

Baozun (BZUN US)

A solid start with steady transition

Baozun's 1Q24 results were better-than-feared, in which revenue +5% YoY (4% above consensus) and bottom line came in at -RMB15mn (vs. consensus of -RMB45mn). Ecommerce segment achieved positive OCF for the first time since 2019. Despite macro uncertainty, we expect BEC to bottom out in 2Q24E (forecasting revenue flat YoY, vs. -17% in 1Q24), supported by cooperation with new clients in beauty & cosmetics and beverage. BBM revitalization was on good progress, with continuous narrowing of loss. We are positive on BBM's double-digit YoY growth in FY24E, and BBM might resume positive growth from 2Q24E & 3Q24E. New stores expansion might be slightly slower given offline business challenges, but would be acceptable and positive to margin trend. We keep our full-year forecast unchanged, with TP at US\$4.93.

- 1Q24 beat all round.** Baozun delivered an upbeat quarter, with revenue +5% YoY (4% above consensus) and bottom line at -RMB15mn (vs. consensus of -RMB45mn). By segment, product sales revenue +6% YoY, in which BBM (revenue +66% YoY) offset BEC softness. As Baozun optimized the distribution model (e.g. FMCG), BEC's revenue declined 17% YoY. Services revenue resumed growth in 1Q24, at +5% YoY, in which sportswear category surged 26% YoY. Non-GAAP OP was -RMB17.5mn, in which loss from BBM narrowed to RMB29.3mn from RMB34.9mn in 1Q23, while BEC generated OP of RMB11.8mn. Moreover, ecommerce segment achieved positive OCF for the first time since 2019.
- Expect 2Q24E topline to keep stable YoY.** Looking into 2Q24E, we expect total revenue +0% YoY, in which BEC would recover to flat or positive YoY growth. After FMCG adjustment, BEC segment would benefit from cooperation with new clients in beauty & cosmetics and beverage, despite macro uncertainty. We forecast BEC OPM to be stable YoY. BBM would continue its margin improvement in 2Q24E, backed by disciplined COGS, selective stores expansion and operating leverage. Given soft offline business amid macro challenges, we are relatively conservative on BBM's new stores expansion. Mgmt stated that GAP plans to open five stores in 2Q24E (vs. two in 1Q24), and would prefer franchise model in lower tier cities in 2H24E. We expect BBM revenue to be flat YoY in 2Q24E, and keep positive on its double-digit growth in FY24E.
- Maintain BUY.** We keep our FY24-26E financials forecast unchanged, with SOTP-based TP at US\$4.93.

Equity Value (US\$ mn)					296
Target Price (US\$)					4.93

Source: Bloomberg, CMBIGM estimates

Risks

1) Macro uncertainty and soft consumption sentiment; 2) intensified competition; 3) slower-than-expected recovery of BEC; 4) lower-than-expected result from GAP synergies; and 5) heavy investment in GAP revitalization and content.

The research analyst who is primary responsible for the content of this research report is not registered or qualified as a research analyst with the Financial Industry Regulatory Authority ("FINRA"). The analyst is not subject to applicable restrictions under FINRA Rules intended to ensure that the analyst is not affected by potential conflicts of interest that could bear upon the reliability of the research report. This report is intended for distribution in the United States solely to "major US institutional investors", as defined in Rule 15a-6 under the US, Securities Exchange Act of 1934, as amended, and may not be furnished to any other person in the United States. Each major US institutional investor that receives a copy of this report by its acceptance hereof represents and agrees that it shall not distribute or provide this report to any other person. Any U.S. recipient of this report wishing to effect any transaction to buy or sell securities based on the information provided in this report should do so only through a U.S.-registered broker-dealer.

For recipients of this document in Singapore

This report is distributed in Singapore by CMBI (Singapore) Pte. Limited (CMBISG) (Company Regn. No. 201731928D), an Exempt Financial Adviser as defined in the Financial Advisers Act (Cap. 110) of Singapore and regulated by the Monetary Authority of Singapore. CMBISG may distribute reports produced by its respective foreign entities, affiliates or other foreign research houses pursuant to an arrangement under Regulation 32C of the Financial Advisers Regulations. Where the report is distributed in Singapore to a person who is not an Accredited Investor, Expert Investor or an Institutional Investor, as defined in the Securities and Futures Act (Cap. 289) of Singapore, CMBISG accepts legal responsibility for the contents of the report to such persons only to the extent required by law. Singapore recipients should contact CMBISG at +65 6350 4400 for matters arising from, or in connection with the report.
