedback

The Report is available in both online and print versions. The online version can be accessed and downloaded on the website of the Company, the website of Shanghai Stock Exchange and the HKEXnews website of Hong Kong Exchanges and Clearing Limited. If you have any questions, comments, or feedback on the Report, please email us at northstar@beijingns.com.cn.

Preface

Upholding craftsmanship and responsibility for greater progress. Beijing North Star embeds the concept of sustainable development deeply into its corporate DNA and adheres to the symbiotic and win-win relationship between the economy, society, and the environment. We steadily advances along the path of development and forges ahead in the pursuit of excellence to build a brilliant future where business value and social welfare shine together.

2024 marks the first year for fully implementing the guiding principles of the third plenary session of the 20th CPC Central Committee. It is a critical year for Beijing North Star to advance the 14th Five-Year Plan, achieve leapfrog development, and strengthen its core competitiveness on the path to becoming a world-class enterprise. Over the past year, Beijing North Star has followed Xi Jinping Thought on Socialism with Chinese Characteristics for a New Era as the guiding principle and fully implemented the new development philosophy. With coordinated development and reform-driven innovation as our action plan, we have strategically positioned ourselves within the grand blueprint of Chinese modernization, actively explored innovation amidst the wave of high-quality industry development, and driven the deep integration of ESG principles with corporate operations to forge a sustainable development path uniquely tailored to us.

Over the past year, we have deepened our commercial footprint and implemented diverse measures to invigorate market vitality. We have achieved our goals with excellence, unwaveringly strengthened our core convention and exhibition business, actively explored real estate transformation, and continuously enhanced the brand value of our commercial properties. Meanwhile, we have remained committed to solidifying our competitive edge in convention and exhibition services, our expertise in real estate development, and our scale advantage in commercial property management.

Over the past year, we have pursued green development by protecting our ecological home with craftsmanship and dedication. We have actively implemented the national strategy for achieving the two goals of carbon peaking and carbon neutrality and unwaveringly followed a development path that prioritizes ecological conservation and pursues green and low-carbon growth. As a key energy-consuming entity in Beijing, we took on the responsibility of a state-owned enterprise in addressing climate change, steadily advanced carbon peak and carbon neutrality efforts, and fully demonstrated our role as a model and leader among state-owned enterprises.

Over the past year, we have spread warmth and joined forces with various partners to promote social harmony. We actively embraced social responsibility, upheld a talent-driven strategy, supported rural revitalization, engaged in public welfare initiatives, led industry development, and strengthened supply chain management. We practiced social responsibility with the highest standard and contributed "North Star strength" to foster a more harmonious society.

Over the past year, we have focused on corporate governance and embraced responsibility to drive sustainable development. We steadily advanced a new round of state-owned enterprise reform and enhancement initiatives, continuously strengthened core functions, and boosted core competitiveness. We anchored in ESG governance standards, explored the creation of a robust, well-structured, and highly directive ESG management system, and reinforced our resilience for long-term growth.

Embarking on the journey to sail ahead with determination. 2025 marks a critical year for fully implementing the guiding principles of the third plenary session of the 20th CPC Central Committee, further deepening comprehensive reform, and laying a solid foundation for a good start to the 15th Five-Year Plan period. Beijing North Star will deepen its core business, drive innovation in "space" and "services," and leverage the "industry+" strategy to accelerate the creation of a new industrial landscape characterized by mutual support, complementary strengths, and coordinated development. Meanwhile, we warmly invite partners from all sectors to collaborate closely and jointly shape the sustainable development blueprint for 2025 and contribute to economic growth and a better life for all.

Company Profile

About the Company

Beijing North Star's main business includes real estate development, exhibitions (including hotels), and commercial properties. In recent years, the real estate development business has continued to deepen the regional presence and expand into new cities, gradually shaping a nationwide development layout with multiple regions and levels. The business involves diversified and multi-level property development and operation in residential, apartment, villa, office building, commercial and other areas. As of the end of the Reporting Period, the Company's development projects and land reserves are distributed in 15 core cities, including the Beijing-Tianjin-Hebei region, the Yangtze River Economic Belt, the Sichuan-Chongqing urban agglomeration, the Hainan Free Trade Port, and the Guangdong-Hong Kong-Macao Greater Bay Area. The Company has constructed a pattern of coordinated development of residential, industrial complexes, commercial, and property services businesses.

The exhibition (including hotels) business is based on the Beijing Capital Group Exhibitions & Events, vigorously integrating exhibition resources, continuously strengthening the expansion of new businesses and technologies in the exhibition industry, and actively promoting the layout and expansion of the entire exhibition industry chain. It has become a professional operator of the CIFTIS, a high-end government event service provider, an important carrier for the development of the capital international exhibition industry, and a benchmark for the digital transformation and development of the exhibition industry. The Company is committed to building an international first-class exhibition brand. The Company relies on the operation model of "Exhibition + Real estate" to continuously strengthen resource integration and industrial interaction. With the support of Beijing North Star Commercial Management, the Company specializes in the operation and management of office buildings, apartments, comprehensive commercial and other supporting formats for exhibition and real estate. By establishing a unified asset center management model and empowering property operation management with smart technology, we aim to build a professional commercial property service brand with the ability to output light assets.

Core Philosophy

- To become a world-class exhibition & event service provider, and a unique compound real estate operator and branded company

- Offer service for international communication, and build an ideal space

- Loyalty, responsibility, co-creation and mutual benefits

- Reward shareholders, dedicate ourselves to communities, and place great emphasis on employees

Sustainability/ESG Management

Putting high-quality development and ESG concepts into practice is the only way for Beijing North Star to meet the demands of the times. Beijing North Star is committed to becoming an outstanding listed company that promotes industry progress, shaping a better life, and creating diverse value for society. Guided by this vision, the Company will deeply incorporate the concept of sustainability and sustainable development into its corporate strategy, operation and management, and corporate culture, while establishing a complete sustainability promotion mechanism and supervision system.

Management structure

Beijing North Star has integrated the ESG concept into its corporate vision, mission, and core values to form a corporate culture with sustainable development characteristics and lead its high-quality development. The Company has established a top-down ESG management structure, to continuously strengthen the participation of the Board of Directors and further improve the Board's functions in the implementation of ESG concepts. As the highest decision-making body in the field of ESG, the Board provides guidance and supervision into the Company's sustainable development work each year. The Board Office, as the overall planning, coordination, and daily liaison body to promote the ESG work of the Company, is equipped with dedicated ESG personnel and are responsible for formulating ESG related strategies and policies, promoting and implementing work plans, and, ultimately, coordinating and supervising the execution of related work. The Company's functional departments and subsidiaries are responsible for implementing ESG related work as an ESG task execution team.

The division of duties for ESG disclosures in Beijing North Star:

The Board of Directors is responsible for guiding the overall operation and business development strategy of the Company, and conducting overall supervision on all ESG matters:

To be responsible for reviewing the Company's ESG policies and strategies.

To participate in ESG decision-making.

To approve ESG reports, confirm the assessment results of material issues, review the progress of ESG related goals and ESG risk management, and explain the connection between the ESG matters and the overall business of the Company.

The Secretary of the Board of Directors is responsible for reviewing the ESG report and reporting to the Board.

The Board Office collects data and information from functional departments and subsidiaries of the Company, gains insights into the progress of ESG related tasks, and prepares this reports.

In the field of environment, the Company established the "Carbon Peaking and Carbon Neutrality Work Leading Group" and the "Energy Conservation Work Leading Group" to strengthen the organizational guarantee of green energy and low-carbon development work. In the social field, the Company established a "Rural Revitalization Working Group" to be responsible for the overall coordination of rural revitalization and assistance work. All subsidiaries also integrate ESG work into their departmental responsibilities, while continuing to improve ESG management, and efficiently implement the relevant ESG work.

Identification of issues

Beijing North Star referred to relevant standards of sustainable development (ESG) at home and abroad, analyzed and evaluated important issues, and drew a distribution matrix of material issues based on development trends of business and the industry. Through accurate identification of issues and a rigorous evaluation process, Beijing North Star provided a practical implementation path for its sustainable development work and adequately responded to the expectations of its stakeholders.

The process of determining material issues:

Communication with stakeholders

Beijing North Star attached great importance to the demands of its stakeholders, continued to expand communication channels with all stakeholders, devoted itself to forming convergence among stakeholders on the journey to sustainable development, actively responded to the expectations of stakeholders through the regular disclosure of information, built an efficient, convenient and unimpeded stakeholder communication network, and continued improving the Company's abilities and capabilities for promoting sustainable development and fulfilling corporate social responsibility, to achieve the common growth and harmonious development of enterprises and the stakeholders.

Beijing North Star use the following criteria to identify individuals and organizations who qualify as its key stakeholders:

Have invested in or will invest in the Company;

Have influence on the business operation of Beijing North Star;

Have interests in or are affected by the products and services provided by Beijing North Star.

In 2024, the key stakeholders of Beijing North Star included the government and regulatory agencies, investors and shareholders, customers, employees, suppliers, media, communities and non-governmental organizations. The Company actively communicated with all major stakeholders through diverse communication channels to learn about and respond to their demands.

Building of an ESG management system

In the process of actively implementing the sustainable development strategy, Beijing North Star widely launched the building of its ESG management system. The Company built a more scientific and complete ESG governance framework based on systematic thinking, to clarify the responsibilities and authorities of each level in environmental, social responsibility and corporate governance, and formed an efficient and collaborative management mechanism; closely focused on the corporate development strategies and the best practices used in the industry, to sort out an ESG indicator system aligned to its own business development, providing strong support for accurately measuring the effectiveness of ESG work; systematically promoted the standardization and normalization of ESG work, and established a rigorous, standardized and practical ESG management system from the formulation of regulations, process optimization, and supervision to implementation, to ensure that the ESG concepts are applied across the entire process of its business operation.

In December 2024, Beijing North Star held the 2024 Sustainability (ESG) Report Preparation Kick-off and Training Meeting and invited senior industry experts and professional institutions to provide insights into the core points of sustainability (ESG) report preparation, including the reporting framework, content requirements, disclosure standards, and new trends of international markets. By combining theoretical interpretation, case analysis and interactive communication, the Company helped participants from different departments better understand the requirements and standards for comprehensive report writing, laying a solid foundation for high-quality ESG report preparation, and promoting the presentation of ESG practice results and the fulfillment of corporate social responsibilities to stakeholders adequately and accurately.

Special Topic: Beijing North Star painting a "dual-carbon" picture on a green background

Establishing the "dual-carbon goals" is a major strategic decision to drive high-quality development and effectively address climate change. As a solid cornerstone of economic development, state-owned enterprises (SOEs) should actively fulfill their carbon neutrality responsibilities and set a benchmark for building a beautiful China. In order to fully implement the strategic decisions and deployments of the CPC Central Committee and the State Council on carbon peaking and carbon neutrality, the *Beijing Municipal Carbon Peaking Implementation Plan*, and the specific requirements of the *Beijing Municipal-Level SOEs Carbon Peak Action Plan*, Beijing North Star formulated the internal *Carbon Peaking Action Plan*, and joined hands with its subsidiaries to participate in the exploration of related practice and draw a blueprint for the "dual-carbon" based development.

Comprehensive deployment of carbon peak action across the board

Beijing North Star established a "Carbon Peaking and Carbon Neutrality Work Leading Group" to organize, coordinate, promote and implement the "double-carbon" goals. Each subsidiary at each level established a corresponding work leading group responsible for implementing its own tasks in their relevant areas. At the same time, Beijing North Star actively formulated quantitative indicators for energy conservation, emission reduction and environmental protection, broke them down to each subsidiary and each responsible person, and continuously refined the examination contents of all engineering disciplines, and included the inspection results in the end of year assessment of subsidiaries, to effectively supervise the implementation of carbon peaking work across the board.

Main principles

Adhere to systematic planning based on collaboration

Adhere to prioritizing conservation and reducing carbon emissions from sources

Adhere to driving relevant work forward with innovation and technological support

Adhere to promoting relevant work methodically based on reality

In-depth implementation of the carbon peaking commitment

The achievement of the "3060 goals" (striving to reach the carbon peak by 2030, and realize carbon neutrality by 2060) cannot be separated from the overall planning and active practice of various enterprises. Beijing North Star and its subsidiaries strictly followed the action plan to promote energy conservation, carbon reduction and green development, while, at the same time, took multiple measures by focusing on awareness promotion, the upgrading of equipment, data validation, technology research and development, and industry exchange, while making many commendable efforts and achievements, to make Beijing North Star's contribution to the overall realization of its carbon peak goal.

In 2024, Beijing North Star promoted the implementation of key technological upgrading projects for energy conservation according to the carbon peaking action plan, with all such projects being completed or added to the agenda; completed the carbon dioxide emission verification and contract fulfillment work for the year, and obtained the carbon emission allowance of 29,053 tons for the year, effectively offsetting the Company's annual carbon emissions.

Beijing Capital Group Exhibitions & Events

In order to improve the efficiency of energy utilization, replace some of the older and more outdated energy consuming equipment, introduce advanced technologies, prioritize the use of energy-saving equipment, and achieve the optimization and upgrading of energy use, the engineering departments of its subordinate enterprises and units conducted energy-saving inspections, implemented energy-saving optimization measures for each of the job positions, and applied strict control on high-power equipment, including timely shutdown, optimizing service time, adopting LEDs and energy-saving lighting, phasing out older and high-energy consuming motors, and using frequency conversion technology to control their air conditioners.

Public Facilities Management Branch Company

Purchased green electricity and obtained an electricity trading certificate; successfully applied for the 2024 Energy Conservation and Carbon Reduction Special Fund Award in Chaoyang District; and actively submitted green electricity trading vouchers and related materials for the year 2023 to the competent authority for ultimately offsetting its carbon dioxide emission allowance by 5,120 tons.

CASE Xiong'an Convention and Exhibition Center obtained the first certificate for the Certification of Carbon Neutrality Management System in the convention and exhibition industry of China

As the first high-level convention and exhibition center in Xiong'an New Area, Xiong'an Convention and Exhibition Center is the window for Xiong'an New Area to demonstrate its strength to the public. As the main manager and operator of the Center, Beijing Capital Group Exhibitions & Events continue promoting the Center's green and low-carbon operation. Since it was put into operation, the Center has devoted itself to implementing the environmental and low-carbon concepts by practical actions, striving to implement the Hebei Xiong'an New Area Planning Framework and build a green and low-carbon city.

In 2024, the Center successfully passed the third-party certification of Carbon Neutrality Management System and obtained the corresponding certificate. This certificate is the first certificate for the Certification of Carbon Neutrality Management System in the convention and exhibition industry of China and recognizes the achievements and contributions of the Center in promoting carbon reduction.

Certificate for the Certification of Carbon Neutrality Management System

CASE "Carbon Neutrality" convention and exhibition was advocated during the first ICCA Global Venue Experts Forum

In December 2024, the first ICCA (International Congress and Convention Association) Global Venue Experts Forum successfully concluded at the China National Convention Center Phase II (CNCC II). This Forum adhered to the sustainable venue concept advocated by ICCA, fully leveraged the advantages of CNCC II as a green venue testified by "China Three-Star Green Building" and "LEED Platinum Building".

CNCC II purchased China Certified Emission Reduction (CCER) credits to offset its carbon emission allowance, and adopted low-carbon measures, such as using signs made from environmentally friendly materials, promoting paperless conference materials, reusing environmentally friendly furniture, providing degradable and reusable tableware, and installing high-efficiency lighting systems, to achieve the carbon neutrality goal.

SDGs

Party Building: Driving Corporate Development with “Red Engine”

Beijing North Star thoroughly studied, propagated and implemented the spirit of the Third Plenary Session of the 20th CPC Central Committee, constantly deepened the full and strict governance over the Party, continued to optimize and improve the quality of Party building work, focused on strengthening the Party through enhancing political foundation, ideological awareness, organizational construction, conduct regulation, discipline management and institutional arrangement, and transformed the vitality of Party building into a strong driving force for the Company to improve quality and efficiency.

Strengthening political foundation

Beijing North Star adhered to the guidance of Xi Jinping Thought on Socialism with Chinese Characteristics for a New Era, studied, in-depth, and implemented the spirit of the 20th CPC National Congress and the Second and Third Plenary Sessions of the 20th CPC Central Committee, adopted a variety of methods to constantly deepen the study of the spirit of the Plenary Sessions; continued to consolidate and deepen the “comprehensive + characteristic” pattern of Party building, carried out, in-depth, the “Party building, business management enhancing and development promotion” work, and strived to improve the quality and ability of Party building.

Persistently using Xi Jinping Thought on Socialism with Chinese Characteristics for a New Era to enhance the cohesion and forge the soul.

Beijing North Star deeply implemented the opinions of the CPC Central Committee on consolidating and expanding the achievements of thematic education, as well as the *Opinions of the Beijing Municipal Party Committee on Strengthening the System for Normalizing the Study and Implementation of Xi Jinping Thought on Socialism with Chinese Characteristics for a New Era*; promoted the expansion of centralized education to daily education; took the in-depth study and implementation of the Xi Jinping Thought on Socialism with Chinese Characteristics for a New Era as the main theme and the highest priority task for continuously promoting the in-depth study of the spirit of the Third Plenary Session of the 20th CPC Central Committee.

Comprehensively strengthening the leadership of the Party and promoting the deep integration of Party building work with the production and business operation activities.

Beijing North Star improved the mechanism for the Party organizations of all subsidiaries to play their roles; implemented the leadership system of “two-way entry and cross appointment”; issued the Guidelines on Further Incorporating Party Building into Articles of Association and Discussion of Major Issues by Party Committee before Corporate Actions to all subsidiaries to regularly promote the incorporation of Party building into the Articles of Association of the Company; and carried out the plan for implementing the special action of “strengthening Party building and promoting reform” according to the requirements of Beijing Municipal SASAC, to cultivate a Party organization with strong abilities in Party building and business operation.

Improving Party conduct and clean governance

Beijing North Star firmly supported the “Two-Established”, and firmly implemented the “Two-Maintenance”, comprehensively promoted the construction of an effective mechanism under which officials do not have the audacity, opportunity, or desire to corrupt, directly deepened the improvement of Party conduct and integrity, and committed itself to creating a clean and upright political ecosystem.

Strengthening political supervision

Beijing North Star carried out the reform of foundation level discipline inspection agencies, improved the wide and unhindered coordination based supervision mechanism, and forged an iron army of discipline inspection and supervision that is brave and good at fighting; strengthened the theoretical learning and training of disciplinary inspection and supervision cadres, and continuously improved the standardization, legalization and regularization of disciplinary inspection and supervision work; convened three special meetings on wide and unhindered coordination based supervision, and provided specialized directions on identifying and transferring leads, so as to effectively enhance the abilities of inspectors and auditors to accurately identify any problems and transfer necessary leads.

Rectifying illegal and improper conducts, enforcing strict discipline, and combating corruption

Beijing North Star formulated the *Negative List for Correcting “Four Malfeasances”*, and established 33 specific measures covering 7 aspects, to further rectify the “Four Malfeasances” (formalism, bureaucratism, hedonism and extravagance) in a normal and long-term manner, and deepen the full and strict governance over the Party. The Company convened 55 disciplinary inspection exclusive meetings related to 139 topics throughout the year; organized 16 disciplinary inspection classes about 46 topics; delivered 43 issues of online learning materials, totaling 125 articles; carried out the “Party Conduct and Clean Governance Education Month” campaign, accurately utilized the “four forms” of discipline supervision and enforcement to deepen the elimination of both symptoms and root causes; and persistently improved the Party conduct, maintained the strict enforcement of discipline, and combated against corruption.

CASE The “Party Conduct and Clean Governance Education Month” campaign in 2024 was completed successfully

Between May and June 2024, the Company carried out the “Party Conduct and Clean Governance Education Month” campaign with the theme of “In-depth Learning Party Discipline to Clarify Bottom Line, Boosting Spirit to Make New Achievements”.

The education campaign was combined with the study and education of Party discipline, integrating discipline education, and Party spirit education with the promotion of integrity culture. Subsidiaries at all levels organized 424 activities, covering 10 different topics and reached 8,706 audiences. This campaign set examples for promoting wider influence and employed multiple measures to create a strong atmosphere of learning, knowing, understanding and abiding by discipline.

The “Party Conduct and Clean Governance Education Month” campaign

Party discipline learning and education

Beijing North Star carried out in-depth Party discipline learning and education. The Party Committee and Party organizations at all levels studied in detail and implemented General Secretary Xi Jinping's important discourse on comprehensively strengthening Party discipline construction, and focused on the combination of learning and practice, to promote Party members and cadres to learn, understand and abide by discipline. In 2024, the Company organized 19 Central Group learning sessions; compiled and distributed the monthly *Reference for Central Group Learning* to highlight the key points of theoretical learning; formulated and issued the *Work Schedule for Learning and Education of the Spirit of the Third Plenary Session of the 20th CPC Central Committee*; and organized 32 educational lecture sessions on the spirit of the Third Plenary Session of the 20th CPC Central Committee for 946 participants.

Strengthening the overall supervision of Party discipline learning

Beijing North Star regularly held work promotion meetings, formulated learning arrangements, and further clarified the requirements and standards for collective learning, exchange, discussion, reading, learning, instructing, reporting, warning education and individual self-study. Party organizations at all levels gained an accurate grasp of the key points included in Party discipline learning and education, and then ultimately achieved positive results therein.

Improving the coverage and effectiveness of education activities

Beijing North Star focused on practical results based on diverse forms; actively created a strong atmosphere in upholding integrity, upholding cleanliness, knowing discipline and abiding by discipline; methodically developed and implemented monthly learning plans for the leading bodies; organized Party discipline learning and education reading classes; and actively followed up the learning status of Party members seconded from external units by the headquarters, to promote the full coverage of Party discipline learning and education.

Organization of the Board of Directors

The Board of Directors has five special committees, namely, the Audit Committee, the Strategic Development Committee, the Remuneration and Assessment Committee, the Nomination Committee and the Legal & Compliance Committee. Each special committee is responsible for performing its own duties and providing detailed data support and professional strategic suggestions for the strategic planning and decision-making of the Board of Directors.

Improving governance mechanism

Beijing North Star continued improving its governance mechanism, took active actions in strengthening the governance framework of the Board of Directors and the corporate governance activities of all subsidiaries, and comprehensively enhanced the overall governance capabilities of the Company to adapt to the changing market environment and meet the development needs.

Governance framework of the Board of Directors

Beijing North Star revised its Articles of Association in connection with the rules of procedure for each special committee under the Board of Directors in accordance with the applicable laws and regulations, the results of inspection and rectification, and the requirements of superior regulatory authorities, to further improve the meeting mechanism of the Board of Directors and special committees; revised its *Articles of Association* in connection with the rules of procedure for the General Meeting of Shareholders, the Board of Directors and the Board of Supervisors, and the *Working Rules for Independent Directors*, to ensure the legality and compliance of the contents of the Articles of Association and the procedures of procedure, and to effectively protect the rights and interests of all its shareholders.

Corporate governance of subsidiaries

Beijing North Star further improved the template of the articles of association under different governance structures in accordance with the new *Company Law and the Regulations on the Formulation of the Articles of Association of SOEs*, by considering, in full, the actual operation conditions of different subsidiaries, to provide reference for the formulation or revision of the articles of association of subsidiaries at all levels; strengthened the authorization management of the Board of Directors, and guided the sub-groups and key project operation companies to develop the schemes and schedules for their board of directors to authorize their managers according to the authorization management rules, giving full play to the management role of each of the managers.

Enhancing decision-making abilities and skills

Beijing North Star attached great importance to the improvement of decision-making abilities and skills, provided adequate and timely data support for decision-making with digital means, focused on strengthening the service support for independent directors, and built a scientific and efficient decision-making system through multi-dimensional measures.

Reinforcing digital governance

Beijing North Star laid emphasis on institutionalized management, checklist based rules management, and IT based checklist management, established and maintained the decision-making and supervision system of "Three Majors and One Large" matters based on the digitalization of such matters and dynamic supervision of the whole process; implemented the requirements related to the construction of the Board of Directors' work system, completed the information and data reporting ahead of schedule, and brought the digital management to a whole new level.

Support for performance of duties by directors

Beijing North Star strengthened the support and service for independent directors to perform their duties, strengthened daily communication and special communication on major and complex decision-making matters, regularly provided the Company's operation and management information, and scientifically organized work research; strengthened the building of each subsidiary's board of directors, conducted the annual performance assessment and evaluation of each subsidiary's board of directors and dispatched directors, while organizing training activities to improve their abilities and capabilities to perform their duties.

The Party Discipline Learning and Warning Education Conference

Corporate Governance: Building World-class Enterprise Based on Steady and Healthy Management

Beijing North Star continued deepening the reform of state-owned enterprises, promoted the improvement of corporate governance efficiency, built an internal governance structure operating efficiently based on clear division of labor, improved and reinforced the business operation and management mechanism, improved the scientific nature and accuracy of strategic decisions, maintained an increase on value creativity, and further enhanced the competitiveness and risk resistance capacity of the Company.

Refining governance structure

Beijing North Star committed itself to building a scientific and efficient governance structure based on the diversity of the Board of Directors, to ensure the stable and healthy development of the Company amidst a complex and ever-changing market environment from a strategic perspective, and effectively promote the steady progression of all business activities towards their established goals.

Members of the Board of Directors

Beijing North Star's Board of Directors consists of 9 members, including 6 inside directors (including 0 worker director) and 3 independent directors.

Deepening SOE reform

Beijing North Star actively responded to the call for state-owned enterprise (SOE) reform, continued to optimize its business layout, effectively improved its vitality and efficiency, and constantly improved its modern corporate governance with Chinese characteristics, laying a solid foundation for high-quality development.

Optimizing business layout

Beijing Capital Group Exhibitions & Events made its leading role more prominent within the industry, and successfully introduced 8 new exhibition projects, including Sibos 2024, in addition to successfully hosting many existing projects, such as the CIFTIS, achieving breakthrough business expansion results in the process.

The expansion of main responsibilities and main business sector

The continuous improvement of commercial property sector

Beijing North Star actively planned its commercial property development strategy, established the Beijing North Star Commercial Management to centrally manage commercial and park assets, such as Beijing North Star Office Buildings, apartments, and hotels, etc.; established Beijing North Star Yue Property Service Co., Ltd. to continuously improve the property management capabilities of its held assets; and promoted the establishment of a new consumption alliance for the Asian & Olympic Games CBD, to promote the sustainable use of Summer and Winter Olympic Venues after the Games, and help the Asian & Olympic Games region become a new international cultural and commercial landmark.

The further integration of real estate sector

Beijing North Star improved per capita efficiency, steadily and orderly promoted the further integration of the city center, further streamlined the organizational structure and total employment, further improved regional advantages and resource coordination, and effectively reduced management costs. The Company established the Beijing Chenwei Enterprise Operation and Management Co., Ltd. in 2024 to centrally manage the remaining assets of the surplus houses of real estate projects in a phased manner.

Enhancing vitality and efficiency

Beijing North Star implemented the market-oriented operation mechanism and further deepened the reform of the "three systems" (personnel, employment, and distribution management systems). In 2024, the Company issued the *Implementation Plan for Further Deepening the Reform of the "Three Systems"*, which formulated a list of 15 reform measures focusing on cadres having the opportunity to take higher and lower positions, employees being able to flow in and out, having the chance to increase and decrease income, and accelerating the digitalization of human resources, in order to promote the job competition, job adjustment due to lowest performance evaluation results, and the resignation due to incompetence, and to promote a more accurate and standardized income distribution mechanism.

Beijing North Star further strengthened the building of the team of leaders and broadened the multi-channel development path of talents. In 2024, the Company formulated the *Measures for Dynamic Adjustment of Outstanding Young Cadres Pool of Beijing North Star Industrial Group LLC/Beijing North Star Company Limited (Trial Implementation)* to continuously expand the pool of young cadres; and worked with the Beijing Municipal Human Resources and Social Security Bureau and ICCA on the development and registration of the Certified International Business Events Professional (CIBEP), to establish a rich and diverse evaluation system for events professionals.

Improving modern corporate governance with Chinese characteristics

Beijing North Star continued to consolidate the "three majors and one large" decision-making management, and refined the classified management and control, to form a horizontal and vertical management and control system; revised the "three majors and one large" system for the Company and its subsidiaries; produced and maintained improvement of the list of rights and responsibilities for subsidiaries, to gradually realize the scientific connection between the clear rights and responsibilities of governance actors and the optimization of corporate management and control, and form a comprehensive and efficient scientific decision-making system.

Beijing North Star continued to deepen the construction of the internal control and compliance coordination system, improved the organizational structure and optimized the operating mechanism; formulated and issued the *Work Plan for Wide Coordination between Discipline Inspection Departments and Supervision, Organization, Audit, Finance and Other Departments of Beijing North Star Industrial Group LLC/Beijing North Star Company Limited*, to further leverage the functional supervision roles and organizational advantages, and promote the formation of a systematic, integrated, coordinated and efficient supervision work pattern.

Compliance Management: Maintaining Good Reputation through Honest Business Operation

Beijing North Star improved its compliance management system, promoted its compliance management work in an orderly manner, constantly strengthened the building of its internal control system, comprehensively improved its risk prevention and control abilities, continued to extend its compliance based corporate governance vertically and horizontally, maintained the legitimate rights and interests of its stakeholders, and laid a solid foundation for promoting the harmonious coexistence of enterprises and society.

Law-abiding and compliant governance

Beijing North Star strictly abided by all applicable national laws and regulations and industry regulatory requirements and built a complete compliance management system and an open transparent information disclosure mechanism to ensure the lawful, compliant and orderly execution of all business activities.

Promoting the construction of compliance management system

Beijing North Star implemented the annual key work requirements for compliance management of Beijing Municipal SASAC; integrated the compliance control measures in key areas into processes or forms; broke down compliance management standards and requirements into job responsibilities; organized annual compliance risk identification and compliance management system effectiveness evaluation; produced and dynamically updated a list of jobs commonly exposed to key risks; incorporated compliance review into internal rules and regulations, major decision-making processes, and important contract signing procedures.

Regularly strengthening the implementation of compliance management

Beijing North Star organized regular compliance management joint meetings and other meetings to systemically organize compliance management obligations within the year; updated the compliance risk list, carried out the special identification of compliance risks, and organized the evaluation on the effectiveness of the compliance management system, to promote the effective operation of compliance management mechanism; developed several sets of special rules, such as the *Compliance Risk Management Guidelines*, *the Guidelines for Compliant Personal Information Protection*, and *the Manual for Compliant Contract Management* based on the actual operation conditions of the enterprises, to continuously deepen the compliance management in key areas; and promoted the release of the *Compliance Management System Implementation Plan* and the *Compliance Management Measures* for second-tier subsidiaries, to effectively extend the compliance management to all subsidiaries.

Doing a positive job in information disclosure

The Company formulated the *Beijing North Star Rules for Managing Information Disclosure Affairs*, *the Beijing North Star Regulations on Business Activities Eligible for Information Disclosure Suspension and Exemption*, and completed the preparation and issuance of regular corporate reports, as well as provisional reports on changes in directors, supervisors and senior management, changes in accounting firms and other major issues, in a timely manner according to the requirements of competent regulatory authorities. By the end of 2024, a total of 329 announcements were made, including 119 for A-shares and 210 for H-shares. By virtue of high-quality information disclosure and standardized corporate governance, Beijing North Star was awarded a Class A (Excellent) rating by Shanghai Stock Exchange for the fourth consecutive year.

CASE Beijing North Star Commercial Management planned and produced a short video promoting the rule of law

In October 2024, Beijing North Star Commercial Management actively responded to the Beijing Rule-of-Law Shot Video Collection Activity and produced a rule-of-law educational short video/mini-film titled *"Agreement of Gym Membership Cards and Customers' Safety: Laws Illuminate Your Journey of Fitness"* based on the *Civil Code of the People's Republic of China*. This short video directly tackles the practical problems in business services, head on, and focuses on the traps and safety hazards of gym/fitness club membership applications. Throughout three scenes, it disseminates the application of standard clauses in the *Civil Code of the People's Republic of China* and the legal knowledge on the safety protection obligations of gym operators, intuitively demonstrating the practical application and importance of the *Civil Code of the People's Republic of China* in commercial operations.

The production of this short video not only demonstrates that Beijing North Star Commercial Management attaches high importance to the building of a rule-of-law culture, but also demonstrates the Company's firm determination to promote high-quality development of business services in full compliance with all applicable laws and regulations. In the future, Beijing North Star Commercial Management will continue to adhere to the spirit of the rule-of-law, constantly optimizing its internal management, to help the Company upgrade its service quality, and make more contributions to the high-quality development of the Capital's economy and society.

Strengthening risk prevention and control

Beijing North Star firmly implemented the relevant requirements of Beijing Municipal SASAC for risk prevention and control, excelled in optional actions based on the completion of compulsory actions and strengthened risk prevention and control more strictly and effectively based on an internal control system.

Improving the risk prevention and control system

Beijing North Star set up a "Risk Control Leading Group" to punctually learn about the possible risks in the Company's operation and management, capital and debt, internal control and law, and provide timely suggestions on capital optimization and financing. At the same time, the Company optimized its internal control work, diagnosed and revised existing internal rules and regulations to strengthen the framework management; revised the Internal Control Manual to promote effective collaboration and interaction between compliance management and internal control systems; and conducted an assessment and research on the internal control systems of its subsidiaries, to clarify and supervise the risk prevention and control management responsibilities of all subsidiaries.

End-to-end control of fund management

Beijing North Star regularly organized the Risk Control Leading Group in holding meetings to analyze the risks involved in key areas, such as operation management, fund management, project management, legal affairs and internal control management, to study the risk control measures, coordinate and promote the key and difficult tasks of risk control.

Technological Innovation: Enhancing Efficiency through Digital Transformation

Beijing North Star regarded digital transformation as the key driving force to enhance competitiveness and achieve sustainable development; utilized a digital intelligence platform to improve operation and management efficiency; tapped into the potential of technology empowerment from smart venues to digital marketing platforms; and improved service quality through management innovation and core technology innovation, to offer an intelligent experience to its customers.

Digitalization

Beijing North Star closely followed the requirements of Beijing Municipal SASAC for smart state-owned assets planning, building of data pilot areas, and application scenarios of major digital projects, to improve the quality and efficiency of enterprises using digitalization.

Digitalization work

The Company continued to promote the implementation of the *Beijing North Star Digital Transformation Plan (2023-2025)*, the *List of Key Projects of Digital Transformation in 2023-2025* and the *Key Tasks of Digitalization of Beijing North Star Industrial Group LLC/Beijing North Star Company Limited in 2024*; focused on the implementation of the Company's annual digital transformation tasks; made overall arrangements for key tasks of digitalization with the goal of building an industry-leading Beijing North Star convention and exhibition service platform; and completed 5 upgrades and iterations of the venue management systems, which were applied at 8 venues in and outside Beijing City for operating and managing more than 6,000 convention and exhibition events, providing data support for intelligent venue construction consultation work.

Data governance work

Beijing North Star actively carried out data governance work, printed and distributed the *Three-Year Action Plan for Data Governance*, to define the data governance framework and roadmap, open the barriers for the transformation of data resources into data assets and provide guidance for data-driven innovative development. There were no recordings of any cybersecurity incidents within the Company during this year.

Building of smart venues

Beijing North Star continued to promote the innovation of information technologies; focused on building the benchmark China National Convention Center Phase II (CNCC II) and the Capital International Exhibition & Convention Center (CIECC); actively created digital service scenarios by using cutting-edge technologies, such as big data, artificial intelligence and cloud computing, and integrated them into the specific business activities to improve the customer experience. The online trial operation of the CNCC II intelligent upgrade project (commercial part) and the construction of the smart CIECC were completed in 2024.

CASE Smart Venue Operation and Management Platform

Beijing North Star attached great importance to technological innovation and insisted on improving the capabilities in digital management, information technology innovation and relevant research and development. The Smart Venue Operation and Management Platform developed and put into operation by the Company is the first venue management system with independent intellectual property rights in China. All management processes are designed and standardized in the "Software-as-a-Service" (SAAS) model, to efficiently accumulate convention and exhibition data, and effectively improve the venue management and output management work. This Platform has become an important information infrastructure within the Company, supporting Beijing North Star to solidify its core competitiveness in the convention and exhibition event service industry.

Smart Venue Operation and Management Platform

CASE The Summit of the Forum on China-Africa Cooperation was concluded, and the China National Convention Center showcased the charm of smart venue

During the 2024 Summit of the Forum on China-Africa Cooperation, the China National Convention Center integrated elements of technological innovation into all aspects of the venue, showcasing the charms of a smart venue. The lobby on the first floor of the convention area was equipped with mobile and communicative intelligent guidance robots to offer bilingual services in Chinese and English for the guests. The coffee robots and tea art robots located in the refreshments area provided an interactive experience for the guests. The 24-hour unmanned smart supermarket in the venue effectively met the diverse service needs of guests, and the foreign currency exchange machine created a new scenario for diversified foreign currency payments. Furthermore, an AIGC interactive experience area was created in the public space, and advanced AIGC technologies were adopted to integrate the images of each guest into carefully designed China-Africa cooperation themed stories, generating unique posters with featured stories.

CASE Beijing Capital Group Exhibitions & Events 2024 Venues and Hotels Roadshow themed "Digital Intelligence Drives the Future of Events Industry" was successfully carried out

In April 2024, Beijing Capital Group Exhibitions & Events 2024 Venues and Hotels Roadshow (in Beijing), with the theme of "Digital Intelligence Drives the Future of Events Industry", was successfully carried out at the China National Convention Center. The Beijing Capital Group Exhibitions & Events AI Data Officer "Xiaohui" made a stunning appearance and brought the guests into the digital application scenarios integrating the virtual reality and real world, to experience the digitalization achievements of the Beijing Capital Group Exhibitions & Events. The "Digital Human Interaction Area" set up at the site attracted a large number of guests who got to experience the events with curiosity.

ENVIRONMENTAL PART

Practicing Green Concepts and
Protecting the Ecosystem

Beijing North Star implemented the concept of green development, with determination and integrated it into all aspects of business operation, continued to make efforts in green management, actively identified and responded to climate change risks, strictly controlled pollutant emissions, constantly improved the Company's environmental operation and green supply chain management system, comprehensively supported the sustainable corporate development, and made contributions to achieving the "dual-carbon goals".

PART 02

Environmental Management: Protecting Ecosystem through Fully Implementing All Applicable Laws and Regulations	29
Climate Action: Addressing Challenges with Right Strategies	32
Carbon Reduction: Writing a New Chapter of Low-Carbon Development	33
Green Operation: Upholding and Implementing the Idea of Circular Economy	37

SDGs

Environmental Management: Protecting the Ecosystem through Fully Implementing All Applicable Laws and Regulations

Beijing North Star fully implemented the main responsibilities in environmental protection as a state-owned enterprise, set up and continued improving the environmental management system, propagandized, and upheld the environmental culture, enhanced the environmental awareness of employees, promoted environmental management work from all aspects at all levels, and built a solid green foundation for high-quality corporate development.

Reinforcing environmental management

Beijing North Star attached great importance to environmental management while strengthening the construction of organizational structure for environmental management, the company continuously improved the environmental management system, and devoted a greater effort in environmental management through a combination of measures.

Providing organizational guarantee

Beijing North Star set up an "Energy Conservation Work Leading Group" headed up by the principal of the Company to clarify the management responsibilities of the Company and its subsidiaries; established the *Environmental Facilities and Equipment Management Checklist* and the *Pollution Source Statistics Checklist*, and established the process for submitting the environmental penalty ledgers; carried out special inspections on environmental management, and incorporated the inspection results into the annual performance evaluation of the Company, to ensure the effective execution of environmental management work.

Improving internal rules and regulations

Beijing North Star formulated and implemented the internal *Environmental Management Rules*, the *Energy Conservation Management Rules*, and the Code of Energy-Saving and Low-Carbon Conduct, in accordance with the *Energy Conservation Law of the People's Republic of China*, the *Environmental Protection Law of the People's Republic of China* and other applicable national laws and regulations, and based them upon the actual situation of the Company, for clarifying the objectives, principles and processes of environmental management, and clearly defining environmental responsibilities, in order to build a standardized environmental management system.

The honors received by Beijing North Star in 2024

As a key energy user in Beijing, Beijing North Star participated in the 2021-2023 assessment of energy conservation goals and responsibilities in 2024, receiving an excellent rating and were granted with financial incentives.

Propaganda and education of environmental culture

Beijing North Star continued enhancing the environmental awareness and sense of responsibility of all employees by strengthening internal training and propaganda; and stimulated the enthusiasm and initiative of employees to participate in environmental protection work, by carrying out environmental themed activities and establishing environmental incentive mechanisms, to create a positive atmosphere where everyone values and takes active part in environmental protection.

CASE The China National Convention Center responded to the "Earth Hour" Movement for 13 consecutive years

In 2024, the China National Convention Center (CNCC) participated in the "Earth Hour" Movement for the 13th consecutive year. CNCC has formulated and implemented a series of environmental protection measures in its daily operations, not only leading by example to "turn off the lights and light up hope" on time, but also issued a "Call to Action" to encourage employees, partners and customers to, together, "dedicate one hour to the Earth".

Beijing North Star's Stories: "National Energy Conservation Promotion Week" and "National Low-Carbon Day" Activities in 2024

"National Energy Conservation Promotion Week" and "National Low-Carbon Day" Activities in 2024

Beijing North Star and its subsidiaries actively carried out promotional activities in response to the "National Energy Conservation Promotion Week" and "National Low-Carbon Day" in May 2024, which were themed "Green Transformation and Energy Conservation Campaign" and "Green and Low Carbon Set off Beautiful China" respectively.

Beijing North Star Commercial Management

Disseminated the knowledge on a low-carbon lifestyle in the form of pictures and texts, and organized the employees from each department and office to learn the company's environmental management system and energy-saving scheme online, so as to enhance the energy-saving and low-carbon awareness and green development concept of employees.

Beijing North Star Real Estate

Erected posters, shared and watched theme videos, and carried out other propaganda measures through social media, based on the theme "Green Transformation and Energy Conservation Campaign" of National Energy Conservation Promotion Week and the theme "Green and Low Carbon Set off Beautiful China" of National Low-Carbon Day, to allow employees to better understand the importance and urgency of energy conservation and emission reduction.

V-Continent Beijing Parkview Wuzhou Hotel

Organized the training session themed "V-Continent Energy Conservation Promotion and Education" to learn Xi Jinping Thought on Ecological Civilization, analyze and explain the water, electricity, gas, and heat energy consumption of the Hotel, learn about the energy conservation and consumption reduction work and equipment upgrade plans, convey Beijing North Star's code of energy-saving and low-carbon conduct, and inspire employees to establish a positive awareness of energy conservation, low-carbon energy and environmental protection.

InterContinental Beijing Beichen Hotel

Organized an environmental protection quiz, with questions extracted from the key points in the national energy conservation work deployment, the important speech spirit of General Secretary Xi Jinping, and the Green Beijing Strategy, to allow employees to gain insight into the energy conservation, consumption reduction, and green low-carbon improvement work.

**Climate Action:
Addressing Challenges with the Correct Strategies**

Beijing North Star actively participated in the action against climate change, regarded climate action as a key issue for corporate development, actively identified climate related physical risks and transition risks, implemented corresponding countermeasures, effectively reduced the impact of risks on production and business operation, and bravely assumed the responsibilities of state-owned enterprises in the process of global climate governance.

Addressing physical risks

Beijing North Star actively monitored the physical risks, and took necessary countermeasures, managing to reduce the negative impact of physical risks on the Company's operations from all aspects, to ensure the stable and orderly execution of all business activities.

Flexibly responded to extreme weather and helped the 2024 International Congress of Basic Science end successfully

In July 2024, the 2024 International Congress of Basic Science (ICBC 2024) was held in Beijing. The Beijing Capital Group Exhibitions & Events, as the only event executor that had continuously guaranteed two sessions of ICBC, successfully completed its work. At 11:00 a.m. on July 24th, the project team received an emergency notice from Huairou District that, due to the risk of geological disasters in the shallow mountainous area, where the venue was located, caused by extreme weather, temporary evacuation was required immediately. The project team completed vehicle scheduling, activity adjustments, safety inspections and other important tasks within 3 hours. At 7:00 a.m. the following day, the project team was notified to resume the adjourned Conference at 9:00 a.m. The project team responded quickly to realize the resumption of all work in the park within just 2 hours.

Addressing transition risks

Beijing North Star attached importance to green and low-carbon transformation and development, actively responded to the transition risks brought about by climate change, and carried out risk identification from climate policies and regulations, technological innovation, market sentiment, company reputation and other factors to ensure the adequate response, demonstrate the Company's outstanding foresight and action in green development, and comprehensively promote the Company's steady advancement on the low-carbon transformation journey.

Carbon Reduction: Writing a New Chapter on Low-Carbon Development

Beijing North Star actively responded to the government's policy guidance, devoted all efforts to construct a green, low-carbon and circular development system, moved ahead, steadily, in the journey of carbon reduction through a series of measures related to energy conservation, consumption reduction and clean production, promoted the in-depth transformation of the business towards the green and low-carbon direction, and laid a solid green foundation for the high-quality development of the Company.

Energy conservation and consumption reduction

Beijing North Star strengthened the operation and maintenance management of all lines of business and continued to improve the efficiency of energy utilization. In 2024, the energy consumption of Beijing North Star (listed + unlisted subsidiaries) was 16,606 tons of coal equivalent, a slight decrease of 0.6% compared with 16,710 tons of coal equivalent in 2023.

Energy consumption in 2024	Energy consumption in 2023	Decreased by
16,606 _{TCE}	16,710 _{TCE}	0.6 %

Strengthening the management of water resources

Beijing North Star actively implemented the *Regulations of Beijing on Water Conservation* to support the building of a water-saving society, constantly strengthened the management of planned water use and quota indicators, effectively broke down the water use indicators to each responsible unit and person, and strengthened the supervision and inspection work. In 2024, the Company actively carried out a survey on water usage, evaluated the types, quantities, quality and other properties of recyclable water resources, put forward suggestions for improving and optimizing water conservation work, continuously improved the efficiency of water resource utilization, and successfully achieved water efficiency objectives.

Creating green buildings

Beijing North Star adopted cutting-edge energy-saving technologies and environmental protection materials to create a comfortable and livable green building benchmark with low energy consumption, improved the energy utilization efficiency of buildings, promoted the use of energy-saving construction equipment, optimized the technological processes of construction, reduced the consumption during the use of energy, and constantly applied the concept of green buildings.

Undertaking green exhibitions

Beijing North Star reduced the environmental impact of exhibition activities from all aspects through green design of its venue facilities, low-carbon operation of exhibition services and other measures, used energy-saving LED lamps to replace traditional lighting apparatus, encouraged exhibitors to use recyclable exhibition equipment and environmental protection decoration materials, minimized the use of disposable products, and committed itself to the end-to-end green operation of the entire exhibition.

CASE Public Facilities Management Branch Company successfully completed the project of introducing reclaimed water into the Beijing Asian Games Village

The Public Facilities Management Branch Company spared no efforts when it came to doing a good job in "water", continued promoting the management and rational use of reclaimed water, and contributed to energy conservation, emission reduction and green development.

Since the launch of the reclaimed water introduction project, the Company have attached great importance to it, organized a professional technical team, conducted detailed research on the engineering site, laid underground pipelines in the Asian Games Village Park, and connected them to the municipal recycled water pipelines on the East Beichen Road and Anli Road. The reclaimed water was introduced into the central garden, surrounding green spaces and refrigeration stations of the Asian Games Village for use as a substitute to tap water in the greening, cleaning and refrigeration systems of the Park. This project further optimized the water resource structure of the Asian Games Village Park, increased the proportion of recycled water in use, and effectively reduced the costs water resources for the resident companies.

CASE Beijing North Star Real Estate took multiple measures to construct green buildings

Beijing North Star Real Estate devoted itself to creating green and livable spaces in many of its projects, followed and actively integrated environmental protection technical requirements into the design process to ensure the sustainable development and eco-friendly characteristics of the buildings. The ventilation and orientation were fully considered in the design layout of Chongqing Yuelai Phase 5 Project, to effectively reduce the heat island effect. Various environmentally friendly materials, such as green sintered shale hollow bricks with thick walls, high-performance concrete and recyclable metal materials, were adopted with an overall utilization rate of 60%. At the same time, window ventilators were used to effectively improve the indoor air quality. In the Changsha North Star Delta A2 Project, green decoration materials, energy-saving water pumps and fans, and water and electricity classification-based metering devices were adopted, in combination with intelligent service systems, water-saving appliances, solar PV modules, energy-saving lamps and other effective measures.

CASE End-to-end green environmental protection at Sibos 2024

In October 2024, the Swift International Banker's Operation Seminar 2024 ("Sibos 2024") was successfully held. The China National Convention Center (CNCC) collaborated with the organizers of the event to ensure the environmental property of the entire event through strictly adhering to the principles of using sustainable, green and biodegradable materials. By using biodegradable tableware, refining the garbage classification and transportation process, and collecting carbon footprint data during the event, a more environmentally friendly and low-carbon environment was created for participants, and reference data was provided for subsequent carbon reduction work. At the same time, CNCC also realized a 100% green power supply at the venue for the first time in the history of Sibos by means of green power trading.

Sibos 2024

Cleaner production

Beijing North Star vigorously promoted cleaner production, applied strict control on solid wastes, air pollutants, and sewage, etc., solidly carried out pollution prevention, effectively improved the efficiency of resource utilization, reduced pollutant emissions, and optimized production processes.

Pollution prevention and control

Beijing North Star urged its subsidiaries to strengthen their management and supervision of environmental protection work, formulate and implement their environmental emergency plans based on the principle of "one enterprise, one policy", carry out self-inspections and update the *Environmental Facilities and Equipment Management Checklist* and the *Pollution Source Statistics Checklist*, in order to ensure the normal operation of environmental protection facilities and equipment and effective control of pollution sources. In 2024, the acceptance rate of various environmental protection facilities reached 100%, and 8 energy-saving technological renovation programs were carried out with a total investment of CNY 7.839 million. Thereby, the efficiency of energy utilization was improved effectively, and the impact of production and business processes on the environment was successfully decreased.

Waste gas management

Beijing North Star carried out the annual diagnostic investigation of potential volatile organic compounds pollution sources, such as kitchen oil, smoke and waste gas, boiler exhaust gas and construction project fugitive dust, to control the pollution from these sources. The properties held in Beijing effectively controlled the fugitive dust by installing spray facilities and optimizing the working processes in strict accordance with the requirements of the competent authority of the industry.

Waste water management

Beijing North Star strictly controlled the direct discharge of waste water according to the *Beijing Municipal Regulations on Drainage and Reclaimed Water*, pretreated the waste water before discharging it into the municipal pipe network, ensured that the water quality met the discharge standards, continued to strengthen the recycling of water resources, promoted the use of reclaimed water, and guided its subsidiaries to use municipal reclaimed water or establish reclaimed water treatment systems. In 2024, the Apartment Management Branch Company took active action and effectively promoted the partial renovation project of sewage discharge facilities, and successfully obtained the drainage permits, making positive contributions to the environmental protection and water resource management.

Solid waste management

Beijing North Star's hotels use biodegradable and environmentally friendly packaging materials when purchasing consumables to avoid excessive packaging; Continuously carry out material recycling and upcycling work, and carry out material recycling for commonly used materials such as waste towels, plastic products, and glass products, etc; Sign a garbage collection agreement with a professional company to classify, professionally clear, and dispose of household waste, kitchen waste, other residual waste, and hazardous waste and to achieve the goal of signing 100% professional garbage collection agreements for waste and hazardous waste this year.

CASE Changsha North Star Delta A2 Project utilized environmental protection technologies to realize clean production

In order to reduce the environmental pollution and disturbance inflicted upon the neighborhoods and residents during the construction processes, Beijing North Star Real Estate actively utilized the industry's advanced technologies and construction methods to reduce the negative impact of the construction site on the environment. The Changsha North Star Delta A2 Project adopted an atomized spray dust removal system for applying water mist onto smoke or odor particles in the air with spray nozzles or lances to form large-sized particles. These particles were then settled by gravity or captured and removed by other equipment, effectively improving the dust prevention effect. In order to ensure the cleanliness of the roads inside and outside the Project, automatic vehicle washing devices were installed at the entrance and exit gates to wash the vehicles entering and exiting the site. All dump trucks were required to transport materials with their trailers sealed to effectively avoid polluting the inside and outside roads. Furthermore, to reduce light pollution, hood type dysprosium lamps were installed on the tower cranes at the construction site, and the site lighting fixtures were equipped with light shields to ensure directional transmission of light beams and avoid strong light leakage. During the operation of welding machines and other devices emitting strong light, shading shelters were set up to ensure that the light given off was focused on the construction area, reducing the impact on the spaces outside of the Project.

Changsha North Star Delta A2 Project utilized a combination of environmental technologies

Green Operation: Upholding and Implementing the Idea of Circular Economy

Beijing North Star's subsidiaries actively implemented the requirements of Beijing City for green and low-carbon development, and encouraged low-carbon office work, resource recycling, to reduce the load to environment. All subsidiaries attached great importance to the sustainable development of their supply chains, worked together with their suppliers to put the green and environmental ideas into practice, set examples for the industry's green transformation, and achieved the organic combination of economic and environmental benefits.

Green office

Beijing North Star integrated the green concept into the whole process of office work, took multiple measures to reduce the consumption of energy, paper, water and other resources, and guided employees to enhance environmental awareness in a green workplace.

Beijing Capital Group Exhibitions & Events

Arranged engineering equipment operators to control the start and stop time, the amount of equipment in operation, and regional equipment in a timely manner based on the water temperature of the central air conditioning refrigeration unit and actual needs, in order to reduce electricity consumption. Employees were required to disconnect the electrical equipment in the office area, with a dedicated person assigned to inspect it before holidays and off days.

Beijing Continental Grand Hotel and Beijing International Convention Center

Postponed cooling supply based on actual situation; accurately adjusted the opening and closing time of the fresh air supply unit based on the working hours of the office building tenants; adjusted the energizing/illuminating time of the plaque signs reasonably and timely according to the change of season and daytime; and transported goods with elevators during their non-peak usage periods as far as possible, in order to achieve the "peak cutting and valley filling".

V-Continent Beijing Parkview Wuzhou Hotel

Collected hazardous materials, such as toner cartridges, and sent them to professional service providers for recycling; strengthened elevator operation regulation and maintenance and called for taking fewer elevators and taking more stairs; and prohibited the use of mobile high-power heating equipment, electric heaters and other electrical appliances in the office to ensure safe use of electricity while reducing energy consumption.

Green supply chain

Beijing North Star controlled the supplier qualification from the source, ensured the environmental compliance of all raw materials, coordinated the green procurement of all subsidiaries, strengthened the management and evaluation of supply chains, and promoted the green development of the whole industry chain.

Beijing North Star Real Estate

Supervise the environmental protection of suppliers, gave priority to suppliers using environmentally friendly materials, and attached great importance to the credibility of suppliers during the tendering process.

China National Convention Center

Gave priority to environmentally friendly materials and products, adopted green building materials for all work, formulated detailed supplier selection standards, and prioritized those suppliers with outstanding performance in environmental protection; established long-term partnerships with environmentally friendly suppliers to jointly promote the development of green supply chains; and promoted the use of clean energy vehicles, such as electric vehicles and hybrid vehicles, in logistics and distribution activities, to reduce fuel consumption and exhaust emissions.

V-Continent Beijing Parkview Wuzhou Hotel

Required a compulsory use of energy-saving environmental products, such as water-saving toilets, electricity-saving lamps, environmentally friendly coatings, boards, panels and furniture items at the preliminary design stage of its guest room renovation project; and selected green energy-saving products with the highest energy efficiency on the market for refrigeration machines and the water pump renovation project.

SOCIAL PART

Enhancing Social Well-being and
Creating a Better Life Together

Beijing North Star focuses on the well-being of the people and serves the people all the time by fulfilling its social responsibilities as a state-owned enterprise. While realizing its own development, the Company attaches importance to the growth of its employees, leads the industry forward, continuously improves its service quality, actively participates in public benefit and charity activities to make contribution to the building of a harmonious society, and strives to bring more care and benefits for employees, partners, customers, and society.

Caring for the lives of employees

Adhering to the corporate purpose of "cherishing employees", Beijing North Star carried out various cultural and sports activities to enrich the spare time life of employees, actively assisted and paid personal visits to employees in need, created a happy workplace for employees, and built the Company into a happy home.

Enriching the life of employees

Beijing North Star adhered to the concept of "people first", and actively organized diverse cultural and sports activities, such as mountain climbing, fitness running, speech contests, etc., to encourage employees to maintain good mental and physical health, and constantly improve their happiness.

Assisting employees in need

Beijing North Star and its subsidiaries actively paid personal visits to employees in need, and carried out practical assistance work, such as visits during the New Year's Day and Springing Festival, and "sending coolness in summer", with a view to satisfy the basic needs of employees. The mutual assistance insurance work for in-service employees was orderly promoted in this year: a total of 292 claims settled for hospitalization, serious illness, female worker benefit, allowance, mild illness and non-work injury and other claims, amounting to CNY 840,300; 72 employees received secondary assistance worth CNY 66,700; 1,720 employees received secondary reimbursement of CNY 454,300 for "Warm Mutual Aid"; and CNY 46,000 was distributed to 23 employees suffering critical illness as a consolation.

Consolidating safety protection work

Beijing North Star adhered to the principle of safety first, deeply integrated it into the development strategy of the Capital, elaborately constructed the work safety management and control system, regarded the identification and elimination of hidden dangers as a normal work, continuously strengthened the emergency response capabilities, cultivated the safety culture, and built a solid defense line for safety at all levels and from all aspects.

Strengthening safety management

Beijing North Star issued the *Three-Year Special Action Plan for Eliminating Root Causes of Work Safety Risks (2024-2026)*, and established a Leading Group for this purpose to promote the implementation of work safety responsibilities, regularly carry out the mobilization, deployment, analysis, research, judgment and summary through quarterly meetings, form a normalized work mechanism for work safety management, assign corresponding tasks and supervise their full implementation.

Identification of potential safety hazards

Beijing North Star kept on carrying out identification and elimination of potential work safety hazards, focused on key business areas, such as super high-rise buildings, convention and exhibition venues, reconstruction and expansion projects, carried out in-depth special rectification work at high-risk sites, and launched a special campaign for centralized elimination of potential fire hazards. The Company conducted 516 safety inspections, identified and eliminated 1,669 safety issues throughout the year.

Safety emergency drills

Beijing North Star continuously strengthened the construction of emergency response teams, formed an effective joint-action mechanism, and made adequate preparations, such as formulation of emergency response plans, organization of teams, allocation of equipment and facilities, and material reserves. The Company convened a special meeting to deploy measures against flood season and ensure that all preventive measures are in place. The Company also organized the 2024 Fire Emergency Evacuation Drill to further enhance the abilities to respond to emergencies.

Shaping safety culture

Beijing North Star attached great importance to the propaganda and education of safety culture, emphasized the cultivation of work safety awareness and capabilities of employees, created a good safety culture atmosphere, and organized three special training sessions on work safety, fire safety and traffic safety for more than 300 participants throughout the year.

Beijing North Star won the Excellent Organization Award in the "Emergency Pioneer —Beijing Model Enterprise" Model Selection and Propaganda Activity of Beijing City

Industry-wide Collaboration: Promoting Win-Win Cooperation with Industry Partners

Beijing North Star attached great importance to the coordinated development of industry, tried to build a responsible supply chain by controlling from the sources, integrated the ESG concept into every procurement step, strictly selected, reviewed and assessed suppliers, and maximized the benefits of environment, society and governance while ensuring the quality of products and services. In the process of promoting industry development, the Company fully leveraged its industry influence and worked together with all actors to create a prosperous and sustainable new industry ecosystem.

Supporting industry development

Beijing North Star exerted every effort to build a resource interflow bridge to deepen and expand the cooperation and exchanges in the industry; actively participated in the formulation of industry standards and cutting-edge topic research to build a solid foundation for the development of the industry with professional strength, made continuous contribution to the prosperity of the industry, promoted the steady progress of the industry, and fulfilled its corporate responsibilities

Participation in industry exchange activities

Beijing North Star continued to grow its business in the convention and exhibition industry by centering around the strategic positioning of Beijing City as a Capital, speeded up its strategic layout of business across the industry chain, made every effort to build a world-class well-known convention and exhibition corporate brand, and carried on promoting the exchanges and cooperation with international industry organizations, such as the International Congress and Convention Association (ICCA) and the Global Association of the Exhibition industry (UFI).

Leading the development of industry standards

Beijing Capital Group Exhibitions & Events paid special attention to the standardization of the convention and exhibition industry, participated in the formulation of a national standard (the *Classification and Terminology of Meetings*) and many industry standards (including the *Specification for Convention Center Operation and Service*, the *Specification for Exhibition Venue Operation and Service*, the *Specification for Operation and Service of Exhibition (Booth Arrangement) Service Providers*, and the *Grading and Rating of Professional Exhibitions*), released the *China Exhibition Index Report (2023)*, and continuously promoted the high-quality development of the convention and exhibition industry.

CASE The inspiring 2023 China Exhibition Index Report was released

In September 2024, Beijing North Star Convention and Exhibition Research Institute, the think tank of Beijing Capital Group Exhibitions & Events, released the *2023 China Exhibition Index Report* at the 3rd International Convention and Exhibition Economy Development Forum, which fully revealed the explosive growth and significant recovery of the convention and exhibition industry after three years of slump.

The Beijing North Star Convention and Exhibition Research Institute compiled the *China Exhibition Index Report* (hereinafter referred to as the "Report") for the fifth consecutive year. The 2023 Report has a total of approximately 250,000 words and presents about 400 charts. Over the past five years, the Report has continuously expanded the city sample size of exhibition development index in China up to 35 cities, broadening the horizontal comparison range of different cities. The city competitiveness index presented in the Report accurately reflects the current situation of the development of the exhibition economy in different cities across China, providing a starting point for cities to find advantages and disadvantages in the development of the convention and exhibition industry. The Report also optimizes the industry classification method, which is conducive to presenting the industry distribution of professional exhibitions more scientifically. At present, the *China Exhibition Index Report* has become a valuable reference which can scientifically and objectively reflect the development of the convention and exhibition industry in all regions and cities, as well as the development of exhibitions in different industries of China.

CASE An agreement was signed for launching China's first international program for mutual recognition of professional qualifications in the convention and exhibition industry

In June 2024, the signing ceremony was held for China's first international program for mutual recognition of professional qualifications in the convention and exhibition industry. Representatives from the Beijing Municipal Human Resources and Social Security Bureau, Beijing North Star and International Congress and Convention Association (ICCA) signed an agreement. This was the first cooperation among government agencies, industry leaders, and international event

organizations in the vocational education and professional talent training in the convention and exhibition industry. It marks a deep cooperation among the three parties in the exchange of convention knowledge and capacity development in the convention and exhibition industry, further promoting the high-quality and sustainable development of convention and exhibition industry in Beijing and China, and making new contributions to promoting the opening-up to a higher level.

An agreement was signed for launching China's first international program for mutual recognition of professional qualifications in the convention and exhibition industry

Building responsible supply chain

Beijing North Star took sustainable development as a key criterion for supplier selection, qualification review and evaluation, continued to strengthen supplier management and responsible procurement, and strived to build a responsible supply chain with high resilience and sustainability. The subsidiaries of the Company jointly promoted the fulfillment of responsibilities by supply chain partners.

CASE Beijing Capital Group Exhibitions & Events applied compliance assessment to its suppliers

Beijing Capital Group Exhibitions & Events carried out compliance assessment on its suppliers to ensure that the quality, price and services offered by suppliers compliant with national regulations, industry standards and contract requirements, and timely eliminated non-compliant suppliers. If any problems were found with the supplied materials or services, the company would promptly negotiate with the supplier and seek solutions to the problem.

CASE Beijing North Star Commercial Management checked the supplier credit report

Beijing North Star Commercial Management verified supplier credit reports to confirm whether there were any violations or illegal activities through official websites. Through centralized procurement and the implementation of new projects, more than 90 supplier surveys were conducted, and over 80 suppliers were added through pre-qualification and recommendation channels according to the applicable rules and regulations. More than 350 suppliers were evaluated as qualified through contract performance assessments of various projects. At present, there are 1,090 qualified suppliers in the supplier database.

CASE China National Convention Center regularly organized CSR training for its suppliers

The China National Convention Center regularly organized training sessions on corporate social responsibility (CSR) for its suppliers to help them understand and comply with relevant CSR standards and requirements, and ensure that suppliers follow CSR policies and requirements in their production process; encouraged its suppliers to engage in technological innovation and process improvement, for enhancing the competitiveness and quality of their products and services; and requested each supplier to establish a complete set of CSR management system to ensure the effective implementation of CSR policies and requirements.

CASE Beijing Continental Grand Hotel and Beijing International Convention Center conducted comprehensive inspection and evaluation of suppliers

Beijing Continental Grand Hotel and Beijing International Convention Center conducted a comprehensive and in-depth investigation on the business license, credit status, similar performance, service scope, and contract performance status of the potential suppliers, and conducted field inspections and evaluations of the suppliers to ensure the quality and capabilities of all suppliers registered in the supplier database. Only those suppliers approved upon evaluation could be registered in the qualified supplier database. A supplier evaluated as unqualified by the head of the department using its products or services would be filed as an unqualified supplier. At the same time, relevant inspection records and explanations of reasons for disqualification would also be recorded in detail for future reference.

Quality Service: Gaining Recognition by Pursuing Excellence with Craftsmanship Spirit

Beijing North Star kept in mind the mission of state-owned enterprises, took "serving international exchanges" as its obligation, vigorously developed its main business as an event organizer/undertaker, successfully completed the reception, service and support tasks of many major domestic and international convention and exhibition events, constantly upgraded the hardware of Beijing Capital Group Exhibitions & Events, and built comprehensive competitive advantages based on the implementation of first-class service standards for the best practice.

Expanding event organizing and undertaking business

In 2024, Beijing Capital Group Exhibitions & Events gained more recognition of its leadership in the industry, and made many breakthroughs in the upstream business of convention and exhibitions; successfully organized many existing projects, such as the China International Fair for Trade in Services, International Congress of Basic Science, China Refrigeration Expo, Aquatech China, China Science Fiction Convention, China Beijing International High-Tech Expo, Toy & Hobby Fair, Game Festival and Logistics Exhibition, with a total of 31 convention and exhibition projects organized or undertaken; successfully introduced 8 new convention and exhibition projects, including the Sibos 2024, Beijing International Traditional Medicine Exhibition, Beijing International Healthy Lifestyle and Consumption Expo, and the 6th Vocational Skills Competition. Fruitful results were achieved in project operation, and the scale of the main events organized and undertaken was expanded with higher standards.

2024 China International Fair for Trade in Services

In September 2024, the 2024 China International Fair for Trade in Services (CIFTIS) with the theme of "Global Services for Mutual Benefit and Sharing" was successfully held. During the five-day event, the China National Convention Center and Shougang Park were crowded with visitors. Exhibitors from various industries actively negotiated with customers, fully showcasing the innovative achievements and highlights in the field of global service trade in the past year.

"The China International Fair for Trade in Services has been successfully held for ten times, which is a vivid reflection of the high-quality development of China's service industry and service trade, and has made positive contributions to building an open global economy. China will adhere to promoting high-quality development through high-level opening-up, improve the system and mechanism of high-level opening-up, innovate and enhance service trade, actively connect with international high standard economic and trade rules, promote the interconnectivity and compatibility of rules, regulations, management, and standards in the service field, orderly expand the opening-up of the service market to the world, enhance the functions of the service industry and service trade opening-up platform, and create a market-oriented, rule-of-law, and international first-class doing-business environment. China is willing to work with other countries around the world to keep up with the trend of economic globalization, share opportunities, discuss cooperation, and promote common development, so as to make contributions to promoting global economic growth and improving the well-being of people in all countries."

Beijing North Star's Stories: Created new immersive convention and exhibition experience depending on professionalization

As a subsidiary of Beijing North Star, Beijing Capital Group Exhibitions & Events served as a professional operator of the China International Fair for Trade in Services (CIFTIS) for four consecutive years, continuously improved the marketization level of the CIFTIS, increased effort in attracting sponsors and exhibitors, expanded the "circle of friends" of the CIFTIS, optimized the operation of the China National Convention Center and the Shougang Park venues, and again got high scores in its performance. At the same time, a number of subsidiaries of Beijing North Star participated in the supporting work, fulfilled their own duties, and gathered joint forces to once again demonstrate the strength of "Beijing service".

The degree of internationalization was enhanced further

As a professional operator of the China International Fair for Trade in Services (CIFTIS), Beijing Capital Group Exhibitions & Events renewed the internationalization of the CIFTIS. The CIFTIS 2024 adhered to the concept of "Global Services for Mutual Benefit and Sharing", highlighted smart services and open development, delivered a comprehensive exhibition and 9 special exhibitions, held 13 theme forums, 88 special forums, 56 negotiation and promotion meetings, and 25 side events, attracted more than 2,000 enterprises to participate offline and more than 6,000 enterprises to participate online. This event attracted exhibitors from 85 countries and international organizations, including 13 independent exhibitors for the first time, all exceeding the last event. The overall business internationalization rate of offline exhibitors exceeded 20%, and over 460 Fortune Global 500 and industry-leading enterprises took part in this grand event.

Enhancement of internationalization degree

More new achievements were made in the market oriented operation

Beijing Capital Group Exhibitions & Events broke through the previous "1+4" mode of event undertaking business, added the special exhibitions of health service, successfully operated the themed exhibition areas of the comprehensive exhibition and five exhibition areas among the nine special exhibitions of the CIFTIS 2024, and achieved remarkable operational results.

It is worth mentioning that a group of exhibits highlighting new quality productive forces were showcased at the CIFTIS, attracting numerous domestic and foreign exhibitors and visitors, and the revenue hit historic high. At the same time, the "Business Appointment" function newly developed for the digital platform greatly facilitated the efficient communication between exhibitors and visitors using the platform. Over 5,300 invitations were initiated, effectively promoting the theme of "Global Services for Mutual Benefit and Sharing".

Pairing assistance

Beijing North Star made every effort to promote the income increase of villages with weak collective economy in accordance with the working idea of "eliminating weaknesses while consolidating advantages". During the reporting period, through the collective stock economic cooperatives, the Company helped three weak villages in Tanghekou Town receiving the pairing assistance sell about 24,650kg of agricultural products to realize an income of CNY 347,900, promoting the prosperity of local industries and increasing the income of local residents through practical actions.

CASE

The Rural Revitalization Working Group was invited to attend the opening ceremony of the Tanghekou Branch of the 2024 Chinese Farmers' Harvest Festival in Huairou District

Since 2024, Beijing North Star had helped the three villages with weak collective economy in Tanghekou Town receiving the pairing assistance sell about 24,650kg of agricultural products, through the collective stock economic cooperatives, including 5,900kg of corn, 16,500kg of Tanghe sweet potatoes, and 2,250kg of anthocyanin potatoes, promoting the prosperity of local industries and increasing the income of local residents through practical actions. During the assistance, Beijing North Star continuously expanded the production and marketing channels of agricultural products in the field of rural revitalization through labor union benefit distribution, staff canteen procurement and other means, actively mobilized all second-tier subsidiaries to effectively participate in the rural revitalization, helped the rural areas solve the problem of unsalable agricultural and sideline products with practical actions, promoted the stable income increase of the local residents in villages with weak collective economy, and helped pairing villages to achieve rural revitalization.

Responding to the citizens' appeals for their livelihood

Beijing North Star conscientiously implemented the spirit of the work instructions and arrangements of the Beijing Municipal Party Committee, the Beijing Municipal People's Government and the Beijing Municipal SASAC on "Swift Response to Public Complaints", with the overall goal of well dealing with the appeals of citizens, by supervising the fulfillment of corporate social responsibilities at all levels, and continuously improving the construction of organizational mechanism and system construction of "Swift Response to Public Complaints".

Institutionalization of public complaint response work

Beijing North Star established a special team responsible for incorporating the public complaint response work into internal rules and regulations, to implement the corresponding overall deployment and coordination of the Company, and provided organizational guarantee for the solid promotion of relevant work. In 2024, the Company dealt with 26 online public complaints through the online public complaint response platform of Beijing Municipal SASAC, and the headquarters received 21 complainants. When dealing with the complaints, the Company insisted on the principle of "three-adequacy and one-punishment", and strictly followed the requirements for standardization, to ensure smooth and orderly handling.

Normalization of "Swift Response to Public Complaints"

Beijing North Star updated the "Swift Response to Public Complaints" work progress monthly at the General Manager Office Work Meetings; eliminated causes of potential public complaints by preliminary investigation and multi-party collaboration to promote the formation of a joint force among the local government, residents and property managing companies. By working hard throughout the year, the number of public complaints assigned by the city center for handling by subsidiaries significantly decreased, and significant results were achieved in the proactive governance.

Participating in public benefit activities

Beijing North Star actively engaged in public benefit and charity activities, called on its subordinate enterprises and all employees to fully leverage their industry and resource advantages and actively participate in voluntary activities, and effectively fulfilled corporate social responsibilities, to make contributions to building a more harmonious and better modern society.

CASE InterContinental Beijing Beichen Hotel brought new hope to the disabled by promoting their ICH cultural and creative products

In 2024, the InterContinental Beijing Beichen Hotel, in collaboration with the China Disabled Persons' Federation, All-China Women's Federation and other organizations, officially introduced the "Beautiful Workshop" program for increasing the employment and income for disabled women into the Hotel. As the only pilot point-of-sale in Beijing, the Hotel has installed vending machines to fully promote the intangible cultural heritage (ICH) cultural and creative products carefully crafted by the disabled. Among them, the representative embroideries, paper cuttings, brooches, bookmarks and other dazzling objects show unique ingenuity and creativity. This program focuses on cultivating self-employment pioneers for disabled women, allowing the disabled to deeply appreciate the charm of ICH, master exquisite skills and explore new means of livelihood.

Future Outlook

In 2025, Beijing North Star will steadily progress on its journey towards sustainable development. Guided by our long-term vision and noble mission, we will confidently advance towards internationalization, branding, and digitalization. We will focus on strengthening and optimizing the real estate development and exhibition industry chain, empowering property operation management with smart technologies, and building a professional commercial property service brand with light asset output capability. With the goal of "collaborative development and reform innovation," we will promote the establishment of a new industrial structure and strive relentlessly to realize the vision of becoming a world-class event branded company and a unique compounded real estate branded company.

Building a green ecology to protect environment.

In 2025, we will continue to improve energy conservation and environmental management systems, further implement the overall requirements and key tasks of the carbon peak action plan. Through energy-saving inspections, carbon emissions verification, energy conservation target responsibility assessments, and other efforts, we will conduct a comprehensive review of the energy usage in all business operations. We will actively explore green operation models, focus on clean production and energy optimization of equipment and facilities, and promote our green transformation to contribute to the full development of a beautiful China.

Fulfilling our mission and responsibility to create beauty together.

In 2025, we will solidly carry out services and guarantees for the high-quality development of the capital, improve the mechanism for the regular service and support of major national events, and accelerate the construction of a service standardization system. We will continue to improve the development of talent teams and incentive mechanisms and fully stimulate employees' innovative and practical drive. We will continue to respond to the deployment requirements of the municipal CPC Committee, municipal government, and the CPC Committee of the State-owned Assets Supervision and Administration Commission (SASAC) regarding rural revitalization, conscientiously implement support policies, fully leverage the advantages of state-owned enterprises, and advance support efforts in areas such as industry, employment, consumption, public welfare, and party building to reach new heights.

Strengthening the foundation for development to optimize governance.

In 2025, we will continue to consolidate the achievements of the three-year reform action plan for state-owned enterprises (SOEs), promote benchmarking against the best, and integrate SOE reform initiatives into our development strategy. We will strengthen the construction of the compliance management system and internal control management system, build an integrated and coordinated mechanism for legal, compliance, internal control, and risk management, and enhance the ability to prevent and control major risks. We will build and improve the ESG management system, clarify the ESG governance structure, management methods, and indicator system, strengthen the information disclosure mechanism, enhance our ability to identify and respond to risks, and promote sustainable development.

In the future, Beijing North Star will work hand in hand with all sectors of society, gather wisdom and strength from all parties, jointly create a new chapter in high-quality development, and strive tirelessly to build a better future.

Notice3: The emissions of sulfur oxides refer to the total amount of atmospheric pollutants emitted from diesel and natural gas fueled equipment in the Company's properties held in Beijing in 2024. The calculation method and applicable emission coefficients adopted for this atmospheric pollutant emission refer to the Reply on Issues Related to the Sulfur Dioxide Emission Coefficient of Gas Facilities Using Municipal Pipeline Natural Gas in Beijing and the Handbook of Pollutant Calculation Methods and Coefficients for Emission Source Statistical Investigation issued by the former Ministry of Environmental Protection of the People's Republic of China.

Notice4: The calculation method and applicable emission coefficients adopted for this greenhouse gas emission inventory refer to the Beijing Enterprise/Organization Carbon Dioxide Emission Accounting and Reporting Guidelines (2018 Edition) and the Carbon Dioxide Emission Accounting and Reporting Requirements: Power Generation Industry (DB11/T1781-2020) released by the Beijing Municipal Ecology and Environment Bureau, as well as the GHG Protocol Corporate Accounting and Reporting Standard released by the World Resources Institute (WR) and the World Business Council for Sustainable Development (WBCSD). The scope of greenhouse gas calculation for the Company in 2024 includes direct greenhouse gas emissions caused by the use of diesel fueled equipment, such as gasoline and diesel vehicles, as well as natural gas fueled equipment, such as gas boilers, and indirect greenhouse gas emissions caused by the use of purchased electricity and heat.

Notice5: The calculation scope is the total annual usage of the Company's properties held in Beijing. The energy consumption data disclosed in this Report are calculated based on the actual consumption of each energy source and relevant conversion factors provided by the International Energy Agency.
