APPENDIX 1

Summary

- The company is mainly engaged in the production and sale of chemical fibres, and its main products include biomass cellulose filament and spandex fibre.** 1) Biomass cellulose filament is a kind of regenerated fibre, which is made from cotton pulp meal, wood pulp meal or other natural fibres, and is made into spinning stock by alkalisation, yellowing and other processes, and is made by wet spinning. The company's Egret brand biomass cellulose filament varieties, complete specifications, from 30D ultra-fine denier to 600D coarse denier, covering 30D, 40D, 75D, 100D, 112D, 118D, 120D, 150D, 300D, 500D, 600D and other coarseness of more than 20 specifications, and the production of coloured fibres and functional fibres, to meet the customer's Various demands. Efficiency is also improved. 2) Spandex is a kind of polyurethane elastic fibre, which has the characteristic of high elasticity. It is made into covering yarn, core yarn, co-twisted yarn and other products together with other fibres, and then processed and woven in warp knitting and weft knitting equipments. The company's Egret brand spandex fibre has rich varieties and complete specifications, which can satisfy various needs of customers; the company's differentiated spandex, such as ultra-fine denier and super-soft, is of excellent quality and has gained a high degree of recognition in the market. 3) In 2023, the company's total operating income was RMB 7.379 billion, an increase of 1.43% year-on-year; total profit was RMB 15,666,600,000, an increase of RMB 635,411,100,000 year-on-year; and net loss attributable to the parent company was RMB Net loss of 42,153,600 Yuan, a year-on-year decrease in loss of 392,529,200 Yuan.
- The company's two leading products have obvious scale advantages.** 1) In 2023, the company's spandex fibre product operating income was RMB 4.478 billion, accounting for 60.69% of the total operating income. The company began to get involved in the spandex industry in 2003, with the initial production capacity of only 3,000 tonnes. After years of development, the production capacity gradually increased, with 100,000 tons of high-quality ultra-fine denier spandex fibre project in 2023; part of the production line of the third phase of the project put into operation, spandex production capacity of 180,000 tons. 2) In 2023, the company's biomass cellulose filament product revenue was 2.611 billion yuan, accounting for 35.39% of the total revenue. The company's biomass cellulose filament production has more than 60 years of history, the company's predecessor Xinxiang Chemical Fibre Factory in 1964 put into operation the project that is biomass cellulose filament project, the current capacity of 90,000 tonnes. The company's biomass cellulose filament production capacity scale, equipment level, product quality are among the industry leaders.
- Company's new production capacity is gradually put into production, and steadily advancing the projects under construction.** 1) The company's annual production capacity of 100,000 tonnes of high-quality ultra-fine denier spandex fibre project phase III part of the production line was put into production in 2023, and the spandex production capacity reached 180,000 tonnes. 2) The annual production capacity of 20,000 tonnes of biomass cellulose project phase II project was put into production in 2023, and the technological transformation project of biomass cellulose filament increased 8, 000 tonnes of capacity, while some production lines were adjusted according to market demand and cost, and the total capacity of biomass cellulose filament reached 90,000 tonnes at the end of 2023. 3) The first phase of the subsidiary Xinglu Water's 36.5 million tonnes per annum industrial water project was completed and put into operation at the end of 2023, and the completion of the project resulted in the company's water cost being reduced. 4) The company's 10,000 tonnes per annum biomass cellulose fibre project, which was completed in the first quarter of 2022 construction period of 24 months, annual production capacity of 10,000 tonnes, investment budget of 726 million yuan, as of 2023 the cumulative investment of 576 million yuan. 5) annual production capacity of 100,000 tonnes of high-quality ultrafine denier spandex fibre project phase III, started in the second quarter of 2022, construction period of 15 months, annual production capacity of 40,000 tonnes, investment budget of 1.045 billion yuan, as of 2023 the cumulative investment of 857 million yuan. Investment of 857 million yuan.
- With viscose filament demand and price growth, we think the company is expected to benefit from.** According to the chemical fibre information network, in the national wind, national trend trend is driven by the rapid growth in demand for rayon, supply tension. On 2024 March 29, Yibin Silk Leah, Jilin Chemical Fibre, Xinxiang Egret various varieties of rayon price increase of 1,000 yuan / tonne, we believe that the company, as an industry leader, is expected to continue to benefit from it.
- Risk:** Changes in the macroeconomic environment; changes in downstream market demand; risk that the production progress of the capacity under construction is not as expected.

IMPORTANT DISCLAIMER

For research reports on non-Indian securities: The research report is issued by Haitong International Research Limited (“HTIRL”), a wholly owned subsidiary of Haitong International Securities Group Limited (“HTISGL”) and a licensed corporation to carry on Type 4 regulated activity (advising on securities) for the purpose of the Securities and Futures Ordinance (Cap. 571) of Hong Kong, with the assistance of Haitong International (Japan) K.K. (“HTIJKK”), a wholly owned subsidiary of HTISGL and which is regulated as an Investment Adviser by the Kanto Finance Bureau of Japan.

For research reports on Indian securities: The research report is issued by Haitong Securities India Private Limited (“HSIPL”), an Indian company and a Securities and Exchange Board of India (“SEBI”) registered Stock Broker, Merchant Banker and Research Analyst that, inter alia, produces and distributes research reports covering listed entities on the BSE Limited (“BSE”) and the National Stock Exchange of India Limited (“NSE”) (collectively referred to as “Indian Exchanges”). HSIPL was acquired and became part of the Haitong International Securities Group of Companies (“HTISG”) on 22 December 2016.

All the research reports are globally branded under the name Haitong International and approved for distribution by Haitong International Securities Company Limited (“HTISCL”) and/or any other members within HTISG in their respective jurisdictions.

The information and opinions contained in this research report have been compiled or arrived at from sources believed to be reliable and in good faith but no representation or warranty, express or implied, is made by HTIRL, HTISCL, HSIPL, HTIJKK or any other members within HTISG from which this research report may be received, as to their accuracy, completeness or correctness. All opinions expressed herein are as of the date of this research report and are subject to change without notice. This research report is for information purpose only. Descriptions of any companies or their securities mentioned herein are not intended to be complete and this research report is not, and should not be construed expressly or impliedly as, an offer to buy or sell securities. The securities referred to in this research report may not be eligible for purchase or sale in some jurisdictions. If an investment product is denominated in a currency other than an investor's home currency, a change in exchange rates may adversely affect the investment. Past performance is not necessarily indicative of future results. Certain transactions, including those involving derivatives, give rise to substantial risk and are not suitable for all investors. You should also bear in mind that recommendations in this research report are not tailor-made for you. The analyst has not taken into account your unique financial circumstances, such as your financial situation and risk appetite. You must, therefore, analyze and should, where applicable, consult your own legal, tax, accounting, financial and other professional advisers to evaluate whether the recommendations suits you before investment. Neither HTISG nor any of its directors, employees or agents accepts any liability whatsoever for any direct or consequential loss arising from any use of the materials contained in this research report.

HTISG and our affiliates, officers, directors, and employees, excluding the analysts responsible for the content of this document, will from time to time have long or short positions in, act as principal in, and buy or sell, the securities or derivatives, if any, referred to in this research report. Sales, traders, and other professionals of HTISG may provide oral or written market commentary or trading strategies to the relevant clients and the companies within HTISG that reflect opinions that are contrary to the opinions expressed in this research report. HTISG may make investment decisions that are inconsistent with the recommendations or views expressed in this research report. HTI is under no obligation to ensure that such other trading decisions, ideas or recommendations are brought to the attention of any recipient of this research report.

Please refer to HTI's website www.equities.htisec.com for further information on HTI's organizational and administrative arrangements set up for the prevention and avoidance of conflicts of interest with respect to Research.

Non U.S. Analyst Disclosure: The HTI analyst(s) listed on the cover of this Research is (are) not registered or qualified as a research analyst with FINRA and are not subject to U.S. FINRA Rule 2241 restrictions on communications with companies that are the subject of the Research; public appearances; and trading securities by a research analyst.

DISTRIBUTION AND REGIONAL NOTICES

Except as otherwise indicated below, any Recipient wishing to discuss this research report or effect any transaction in any security discussed in HTI's research should contact the Haitong International salesperson in their own country or region.

Notice to Hong Kong investors: The research report is distributed by Haitong International Securities Company Limited ("HTISCL"), which is a licensed corporation to carry on Type 1 regulated activity (dealing in securities) in Hong Kong. This research report does not constitute a solicitation or an offer of securities or an invitation to the public within the meaning of the SFO. This research report is only to be circulated to "Professional Investors" as defined in the SFO. This research report has not been reviewed by the Securities and Futures Commission. You should not make investment decisions solely on the basis of the information contained in this research report. Recipients of this research report are to contact HTISCL salespersons in respect of any matters arising from, or in connection with, the research report.

Notice to U.S. investors: As described above, this research report was prepared by HTIRL, HSIPL or HTIJKK. Neither HTIRL, HSIPL, HTIJKK, nor any of the non U.S. HTISG affiliates is registered in the United States and, therefore, is not subject to U.S. rules regarding the preparation of research reports and the independence of research analysts. This research report is provided for distribution to "major U.S. institutional investors" and "U.S. institutional investors" in reliance on the exemption from registration provided by Rule 15a-6 of the U.S. Securities Exchange Act of 1934, as amended. When distributing research reports to "U.S. institutional investors," HTI USA will accept the responsibilities for the content of the reports. Any U.S. recipient of this research report wishing to effect any transaction to buy or sell securities or related financial instruments based on the information provided in this research report should do so only through Haitong International Securities (USA) Inc. ("HTI USA"), located at 340 Madison Avenue, 12th Floor, New York, NY 10173, USA; telephone (212) 351 6050. HTI USA is a broker-dealer registered in the U.S. with the U.S. Securities and Exchange Commission (the "SEC") and a member of the Financial Industry Regulatory Authority, Inc. ("FINRA"). HTI USA is not responsible for the preparation of this research report nor for the analysis contained therein. Under no circumstances should any U.S. recipient of this research report contact the analyst directly or effect any transaction to buy or sell securities or related financial instruments directly through HSIPL, HTIRL or HTIJKK. The HSIPL, HTIRL or HTIJKK analyst(s) whose name appears in this research report is not registered or qualified as a research analyst with FINRA and, therefore, may not be subject to FINRA Rule 2241 restrictions on communications with a subject company, public appearances and trading securities held by a research analyst account. Investing in any non-U.S. securities or related financial instruments (including ADRs) discussed in this research report may present certain risks. The securities of non-U.S. issuers may not be registered with, or be subject to U.S. regulations. Information on such non-U.S. securities or related financial instruments may be limited. Foreign companies may not be subject to audit and reporting standards and regulatory requirements comparable to those in effect within the U.S. The value of any investment or income from any securities or related financial instruments discussed in this research report denominated in a currency other than U.S. dollars is subject to exchange rate fluctuations that may have a positive or adverse effect on the value of or income from such securities or related financial instruments. All inquiries by U.S. recipients should be directed to:
